### Dress Goods Department.

We now continue our unfinished description of this department from last week—but first a word or two about COLORS. We select our colors from UNBROKEN lines generally about three or four months before the seasons open.—It would not pay to delay our purchases until the seasons are upon us—the best shades would then be sold out.—Very popular shades this fall are Blunette, Cornflower and Browns with an Ashes-of-Rose cast.—We have an almost unlimited number of other good colors, and these are not confined to any one or two lines, but will be found represented in Henriettas, Whipcords, French Serges, Foulle Cheviots, Camel's Hair Cloths, Bedford Cordis, Cheviot Suitings, Broadcloths and other weaves.—Opera shades in Henriettas, Nun's Veilings, Crepe Cloths, etc.—All of the above come in Black also.—Many novelties in Black, and Black and White combinations.—Last, but not least, we now come to Pattern Suits.—There are several hundred of these and NO TWO ALIKE.—Competent judges have frequently told us that we show the best line of these in the city.—Convince yourself by making a personal call. Silk, Feather, Velvet and Braid TRIMMINGS to match all of our Dress Goods.

**CLOAK DEPARTMENT**—Upon request we will mail to any address, a copy of our Fall Circular containing full descriptions, besides illustrations, of about 150 Ladies', Misses' and Children's Cloaks.

**A Boy Missing.**  
A colored boy named George Butler, son of Mrs. Butler, a widow, and aged eight years, was sent to the Fourteenth street spring for water night before last and has not come back yet, nor have his parents nor the police been able to find any trace of him. He had been used to going to the spring every evening. His mother is much distressed.

**At Evangelistic Hall.**  
In spite of the rain and chilly atmosphere last night there was a good attendance at the men's meeting at Evangelistic Hall. Rev. R. W. Jones made a telling address, and G. L. Howell had charge of the singing. Both are new men and efficient assistants. On Thursday evening the ladies will have a meeting, led by Dr. Harriet R. Jones.

**Minus his Half-Hose.**  
Lieut. Jake Duku, of the police force, returned from fishing camp near Littleton in a bad humor. He was wearing in the creek bare-footed when he saw a calf deliberately walk up to the tree on which he had hung his socks, and begin to chew one of them to pieces. Jake yelled and ran for shore, but the calf snatched the other sock and ran off. Jake says he hopes the dam brook will die of indigestion.

**Too Young to be Out.**  
Yesterday the police received a letter from Lafayette Wilson, of Parkersburg, saying that his granddaughter, Lovonia Goins, had left for Wheeling some time ago with her aunt, Ella Moore, of 1024 Chapline street, and that he had since been informed that the girl was not living with her aunt. He adds that she is too young to be out in the world by herself, and he asks the police to take charge of her and send her home.

**Mrs. Bistell Coming.**  
Chief Delbrugge yesterday received a telegram from Monongahela City, Pa., saying that Mrs. John Bistell, arrested there for complicity in the shoe and dry goods thefts here, had agreed to return to Wheeling without a requisition, and that she would leave for this city yesterday. Her husband, John Bistell, refused to come until he had to, and he is held there until the necessary steps can be taken to get a requisition.

**Mr. Busbey's Will.**  
The will of the late William Busbey has been submitted for probate. It leaves the heirs about what each would receive by law in the absence of a will, specifying certain real estate to go to each, and that other property shall be sold and the proceeds equally divided. Mrs. Busbey receives in addition to the home, \$1,000 a year. The Market street property is bequeathed to L. T. Busbey. All the real estate appertaining is to be appraised by persons chosen by the heirs, and its value considered in the distribution of the proceeds of the property sold.

### THOMAS BRANNON KILLED

By the Caving in of a Bank of Earth and Sand at Mountsville Yesterday Forenoon.

A distressing accident at Mountsville yesterday morning about 11:30 resulted in the death of Thomas Brannon. He was digging away a bank of sand and clay to make room for the new dwelling house of John Schumaker, just below the Catholic church. The bank is about fifteen feet high and was undermined too far.

Mr. Brannon was stooped over shoveling, with his face to the bank, when without warning the great mass of dirt gave way, pitched forward and caught him under its heavy weight. None of his fellow workmen happened to see him caught; and it was several seconds before he was missed.

The dirt was scraped away and he was found doubled up and bent over forward. When the dirt was sufficiently removed his body was drawn back and straightened out. Streams of blood gushed from his mouth, nose and ears, and it was at once seen that the injury was fatal.

Doctors Hall and Richardson were sent for and came in a very few moments, but Brannon was beyond all human help. He died in about a half hour. He was unconscious until death.

He and his fellow workmen had just been talking of the death of Jack Whelan, and one of them said to him that whenever a man's time comes he must die and there was no getting out of it, to which he replied that that was "about the straight of it." In a moment his time came. Mr. Brannon leaves a wife and five little children in destitute circumstances. His remains will be interred this afternoon. John Maupin was also knocked down by the falling dirt, but was not hurt.

Brannon was thirty-six years old. A paper is in circulation in Mountsville to raise a fund for the benefit of the bereaved family.

### THE CIRCUIT COURT.

Business Transacted in Judge Paul's Tribunal Yesterday.

In the Circuit Court yesterday the jury in the case of Charles Theiss vs. the Wheeling Butchers' Association, a suit to recover \$3,000 damages for the maintenance of a nuisance at the east end of Sixteenth street in the shape of the hide and tallow house of the association, reported that there was no prospect of an agreement on a verdict and it was discharged.

The case of the Natural Gas Company of West Virginia vs. the Wheeling Electrical Company was put on trial, the parties agreeing to waive their rights as to the selection of a jury and selecting twelve men by mutual consent.

In the case of the State vs. George Wilson, indicted for a felony, a *nolle prosequi* was entered.

The case of the Great Western Fire Clay company vs. Robrecht & Gore was continued generally.

James P. Rogers was appointed trustee under two deeds of trust in place of Thomas M. Reilly, deceased.

In the case Elizabeth S. Caldwell and husband vs. Anna C. Miller, Guy R. C. Allen was appointed a special commissioner to sell a part of the property at issue, and Walter H. Rinehart, August Rolf and Henry Schroeber were appointed commissioners to appraise the remainder and divide it in kind.

In the case of L. W. Ingelbrett vs. W. P. Robinson, the demurrer of the defendant was sustained and the case remanded to rules.

The unsecured creditors of the firm of Anderson Bros., the Hancock county brick manufacturers who recently made an assignment, applied for an injunction restraining the assignee from acting in accordance with the deed of transfer. A temporary injunction was granted, bond being fixed at \$10,000. This will stop the sale, advertised for to-day. A receiver will probably be appointed.

### RIVALRY IN BUSINESS

Fall Out with Each Other and go to Law. Other Cases in the Justices' Courts.

Squire Arkle yesterday fined Della Holsclaw \$5 and costs for disturbance of the peace, and also required from her a bond to keep the peace. The complaint was made by Annie Ritz.

The same justice bound James Tyrrell, who was recently released from the workhouse, over to court in the sum of \$100 for obtaining under false pretenses a pair of shoes from Joseph Hasenauer. Tyrrell could not give bail and was committed.

Robert Tensdale, the coal merchant, accused George Crumbacker, another coal merchant, of having disturbed the peace. Crumbacker was fined \$1 and costs by Squire Rogers and furnished bond to keep the peace. Thereupon Crumbacker went before Squire Davis and brought a similar charge against Tensdale, who also was fined \$1 and costs and likewise gave bond to keep the peace.

**Gratifying to All.**  
The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy, Syrup of Figs, as the most excellent laxative known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the California Fig Syrup Company. NEW

**Unnecessary Suffering.**  
There is little doubt but that many persons suffer for years with ailments that could easily be cured by the use of some simple remedy. The following incident is an illustration of this fact: My wife was troubled with pain in her side the greater part of the time for three years, until cured by Chamberlain's Pain Balm. It has, I think, permanently cured her. We also have used Chamberlain's Cough Remedy whenever needed and believe it to be the best in the world. P. M. Boston, Pennville, Sullivan county, Missouri. We are always advising you to advertise, and to keep on advertising, but that does not cover the ground entirely. Of course, you should make your advertising effective—if an electric light be available, you should not use a "tallow dip" to light the path to your store.

What do we mean by that? Simply that the more conspicuous, the more artistic, the more attractive, the more original you make your advertisements, the more people will see and read them, and the more customers you will have to contribute to your cash-drawer.

Study effects in bold pretty type—good matter may be spoiled by ugly dressing. Seek to catch the eye by a display of good taste in the style and arrangement of your announcement.

Above all, let it be bold enough to be easily read. Don't vex a reader by vexing his or her eyes!
