The poisoned ice cream again gets in its work, seventy-five people in Illinois succumbing to its harmless appearance.

SENATOR CAMDEN'S picture in oil is exhibited in a Washington show-window. Mr. Payne's picture is yet to be added to the collection.

CAMBER THOMPSON, of the broken St. Louis bank, writes a plea for mercy at long range. He speculated; he lost; disgrace and death. Same old story.

CAPT. BRYDEN, the gallant mariner of the raging Kanawha, has captured twenty-nine out of the thirty-two delegates of Upshur county. It is to be hoped that the Captain feels very secure over this triumph.

St. Louis not to be behind the times taras up with a lot of indicted Councilmen. It will be a pull now between the two rival cities of the West—Chicago to punish her Anarchists and St. Louis to convict her recalcitrant Councilmen.

The Republicans of the State should not forget that there is to be a conference at Parkersburg on the 28th inst. It is to be an open meeting, to which all Republicans are invited, and those who can not be there should send such letters of regret as would make their presence felt. Let every portion of the State be heard from either in person or by letter.

M. T. FRANK promises a real live canvass, something never seen before on this side of the Alleghenies—a protechnical time as it were—if the Democracy of the First District will only give him the nomination. So far he carries the bold Braxton county delegates in his vest pocket labeled for Frame, first, last and all the time. Mr. Frame is a subject for congratulation.

It is a noteworthy fact, a circumstance that is of importance enough to the country to state, that the majority of the Democratic papers of Ohio are crying loudly for an investigation of Payne. When the Democratic press cries out aloud for the purging of its party of a Jonah, why is it that three Republican Senators halt in their duty? Where there is so much smoke there must be some slumbering embers.

PRIVATE DALLELL with his customary cynicism and waggy writes the INTELLIGENCER begging to correct the announcement that he is a candidate for Congress in the Eighth district. He says since the Senate has decided that the legal way to reach that august body is by boodle by the barrel, some fool will next conclude that is the proper way to reach the House of Representatives. He sees his way to the Senate barred by this authoritative decision, and as for the House its seats are auctioned off in the same way. He says he will not put in a bid this time, for he does not possess enough swag to buy in. But he is admonished to lay by a little every year, and since boodle is the royal pathway to power, as decided by the highest authority, he says he hopes to save up enough by the time he is ninety to buy a seat in the School Board.

COUNCILMEN INDICTED.

St. Louis Officials Held to Answer for Various Crooked Proceedings.

St. Louis, July 17.—The grand jury closed its investigation of the charges against the members of the House of Delegates last night, and returned indictments against six of them. Messrs. Waters, Plabon, Bruggemann, Gartenbach, Keenan, and one other whose name has not yet been ascertained, were indicted for drunkenness in office, and Keenan, Plabon and Bruggemann in connection with the investigation of the Casino Theatre, when the bill revoking that theatre's license for indecent performances was before the House.

The jury returned two other indictments for attempted bribery, one against Dr. William Adams, the other against George A. Davis, an attorney. These gentlemen had charge of the electric railway bill, and were present at almost every session of the House, urging its passage. The bill failed to pass, and it is said that Dr. Adams became engaged at the measure, and threatened in the lobby of the House to show up some of them in such an unseemly light as to make them decidedly uncomfortable. Then followed the charges against twelve delegates that were ineligible to office, having perjured themselves by swearing falsely to the oath when they took their seats.

This expose quite naturally aroused the wrath of the accused, and they determined to pay the Doctor off in his own coin, and gave information to the jury which led to his indictment. This information being that he had offered two of the members large sums of money for their affirmative votes on the bill. Dr. Adams states, however, that he never attempted to bribe these members, but that they, on the other hand, came to him and volunteered to vote for the bill for a certain money consideration. Bench warrants for the arrest of the indicted men have been placed in the hands of the Sheriff, who will serve them as soon as possible.

Delegates Keenan and ex-Delegate Brady returned themselves late in the afternoon, and gave the required bonds.

Upshur County Convention.

BUCKLAND, W. Ya., July 17.—The Democratic county held their county convention this afternoon. R. Z. Hudkins received the nomination by a unanimous vote for the convention for State Senate. They appointed thirty-two delegates to the congressional convention at Coal Valley, to be held September 1. Twenty-nine are Snyder and three are for Harris. Capt. Snyder addressed the convention at the close.

Held by Their Own Fists.

CONK, July 18.—An explosion occurred today in an unroofed house near the residence of Mr. Deane, of Lakeside, two miles outside of this city. Two bodies were recovered from the debris and were identified as those of a carpenter named Long and a laborer named Bryan, the latter of whom was in the employ of Mr. Crawford. It is supposed that the men were engaged in making dynamite.

A Cent-Cent That Doesn't Seem Worth a Cent—A Scheme that Would Work Beautifully if There Were Any Elements of Truth in It—Washington News.

Special Dispatch to the Intelligencer.

WASHINGTON, D. C., July 18.—A sensation in the United States Senate is produced by a Cent-Cent that doesn't seem worth a cent. A scheme that would work beautifully if there were any elements of truth in it—Washington News.

A leading Democratic Senator, it is also stated, is preparing a defense of the President's position, which will be in the nature of an attempt to reply to every possible argument likely to be brought forward by the Republican champion. It is hinted that the Democrat will produce overwhelming evidence to substantiate a charge he proposes to make against the Republican Senator.

A PLEA FOR MERCY.

The Defaulting St. Louis Cashier Makes a Confession.

St. Louis, July 17.—Almon B. Thompson, the defaulting cashier of the Provident Savings Bank, wrote a full confession of his crookedness and penitence before he fled, and placed it in the hands of some trusted friend, it is supposed, whom he asked to deliver it to Mr. Thomas S. Swain, the oldest director of the bank. The letter was mailed Wednesday afternoon, July 14, at 12 p. m., and it has now been received by the directors, owing to the false rumors and misrepresentations incident to the case, to make its contents public. The cashier says:

"Some years ago I began some speculations. I made some money, but lost more—lost all my first, and then began to be deluded. Others at first (called carried) for me. It got larger and larger. There is a book in the bank's money. I hid it for a long time. Eighteen months ago I made up my mind to stop this speculation, and did stop. Then, finding that I would bleed no more, the sharks bled me for the money due them. They had their power; they knew I had used the bank's money, and slowly forced me to pay them by using more. While in New York the last time they forced I had run away and when I returned I pressed me for the money. I hid it as well as I could, but discovery has come. During these eighteen months I tried hard to pay my debts with what I could save from my salary, and with what I could make negotiating loans, etc.; I paid off about \$3,000 of debt. I do not know where the rest of the money is, but I am sure it is hidden in the exchange maturing account. It will show instantly upon examination. I owe on my notes \$23,500. I have indorsed all valid or valuable paper. A Crystal City certificate is fraudulent, and one certificate of the President Savings Bank for fifty shares is fraudulent. I owe the Third note for \$2,000. It is fraudulent. I collected \$425 of the Art School subscription, and used the money. I collected \$553 of the Knights Templar Commandery subscription, and used the money. There is an overdraft in my account of W. H. Howe, the artist. He does not know it. He gave me a note for it, and supposes it is a loan from me.

THAT DUEL.

Between the Two Virginians—A Sequel to the Aft.

WASHINGTON, July 18.—There is a little sequel to the recent unpleasantness which occurred last week between Mr. Morton, of Richmond, and Charles Porterfield, of Charlottesville, West Virginia, who met here last week for the purpose of fighting a duel, but were prevented by officers of the law from carrying out their hostile intentions. Major Daniel, Morton's second, has just published a card, correcting some inaccuracies in the press reports. Mr. Daniels says:

"In consequence of the difficulty referred to, and in response from an invitation from Mr. Porterfield, a friend of each of the gentlemen, when all parties concurred in settlement. The invitation and the party were all the correspondence that passed between them on the subject. Therefore, Mr. C. B. Bulcher's bloody card is all news to me, nor have I known him in or near the city. The card, however, introduced to him casually after the whole matter had been settled, just before leaving the city. Being called there by Mr. Porterfield, of course all such arrangements, if required, must have been of right directed to the alone; but they were not required."

McGraw's Nomination.

Reported Favorably to the Senate by the Finance Committee.

WASHINGTON, July 18.—The nomination of John T. McGraw to be Collector of Internal Revenue for West Virginia was reported favorably to the Senate by a unanimous vote of the Committee on Finance, Mr. Morrill, Chairman, in executive session Saturday. He will, in all probability, be confirmed at the first executive session hereafter, which will likely be held Monday.

Camden in Oil.

Special Dispatch to the Intelligencer.

WASHINGTON, D. C., July 18.—At Gall's art store, on Pennsylvania avenue, may be seen Albert Gruen's recently completed portrait of Senator J. N. Camden. The painting is life-size, three-quarters length, and shows the Senator sitting in a chair, with his right hand resting upon the breast of his partly-buttoned black frock coat. The prominent characteristics of Mr. Camden are well portrayed in the picture, which is a life-size production. It is supposed that the celebrated artist who painted it. Hundreds of people view it daily, among them many art critics, who pronounce it a great work.

West Virginia Personal.

Special Dispatch to the Intelligencer.

WASHINGTON, D. C., July 18.—Hon. John Bassel and Attorney Vance, of Clarkburg, are in the city. Mr. Bassel is accompanied by his two daughters. Mr. Guy Goff, the General's eldest son, is in the city with his father.

A BIG BLAZE.

In St. Louis Yesterday—Thirty-Five Acres Burned Over.

St. Louis, July 18.—A fire which proved to be the largest and most destructive of its kind that has ever occurred in this city was discovered at about 2 o'clock this afternoon in the lumber yards of Knapp, Stout & Co., at the corner of Angelico street and Bremen avenue. An alarm was immediately turned in, and two engines were soon at the scene. They were, however, owing to the poor water supply unable to cope with the flames which, driven by a strong wind, soon communicated to the nearest lumber piles and were making rapid headway toward the Union Stock Yards, the destruction of which seemed for a time inevitable. The wind soon shifted to the opposite direction, however, and they were saved, but the lumber yards were almost entirely destroyed. The fire was caused by a gas lamp which had been sent in and twenty engines were called out. The water supply, however, was entirely insufficient for the emergency and the flames leaped from pile to pile of the dry lumber with incredible swiftness. The fire was so rapid that in any one portion of the yards, for sparks and burning splinters were carried in every direction by the wind and the whole territory of the yards, covering thirty-five acres of ground, was in flames. The efforts of the firemen which would evidently have been fruitless if directed towards saving the flames, were from this time employed in keeping them from spreading and in lowering to burn itself out, and at the end of four hours 25,000 feet of lumber were a total loss. The contents of the yards was mostly lumber of superior grades and the loss on this account is very heavy, \$100,000. The company's stock was also consumed, but the horses were rescued. The total insurance cannot at this hour be ascertained, but it is estimated at \$275,000.

THE RED FLAG MEN.

TRIAL OF CHICAGO ANARCHISTS.

A Day of Exciting Events, Bristling With Points Showing the Determination of the Socialists—Evidence Criminating the Bomb-Thrower—Exciting Scene.

CHICAGO, July 17.—A crowd had gathered in front of the Criminal Court long before Judge Gary made his appearance this morning, while the lobbies, stairway and first and second floors were crowded with the busy officials, witnesses and curiosity-seekers.

The disclosures of Gottfried Waller were of a character to excite the interest of the public to the highest pitch. The appearance of Waller as he gave his testimony was very peculiar. He is a medium-sized man, with dark hair and luxuriant but well-trimmed whiskers. He has a drooping nose and clear brown eyes. His face was very pale, and bore an expression of intense gloom. He was dressed in a national hat, revealing the secrets of the Lehr and Wehr Verein.

When court was opened to-day Waller was again placed on the stand. Witness testified that the bomb given him by Friedrich Schuler was used in the Haymarket, and that he was the one who fired the shot which killed the police officer. He testified that he was the one who fired the shot which killed the police officer.

"What do you mean by this?"

"The revolution."

Witness testified that at a meeting held in the Bohemian Hall Sunday, May 2, Engel and Fischer (two of the defendants) and a number of other Socialists were present. Engel submitted a plan according to which, as soon as it came to a conflict between the police and the Socialists, the police should be shot. The plan was adopted, and the Socialists were to be posted at a distance and shoot all who should come out of the station-houses. That was to be kept up until the police were all shot.

THE SPORTING WORLD.

WEEK'S REVIEW OF BASE BALL.

The Standing of the Different Clubs—The Alleghenies Have a Good Hold on Second Place—Notes of Interest About Players.—The Bay Ridge Hippodrome.

There is no alteration in the League race, except that Detroit has forged a little farther ahead. The Western teams will shortly go East, when New York and Philadelphia may better their positions somewhat. The remaining clubs excite no general interest, as they get pulverized with almost daily regularity.

The Western Association teams are now on their second Eastern tour, and they ought to have the same degree of success that they had on the former trip, when they won 31 games out of 63. St. Louis seems impressively fixed in the first place, and Pittsburgh has a strong grip on second. Louisville temporarily dived third place on Friday, but on Saturday dropped back one notch and gave way to Brooklyn. The Cincinnati Athletics, Mets and Baltimore finish in order.

THE WHEELING CLUB.

While the Wheeling club brought no scraps home from its last steady work, it is to be congratulated for its fine, steady work. A new organization that can make its first trip and do the steady work the Wheeling men did is a great improvement. The club was beaten at Alliance by a score of 5 to 4, in 14 innings; lost again Friday, at New-Castle, by a score of 1 to 0, and on Saturday morning the New Castle nine again won, by 4 to 3, in 10 innings. The home team intends to make it warm at Steubenville this week and their late fine work ought to draw big crowds.

FIRST CONVINCING EVIDENCE.

This is the first evidence that any certain defendant had directly attempted murder in the Haymarket. A hush fell on the audience, attorneys and prisoners. For a moment not a person in the room stirred, and the place seems a huge picture. The witness testified that he saw the defendant in the Haymarket, and that he saw the defendant in the Haymarket.

LOUVELL HAS SIGNED YESTER.

Louville has signed yesterday. Steinhorn runs were made in the League July 6. O'Rourke has supplanted Kelly the chief run-getter of the League. The Maroons have signed Murphy, who pitched lately for Cincinnati.

UP TO JULY 18.

Up to July 18 the total number of base hits made by the League clubs is as follows: Chicago, 553; New York, 552; Detroit, 541; St. Louis, 510; Boston, 482; Kansas City, 412; Philadelphia, 410, and Washington, 410.

THE EASTERN ASSOCIATION CLUBS.

The Eastern Association clubs have completed their first season's work and cannot boast of the fray even more than was expected. Brooklyn made the best stand, winning 6 games and losing 10; the Mets won 4 and lost 12; and the Athletics and Baltimore pulled out even, winning 3 and losing 13. St. Louis, however, has a high record, with a level in their work against the East, each winning 13 games and losing 3, while Wheeling and Pittsburgh each won 11 and lost 5. The total victories for the East was 16 against 48 for the West.

NEWS IN BRIEF.

The wife of Councilman John H. Mitchell, of Lafayette, Ind., was horribly burned by the explosion of a coal oil stove. Francis Murphy and his son have secured sixty thousand signatures to the pledge of temperance in Ohio since last September. The British Minister, Mr. West, has gone to Ottawa, presumably on the diplomatic business connected with the fisheries. Henry Brendemeyer, jr., killed his father with a brick. Brendemeyer, jr., was drunk and assaulting his wife, in Covington, Ky.

BAY RIDGE RACES.

Teemer and Courtney Defeated by Ross and Lee. BALTIMORE, July 17.—The attraction at Lake Ontario, off the Chesapeake bay, this evening was a three mile double scull race between Teemer and Courtney, Ross and Lee and Hamm and Ritz. A good sized crowd witnessed the race from the grand stand and the shore at the starting point. As was the case yesterday, there were neither judges, referee nor time-keeper. Teemer and Courtney took the water first, Ross and Lee followed closely and Hamm and Ritz a good third. Teemer and Courtney gained a rapid opening stroke and gained a lead of a length, but as the first turn was being neared Ross and Lee regained their lost ground, and Teemer and Courtney were going a length to the fore. The latter then pulled a quick stroke and came up close with the leaders, both boats reaching the second turn together. Courtney and Teemer fouled the flag in getting round the fourth length, and when the flag was reached they were leading. Courtney and Teemer made the better turn and got around first by half a length. On the downward course Hamm and Ritz rowed a fine race. Ross and Lee were second, Courtney and Teemer going a length to the fore. The latter then pulled a quick stroke and came up close with the leaders, both boats reaching the second turn together.
