

A PLAIN STATEMENT

From President R. H. Cochran, of the Terminal Company.

THE WHEELING & LAKE ERIE R. R. CO.

Shown up in a Very Interesting Way. What it Demanded, and its Plan for Revenge when its Demand was Fanned down--That Company's Course not Frank nor Honest.

To the Editor of the Intelligence.

Step--The card of the Wheeling & Lake Erie Railway Company uncovers the hand and purse behind the opposition which has so annoyed the officials of the county and the citizens generally. Their appeal to "every fair-minded man in the county" to stand by them comes with ill grace, when it is remembered that their present opposition was begun in disguise, under false pretenses in the name of a paid client, aided by a non-resident of malodorous fame, whom Colonel Bissell aptly called a guerilla. This hostile attitude against Wheeling is consistent with the course they have been pursuing for years. The official reports will show that as far back as 1854, when the management of the old company was urged to build on to Wheeling, a prominent officer of that company said "Damn Wheeling, we will go to Marietta; that city is of more consequence to us than Wheeling."

These same parties wrecked the old Wheeling & Lake Erie and wiped out hundreds of thousands of dollars of stock (all the old stock) which the people along the line had subscribed and paid to the company. They abandoned the right which they had to bridge the river at Wheeling and they abandoned the line from Bowerston to Wheeling; and when they organized the present company their charter only extended from Toledo to Bowerston. For awhile they ostensibly encouraged the efforts of others to build a line between Bowerston and Wheeling, and refused for years to consider the question at all of whether they would ever build. When times began to brighten and others tried to negotiate money to build the link between Bowerston and Wheeling for the use of the Wheeling & Lake Erie and all other roads as well, the Wheeling & Lake Erie, in the money markets of the East, did all they could to thwart them, declared they were going to build themselves, that there was room but for one line and not business enough for two. They did all they could to prevent successful financing for the bridge. They objected to Ohio county having any stock or voice in the bridge. They said they did not want Ohio county to have any voice in the bridge and terminal property, or as a stockholder to be intermeddling in its management or affairs; if they had anything to do with it. For years they have been "nagging" and "nagging" at our every effort to make the bridge and terminal a success. Several times they, or their agents, have appeared in this city opportunistically to stir up commotion and adverse action. It must be apparent that they desire to wreck our property with a hope that it will fall into their hands freed from its Union and neutral features.

After they procured the use of Mr. McNeill's name to begin the present opposition before the board of commissioners, their officers appeared in this city and professed to the public, and announced through Mr. McNeill's personal organ, The News, that they were not interested in the movement against us. It now appears that they were indicators of it and were furnishing the money to pay persons to become complainants against us and to pay attorneys to conduct the fight, intended to put the county in the attitude of a regulator in the financial world.

Long after we began work on the bridge and terminals, as late perhaps as a year and a half or two years ago, they made all sorts of professions that they were going to run across the hills from Short Creek via St. Clairsville to McMahon's Creek and Bellaire, and give Wheeling the "go-by."

In my last interview, the Wheeling & Lake Erie were asked to name the rate which they called exorbitant; this they have not done. They, of course, were offered the same rate quoted to other companies, but they were not satisfied with that, they demanded a rate of \$1.00 per car, and made it private and prefer them over other roads, alleging that they were our natural allies. In this they invited us to discriminate in their favor against other roads and against the interests of the county and subject ourselves to a fine of five thousand dollars for every offense under the Interstate Commerce law. Does it not seem odd to see them calling on the "fair minded men" here to aid them in compelling us to keep a contract which they have been urging us to violate? "Will you walk into my parlor? said the spider to the fly."

They have not been open, frank, sincere or honest in their dealings, either with this company or the people of this county, and I repeat, they are the last people in the world to ask the "fair minded men" of this community to stand by them in the war which in the East and here they have been making against the best interests of the people of this county.

We wish the people here to bear these things in mind, and not allow the chattering and dissembling of these strangers to count against all we have done here and the perfectly open and with and for the people of Wheeling, and stood in their midst in open daylight for years. Please bear in mind the further fact that we began operations here long before we were really born. This we did to accommodate Rev. Mann's, Whitaker's and the Fulton people, and at a time, which still exists, when our construction was going on to interfere and make operations exceedingly difficult and expensive. We will want the business of the Wheeling & Lake Erie as soon and as fast as we are ready to accommodate that, but one trouble has always been, that every effort on our part to oblige them and treat them kindly has been construed as an evidence that we are weak and helpless, and they are not slow to give out by speech and innuendo that we are operating at a loss, and must soon go to the wall,--and the subtlety of unreasonableness is reached when they ask in their card "the commendation and assistance of every fair-minded citizen of Ohio county" to aid them in their efforts to enforce that which they have invited us to violate.

R. H. COCHRAN. Wheeling, October 7.

The Pope Feels Insecure. Rome, Oct. 7.--The Pope has instructed the papal nuncios abroad to present an identical note to the governments to which they are accredited on the recent disorders at Rome on account of the offensive action of a French pilgrim

at the tomb of King Victor Emanuel. This note will hold that these disorders are evidences of the insecurity of the papal position in Rome.

GERMAN CONFERENCE

Annals the Proceedings Against Bishops Bowman and Esler. INDIANAPOLIS, Oct. 7.--The German Evangelical Conference yesterday adopted and confirmed a report by its committee on the charges against Bishops Esler and Bowman, declaring that the proceedings against Bishop Bowman at Chicago and Bishop Esler at Reading, Pa., were null and void and did not affect their standing either as bishops or ministers. The committee to consider the charges against Bishop Dubs reported in favor of his expulsion, but the report was recommitted for amendment in phraseology.

MARTIN'S FERRY.

McKinley Coming Sure--School Report. Deaths--Personal.

Chairman Weems, of the Belmont county Republican committee, has returned from Columbus, to which place he made a special trip to get Major McKinley for one day in Belmont county, and he says he will positively speak in Belmont county on the afternoon and evening of Thursday, the 22d inst. McKinley will speak at Barnesville in the afternoon and at Bellaire in the evening with Judge A. L. Morrison, of Chicago, who is a very fine orator. Attnaville is getting ready to give Ohio's next governor a great reception, and will be assisted by Martin's Ferry, Bridgeport and the whole northeastern part of Belmont county and Wheeling. It is believed that most of the crowd will go to Bellaire after the Attnaville meeting.

Miss Annie Campbell, daughter of Mr. and Mrs. John Campbell, died at the family residence on Fourth street of typhoid fever at 1:30 yesterday afternoon. She was a young lady somewhat past her majority, was a member of the M. E. church and a teacher in the Sabbath school. Miss Campbell was highly esteemed by all who knew her on account of the pure, upright life she led. She had been stenographer in the office of the Laughlin nail works for the past three years, where her work was greatly appreciated.

The meeting of the Republican club next Saturday evening should be well attended. There will be several talks by local Republicans, among which will be one on the manufacture of tin by Mr. Dan Morgan, one of the original tin workers in the United States. Mr. Morgan does not pretend to be an orator or even a talker, but his talk will be interesting. Persons who do not understand the methods of voting under the new ballot law can get some information by attending.

The school reports handed in by the teachers for the month of September show the following: Total enrollment, 1,201; daily attendance, 1,092; seating capacity, 1,247; cases of tardiness, 48; excuses granted, 63; cases of punishment, 1; number truants, 5. The above reports show that there is less truancy here than there is in any of the surrounding towns where they have such officers.

Clark Linn, formerly of Martin's Ferry, died at Greensburg, Pa., on Tuesday of Bright's disease. The remains were brought to this city last evening for interment. The funeral will take place to-day.

Dr. Monroe Hackman returned yesterday from a six weeks' trip in the northern part of the State. He introduced Hon. R. G. Horr at a big meeting in Erie county last week.

FOUR WAYS TO CURE A COLD.

- 1. Any one of the four following ways is good. Use the one that seems most agreeable and convenient.
2. Bathe the feet in warm water, take a wine-glassful of some pure stimulant (whiskey preferably) in hot water and remain in a warm room.
3. Bathe the face in very hot water frequently for an hour, take a little pure whiskey in hot water and go to bed. It is well to remember that the whiskey must be pure.
4. After having taken a wine-glassful of pure whiskey in hot water, and hot salt water up the nostrils a few times. Repeat every three hours.
5. Take some active exercise in the open air, and on entering the house take some pure medicinal whiskey and then keep warm.
6. In using whiskey for curing a cold or any other purpose it should always be remembered that any other than absolutely pure whiskey is harmful in its effects. Dudley's pure Malt is the only reliable standard whiskey on the market. Its purity and value are vouched for by the leading doctors and scientists of the day. You can get it from your druggist or grocer. Take no substitute.

BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

Rodolphus Robinson, manager of the Crystal glass works, Bridgeport, and a resident of the First ward of this city, dropped dead yesterday morning. In the morning he arose feeling as well as usual, but while seated at the breakfast table and in the act of taking a sip of coffee, he swooned and was soon dead. Heart trouble was the cause, as he was subject to sinking spells. He had resigned his position at the Crystal works and was going West to manage a factory. He served in the First Virginia Cavalry, and was a good soldier. He was about fifty-one years of age.

The Democrats are making preparations for their meeting in the First ward this evening. The meeting will be held in Donaystele & Bridenstain's ice house and will be addressed by Hon. S. W. Davis, Isaac P. Myers and Hon. Ross J. Alexander. They have secured a band, and will make things lively for a while.

Every Republican should go and vote this evening in City hall. The judges of the November election will be there and everybody will be instructed how to vote.

A full meeting of the Bellaire W. C. T. U. will be held in the Christian church this evening.

Mr. Jacob Reitz was called to Lowell, Ohio, yesterday afternoon by the death of his sister.

Major McKinley will positively speak here on the evening of October 22.

John Conroy and Miss Margaret Murphy were married Tuesday.

John Davis and W. J. Berry were at St. Clairsville yesterday.

"Aunt Bridget's Baby" will be here Friday evening.

The school board met last night.

The many remarkable cures of catarrh effected by the use of Ayer's Sarsaparilla is conclusive proof that this loathsome and dangerous disease is one of the blood, only needing such a searching and powerful alternative to thoroughly eradicate it.

The new remedy for consumptive patients, called chlophenol, is said to have shown remarkably good results in Italian hospitals.

Delight Followed by Torment. What man or woman will deny that a good dinner is a present delight. Equally undeniable is it that when a well cooked meal is succeeded by a fit of indigestion, rupture is converted into torture. Don't charge your dyspepsia to your dinner. No, my dear sir, your gastric department was out of order to begin with. Had you regulated it with Hostetter's Stomach Bitters, the cargo that you took on board would have been comfortably stowed away without the slightest inconvenience. This incomparable stomachic entirely reforms faulty digestion, and regulates, besides, the liver and the bowels, which must act harmoniously with the digestive organ, or all three fall out of gear. Take the Bitters for kidney and rheumatic complaints, and in all cases of malaria. As a tonic, appetizer and promoter of convalescence it has no peer.

HOW TO GET THEM. If you want new customers, ask for them. There are hundreds of people living within a mile of your store that don't know there is such a place, and they'll continue to be ignorant on the subject unless you take steps to inform them. Some of us are too apt to think that "everybody knows us." Now, that line of thought is a mighty bad one for business men. If they permit themselves to be deceived by it, they are pretty sure to "get left." Seek publicity. Keep your name and your store's location constantly before the people. Use the newspapers--there's nothing like it. DRUGGISTS. THE "PRINCESS" Headache Powders. CURES IN TEN MINUTES. FOR SALE BY DRUGGISTS.
