CHARGES PREFERRED

By the Chairman of the Council Committee on Health

AGAINST THE HEALTH OFFICER

Dr. Campbell says Dr. Garrison "Swore at him," and the Health Committee Resolves itself Into a Court and Jury.

A special meeting of the Council Committee on Health was held last evening, at which was presented a paper from Dr. J. A. Campbell...

Dr. Campbell then asked Mr. Hadlich to assume the chair, and rising, closed the door leading to the corridor...

There was an application before the committee from Andrew Gill for permission to clean vaults...

Dr. Campbell then asked Mr. Hadlich to assume the chair, and rising, closed the door leading to the corridor...

In fulfilling your commands I called up the Health Officer by telephone, and before I could explain my business with him, he began a torrent of abuses and blasphemies...

After taking all this abuse I then inquired of him if he would do as the committee requested. He replied: "I will not examine the night soil licenses, and if the committee wants me to do anything in the hereafter, they will have to ask for it in writing."

I refer the matter to you and I hereby demand a thorough investigation. At the proper time I will prove to you that your executive officer, George I. Ferris, has wilfully and maliciously insulted not only the members of this committee through their chairman, but the chairman himself.

Furthermore, I demand reparation at your hands, from the fact of being the recipient of these abuses in fulfilling the commands of your committee.

Very respectfully, J. A. CAMPBELL.

The reading was listened to in dead silence. At its conclusion Mr. Hadlich asked the pleasure of the committee.

Another painful pause followed, which was finally broken by Mr. Ferris, who moved "that the prayer of the petitioner be granted."

Mr. Hadlich looked as though he would be willing to give three dollars to be out of the place he was in, and decided that Dr. Campbell had no right to make any motions.

Mr. Ferris thought three too small a number for an investigating committee, and thought that all the committee except Dr. Campbell should take a hand in the proceedings.

Dr. Campbell acquiesced in this view, and the entire committee resolved itself into an investigating committee and agreed to meet to-morrow evening to commence operations.

Dr. Campbell asked that R. M. Gillen and George I. Ferris, John North and William Fugate be summoned to testify in his behalf. Dr. Garrison said that he did not care to have any witnesses summoned.

This ended the very informal proceedings in a session a few minutes more discussing the probable action of Council at its meeting to-night with reference to registering licenses to garbage contractors who have been fined, and then adjourned.

In addition to the Committee on Health, the Council Committee on Cemeteries, Real Estate and Accounts called to meet last evening. That committee agreed to ask Council to authorize the City Clerk to advertise bids for making certain repairs at the Peninsula Cemetery. That on Accounts went over the books of the City Clerk and Receiver.

BIG REAL ESTATE DEAL

Of a Wheeling Capitalist in Chicago Property.

HE MAKES A GOOD BARGAIN

Selling one Piece of Real Estate at a Round Profit and Acquiring a More Productive Property For Less Money.

The following from the Chicago Inter-Ocean tells of an advantageous real estate deal in Chicago recently of a well known Wheeling gentleman.

The transfers have been recorded of the Brunswick Hotel property at the northwest corner of Michigan avenue and Adams street, 52x110 feet, and the lot 51x200 feet, at the northwest corner of LaSalle and Jackson streets.

The Brunswick Hotel property was sold twice, first for \$150,000, and then for \$130,000. The consideration for the Councilman property was \$150,000. On both properties there have been ninety-nine year leases.

These various transactions are linked together, and present curious complications. Charles Counselman leased for \$5,000 per year for ninety-nine years of J. W. Paxton, of Wheeling, W. Va., who he was stipulated to let, the grand old which the Councilman building stands.

Mr. Counselman has now bought the ground for \$150,000, this being a reasonable valuation according to experts. Mr. Paxton, who had refused to part with his fee until shown a more profitable investment, with \$130,000 of the \$150,000 received from Mr. Counselman, purchases the Brunswick Hotel property from Mr. A. J. Cooper, who had first to purchase the lot from the Honore estate.

Mr. Cooper has now sold the lot to Mr. Paxton, who has now bought the property under a ninety-nine year lease, annual rental \$9,000, with the privilege of purchasing within three years for \$150,000. The apparent discrepancy between the price paid by Mr. Paxton, \$150,000, and the price paid him by Mr. Cooper, \$130,000, is made up by a ninety-nine year lease on the property given to Mr. Cooper by Mr. Paxton, the annual rental of which has been reduced from \$5,000 to \$7,000.

To summarize his transactions, to obtain a reduction in rental, Mr. Cooper buys the lot from the Honore estate and sells to Mr. Paxton, the cause of his purchase being to reinvest his money at an advantage. James L. Waller & Co. attended to the negotiations.

The Paving of Eoff Street. To the Editor of the Intelligencer. Sir:—The public in general, the residents on Eoff street, the owners of the different lives owned by the firm of Simon Baker & Sons in particular, have to thank you for your editorial few mornings ago on the subject of the paving of said street from Twelfth to Sixteenth street. I did all in my power to elect that winter a majority of those now representing the Third ward in the City Council, and I must say from the way these gentlemen have neglected the interests of the ward, I would not now regret that folly if an opportunity offered.

They sacrificed the interests of their people to the interests of the City Council, and I must say from the way these gentlemen have neglected the interests of the ward, I would not now regret that folly if an opportunity offered.
