

SHERMAN ENDORSED

By the Ohio State Republican Convention Yesterday.

AN ENTHUSIASTIC GATHERING

And a Harmonious Session—A Patriotic Platform Adopted and a Winning Ticket Nominated.

DAYTON, O., April 19.—The city of Dayton and its people are receiving unstinted praise from all visitors for the hospitality that makes convention work so agreeable. The weather is fine, the city beautiful with banners, the convention hall ample and convenient and the convention itself an unusually large one. The delegates talk enthusiastically of the frank declaration by Governor Fairbank yesterday, concerning the relations between them.

The work of the convention consisted in naming a candidate for Judge of the Supreme Court, Secretary of State, member of the Board of Public Works, four members at large to the Chicago convention and two electors at large.

At 10 o'clock the convention was called to order.

By temporary chairman General J. Warren Keifer, and reports of committees were called for.

The permanent officers are, Chairman, L. L. Lamson; Secretary, Alex. C. Carr; Sergeant-at-Arms, Alex. Keller. Hon. M. Lamson, Permanent Chairman, was introduced by the committee. The report of the committee on resolutions, read the following report:

Resolved, That the people of Ohio are entitled to the restoration of the Union and the preservation of the Constitution in its original form, and that they are determined to resist any attempt to subvert the same by any means whatsoever.

STIPPLE THE POPULAR WILL

By fraud and force, justly in charging that it has practically been established by the people of Ohio.

In view of these facts, and believing that to deprive the people of their franchise is to violate the public confidence in the government, we call upon the people of Ohio to resist any attempt to subvert the same by any means whatsoever.

CHICAGO, April 19.—A dispatch from Galveston, Texas, says: The State Supreme Court has rendered a unique decision in a case where a prisoner had been convicted and was under sentence for theft, he having taken a \$10 bill from the pocket of a man in a crowd.

FOR JOHN SHERMAN.

Resolved, That the people of Ohio are entitled to the restoration of the Union and the preservation of the Constitution in its original form.

Another resolution was added pledging support to the Soldiers' and Sailors' Home and to the Ohio Soldiers' and Sailors' Orphans. The resolutions were adopted without amendment and with the exception of a portrait of John Sherman, which was suspended over the center of the stage.

At this point the convention listened to several songs from glee clubs and a choir, which was Sherman for President.

A TICKET NOMINATED.

Senator Keifer placed in nomination for Secretary of State Daniel J. Ryan. The rules were suspended and he was nominated by acclamation.

For Supreme Judge the names of Samuel A. Wildman, of Huron county, Charles A. Bowersox, of Williams county, Harry Pratt, of Lucas county, Jacob Barrett, of Hancock county, J. P. Bradbury, of Athens county, John A. Pringle, of Logan county, were presented.

Judge Whittall was nominated on the first ballot, many counties changing to him before the result was announced. For members of the Board of Public Works Welles S. Jones, of Jackson county, Henry Korha of Hamilton county, E. J. McCullough, of Logan county, were placed in nomination. Jones was nominated on the first ballot, the others being withdrawn.

For the four delegates at large to the Chicago Convention the convention first suspended the rules and selected Gov. Foraker and then named Asa B. Bushnell, Charles Foster, William M. McKinley, Ben Butterworth and John S. Atwood (colored). The rules were changed so as to vote for the three named.

The ballot resulted: Bushnell, 578; Foster, 577; McKinley, 543; Butterworth, 440; Atwood, 213. Foster, McKinley and Butterworth were declared elected.

The result was reached after considerable discussion over the fact that four of the candidates had received more than a majority of votes. Mr. Asa B. Bushnell settled it by withdrawing his name. For alternates at large Robert H. Maxwell (both colored) were elected by acclamation. Baird, of Perry county, and L. W. Brown, of Fulton county, were chosen for the other

His appointment as Assistant Commissioner for the United States to the Melbourne International Exposition was announced to-day. Col. It is understood that the pay will be five thousand dollars a year and expenses.

Federal Court at Martinsburg. Special Dispatch to the Intelligencer.

WASHINGTON, D. C., April 19.—Mr. Stewart, of Texas, has reported from the House Judiciary Committee Senator Faulkner's bill to give Martinsburg a yearly session of the Federal Circuit and District Courts, to begin the first Tuesday in August. The report of the committee is unanimous.

WEST VIRGINIA MATTERS. At the National Capital—Senator Faulkner's New Committee, &c.

His assistant, Charles Wells Russell, of Wheeling, has been running things at the department since his illness began three weeks ago. Within the last four weeks the Colonel has received a half bushel of letters on the subject of his candidacy for Congress, but he has been too sick to answer many of them.

CONGRESSIONAL PROCEEDINGS. The Dakota Bill Passes the Senate after a Biting Partisan Debate.

WASHINGTON, D. C., April 19.—The Senate resumed consideration of the bill for the admission of the State of South Dakota and was addressed by Mr. Plumb in support of the bill. He contrasted the small votes in the Southern States with the vote of Dakota and said that very few of them had cast as many votes at any election within the last five years as the territory of Dakota had cast in 1887.

A FUNNY WITNESS. A Southern Man Locates John the Baptist on Hog Elk.

RALEIGH, N. C., April 19.—Upon the trial of an indictment for forgery in the county of Iredell, an interesting fact in reference to John the Baptist was developed.

The question at issue was whether a certain sum of money had been paid, taken from the pocket of the defendant. The defendant introduced one Fox, who swore roundly to the fact of witnessing the payment.

The most rigid cross-examination failed to shake his testimony as to the amount of money which he had seen.

"How old are you?" he was asked. "When were you born?" "Don't know." "Don't know the year you were born in?" "What year is this?" "Don't exactly remember." "What is your present?" "I don't know."

"Well, who is the Governor of this State?" "I can't now just call to mind."

"Do you know whether St. Paul and John the Baptist are living or dead?" "I don't know."

CARNEGIE'S RESOLVE

To Resume Work at the Edgar Thompson Works Monday.

WITH NON-UNION EMPLOYEES.

Result of the Secret Ballot by the Strikers—Inclined to Accept the Company's Proposition—The Brewers Strike a Failure.

PITTSBURGH, Pa., April 19.—Carnegie, Phipps & Co., proprietors of the Edgar Thompson steel works at Braddock, Pa., have decided to resume operations next Monday with non-union men. The works have been closed down for four weeks on account of the wage trouble, the men refusing to accept a ten per cent reduction of work, twelve hours per turn, instead of eight hours as formerly. Numerous attempts to settle the strike have been made, but the union men have remained obstinate, and the firm has finally decided to ignore them. Superintendent Jones arrived from New York to-day, where he was in conference with Andrew Carnegie, and immediately gave notice that the works would be started up on Monday. The move was entirely unexpected. It will be strongly opposed by the Knights of Labor and trouble is feared.

Master Workman Doyle stated to-night that none of the union men would go to work, and that without them the firm could not resume. The secret ballot taken to-night by Carnegie's corporation proposition, which has been in progress for two days, closed this evening. Only 618 votes out of nearly 2,500 were cast, but of these nearly all favored the acceptance of the company's terms. More than half of the employees are non-union men, and it is expected that all of them will return to work. The places of those who refuse the Company's terms will be filled by new men. The result of the attempt to resume is awaited with interest. When the works are in full operation, between 3,000 and 4,000 men are employed. It was learned to-night that Superintendent Jones has arranged to have coats placed in the mill for the use of the workers, and that a number of deputy strikers will be placed about the grounds to protect the men who desire to work.

ALL THE BREWERS RUNNING. One-Half of the Old Hands Said to Have Returned to Work.

NEW YORK, April 19.—Secretary Association, of the Master Brewers' Society, said to-day that all breweries are working as usual with about two-thirds their usual complement of men.

One-half of these, he said, are old hands who have returned to work as individuals and not as members of the union. The proprietors of the breweries in Chicago closed their doors against all the old men who did not apply for reinstatement before 6 o'clock last evening.

The State Board of Arbitration and Mediation sent a letter to the Brewers' Association, this morning, requesting them to appoint a committee to meet them to-day at noon at the Metropolitan Hotel. The Labor Committee, consisting of seven of the Association, responded to the request.

A telegram received at the Association headquarters to-day, from Chicago stating that all the brewers had been making beer since Tuesday and that everything was going on well there.

It is stated that Knights of Labor are taking the place of the locked out journeymen brewers, whose union is not in affiliation with the Knights, and that the idle men are therefore weakening. W. C. Zipp, one of the largest brewers in Chicago, sent the following telegram to the master brewers of this city to-day: "All making beer since Tuesday. Everything going well. How are things progressing with you?"

There was sent in reply the one word, "Ditto."

One of the distributors of boycott circles was arrested to-day, but was discharged by the magistrate before whom he was brought.

As matters now stand the cooler headed of the men admit that the bosses have practically won the fight. A dispatch from Chicago says: "A short time ago two brewers were discharged by a Cincinnati brewery for being the brewers' union demanded their unconditional reinstatement. This the brewers refused, and last night the owners of breweries distributed a circular to the effect that they would not negotiate with the Brewer's Union, but with the members of it as men. This forenoon there was consequently a pretty general exodus of workmen from the breweries. Not more than 400 men are involved in this strike."

A FRIGHTFUL DISASTER. Probability that Many People were Burned in a St. Louis Fire.

ST. LOUIS, April 19.—Just before ten o'clock to-night fire started in the Bethel Home, a five-story building, used as a cheap lodging house and said to have contained from 40 to 70 people. There was great excitement and desperate rushing of half frantic men down the stairways. Two of these, James Smith and James Fox, who were sleeping on the top story, were badly burned, and were sent to the hospital. They report that about fifteen men were on that floor, and it is feared that several of them are still in the building. The principal loss will not be very heavy.

At 1 o'clock firemen entered the building and began to remove the bodies of a man burned beyond recognition, but supposed to be a negro named Grant. The search will be continued until the entire building has been examined.

LABEL SUITS FROM A DIVORCE. Trenton Citizens Who Object to Being Classed Among "Twelve Naughty Men."

TRENTON, April 19.—Joseph A. Cory, who is a stenographer in this city and who was named as a co-respondent in the petition in the Williamson divorce suit, now pending before the Court of Chancery, has retained ex-Judge Woodruff as his counsel, and begun a libel suit against the Trenton Times. The alleged libel is contained in an article printed in that paper recently under the caption "Twelve Naughty Men," and in which were named all the co-respondents in the case. Mr. Cory says his damages at \$10,000. The papers will be served on the Times publisher, Mr. Edwin Fitzgerald, to-morrow morning.

Charles J. Rutgers, a lawyer, who was also named as a co-respondent in the suit, and who was included in the list of the "Twelve Naughty Men" published in the Times, will bring a suit on Monday next against that paper, for a like sum. Police Justice Couder is contemplating the same course.

THE RING EMPEROR.

Frederick's Life Still Hangs by a Slender Thread.

BUT LITTLE ENCOURAGEMENT

In the Latest Bulletin—The Royal Family Provided For—Great Excitement in France—Other Foreign News of Interest.

BERLIN, April 19.—The news from the palace to-day is of a very alarming nature. According to trustworthy information the gravest fears are entertained of a speedy fatal ending of the Emperor's disease. It is apprehended, from his present condition, that death will come within a week. The Emperor felt more tired than usual last evening and retired to rest before 9 o'clock. It is believed that the growth hitherto confined to the larynx has extended into the trachea. The Emperor's respiration is much faster and his fever has considerably increased. The following bulletin, signed by all the attending physicians, was issued during the night: "The Emperor's fever has again increased. His respiration is faster and his general condition less satisfactory."

Following is the 11 a. m. bulletin: "The Emperor passed a fair night under the circumstances. His fever, weakness and quickened respiration continue. The physicians are now holding a consultation."

It is understood that the doctors at their consultation this morning, agreed that the condition of the Emperor had become more favorable during the night. To-day his fever has diminished and his general condition is better. It is deemed necessary that he remain in bed.

MIXTURE.—The Emperor's condition is somewhat more favorable. His fever is lower and his respiration is easier. He perseveres in transacting business and does not cease writing. The Emperor is often summoned to decipher the almost illegible characters and save him from the annoyance of rewriting them. As a result of family negotiations, a jointure of 12,000,000 marks, is secured to the Empress, and Prince Henry inherits 1,000,000 marks upon the Emperor's death.

Emperor Frederick has given orders for the presentation of all newspapers guilty of insulting the Empress.

AN EXCITING SCENE. How Boulanger Entered the Chamber of Deputies.

PARIS, April 19.—The Chamber of Deputies reconvened to-day. On the demand of Premier Floquet, the Chamber by vote of 379 to 177, adopted an order of the day, expressing confidence in the Government and the conviction that it will secure by its energy respect for Republican institutions, the triumph of its policy of progress and reform, and the liberty desired by the country.

General Boulanger, who arrived in an open carriage, was cheered by the immense crowd that was assembled outside of the Parliament buildings.

The lobbyists were thronged and much excitement prevailed. All of the political groups in the Chamber held reunions. The extreme left adopted resolutions repudiating the plebiscite, and declaring that the Boulangerist deputies shall be excluded from the party. The left decided not to interpellate the Government. The radicals interposed an entente with the Government regarding the appointment of a committee to revise the constitution. The united right will propose that such a committee be appointed at the next sitting.

MA LAGUERRE, LE HORRIBLE and Boulanger accompanied General Boulanger when he entered the Chamber. Gen. Boulanger received an undeniable ovation on his way to the Chamber of Deputies. In the Rue Rivoli ladies threw flowers into the General's carriage. The General saluted them and pressed the flowers to his heart. There were isolated cries of "Down with the Dictator." On his return from the Chamber of Deputies Gen. Boulanger was the subject of a similar demonstration.

The Roumanian Revolt Subsiding. RICHARDS, April 19.—The revolt of the peasants is subsiding. It is believed that the measures adopted by the Government will speedily suppress the rising. The Telegraph says that if the Government desires to effectually quell the revolt it should demand the immediate recall of M. Hittrov, the Russian Minister, whom it accuses of originating the rising.

The details of the peasants which have reached this city, describe the revolt as witnessed by the peasants' besting houses and property in most villages. The houses of land owners and farmers have been sacked and wrecked, granaries pillaged and the local officials barbarously treated. A number of them have been killed.

Case of the Woodhull's Sentence Increased. DUBLIN, April 19.—Father McFadden, of Gweedore, who was sentenced in January to three months imprisonment for inciting tenants to resist authorities, was heard on appeal to-day. His sentence was increased to six months. Father McFadden will be treated in prison as a first-class prisoner.

Earthquake in Quebec. RIVIERE DU LOUP, Que., April 19.—At 12:40 this morning a slight shock of earthquake was felt here. It passed from north to south and lasted only three or four seconds. A very strong earthquake shock, which lasted nearly three minutes, was felt at St. Paul Bay at about 1:30 o'clock this morning.

Died in Jail. PITTSBURGH, Pa., April 19.—Peter O'Neill, who recently shot and killed his wife and then shot himself, died in the county jail this morning. O'Neill was thought to be better and was removed from the hospital to the county jail a couple of weeks ago. Since that time he has refused to eat and has grown gradually weaker.
