The Intelligencer.

WHEELING, W. VA., NOVEMBER 19, 1888. In the Register had any figures to back up its claim that Judge Fleming is elected, it would print them.

Mr. Atkinson still has fourteen majority. When this is counted off, the rejection of legal tickets will probably stop, and not fill then.

There are any errors in the INTELLIGENCER's figures on Goff and Fleming, they have not been pointed out. Goff is elected Governor on the face of the returns.

In some of the Ohio County Commissioners were as bright as they seem to be unscrupulous, they would throw out a Pendleton ticket or two just for appearance's sake.

Strange that a "conscientious performance of a legal duty" by the County Commissioners should result in throwing out numerous votes for Atkinson and none for Pendleton. Now, frankly, isn't it?

Does anybody believe that the County Commissioners are justified by law in refusing to count votes cast for Mr. Atkinson? Then please point out the part of the law which gives them the authority.

Judge Fleming seems, from his talk at Gratton, to be preparing to let himself down. Judge Fleming talks fairly, as was to be expected, and is either better posted or more truthful than his party organ and his State Committee.

Mr. Myles is the first member of the Board of County Commissioners to show that his conscience is hurting him. This was to be expected. He and Mr. Nichol were not believed to be capable of doing what the Board is doing and still suffering no qualms of conscience.

The County Commissioners will have hard work to convince the public that Dr. G. Baird and Mr. Philo Kimberly, who were the Democratic election officials chosen by the County Board to conduct the election in Clay district, were not as competent to decide upon the intent of a voter as "conscientious" as the Commissioners; yet the Commissioners deprived Mr. Atkinson of three votes given to him by these gentlemen.

If there is in the excellent election law of West Virginia one sentence that justifies the throwing out of one of the tickets that the Ohio County Commissioners have thrown out, we should like to have it pointed out. Any man who says a ticket on which the printed name of John O. Pendleton has been scratched and that of George W. Atkinson written, was not intended to be counted for Mr. Atkinson, either has no judgment or no regard for justice.

Strange that in the "conscientious performance of their duty under their oath" the County Commissioners should refuse to hear Mr. Atkinson's lawyer on a recount demanded by Mr. Pendleton's representative, and yet on a recount demanded by Mr. Atkinson's attorney, they, at the direction of Mr. Pendleton's representative, rejected a vote which had twice before counted. As Mr. Maxwell very pertinently put it, "Gentlemen, how do you explain this sort of thing away?"

On Saturday the Register printed a lot of silly twaddle from which this is taken: The table by which it was ever made to appear that Gen. Goff had even a shadow of plurality was full of inaccuracies and willful misrepresentations. Nothing more or less than deliberate falsehood repeated Judge Fleming's majority in Barbour at eighteen instead of thirty.

Yesterday the Register prints a special dispatch from which this is taken: GRATTON, W. VA., Nov. 17.—The official vote in Barbour county gives Fleming eighteen majority.

The New D. & O. schedule. By the new time table which went into effect yesterday on the Baltimore and Ohio Railroad, Wheeling is given worse railroad accommodations, so far as that road is concerned, than any country village in the land. The station which furnishes that company more freight than any other on its line certainly deserves some consideration. The schedule could not well be worse for this city or for the towns along the line. The first train east leaves here at 8:10 a. m. This is bad for the newspapers and their readers out of the line of the road, and for commercial travelers and the houses they represent, and in fact bad for the business community generally. It is sincerely to be hoped that the objectionable features of the schedule will be speedily changed.

The Recount of Clay District. Mr. Myles, County Commissioner, writes a card objecting to the statement in Saturday's INTELLIGENCER that at Friday's session of the Board, "in order that the documentary evidence of their own inconsistency might not hereafter turn up to confound them, the tally sheet on which the first recount was tallied was, on motion of Mr. Myles and by a party vote of the Board, ordered to be burnt, and was burnt."

This is a true statement of what occurred, and in his card Mr. Myles evades the issue to fling epithets. The Board counted the tickets of Clay district once, giving Mr. Atkinson 481 votes, and leaving one ticket in excess of the legal number. It counted the same tickets a second time, giving Mr. Atkinson 480 votes. Is not that inconsistent? If one "conscientious" count gave a candidate 481 votes, how can another "conscientious"

INSTANCES OF ALCOHOLIC TRANCES.

Queer Experiences of Men Who Didn't Know They Were Doing Things. Their Friends Noticed Nothing Peculiar About Them. Why? We leave this for Mr. Myles to answer.

Mr. Myles says: We had on our hands after two recounts, two sets of tally sheets; the Board certainly, on giving the official count, or rather the result of that count, have need but for one.

He does not say these two tally sheets recording "conscientious" counts of the same tickets, show different results; but this is the fact, and to Mr. Atkinson—the Democratic voters whose intent to vote for Mr. Atkinson is plain, and who were disfranchised by the Board, which refused to count the tickets as cast—the cause of common justice, this is an important fact, and the only evidence of it was destroyed by the Board on motion of Mr. Myles. His explanation does not explain away the damning facts. The American people, irrespective of party, are lovers of justice, and they can see that justice is being withheld from Mr. Atkinson and from many of those who desired to vote for him and who did vote for him. The people will hold the commissioners who are doing this grave wrong strictly responsible for it. The highest right of an American citizen is being violated and trampled away, and the wrongs of every voter disfranchised will be righted in the end.

The Three Counts. To-day the farce of "recounting" the vote for Congressman begins in Wetzel county. Be it known that the ballots have been lying open, loose and accessible for more than a week in the Democratic County Clerk's office in New Martinsville. Any person so disposed has had abundant opportunity to alter as many votes as he pleased, or as necessary to make Mr. Pendleton appear elected. If the "recount" is not made to tell a story of fraud it is not because abundant opportunity has not been given. The Democratic clerk who has charge of these ballots is Chairman of Mr. Pendleton's committee, and while the INTELLIGENCER does not wish to cast any reflection upon this gentleman's integrity, it believes that he has not taken proper care of them and guarded them as he should from being tampered with by too zealous friends of Mr. Pendleton.

SOME PERTINENT POINTS ON IT FROM STATE SENATOR DAWSON. To the Editor of the Intelligencer.

Sir:—In the INTELLIGENCER of the 10th (fourth page, third column) you say: "One of the tickets at first rejected, but afterwards taken up, and after the trial referred to Prosecuting Attorney Jordan for his opinion on the legal point involved, was a Prohibition ticket which had the names of Mr. Atkinson, Judges Paul and Campbell, Mr. J. D. Elson, Mr. H. P. McGeor and other Republican candidates cast from a Republican ticket and pasted over the names of their opponents on the Prohibition ticket. These names were printed in black ink. The law makes it a misdemeanor to vote such a ticket or cause it to be voted, but it does not authorize such a ballot to be thrown out."

Are you not mistaken in saying that "the law makes it a misdemeanor to vote such a ticket or cause it to be voted, but it does not authorize such a ballot to be thrown out?"

Observe that the requisites of the ballot the voter must present to the commissioner are defined in section 13 of chapter 5 of the code of '87. Such ballot must: 1. Be on white paper. It may be written in any color of ink, or have no "mark, color or device visible" to the commissioner to whom it is handed, by which this individual ballot may be distinguished from other ballots.

In other words, if this "mark, color or device" must be such as is visible to the commissioner who receives the ballot or to one of his colleagues on the election board, it cannot refer to a mark, color or device on the inside which cannot be visible to the commissioner. If the voter writes his name, or puts any mark, color or device on this ballot, and so folds the ballot that the commissioner does not see it, and the ballot so marked is put into the ballot-box, there is no penalty on such ballot, nor can such ballot be thrown out after it is put in the ballot-box by reason of such "mark, color or device."

Tien, what the voter must present to the election commissioner is prescribed in said section 13.

But, observe what another can furnish the voter legally is defined in section 5 of chapter 5 of the Code of '87. The object of this law is to prevent the deceiving of the voter. Now, if the voter fixes up his own ticket it is evidence that he deceived himself because the name pasted is not in red ink, and that he is under penalty for so deceiving himself? Surely not.

I hold that the voter is left free to vote any sort of a ticket, be it marked as it is written or printed on white paper, and has no "mark, color, or device" visible to the commissioners at the time of voting.

I write this because I have noticed in your paper some comments on the election law which, in my humble opinion, were not the law. Having assisted in making this law, and having given it lately special study with the aid of good counsel, I think you will find my ideas correct.

What is the object of section 5 of chapter 5 of the Code of '87, beginning at "And when any political party," etc.? The object is to prevent the deception of the voter, whereby he might be caused to vote otherwise than he wished.

Very truly yours, W. M. O. Dawson, Kingwood, W. Va., Nov. 17.

Situation in the Fourth District. In this district Captain Smith is all right in understanding all sorts of reports to the contrary. The recount in Jackson county has been finished, and Captain Smith gains two, thus making his majority twelve in the district. Boone county stands at 177 for Jackson. This is a goodly number, and Captain Smith has been notified by the clerk of the County Court of that county. There is nothing whatever in the report that Judge Jackson gains thirty in Wayne. That county stands in a tie between Jackson and Boone. The recounts in Putnam and Mason so far show small gains for Mr. Smith. When they are in all will be settled. Mean while it is C. B. Smith, M. C., and it is likely to remain so.

A MAN who has practiced medicine for forty years, ought to know what from sugar; read what he says. TOLEDO, O., Jan. 10, 1887. Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine and surgery for nearly twenty years, and would say that in all my preparation and experience, have never seen a practice that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times, and its effect is wonderful, and would say in conclusion that I have yet to find a case of Catarrh that it would not cure, if they would take it according to directions. Yours truly, L. L. Gossett, M. D., Office, 215 Summit St.

We will give \$100 for any case of Catarrh that can not be cured with Hall's Catarrh Cure. Taken internally. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75c.

"Gave Up to Die."

KNOXVILLE, TENN., July 2, 1887. I have had catarrh of the head for six years. I went to a noted doctor and he treated me for it, but could not cure me, and I was about to give up and I gave up to die. I had a distressing cough; my eyes were swollen and I am unable to see. I have used your medicine, and I feel better. I have not had a cough since, and I feel as if I were a new man. I would like to see you, and I would like to see your medicine.

A Preacher Cured of Dyspepsia.

MICCOONUC, FLA., Leon Co., July 20, 1886. I have been a sufferer from indigestion and dyspepsia for a long time, and have tried many remedies, but until I was induced by my friends to try your B. B. B. I received no relief, but since using it I have found more relief and comfort than from any other treatment I have used. Hoping you will forward to my address your copies of your medicine, and also evidence of cures. Send at earliest date.
