

CASH FOR SHERMAN ONLY.

Business Men of Northern Ohio Take a Hand in the Senate Fight. CLEVELAND, Aug. 23.—At Hon. Mark A. Hanna's residence to-night some earnest words were spoken in support of Senator John Sherman's candidacy for the senate.

A PEOPLE'S PARTY POLL.

Kansas Managers Claim to Tell Just How They Stand in the State. TOPEKA, Aug. 23.—The People's party, with the aid of the machinery of the Farmers' and Citizens' Alliances, is taking a poll of the State for the purpose of determining the exact gains made by the party since the election last November.

BLAINE A CANDIDATE.

Evidence that Alger Did Say He Would Accept—He Made the Statement to S. O. Thomas, of San Francisco. NEW YORK, Aug. 23.—Regarding the denial by General Russell Alger of a reported statement of his that Blaine was to be the next candidate of his party, and that Mr. Blaine had declared himself a candidate, the World says to-day that the statement was furnished to that paper by Comrade S. O. Thomas, G. A. R., of 420 Kearney street, San Francisco, who declared that General Alger had made the statement to him during the recent G. A. R. encampment at Detroit.

A COLLEGE TOWN MURDER.

The Gorilla Man in a Side Show a Participant in a Fatal Brwal. LIMA, O., Aug. 23.—The college town of Ada has been in a ferment or excitement over a murder that occurred there shortly after midnight. The fair and races attracted large crowds to town. Jacob S. Stokesbury, a fellow named Stewart and John Frutch became engaged in an altercation in front of Bauman's grocery store. A fight followed, first between Stokesbury and Stewart. The former was knocked down. Frutch then rushed in and struck Stokesbury in the face with a stone. The blow landed on his forehead, crushing his skull and breaking his nose. Seeing what they had done, Stewart and Frutch fled. Stokesbury expired in ten minutes.

A MAN IN THE AIR.

John C. Randall Able to Move About by Means of a Balloon and a Bicycle Scheme—Could Not Use His Dynamo. CINCINNATI, Aug. 23.—The friends of John C. Randall are jubilant over the showing made by his airship at the Zoo gardens here Saturday. Randall's ship consists of a huge balloon to which is hung a car. The motive power is a dynamo, but Saturday, hydrogen being inaccessible, common illuminating gas was used and the dynamo discarded. A bicycle arrangement was used to propel the fans. Of course, this power was feeble, but enough was shown to indicate that Randall has made a great advance on anything yet accomplished in navigating the air.

balloon round, and travel at right angles to its former direction. He then lowered and raised the machine at will, but for slight distances only. It was clear that his strength was not sufficient to wield the balloon and car, but the fact that he was at all able to raise and lower the machine, to drive it forward and backward, is taken as proof he has hit the right principle, and a new improved balloon with electric dynamo and silk bag will be immediately constructed. All the metal will be aluminum. Randall was enthusiastically cheered.

THE RIGHT MAN AT LAST.

Cashier Maple and Many Others Identify the Columbus Grave Robber. LIMA, O., Aug. 23.—The young man, James Roberts, who was arrested at New Washington, Ohio, suspected of the Columbus Grove robbery, and many others have been fully identified by Cashier Maple, John Roberts and the hardware dealer who sold him the two revolvers with which he did the shooting. Roberts was also visited by five other prominent citizens of Columbus Grove, who had seen him at the time of the shooting, and they identified him beyond a doubt. Roberts was brought to Ottawa to-night, where he was placed in jail, the officers taking him in so quietly the people did not know of his identity until he was safely behind the bars. Roberts is sullen and defiant, and refuses to talk of the affair, or even to deny that he is the man wanted. Personally Roberts is a fine looking young fellow, and no one would suspect him of being the daring burglar and shooter. He is an edge-tool worker, and was formerly employed in the wagon works of the Milburn Company, at Toledo, where he bore a good reputation.

HOT AND COLD WEATHER.

San Francisco Weather Bureau Reports Silvering on the Pacific Coast. SAN FRANCISCO, Aug. 23.—A hot wave predicted by the local branch of the weather bureau to last until Tuesday or Wednesday began yesterday. To-day the signal service thermometer registered 91° at noon, while temperature on the sidewalks was estimated at over 100°. A dispatch from Colorado, Tex., says: A most remarkable spell of weather struck this section this morning. Yesterday was extremely warm. The thermometer marked 106° in the shade at 2 p. m. At midnight a north wind commenced to blow. At daylight a cold rain set in, and at 11 o'clock the thermometer registered 65°, a fall of 41° in less than twenty-four hours. This has been a veritable cold day in August.

FROST IN THE WEST.

Parts of South Dakota and Iowa Slightly Nipped Friday Night. WATERTOWN, S. D., Aug. 23.—A fall of 50° in temperature occurred last night, and the frost line was touched. Corn is injured. A dispatch from Fargo, N. D., says that clouds and light wind prevented frost there last night. Farmers made snuggles everywhere. The lowest temperature was 35°. A slight frost fell this morning west of Boone, Ia., and was reported as quite sharp at Dennison and Vail.

NOT SO BAD.

The American Wheel Company's Affairs Are Better Than Reported. CHICAGO, Aug. 23.—Receiver N. C. Butler, of the American Wheel Company, has filed his bond and begun the work of disentangling the affairs of the corporation. Attorney Morris said this morning that an investigation will show the concern to be in a better condition than the first statements indicated. "The financial assets on August 1, 1891," he says, "are shown by an itemized statement of that date to have been \$4,073,533. Of the \$1,800,000 liabilities \$1,000,000 is in the form of promissory notes and accepted drafts. Within the past three months the indebtedness has been reduced over \$350,000." The officers say they already have contracts for wheels for delivery during the next season amounting to \$1,000,000. Other contracts beyond one year and within three years amount to \$800,000.

LOCUSTS DEVOUR THE CROPS.

A Famine-Stricken Province Out of the Reach of Russian Government Help. ST. PETERSBURG, Aug. 23.—The Ural provinces, inhabited by the Kirgheses, are the most affected by the failure of the harvest, which was in the greater part devoured by locusts. Owing to the fact that there are no railroads leading to that part of the Empire, the Russian Government is unable to relieve the inhabitants of these provinces, though it is understood they are suffering great privations.

A Very Sad Case.

READING, Aug. 23.—Miss Mary Ruth, of Greshville, this county, was taken to the insane asylum at Harrisburg by Squire Feild of Rosemont, last night. The case of Miss Ruth is a sad one. There is still a great deal of superstition existing in the neighborhood where she lives. One of her neighbors, Mrs. Horace Boyer, has been ill for six or eight years. The physicians could do her no good. Finally she consulted a notorious "witch" doctor in Reading, and he told her she was bewitched. He gave her a "charm" to drive off the power of the witches, and strange to say she commenced improving. Her condition consent, the neighbors agreed that Miss Ruth was the witch, and this she preyed on her mind that she became insane. Recently she became violent and dangerous, and her removal to an asylum was considered necessary.

No Wonder They Were Wealthy.

COUNCIL BRUFFS, Ia., Aug. 23.—Mr and Mrs. George Manning, an old and wealthy couple, have been arrested here by United States secret service officials on an indictment returned at St. Joe, charging them with issuing 500 ten dollar notes. They have been taken to St. Joe.

Bishop Guillem—So you think heaven is like Boston, do you? Mrs. B. (from the Hub)—Oh, of course, not exactly; I don't expect too much.

I Have, as You Know, been selling Bradford's Female Regulator for years, and have had a steadily increasing demand for it; it gives the very best satisfaction. I frequently sell it to physicians, who use it in their practice with the most satisfactory results. R. THOMAS, M. D., Valdosta, Ga. Sold at wholesale and retail by Logan Drug Co. and all druggists. DAW

THE HOLY COAT.

It was Woven in the First Century of Christ and is Now Almost Past Holding Together. BERLIN, Aug. 23.—A textile manufacturer who was summoned to examine the garment known as the holy coat, now on exhibition in the cathedral at Treves, says that when the wrappers were removed the vesture was found to be in such a tattered condition that it could not be placed on exhibition. Bishop Korum, he adds, then consulted some experts, and finally the coat was given to an aged and experienced nun, who gummed the fragments of the garment together, as the material was too much worn to stand the strain of needle and thread.

The holy coat is now partially overlaid with layers of materials with which it has been wrapped up, and these wrappers having become decayed, cannot be separated from the coat. Dr. Brock, of Aix-la-Chapelle, declares that he has examined the reverse side of the holy coat, and that he found it was mounted on byssus silk, which was used in the first century, which was never manufactured after the sixth century, and which was always extremely costly. Catholic circles consider this to be proof that the holy coat is a genuine garment worn by our Lord. It is explained that byssus is a name given from ancient Greek and Roman times to the bundle of silky filaments by which many bivalve shells attach themselves to rocks or other fixed substances. In the pinna of the Mediterranean these filaments are remarkably long, delicate and strong, have a silky lustre and are capable of being woven into cloth upon which a very high value was placed. But the animal which produces valuable filaments is now so rare that it is almost exclusively an article of curiosity.

MENACE TO AUSTRIA.

The Czar's Troops and Bayonets All Along the Frontier. LONDON, Aug. 23.—The Standard's correspondent at Brail reports an enormous increase of the Russian troops on the Austrian frontier. He says that the Bessarabia frontier guards, formerly a mere gendarmerie corps to prevent smuggling, have grown into a permanent advance guard, ready to invade Austria on a few hours notice. Large forts and observation towers are being rapidly built up, and the Russian Government has given a heavy subsidy to the Black Sea and Danube Shipping Company to erect a large dockyard at Reni, and to forward troops to any part of the Black Sea. The construction of pontoons is actively proceeding at Reni, to be placed at various towns for the transportation of troops, and barracks are being built in the vicinity of Reni for 5,000 men.

A BIG AMERICAN SCHEME.

With a Capital of \$800,000 Successfully Floated in London. LONDON, August 23.—Isaac Untermyer has this week succeeded in floating in London the first large American scheme since the panic last fall. He has brought out the Ludlow Valley Manufacturing Company, of Troy, for \$800,000, the capital stock being retained by the owners in America, and the first mortgage 6 per cent. bonds and 8 per cent. preferred shares being subscribed for here.

STATE OF OHIO, CITY OF TOLEDO, ss. LUCAS COUNTY.

FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE. A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents. DAW

Little Loss of Time.

The loss of time in cases of sickness is no small item to working people. A Pennsylvania minister tells how an attack of colic or diarrhoea may be cured in the least possible time. "I had no occasion to use Chamberlain's Colic, Cholera and Diarrhoea Remedy in my own family, but have tried it on other parties. With one for colic; one dose cured. With another for diarrhoea, and two doses cured him. From the satisfaction it gave in the cases tried, I must say I believe it is all the manufacturers claim for it." Rev. J. K. Brown, Woodbury, Bedford county, Pa. DAW

First Printer—What are you setting up—a city directory? Second Printer—No. Summer resort letter.

Happy Hoosiers.

William Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50 cents a bottle, at Logan Drug Co.'s Drug Store."

"It says here the last of the 600 have just died. They were a noble band. 'I didn't know they were a band. I thought they were cavalry.'"

ADVICE TO WOMEN

If you would protect yourself from Painful, Profuse, Scanty, Suppressed or Irregular Menstruation you must use

BRADFIELD'S FEMALE REGULATOR. GATERSVILLE, April 22, 1888. This will certify that two members of my immediate family, after having suffered for years from Menstrual Irregularity, being treated without benefit by physicians, were at length completely cured by one bottle of Bradford's Female Regulator. Its effect is truly wonderful. J. W. STRAUSS. Book to "WOMAN" mailed FREE, which contains valuable information on all female diseases. BRADFIELD REGULATOR CO., ATLANTA, GA. Sold by all Druggists. LOGAN DRUG CO., 2219-DAY AND ALL DRUGGISTS.

Good Morning! You Are Hoarse! Lightning Cough Drops. Lightning Vegetable Liver Pills. Lightning Hot Drops. Keep them in the House, they will often save Doctor Bills. HERB MEDICINE CO., - Weston, W. Va.
