

CHURCHILL SCANDAL.

All the Friends of Lord Randolph's Pretty American Wife

BELIEVE THAT SHE IS INNOCENT

Of Any Wrong Doing—A Noble Woman A Victim of Gossip—Is Her Husband Jealous?—A Daughter of Leonard Jerome, of New York, and Now One of the Most Popular Titled Ladies in England—Her Political Sagacity.

New York, July 14.—A revival of the rumor that Lord Randolph Churchill is displaying curious jealousy and that there is a possibility of an immediate separation from his pretty American wife on account of the attention paid her by Albert Edward Victor, Duke of Clarence and Duke of Avondale, eldest son of the Prince of Wales, has been cabled and has set society agog on both sides of the Atlantic.

Lord Randolph Churchill is the younger brother of the Duke of Marlborough, who married the rich widow of the late Louis Hamersley, of this city. He was born in 1851, and received his education at Oxford University. Soon after his graduation he visited America, and at a society ball met the daughter of Leonard Jerome, who was a well-known belle; became infatuated with her, and an engagement was soon announced. The wedding at Grace Church was one long to be remembered by those who attended.

The bride received a dowry from her father of \$50,000, jewelry valued at \$10,000 and two houses, which were deeded in trust for her, the income amounting to \$10,000 a year, to be paid to her in quarterly instalments. The premises now occupied by the University Club at the southeast corner of Twenty-sixth street and Madison avenue, and the house on Twenty-sixth street, next to the northwest corner of Madison avenue, were the buildings selected and they were conveyed to Thomas Foote of this city and the Duke of Marlborough as trustees.

In 1874 a son, Winston Leonard, was born, named after his grandfather, Leonard Jerome, and in 1880 a second son, John Henry Churchill.

Once before Lord Churchill became so jealous of his wife and this weak-kneed sprig of nobility, who is known as "Collars and Cuffs," that the danger of a separation became apparent to Lord Randolph's sister, Lady Winborne, and through her finesse there was a reconciliation.

Lady Churchill is the eldest of three daughters of the late Leonard Jerome, and before her marriage and departure for England was a great favorite in New York society. She was educated abroad, and her love of her native land often caused heated discussions with her classmates during her school days. She had many admirers among the society youths here, but seemed to have no preference until she met her future husband.

It was generally conceded by those who were intimate with both families that her marriage to Lord Churchill was a genuine love match.

Lady Churchill is a great favorite at court and at all society events. She is a fearless cross-country rider, and no meet, is considered complete without her presence.

Ten years ago Lord Churchill began his political career which has given him world-wide fame. It is well known that he is indebted to his charming wife for much of his success, and he probably would not have been returned to the House of Commons at the last election had she not made a personal canvass for him.

The instant Prince Victor met Lady Churchill he became infatuated, and the attentions of this awkward, red-faced boy became so marked as to cause Lord Randolph much uneasiness, to which was attributed his resignation as leader in the House of Commons and as Chancellor of the Exchequer. This act brought him into such disfavor that his political ambitions were jeopardized.

This may have been a potent factor in the reconciliation with his wife, whose popularity was so apparent that a report to the divorce courts would have been political suicide for him.

Prince Albert Edward Victor may possibly become the King of England within Lord Churchill's lifetime, and the latter is too shrewd a politician to allow his personal feelings to interfere so palpably with his ambitions.

Lady Churchill is well known on this side of the water by those who were in society twenty years ago, and not a breath of suspicion ever attached to her character. Much surprise is manifested at the report. Frank Work, the father of Mrs. Burke-Roche, who has just succeeded in getting freed from her impetuous husband, was an old friend of Lady Churchill's father, and when shown the cabled report said:

"I am absolutely astounded. I can hardly believe it, for I supposed that to a happy marriage it were any such thing on earth. It would break poor Leonard's heart if he were alive. Why, he fairly impoverished himself to give her a dowry and to settle on her an income of \$10,000 a year, so that she might not want for anything.

"I knew her from her childhood, and she was a noble girl, and developed into a woman of the highest character. I could not and would not believe any harm or wrong of her. She was educated in Europe, but she always retained her American independence.

"I have heard it intimated that Lord Churchill was dissatisfied with his wife's money arrangements, and also that there is some talk of an attempt on the part of her sisters to break the trust deed. I do not see how it could be done, however. It may be this that causes the talk of a divorce. I sincerely hope there is no foundation for the rumor.

Mrs. Paron Stevens, who has just returned from Europe, said: "I have not heard a thing about the matter before. There was certainly nothing known of it on the other side when I left. I am much surprised, and again I am not, for I expect anything now-a-days. If there is any truth in the report it is probable that Lord Churchill is not so much displeased at his wife's conduct as he is that her income is not forthcoming for his support. I certainly never heard a breath of aspersion against the lady and would not believe it if I heard it. She is a noble woman."

Thomas Foote, who is co-trustee with the Duke of Marlborough of the property of Lady Churchill, was shown the cablegram and said: "I had not heard a word about it. It is all nonsense. Every now and then such a report is sent out by busy bodies, but there is not the slightest foundation for it in the world. Lord and Lady Churchill are a happy couple; they are devoted to each other and such a story is ridiculous, absurd."

"Is there any truth to the rumor that..."

Lady Churchill's sisters contemplate taking steps to break the trust deed? "Not the slightest truth in such a rumor. They could not break it if they wished to do so, but they do not. They are perfectly satisfied with the settlement, and always have been. It is a shame that such a report should be circulated about Lady Churchill and her husband."

YARD'S CASE.

His Hearing for Contempt Goes Over Until Saturday.

PHILADELPHIA, Pa., July 14.—H. H. Yard was brought into common pleas court this morning on an attachment for contempt in refusing to obey the order of the court directing Yard to appear before the city council investigating committee and answer questions regarding his connection with business transactions of the Keystone national bank and with ex-City Treasurer John Bardsley. Counsel for Yard, Mayer Sulzberger, informed the court that by his instructions Yard had not appeared before the committee, as he (the attorney) had filed a writ with the supreme court appealing from the court's order. City Solicitor Warwick, on behalf of the investigating committee, claimed that the mere act of filing this writ did not relieve Yard of the writ of court and asked that Yard be committed for contempt.

Judge Allison, after hearing the arguments, expressed a desire to have decision in the case given by the full bench, and continued the case until Saturday next, when it will be brought before Judges Allison, Biddle and Brey. Yard was placed under \$5,000 bail to appear on that day. Yard is at present under \$10,000 bail on the charge of conspiracy with John Bardsley in the misuse of public funds, and he claims that to testify before the committee will jeopardize his case when called for trial.

A COWARDLY DEED.

Masked Men Lynch a Negro Without Apparent Cause.

NASHVILLE, TENN., July 14.—A lynching without any apparent adequate cause occurred last night at Love, a small station on the Illinois Central railroad, in De Soto county, Mississippi. The victim was a negro named Samuel Gillespie. Gillespie was arrested yesterday afternoon for rescuing another negro charged with larceny from an officer. Instead of taking Gillespie to Fernandino, the county seat, and lodging him in jail, Deputy Sheriff Elder, who had charge of him, concluded to keep him confined in a room at Love until this morning. About midnight a mob of masked men forced an entrance to the room and took charge of the negro. They marched him to a tree a short distance away, tied him and shot him to death. The corpse has been found and twenty-one bullet holes are in different parts of the body. Gillespie was regarded as a bad negro.

Jeff. Davis' Resting Place.

RICHMOND, Va., July 14.—The question of the site for the mausoleum and the monument to Jefferson Davis is one of absorbing interest, but Richmond has said to Mrs. Davis that she would be free to select any site she chooses. Nothing will be done in this matter until she is able to confer with the people. It is believed that Mrs. Davis wishes the body to rest in the grounds of the Davis mansion, corner of Twelfth and Clay, and it is thought she will prefer to have the monument also in that section of the city. Considerable money has also been raised for the monument.

A Frightful Wreck.

SPOKANE FALLS, July 14.—A local freight coming into the city over the Northern Pacific last night crashed through a high trestle and plunged into the ravine below. There were five freight cars and a caboose and the wreck was a frightful one. Fireman Michael Flaherty was so badly hurt that he died soon after being removed from the wreck. Roadmaster Speer is probably fatally hurt, but the other trainmen and passengers escaped without serious injury.

Quicker Time.

PITTSBURGH, July 14.—On and after Sunday, July 10, quicker time will be made between St. Louis, Indianapolis, Cincinnati and New York by the trains of the Pennsylvania lines. Train No. 2 will arrive in New York at 2:30 p. m., one and a half hours earlier than at present, and train No. 22 will leave New York at 3 p. m., one hour later than at present, making a quickened run west-bound.

Passengers All Safe.

New York, July 14.—The steamer Schiedam, of the Netherlands-American line, which met with an accident to machinery 350 miles east of Sandy Hook Friday last, was towed up to her pier at Hoboken at 7:30 o'clock this morning. There were 240 steerage passengers on board the Schiedam from Rotterdam. They were all safe and sound.

Killed by Dynamite.

New York, July 14.—There was an explosion of dynamite on board the steamship G. R. Booth, at the Erie basin, Brooklyn, this morning, by which two men were killed and the stern of the steamer was badly damaged. The Booth is from Hamburg and arrived here on the ninth instant.

Signed the Seals.

St. Louis, July 14.—The Waugh steel plant in Belleville, Ill., and the little rolling mill at East St. Louis, which have been idle for two weeks pending action on the Amalgamated Association scale, have resumed operations, the firms having signed the seals. The plants employ 1,100 men.

Big Fire at Scranton.

SCRANTON, Pa., July 13.—A fire at Foster, to-day destroyed the depot there, the Exchange hotel, owned by Asa Davis, two dwellings and a barn. Loss about \$25,000. The heat from the blazing depot warped the rails of the railroad track, delaying traffic for an hour.

Fire at Pittsfield.

PITTSFIELD, MASS., July 14.—Bracken's new brick block on North street was burned this morning, including Bent Bros' extensive carriage works, Caulfield's hardware store, Fanell & Fahy's drug store, and other stores. The loss is expected to reach \$100,000.

Some remarkable cures of deafness are recorded of Dr. Thomas' Electric Oil. Never fails to cure earache. DAW

Sunday Excursions.

Until October 25, the Ohio River Railroad Company will sell Sunday excursion tickets at one fare for the round trip to Moundsville, Woodland, New Martinsville, Sistersville, Salama, Williamstown and Parkersburg.

SHOT BY A POLICEMAN.

William Brennan and His Wife Killed—A Notorious Pair.

JERSEY CITY, N. J., July 14.—William Brennan, aged 32 years, and his wife Lizzie were shot at their home No. 32 Gray street, Jersey City heights about 1 o'clock this morning, by Policeman John Ryerson. Brennan was killed outright. His wife was shot in the abdomen and although able to walk to the City Hospital, three blocks away, she was mortally hurt. It is doubtful if she can live more than a few hours. Officer Ryerson claims that he had to use his pistol to save his own life. Brennan was a driver by occupation and notorious for his ugly temper. He was under bail to answer two charges of atrocious assault. One case covered the beating of his brother-in-law. The other was for stabbing a man named Davis during a drunken fight three weeks ago. Officer Ryerson who killed him served the warrant issued upon complaint and thus incurred Brennan's anger. This morning's tragedy was the bloody outcome of a murderous assault upon the policeman who killed him.

A PLUCKY NURSE

Sells a Strip of Skin From Her Person to Save a Man's Life.

SAN FRANCISCO, CAL., July 14.—Mrs. Lucy Pratt, a young widow, yesterday sold forty-five square inches of her skin for one hundred dollars. A strip of skin nine by five inches was cut from her body by surgeons and grafted into the leg of Wm. A. Daggett, a railway mail clerk, who was frightfully injured in the railway accident at Port Costa. His right leg was terribly burned and the wound would not heal. As a last resort skin grafting was resorted to. Mrs. Pratt is one of the trained nurses at the hospital for children and the operation was successfully performed.

A Bad Accident.

KILKENNY, MINN., July 13.—A sad accident occurred a mile west of here today. During a funeral procession a team drawing a wagon containing six people ran away, smashing the wagon and throwing out the people. Daniel McCauley, aged 70 years, was injured internally and probably fatally. Mrs. Young Daly, aged 60 years, had an arm and several ribs broken and has not recovered consciousness, the physicians think she will die. Miss Mary Ann Daly and Mrs. James Ash were badly, but not seriously injured, and the other occupants of the wagon were badly bruised.

A Mysterious Case.

DENVER, COL., July 14.—The badly decomposed remains of three men have been found in lonely spot in Mosquito pass, near Fairplay. Two of the unfortunate are supposed to be Nels Anderson and Andy Peterson, from St. Paul. The third is yet unknown. It is supposed to be a case of murder for the purpose of robbery. The coroner will make a thorough investigation.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use, and after taking ten bottles found herself sound and well, now does her own housework and is as well as she ever was. Free trial bottles of this Great Discovery at Logan Drug Co.'s Drug Store.

DRY ITCHING SCALDS THAT CRACKED AND POPPED OPEN.

LINDLEY, STEUBEN CO., N. Y., April 11, 1890. FOSTER, MILBURN & Co., Buffalo, N. Y.

GENTLEMEN:—When about ten or twelve years old I was troubled with cracks across the palm of my left hand, and when they healed it would break out on my head, and every winter all over come out as a sort of tetter and make scales all over my head. I have not been free from it a single winter since, but it was worse last winter after I had the gripe, for then it came out in spots all over my body. I had a doctor examine me, and he told me that there was no cure for me. I got worse and worse. Scales would form over the sores and then dry out until they would crack and pop open, showing a watery matter. My skin was all like a dry crack and pop open, showing a watery matter. It felt as though it had dried on me. The scales were so bad that they would collect in the bed and have to be shaken out. It was worse about this time that I commenced using B. B. B. I was so bad that I was ashamed to take my hat off before a neighbor. I had used five bottles of another medicine without noticing any effect; but when I commenced to take B. B. B. the sores came out thicker than before, and they burned like fire; they were immense blotches of fire that would burn so I could not sleep. The way they burned and itched can not be told, and I hope no one else may ever know from experience. The only relief I could get was from washing the sores with some B. B. B.

I stuck to the medicine and was on the fourth bottle before I could see that I was really better, although I knew that it was better to get such rottenness out of my blood than to have it stay there. I did say once that I wished I had never commenced taking B. B. B., but my wife encouraged me, and to-day I thank her for the advice, for I am in good health now, and I don't believe I ever would have been with my blood in such a condition as it was.

My scalp now is clean and clear of all scales and tetter, and on my body there are only small spots to show where the sores were, and these spots are free from scales. I do not doubt but that the cure will be perfect.

I am now on the sixth bottle and will take more until every spot is gone. I firmly believe that Burdock Blood Bitters will cure the worst disorders of the blood, for such certainly was mine.
