A QUARREL AMONG EDITORS

Results in the Death of the Challenging Party—A Town that was not Big Enough for Two Rival Journalists to Live In.

JACKSON, Miss., August 2.—A telegram dated Rosedale, Miss., was received here this afternoon announcing the killing of Charles M. Hull, editor of the Bolivar county Democrat by L. A. Weisinger, a lawyer, to-day. Hull is prominently connected.

The Times Democrat of Greenville, Miss., special file the following particulars of the murder: C. M. Hull, editor of the Bolivar county Democrat, and L. A. Weisinger, editor of the Bolivar county Democrat, both published at Rosedale, Miss., became involved in a personal difficulty in which Hull was killed. Bad blood had been existing for some time between them. The review made his first appearance July 27, and contained several pointed remarks to Mr. Hull's previous remarks in the Democrat in regard to the new paper and to Mr. Weisinger. Yesterday's issue of the Democrat contained the following:

"However, to make matters interesting to the editor of the Democrat (meaning the review) that it will at any time offer him gratification to meet, on full return to the office, whenever asked, either with bare knuckles, or with a gleaming horse pistol, at the point of the keenest foil, or if the gentleman be a Mohican, and would like to die as a Mohican, we will endeavor to secure the original article of Caled and chop off his head with his historical blade. In other words, if Mr. Weisinger at any time be consuming to fight Mr. Hull, he will be in a most convenient and comfortable position."

Hull was from Jackson and Weisinger from Winona, Miss. While Mr. Hull was returning from his dinner he was stopped by Weisinger, who, then, thrusting his breast, killing him instantly. Weisinger is in jail.

WANT SEPARATE TRIALS

Heretofore Effort of the Lawyers for the Cronin Suspects.

CHICAGO, August 2.—The lawyers who are defending the Cronin suspects, are making heretofore efforts to obtain separate trials for their clients.

The motion for a change of venue in behalf of Patrick O'Sullivan, was argued before Judge Horton to-day by the States Attorney and Attorney David. The States Attorney may argue the petition was not prepared in statutory form. Mr. David said the petition was in the form used in the criminal court records and that the court must take judicial knowledge of the fact that the case was pending before Judge Horton.

Mr. A. W. Brown, who appeared for Woodruff, then started the State's Attorney and the court by contending that if a change of venue be granted to O'Sullivan it did not apply to the other defendants, and that the trial before Judge Horton. He said that his client had neither asked for nor consented to a change of venue. He had a right under the statutes to only one change of venue, and if against his will the States Attorney may argue some more. A decision upon motion to quash the indictments of Woodruff, Bezes, Kunz and Coughlin was also deferred to Monday. Judge Morton has received a letter from Kunz asking him to appoint an attorney for his defense. He has not yet done so.

The President's Family Having a Good Time—A Charitable Entertainment Billed.

DEER PARK, Md., August 2.—The President's family spent a very quiet day. Mrs. McKee, accompanied by Dr. Scott, her children and their nurse, drove over to Oakland this afternoon. Yesterday morning Hon. H. G. Davis, President of the West Virginia Central and Pittsburgh Railroad, accompanied by Stephen B. Elkins, Mrs. Elkins and her guest, Mrs. Clarkson, wife of Assistant Postmaster General Clarkson, started on a trip over the West Virginia Central Railroad. The party occupied the private car of President Davis. They will visit the new town of Elkins, at the present terminus of the road, where Mr. Elkins is erecting a large summer residence.

The people here are absorbed just now in an entertainment to be given on the 10th of this month by the guests of the Deer Park Hotel, for the benefit of the Children's Home at Deer Park. Nearly all the summer visitors will take part in it. Mrs. Harrison and Mrs. McKee will each preside over a table. Those who patronize the table over which Mrs. Harrison will preside will take their coffee from cups prepared by her own hands, and for a fair consideration, will be permitted to retain the cup. The "Home" is enjoying a boom, and the people are contributing liberally to its treasury. On Saturday there will be an entertainment for the benefit of the residence of Mrs. Droegge, in Deer Park.

ASSISTANT SECRETARY TICHENOR ILL

Stricken Down in the Treasury Department.

WASHINGTON, D. C., August 2.—Assistant Secretary Tichenor was taken suddenly ill in his office in the Treasury Department this morning and had to be removed to his home for treatment. He has been in bad health for a long time and has worked a great deal harder than his friends think he should have done. Since his return from New York he has undertaken to dispose of all the tariff problems which have been pending since the change of administration, and his debilitated condition has become too much for him. He came to the office about 8:15 this morning and started in to do a big day's work but he had been at it 15 minutes only when he was stricken down. His principal trouble is rheumatism in acute form, but it is complicated with other ailments.

MEETS THE CHARGE

The Pennsylvania Claims it Does Not Violate the Long and Short Haul Clause.

CINCINNATI, O., August 2.—The rate to Chicago is now five dollars on all roads running between Cincinnati and Chicago. There is a suggestion that the Pennsylvania road violates the long and short haul clause of the law by charging \$3.50 from Hamilton to Chicago, which is twenty-five miles less distance than from Cincinnati, but the Pennsylvania meets the charge by the fact that the Hamilton ticket is unlimited, while the Cincinnati ticket is limited to a continuous journey on the same train. The rate to Chicago is now five dollars on all roads running between Cincinnati and Chicago.

The Sheriff's execution made on account of the \$35,000 judgment entered here on Monday by Amos Garside, a Chester manufacturer, against the property owned by G. P. Dennis.

Big Storm at Atkins, New York.

ATKINS, N. Y., August 2.—A terrible storm swept over a narrow belt in this valley yesterday afternoon, Watkins Glen was completely awestruck and bridges and the wreck struck the bridge over Franklin street and swept it from its abutments down stream about four blocks, where it lodged. THE GREAT COKE STRIKE

May Turn Out Not to be so Great as Supposed.

ONLY THREE MORE COMPANIES

Affected Yesterday—The Men General of the Strike will be Confronted. But the Operators Equally Confident that it will Not.

CONNELLSVILLE, Pa., August 2.—The effort to make the coke strike general here thus far met with small success. The leaders of the strike last night were free in giving out the impression that this morning would witness the suspension of work at Trotter, Mayfield, Donnelly, Cora, Bessemer, Pennsylvania and Westmore No. 1, for certain, and possibly at even many more works. The day has passed and the list of jobs works has been increased by the addition of only three works.

An official of the H. C. Frick Coke Company, at the Davidson works, asked the strikers at these works to meet him at a store. The men first held a meeting themselves, at which they decided not to accept the invitation, fearing that they would be asked to draw ovens or would be told that they could consider themselves discharged. Meetings were held in the northern end of the region to-night, the purpose being to bring the men at the works in that section, particularly the employes of the McClure Coke company, into line. The leaders think they will be successful in this. The impression prevails generally that it will be but a few days until the men now out will be willing and anxious to return to work.

WHY THEIR HEARTS FLUTTER

A Great Opportunity for the Unmarried Females in Massachusetts.

BOSTON, August 2.—The 10,000 or more Boston spinners, young middle aged and aged "grass" widows, fair divorcees and lone females generally, feel their hearts flutter to-day with an indescribable sensation.

From the far north west, from the pushing, hustling Washington Territory, came good news. It was an offer of marriage for each individual Massachusetts female who has been pining for the coming of some nice young man who would claim her.

The offer came through Mayor Hart, in the shape of a letter sent by Mayor Wheelwright of Tacoma, in which it was stated that the Territory of Washington, and Tacoma in particular, is filled with a wealth of young men, and that the Mayor and Common Council of the City of Tacoma appeal to the people of Massachusetts to send all women of marriageable age to this Territory and city that can be conveniently spared, for the purpose of making happy thousands of young men in the holy bonds of matrimony. Also another resolution: "That this resolution be forwarded to His Honor, the Mayor of Boston, with the request that he publish it broadcast throughout the land, and the hope that the newspapers print it once a week for at least three weeks."

Mayor Hart will make no reply to the above proclamation. Colonel Ennet, the Mayor's secretary, says that the authenticity of the proclamation, and thinks it a practical joke. Joke or no joke, the Boston section of the unmarried female population of Massachusetts is exceedingly exercised. The State has a surplus of female spinners, of which number at least fifty per cent are unmarried and with no prospect of a chance to get married. If Mayor Hart does not answer the appeal it is certain that many of the marriageable females here will answer it.

IT WILL BE A GREAT EXODUS

Seventy-Eight Thousand Negroes Ready to Leave North Carolina.

RALPH, N. C., August 2.—The committee appointed by the Colored Emigration Convention which met here in April, to go to the West and Southwest, examine the country and learn what arrangements can be made for the movement of a large body of colored people from North Carolina, expect to leave here for the Southwest on Sunday.

The committee say that over 78,000 names of those who will move have been enrolled, and that those have agreed to leave by the end of the month. After notice has been given, providing the commission make a favorable report.

It is said by the committee that the people in the southwestern States have had a meeting, and that business men and capitalists, who have appointed committees to meet and confer with the North Carolina Commissioners and to offer such inducements as will direct the tide of immigration in that direction. If the conditions in the vorable, and the committee shall report, it is thought that at least 60,000 people will be moved next fall. Louisiana, Tennessee, Kansas, Arkansas, Texas and California seem to be making preparations to increase their colored population at the expense of North Carolina. Exodus agents from Kansas and Arkansas are expected here to-morrow to accompany the Commissioners from this State.

At Least Two Important Events at the Cleveland Fair.

CLEVELAND, O., August 2.—Only two of the races on the Cleveland Driving Park to-day were finished, the 2.17 pace being postponed until to-morrow. The first quarter was covered in 32 seconds, the second in 31, the third in 32, and the fourth in 31. C. W. Williams' Alerton, in an attempt to beat his own record of 2:23, made a mile in 2:30. SULLIVAN AT PITTSBURGH

He Says He is Willing to be Fined but Doesn't Want to go to Prison.

MADE A MAN OF HIM

How a Poem Led to the Parole of a California Forger.

SAN FRANCISCO, August 2.—Through the efforts of President Harrison's wife a convict in San Quentin prison, who was serving a seven years' sentence for forgery, was pardoned this week by Governor Waterman. The man had been convicted of forgery committed while intoxicated. Soon after Harrison's nomination he wrote a poem entitled "The Old Soldier," which was published in an evening paper. The poem depicted a convict's good life in prison. She took an interest in him and he has been pardoned.

WHEN SULLIVAN WILL ARRIVE

Detective Morris Makes a Break and is Bounced.

JACKSON, Miss., August 2.—Deputy Sheriff Childs telegraphed from Pittsburgh that he will arrive at Jackson with Sullivan Sunday morning. It is probable that Sullivan will give bond here for his appearance at Purvis for trial on the 12th inst., the date fixed for the special term of court to be held for the trial of the prize fighter. Several sporting men are here ready to sign his bond. Special Officer Norris turned up here to-day and wound up a long story with the statement that Kilrain was in Canada. The Governor at once withdrew the reward offered for Kilrain and revoked Norris' agency.

Sullivan's Benefit Postponed

NEW YORK, August 2.—The colossal benefit which was to have helped John L. Sullivan in a financial way has been indefinitely postponed. A large number of tickets had already been sold. It is not known yet what will be done. Editor Lumley of the Illustrated News, said that the benefit would be given sooner or later. Personally he knew nothing of the arrangement, but he expected to see Sullivan back in New York in a very short time. He might be either released on bail or stand an immediate trial and be lightly fined. The sporting men are taking the arrest of the prize fighter very hard, and do not seem to be much exercised over the turn affairs are taking.

The Money Divided

SAN FRANCISCO, August 2.—At a meeting of the Directors of the California Athletic Club last night the Morris-Murphy fight, which was postponed to to-morrow night and indefinitely postponed, and the purse consisting of \$1,245 was divided between the two men. Frank Murphy received \$670 and Billy Murphy \$575. The fight between Frank Murphy and Tommie Warren, which was postponed to to-morrow night, was also arranged. It will probably take place in September.

FLORIDA FRUIT COMBINE

A Protective Association Formed by Dealers and Growers.

NEW YORK, August 2.—When the Florida fruit dealers who attended the meeting held to-day in the office of E. I. Goodsell strenuously deny that they are attempting to form a fruit trust, many of the local merchants are equally positive that the meeting was called for no other purpose than forming the "Florida Orange Growers and Dealers' Protective Association," which, they say, is purely a trade union. The Pennsylvania committee of the association are watching for each other. Incidentally all travel along the road passing their houses is cut off.

ALL ABOUT A HOG

A Family Feud Grows Out of a Quarrel About a Hog.

LOUISVILLE, Ky., August 2.—A fierce quarrel has broken out among the Smiths and Slushers, near Pineville over a hog worth \$2. The Smith's home was attacked Saturday last by the Slushers and a volley poured into the house which put holes through the door and broke several windows. Smith retaliated by putting a guard armed with Winchester on Slusher's road to Flat Rock, the nearest village. Both sides are now armed and are watching for each other. Incidentally all travel along the road passing their houses is cut off.

Indiana May be Lynched

SIoux CITY, Iowa, August 2.—The four Indians who were arrested by the Sheriff for shooting the five-year old son of farmer Walter Benjamin, near Bendare, Neb., last Saturday, narrowly escaped being lynched by the excited people while on the way to jail yesterday. The town has been in a state of great excitement ever since, and extra precautions have been taken to prevent the lynching. Henry M. Rice, a half-breed, one of the four arrested, is thought to have been the shooting, but he refuses to say anything.

A Mother's Fatal Mistake

WOODSHECKER, E. D., August 2.—Mrs. Frodshammer, a German living on a farm ten miles northwest of this city, committed suicide by taking two teaspoonsful of Paris green. She was twenty-six years old and her first babe was only four days old. She thought the child was dead and in her grief swallowed the poison. This makes the third suicide in this county this summer, all foreigners. The babe is still alive.

AUDITOR COLEMAN'S EMBEZZLEMENT

It is Found to Amount to Over Sixty Thousand Dollars.

ADDITIONAL EVIDENCES OF ANCIENT CIVILIZATION

By Explorers—Splendid Roads and Magnificent Buildings Left by an Extinct Race—Important Archeological Discoveries.

CITY OF MEXICO, August 2.—Recently returned explorers from the State of Chiapas report and add to the remarkable reports concerning important archeological discoveries. A fine, broad paved road, built by prehistoric inhabitants has been traced from Tonala down into Guatemala and thence in a curve up again into Mexico, terminating at Palenque. All along this road are still to be seen the remains of ruined cities, and a careful estimate of the population of these places is about thirty millions. On that part of the road near Palenque the ruins are of great magnitude. Houses four and often five stories high have been found in the depth of the forest. Many of these houses are pyramidal in form and so covered are some of them with vegetable mold that large trees are growing from the roofs. In some of the houses great employment has been made of stone bases of tremendous weight, and architects indicate a high degree of scientific attainments.

In some houses visited bronze lamps have been discovered, and the interior and exterior mural decorations of the more important houses consist of paneling with elaborately carved figures of almost life-size, two types of men and women being represented, some plainly Egyptian and others genuine Africans. In front of one of the houses the explorers found fourteen sculptures of gods of the Hindu pantheon. The most important discovery was one of extreme difficulty owing to the density of the forest, and the unwillingness of the Indians to enter ancient edifices, they averring that the buildings were inhabited by spirits. The discovery was made by an enormous paved road extended from Palenque across Yucatan to the Island of Cosumel, and is continued on the Island.
