

SPORTS AND SPORTING.

What is Doing and What is Likely to Be Done by the Pugilists.

DEPRESSION ONLY TEMPORARY

About the Big Fellows, While the Little Chaps Are Doing Something—A Placidity at New Orleans—Madden Looking for Maher, Sullivan En Route Home—General Sporting Gossip.

New York, Oct. 20.—Broad backed, big fisted and deep chested pugilists seem to be at a discount hereabouts just now, and the public don't enthuse as much as it used to over the utterances, bluffs and manifestoes of the few that are left and want jobs of pulverizing opponents. This depression in the heavy weight buffer market is only temporary, perhaps, and before the snow flies it may have given away to a boom that will make the boys feel that at least New York has a soft spot in her big heart for them. By that time Sullivan is likely to be back among us from Australia, and Slavin and Mitchell once more on these shores. Add Corbett and throw in Maher, the latest from abroad, and do not forget Peter Jackson, Joe McAuliffe, and possibly, Joe Goddard from Australia, who wants to journey this way for fame and dollars, and there will be enough and to spare to make pugilistic matters full of excitement. So, after all, the lull, the quiescence in the heavy weight market must be only for the time being, and it will soon give way to exciting discussions and possibly to determined encounters.

In contrast to the big fellows the little chaps are doing something, and unless all signs fail there will be signed articles to-morrow for an international battle. This battle will be in private and between Alf Levy, of England, and Tommy Kelly, the clever "Harlem Spider." Mr. Joe Early, of New York, is looking after the interests of the stranger, and when his heart is in a matter of this kind the party he is behind will always get fair play and all that is coming to him. The backer of Kelly is an old standby in sporting affairs and has always looked after him. Kelly, it is said, wants to fight with slight gloves, while Levy claims that two ounce mittens are the proper and perhaps legal caper. This is the only difference now between them, and this cannot amount to much when they come to post additional forfeit money. This will be done with editor Lunley to-morrow, and soon after the men are expected to go into training. There will be a good deal of money on this fight. Kelly will be the favorite, of course, simply because he is well known by the sporting public here, and has been so thoroughly tried and been so uniformly successful. It is believed he cannot be very easily defeated, and that particularly by a chappie of Levy's stamp and mould. Still it isn't a good plan to make little of an opponent, and his awful pugilistic policy to shout before one is out of the woods. Joe Early isn't making mistakes every day in the year, and it is a very clever fellow that out cutes his cuteness in fighting affairs.

Down New Orleans way there is smoothness and placidity in the pugilistic business. The enterprising Olympiad club want Jimmy Larkins, of Jersey City, and Johnny Griffin, of Boston, to come together for a purse of \$2,500, and they will meet there next month. The winner of this bout will be the top feather weight in the land, now that Billy Murray has gone home. The latter shipped Ike Wier when everybody thought he was on the point of giving up, and got away with Johnny Griffin in satisfactory shape, all with that peculiar but effective body punch he has made almost famous. Griffin, I imagine, learned much in that encounter, and Larkins, who, by the way, intended to be a candidate for the New Jersey Assembly at the coming election, but has wisely abandoned the idea, will likely find in him a very determined foe. The Olympic club will get the worth of their purse, and that is a good deal in these times, and the winner may call himself the champion of his class until Murray comes back.

Maher has not got on a match, but Billy Madden is looking out for him in his old show way and is likely to soon bring him prominently before the pugilistic world. If he is clever the people want to know it. If he is only a rough and tumble fellow, with a modicum of science, they would like to know it. It is one of the best they would like to know it, and in the latter case will give him the place that ability demands should be allowed him. Corbett hasn't time, he says, to bother with Maher, but will find him a man at once who will give him all the fight he wants. Madden is too cunning to catch at that bait, as he wants his man to meet the biggest kind of game at the start, and nothing of a mediocre character. That's right, William! Well, Madden has arranged an engagement for Maher in Philadelphia. He will appear before the Ariel Club there on Wednesday and Saturday of this week, and his opponents, Billy says, are good men. These trials may show what there is in Maher, or at least give the spectators an idea of the manner of man he is.

Sullivan and party are expected in San Francisco on the next Australian steamer. Editor Lunley has heard indirectly that they were not stranded there and that when they left California they had return tickets in their pockets. Upon Sullivan's arrival in Frisco he will be given a reception at the Bush Street Theatre, and it is expected to be a monster. After a short stay there the party will make their way to the eastward, filling the many engagements already made for them in the principal cities, and finally arrive here. Then, and not till then will Sullivan think about fighting, if he does so at all. Should Slavin be around at that time, talking and bluffing, John may adopt such measures as will make him "put up or shut up."

EWING INDIGNANT.

The New York Twister Threatens to Forsake the Club. New York, Oct. 20.—President Day, of the New York club, tried to sign John Ewing yesterday for next season. John wanted more salary. He was told that he could not have as much of an increase as he desired. Then he came out flustered and said that he would not sign. "Why, I'll leave for home to-morrow," he exclaimed, "and not even wait until the season closes on the 29th." Ewing was engaged last spring because he was "Buck's" brother, but he managed to surprise even his best friends by clever work. He was wanted as an emergency pitcher. When nearly all the others were laid up he jumped in and pitched wonderful ball right along. It is even money, however, that he will stay here

and have a talk with President Day, who is at last managing the club's affairs without any Chicago assistance. Pitcher Sullivan signed a contract yesterday. He was picked up in Boston by Manager Mutrie. His experience in the Atlantic Association and New England League did him good, and his work the last week for the New Yorks was such as to warrant the club in holding on to him. He is considered a "comer" of the Russo type, and he is confident of doing well next season. Jim O'Rourke objects to being reserved, claiming that he was promised last spring that he would be released.

Hanlon and Stephenson Matched. VICTORIA, B. C., Oct. 20.—Ex-champion of the world, and Stephenson, the Australian oarsman, are matched for a race on Shawnegan lake, next Saturday, for a purse of \$500.

Sporting Gossip. Capt. S. S. Brown's running meeting project at Homewood next spring is being encouraged by many lovers of racing. Paul H. Hacke is pleased to hear of the move. "I think," says Mr. Hacke, that a running meeting would pay at Pittsburgh. The people have grown to be better admirers of sport and with the Duquesne road running to the grounds a success is certain.

Peterson beat Dutch by five lengths in 20:40, good time, as the sea was rough and the men had a strong obd tide against them on the homeward stretch. Dutch led to the turn, but by a mistake in turning lost four lengths. Peterson starting home with three lengths in the lead. He kept the Australian from gaining an inch. Eugene Sandow juggles two 50-pound bells, as a juggler does knives and balls, he hits an attendant weighing 151 pounds, backwards and forwards over a table, throws a 112-pound bar-bell in the air and catches it first in the hollow of his arm and then in the palm of his hand.

James Melrose, a Scotch swimmer, has arrived in New York. Melrose possesses 27 medals which he has won in amateur swimming contests at Rothsay and Glasgow. He also has earned a Humane Society medal for saving a man's life in the river Clyde.

At Dufferin Park, Toronto, Ont., the well known jumper, J. P. Watson, tried to do 45 feet in a hop, step and jump on a bet of \$35. He failed in the attempt, his best effort being 41 feet 5 inches.

BRIDGEPORT.

Current News Items from the old Town across the River.

The intelligence of Frank Maultby's awful death was learned here yesterday with deep regret. He was for several years yard master for the C. L. & W. here, and married Miss Jessie, daughter of Dr. John Cook. Shortly after his marriage he accepted a similar position with the A. T. & S. F. road, at Wichita, Kansas, and moved there several years ago, leaving many warm friends here. On Monday he was going to the scene of a wreck several miles from Wichita on a light engine in company with four others. The engine was running very rapidly when it left the rails and turned over, killing Mr. Maultby. He leaves a wife and three small children. His remains will arrive here on Thursday for interment.

The council, at its meeting last evening, repealed the ordinance restricting the natural gas company to a charge of ten cents per thousand cubic feet. This leaves the company free to charge what it desires, but it is understood that the company is willing to contract at fifteen cents a thousand. The majority of the consumers have signified their intention to continue to use it at the increased price. The council also passed an ordinance granting the electric street car company the right of way through Ettaville, on condition that the line be extended to and through Bridgeport.

The Republican committee has arranged with Major McKinley to deliver an address at Ettaville at 8 o'clock Friday morning. The iron mills there will stop at that time to allow the workmen to hear the major speak. The announcement of his coming has been heard with joy here and a large crowd will hear him.

Contractors Moore & Staubs began breaking ground on Bank street yesterday for the street pavement. It is expected that some of the pavement will yet be laid before winter commences.

The C. L. & W. management has found the change in time on their extension less profitable than they had expected, and will soon re-arrange the schedule at about its former time.

It is stated officially that council will, within a short time, have a good walk put down from Koehlein's crossing along the present county road to the south end of the Etta mill.

The electric cars, which are now running regularly from the new bridge to the Island, are liberally patronized, notwithstanding the fact that the service is in an incomplete condition.

The town was in total darkness for a little time last evening. The cause was not learned, but the inconvenience is understood thoroughly.

Mrs. John McCale has entered suit against John Stull for selling her husband intoxicating liquors.

Council is using the old Bank street crossings for Kirkwood crossings, which are in bad condition.

DISTRESSING EVENT.

What Might Happen at Any Time. Mrs. A. fell to the floor after a social gathering, prostrated by nervous weakness and exhaustion.

There are thousands who feel just ready to drop from nervous weakness. It is what makes so many nervous, tired, languid, without energy or ambition. They have headache, stomach trouble, kidney and liver complaints, constipated bowels, malaria, headache, palpitation, poor blood, etc., which are caused by weakened nerves and nervous prostration.

If they would use Dr. Greene's Nervura, the great nerve and blood invigorator, all these distressing troubles will immediately disappear. Especially should ladies use it who have female weakness and debility. Purely vegetable and harmless. Druggists sell it, \$1.00.

"I had terrible headaches for 20 years. They got so bad I felt that I should go insane, and my husband promised not to put me in an asylum. I took Dr. Greene's Nervura, and now have no headache, sleep and eat well, am not nervous, my kidneys are healthy and blood pure. I was cured from that terrible fate, insanity or prostration, by this wonderful remedy, Dr. Greene's Nervura. Mrs. JENNIE ANTHONY, 21 W. Green St., Lynn, Mass."

N. B. Dr. Greene, the successful specialist in curing all forms of nervous and chronic diseases, 25 W. 11th street, New York, can be consulted free, personally, or by letter. Call or write him about your case, or send for symptom blank to fill out, and a letter fully explaining your disease, giving advice, etc., will be returned free.

An accident occurred yesterday in the Fourth ward in which boy Fletcher came near losing his life. It is the custom of the C. L. & W. railway employes to drive the boys off of their moving trains, and young Fletcher had been driven away several times, and the last time while he was in the act of climbing on again, slipped and fell with his arm under the wheels, mashing his arm from the elbow down, and it is thought he will have to lose the arm.
