

NATIONAL COMMITTEE

Issues a Formal Call for the Republican Convention.

THE SELECTION OF DELEGATES.

The Executive Committee will Have Full Charge of the Convention--It will Also Arrange for the Stenographic Report of the Proceedings.

CHAIRMAN CLARKISON.

WASHINGTON, D. C., Nov. 24.—The National Republican committee has issued the following call:

"To the Republican Electors of the United States: In accordance with usage, and the instruction of the Republican National convention of 1888, a National Republican convention of delegated representatives of the Republican party will be held at the city of Minneapolis on Tuesday, the seventh day of June, 1892, at 12 o'clock noon, for the purpose of nominating candidates for President and Vice President to be supported at the next national election, and for the transaction of such other business as may be brought before it.

The Republican electors in the several states and territories and the voters, without regard to past political affiliations, who believe in Republican principles, are cordially invited to unite under this call for the formation of a national ticket. Each state will be entitled to four delegates-at-large and for each representative in congress at large two delegates, and each congressional district, each territory and the District of Columbia to two delegates. The delegates at large shall be chosen by popular state conventions called on not less than twenty days' public notice and not less than thirty days before the meeting of the national convention.

The committee adopted the cane as the emblem for the Republican clubs in marching. The cane was originally adopted several years ago.

St. Paul and the Democratic Convention. ST. PAUL, MINN., Nov. 24.—Immediately on the securing by Minneapolis of the Republican convention the Democrats of this city said they should have the Democratic convention and a movement toward that end will be made.

CONSTITUTIONAL AMENDMENTS Voted for in Ohio—Vote on the Two Propositions.

COLUMBUS, O., Nov. 24.—The completed count of the vote as recorded in the secretary of state's office shows that the propositions to amend the constitution as to taxation and to hold a constitutional convention were both defeated.

There was evidently an overwhelming majority in favor of the taxation amendment, but too few marked it for its adoption and it did not receive a majority of all the votes cast.

The votes on the two propositions were as follows: Taxation amendment—Yes, 303,177; nays, 65,014.

Constitutional convention—Yes, 90,781; nays, 161,722.

The total vote cast for governor was 796,529.

ILLEGALLY APPOINTED As Trustee of the Toledo, Ohio, Insane Asylum.

COLUMBUS, O., Nov. 24.—A few days ago Governor Campbell appointed Senator W. W. Sutton to be a trustee of the Toledo Insane Asylum. To-day a requisition upon the state treasury signed by the members of the Board of Trustees was received, and Auditor Poe refused to honor it on the ground that Senator Sutton's appointment as a trustee was illegal.

A law enacted last winter prohibits the appointment of a member of the Legislature to membership in the Board of Trustees of any state institution. Under this act Senator Sutton's appointment was illegal unless he resigned his membership in the Legislature.

LYING IN STATE Indiana's Dead Governor—His Successor Arrives in Indianapolis.

INDIANAPOLIS, Nov. 24.—The mortal remains of Indiana's dead governor were conveyed to the State Capitol this morning, where they lay in state throughout the entire day and night. The burial will occur Thursday at two o'clock at Mount Vernon.

Messages of condolence to the bereaved family from prominent men in all parts of the country have been received, among them being sympathy from President Harrison, Senator Voorhees, Secretary Foster, General Lew Wallace and a number of army officers.

Lieutenant Governor Ira J. Chase, of Danville, who succeeds Governor Hovey as chief executive, was notified of the latter's death yesterday. In response he came to this city immediately. He will take the oath of office to-day.

Prisoners Escape Jail. Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., Nov. 24.—Three prisoners, John Mellintree, Will Green, colored, and John Brown, white, escaped from the county jail here this morning by forcing a lock. A reward has been offered for their recapture.

A Good Lumber Rise. Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., Nov. 24.—The river here at 6 o'clock was in feet and rising. The Little Kanawha is out of the lock and full of logs and ties. David Burns, of Burns Brothers & Hoffman, of Wirt county, expect to get out 10,000 logs on this rise.

Ex-Clerk Clouston's Trial. Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., Nov. 24.—E. Ward Clouston, ex-Circuit Court Clerk, is again on trial in this circuit court. He has been acquitted on two counts.

ECHOES OF THE STORM.

The Rough Experience of Four Cleveland Fishermen.

TWENTY-SIX HOURS IN WATER

Lashed to Stakes--When Rescued the Men were Nearly Dead from Cold Exposure--Two Fatalities at Washington--Damage to the White House. A Big Blow at Baltimore--Effects of the Hurricane at Other Points.

CLEVELAND, O., Nov. 24.—Four fishermen, Nicholas Shadson, John Schenck, George Solomon, Ira Craven, had a thrilling experience on Lake Erie, near Lorain, yesterday and last night. They went out to their nets yesterday morning. The sailboat capsized and was carried away from them. Each man then swam to a pound net stake and lashed himself to it. They remained in that position for twenty-six hours exposed to the heavy seas that broke over them. They were rescued this forenoon nearly dead from cold and exposure. One man said his suffering during last night was so terrible that if he could have reached his knife he would have cut his throat.

STORM AT THE CAPITAL. Two Fatalities--The White House Gets a Shaking Up.

WASHINGTON, D. C., Nov. 24.—The wind storm and cloud burst yesterday only lasted ten minutes, but left a track of awful destruction. George White, a fashionable ladies' tailor, was crushed to death and one of his workmen also killed, besides six girls in the establishment being dangerously injured. Ida White, the dead man's daughter, had a leg broken.

Nine iron workers on the Metzgerott building had a marvelous escape, and a colored hod carrier who was working with them is missing, and supposed to be buried under the debris.

About two tons of stone coping was blown from the top of the White House onto the porch on the east side, crushing it in, and the flag staff on top of the White House was snapped off. A window in the East room was also blown in.

BIG BLOW AT BALTIMORE. A Schooner Plays Havoc With the Oyster Fleet.

BALTIMORE, Md., Nov. 24.—The storm yesterday afternoon was a terror while it lasted. In the harbor there was a cauldron of boiling water for a few minutes, and every vessel felt the gale to a greater or less extent. At anchor off Henderson's wharf was the large New Haven schooner Will Converse, which dragged her anchor and cut a swath through the oyster fleet, taking with her one here and another there until when she brought up she had several under her port quarter in a knot. Is her flight the Converse carried away the foremast and broke the main boom of the schooner Holland Point. The tug Naby got the Converse out of her tangle and the smaller vessels were extricated. Several of the oyster vessels drifted on to wharves on the Canton side of the harbor. On the west and south sides the effect of the blow was not so great.

The ship Jabez Haines, for San Francisco, remained at anchor.

Bridge Blown Away. HARRISBURG, Pa., Nov. 24.—Yesterday's thunder storm blew with fearful velocity. Two spans of the Clark's Ferry bridge over the Susquehanna river were blown away. Arthur Crook, 17 years old, was blown from the trestle at the Lochiel iron works, and had both wrists dislocated, besides sustaining other injuries. About eighty feet of the roof of the State lunatic hospital was carried away, and a horse and buggy were blown off the approach to the Paxton street overhead bridge. Many houses were unroofed.

On the New Jersey Coast. CAPE MAY, N. J., Nov. 24.—The storm yesterday brought in a heavy tide wave covering the meadows at high water along shore and far out over the shoals, immense breakers tumbled but no damage is reported beyond the wrenching away of a portion of the lower deck of the Ocean pier. At Cape May point some portions of the bluff beyond Cape avenue were still further encroached upon.

Damage at Altoona. ALTOONA, Pa., Nov. 24.—The storm here burst many sewers, blew in the gable of Fidelity hall, unroofed stores and dwellings and destroyed the brick sidewalk of the city electric company electric plant. The engineer was seriously injured by falling debris. The cars will not be run for several days.

Church Blown Down. PITTSBURGH, Pa., Nov. 24.—A special report from Bellefonte says: A church at Hecla, ten miles from this place was blown down on a number of children who had sought refuge from the storm. John Barnes and Elias Dinkle were fatally injured and several others seriously hurt.

Complexion of New York Senate. NEW YORK, Nov. 24.—An Albany special to the World contains the following: "The senate will stand Democrats, 16; Republicans, 15; Independent, 1. The casting vote of the lieutenant governor will give organization of the senate to the Democrats. This calculation leaves to the senate itself the ascertainment and decision in the case of Peck, of Syracuse, who is alleged to be a citizen of Canada."

Carbon Works Burned. FREMONT, O., Nov. 24.—The largest manufacturing establishment in this city, the works of the Thompson-Houston Carbon Company, were totally destroyed by fire to-night. The factory was the largest of its kind in the United States and employed 150 men. Loss, \$200,000; insurance, \$25,000.

Another Record Broken. STOCKTON, CALA., Nov. 24.—Another world's record was broken today by Sidney, a yearling filly of Frou Frou, who was driven by Millard Sanders in 2:26, beating Bell Bird's time of 2:30.

A MUCH WANTED MAN.

Several Officers After a Forger--Queer Laws of Nebraska.

OMAHA, NEB., Nov. 24.—There was no man in the whole city of Omaha who was more sought after to-day than was Mortimer Fox. The United States authorities wanted Mortimer, the city officers wanted him, but Sheriff Boyd had the pull and landed his prisoner safely in the county jail. Fox arrived in the city some time ago and was soon arrested by the police. It was charged that he had committed forgeries while a resident of San Francisco. The prisoner was held and the California authorities notified.

A few days later officer Sullivan, from San Francisco, arrived and secured a requisition. Fox at once made application for a writ of habeas corpus. The case was argued before Judge Estell. The court, in passing upon the case, said that he had given it considerable attention and had concluded that the proceedings were irregular. The Nebraska law on fugitives from justice was a disgrace to the statute books and a hollow mockery upon justice.

The judge announced that he could not hold Fox and that any attempt to re-arrest the prisoner in the court room would be punished. A United States Marshal, a California detective, the Omaha sheriff and a half dozen policemen were all in the room waiting for Fox, but when the judge announced his decision they retired and stationed themselves outside the door. When Fox emerged the sheriff nabbed him and served a writ of habeas corpus returnable next Friday. Fox is now in the county jail.

The San Francisco officer states that he will come here and remain until spring before he will return without his man. Deputy Lyon is of the opinion that eventually he will slip the wrastlers over the hands of Fox, and will do so by an order of United States courts, claiming that county officials have no right to interfere with him in the discharge of his official duties.

SISTERSVILLE OIL FIELD. A Big Boom in That Section--The McDonald Field.

PITTSBURGH, Pa., Nov. 24.—The recent strikes of the Bradford Oil company on P. Russell's farm and that of the Miller's Run Oil company on the Colvin farm have been the cause of a great boom in the Sistersville field. The former came in last week and has 1,100 barrels to her credit, in nine days. The latter, which came in four days ago, started off at twenty barrels an hour, is holding up well, and is considered good for 300 barrels a day. The summary of the field is as follows: The P. Russell well is doing 100 barrels a day and the Jarrett Calvin wells are making 300 barrels a day. Stewart No. 1, by the Brown Oil Company, is pumping 60 barrels a day. Mittendorf is doing 75 barrels a day. Tenant No. 1 will commence pumping again Monday, the boiler having blown up last week, stopping operations. The National Transit Company has found that the great production of the McDonald field will require another pipeline from the field to Nedskey, and it is now being laid. The new line is a six-inch one. A gang of men are at work laying it from Grezges to the Ohio river and another laying pipe on the north side of the river towards Nedskey. The line crosses the river at Davis Island. It will probably be extended to the storage tanks further north. The line will be completed about the first of the year.

The test well which Gillespie Brothers are putting down on the workhouse farm should reach the fourth sand in a few days. This is a very important well and is being drilled as a test of the territory for oil.

FIREMEN CAUGHT In the Ruins of a Burning Building--One Seriously Injured.

CINCINNATI, Nov. 24.—A threatening fire broke out at 1 o'clock this morning in the Sestro Manufacturing Company's seven story building in the new part of the city. It originated in the molding room. Being a furniture factory full of combustible material a full force of firemen was called. The fire was confined to the manufacturing building, which is in the rear of the immense ware rooms filled with costly finished furniture. About 3 o'clock this morning, when the firemen were still at work, the walls of the rear building fell, burying seven firemen. While they were all more or less injured, only one was seriously injured. John Connors, who was taken to the hospital. All the others were able to go to their homes. The loss is estimated at \$45,000; fully covered by insurance.

CAUGHT IN HIS OWN TRAP. A Hunter Held by the Wrist in a Bear Trap Until Starved to Death.

KINGSTON, ONT., Nov. 24.—David Allen, an Englishman, who lived in the Waynetown district, started out a month ago to examine his traps, but failed to return. On the supposition that he had lost his way, the forest was searched ten days without result. The mystery surrounding his fate was accidentally solved by two hunters, who chanced to look into a cove of bushes and there saw Allen's dead body lying face downward, his hands fastened in a bear trap.

Allen was evidently in the act of setting the trap when it closed upon his wrists with a vice-like grip and held him until he died of exposure and starvation. Traps Robbers Felled. SAN FRANCISCO, Nov. 24.—Particulars of an attempt at train robbery have just come to light. Last Saturday a little after 8 p. m. the Los Angeles express stopped at Pixley, Cal., on its way south. When about to start again the trainmen were warned that three men, masked and armed, were waiting in the shadow of a tank-house just beyond the depot. They had been loitering about there during the afternoon, and were seen at the last minute by some Chinese, who gave the alarm. The train was backed some distance and then ran by the ambush at a very high rate of speed. No clue to the robbers has been found as yet. It is a favorite plan of robbers to board trains just as they are pulling out of a station.

Author of "Lucille" Dead. PARIS, Nov. 24.—The Right Hon. Robt. Bulwer Lytton, Earl of Lytton, British ambassador to France, died suddenly to-day from heart disease.

BRAZIL'S REVOLUTION.

The Swift Work of the Revolutionists at Rio Janeiro.

FONSECA'S DICTATORSHIP OVER

And the People Rejoicing Over the Movement--Only One Life Lost--The Arsenal Makes Slight Resistance to the Attacking Party--The Ministry Resigns--Floriano Peixotto Assumes the Presidency--Real Cause of Fonseca's Abdication His Critical Illness.

FRANKFORD, IND., Nov. 24.—Information has been brought to County Superintendent Lydeck that one of the public schools in Forest township, in the eastern part of this, Clinton county, has been closed by the wholesale poisoning of the pupils and also the teacher. An investigation proves that the teacher and fifteen of his pupils are in a critical condition, while two of them are dead. The school is located in the country, and a few weeks ago the township trustees caused a well to be driven on the premises from which the school got their supply of water. For the past three weeks the teacher has noticed the attendance growing gradually less, all caused by sickness. One week ago he was taken ill and compelled to close the school. It was found upon investigation that all the pupils who had regularly drunk the water from the well were sick, while a few pupils who lived near the school house and went home for meals were not affected. The symptoms developed are similar to those of typhoid fever.

Thursday a child of Robert Dillon died. Saturday another of the pupils, a ten-year-old daughter of John Burgett, became suddenly worse and died Sunday. Investigation this evening shows that fifteen other pupils and the teacher are decidedly worse, and several more deaths are expected by the doctors. The doctors say its a clear case of water poisoning. Samples of the water have been secured and will be subjected to a critical analysis in order to unravel the deadly mystery.

A FOOLHARDY FARMER Loses His Life in a Snow Storm in the Mountains.

CHICAGO, Nov. 24.—A special dispatch from Knoxville, Tenn., reporting a freezing of emigrants in the Chilworth mountains says the story was that the emigrant train consisted of six wagons and thirty-three people and had met with snow blockade early yesterday morning on the Chilworth mountains. The latter part of last week that number of well-to-do farmers and their families, who have been residing in Cherokee county, N. C., decided to go West. They disposed of all their landed possessions and household goods they had and started on their journey westward. Everything progressed pleasantly until late in the afternoon it commenced snowing and the wind blew at a terrible rate. The men, women and children with the exception of a farmer named George Akers, who was somewhat intoxicated, went into camp. Akers persisted in going through the storm and said he would not stop until he reached the mountain top. Monday morning when they started toward Knoxville they traced Akers and his wagon a few miles and then lost all track of him. The supposition is that the foolhardy farmer and his family either lost their way and rolled into the river or fell into some deep ravine and were frozen to death, or at least covered up with snow.

A MOB OF MASKED WOMEN Raid a Disreputable House and Mercilessly Whip the Inmates.

NEW BREMEN, O., Nov. 24.—There is great excitement at Cold Water, Mercer county, over a raid made Sunday night by masked women on a disreputable house at that place. Four women had taken up their abode in a frame dwelling in the outskirts of the place. The house was just outside the corporation limits and no more arrests were made. About 9 o'clock Sunday about forty women, masked, surrounded the house and battered in the doors. Seven men in the place made a dash and escaped, but the four women were terribly beaten with switches on their bare backs, the blood running in streams. One was not only whipped, but was afterward taken to a small stream near by and ducked in the freezing water until almost dead. The four women were then given twenty minutes to get out of sight. After that the women literally tore down the house, smashing the furniture to kindling. The mob was composed of the best ladies of the town.

Result of a Family Row. MILWAUKEE, Nov. 24.—Wm. Koisk was shot and killed yesterday by his father-in-law, August Kaelpin. The son-in-law and father-in-law indulged in a quarrel, and Kaiksk determined to move his family and what belonged to him from the house. With this object in view he came to the city and engaged an express man—Kaiksk returning with him. The men began removing the furniture. The father-in-law came out and interfered. Kaiksk, and it is said the two men, joined in an assault on Kaelpin. The son-in-law dealt the old man a blow on the top of the head with a hammer. Kaelpin ran into the house and returned with a double-barreled shot gun. He discharged the weapon at Kaiksk, the charge tearing away the left side of his face. Death was instantaneous. Kaelpin was arrested.

Murdered His Step-mother. ST. LOUIS, Nov. 24.—Charles R. Clarke was arrested in East St. Louis last evening charging him with murdering his step-mother, Mrs. T. C. Clarke, in Edwardsville, April 15 last. The night of April 15, two burglars entered the house of Mr. and Mrs. Clarke. The latter was awakened and gave the alarm, but was shot twice by the burglars and died within a few hours. The burglars made a hurried departure without securing any booty. Clarke protests his innocence.

President's Visitors. WASHINGTON, D. C., Nov. 24.—A committee of the American Federation of Labor, headed by Mr. Samuel Gompers, of New York, had an interview with the President today on the labor question. Governor-elect McKinley made a call on the President today and subsequently visited Secretary Blaine.

Weather Forecast for To-day. For Western Pennsylvania, continued cold west winds and fair weather, except light flurries of snow on the lake shore, fair Thursday.

For Ohio, continued cold west winds and fair weather, except flurries of snow on lake and in extreme northern portion, slightly warmer, fair Thursday.

For West Virginia, slightly warmer, southwest winds and fair weather, fair Thursday.
