Postponed on a Technicality.

In the police court yesterday Denis O'Keefe appeared for W. M. Handlan, accused of selling liquor on Sunday and running an unlicensed bar. The attorney objected to further proceedings because the return of the arresting officer was not written on the back of the warrant. The cases were postponed till this morning and the officer proceeded to endorse the warrant as desired. It has never been the custom to do this and the city solicitor says it is not necessary.

**The Reilly Estate.**  
The Pittsburgh Commercial Gazette of yesterday says:

"John Q. Reilly, of Wheeling, and his wife are at the Monongahela. He is a brother of Michael Reilly, of Chicago, an interview with whom concerning his father's will was printed in yesterday's issue of the Commercial Gazette. Mr. Reilly says he is here to visit the Dunlevys. He disclaimed any intention of attempting to break his father's will."

**Awarded to New Cumberland.**  
Bids for a big paving contract for the District of Columbia were opened at Washington, D. C., Monday, and among the lowest bidders for supplying about a million bricks were two firms from New Cumberland, W. Va. The lowest was T. A. Stewart, of the American Fire Clay Company, of New Cumberland, and the next lowest bid was that of J. M. Porter, of McMahon, Porter & Co., of the same place. The awarding of the contract will depend on the manner in which the material furnished by the different firms stands the official test.

**Transfers Recorded.**  
Clerk Hook yesterday admitted to record two deeds of trust and transfers as follows:

January 14, by William C. Handlan to John J. Kain, for \$2,000, part of lot 13, in square 23, in the old town of South Wheeling.

January 16, by Charles E. Hill and wife to Aloise E. Stahl, for \$2,400, a lot fronting 28 feet on the west side of McCulloch street, north of Eleventh.

January 14, by Bridget McAvoy to Frederick Guenther, for \$750, part of lot 2, in square 1, in Churchill's addition, on the east side of McCulloch street.

**The Merchants' Meeting.**  
The Merchants' Retail Commercial Agency met last evening in regular session. The attendance was not as large as it should have been, owing perhaps to the very inclement weather, yet a growing interest is easily observed. The work of the agency thus far has exceeded the most sanguine expectations of its most exacting members, and is daily adding to the grand results not only in giving thorough protection against dead-beats, but also in making collections not otherwise collectable. This system, if continued by the merchants, is destined to work a revolution in the credit business of the city and vicinity greatly to the advantage of retail merchants.

**In the Circuit Court.**  
In Judge Paull's court yesterday the bastardy suit of Carrie E. Bliss vs. Leroy Millard was dismissed on motion of the attorney for the plaintiff and the county, Mr. Howard, the case having been compromised upon the payment of \$150 by Millard.

In the case of Albert Giesey vs. Thomas Higgs, a verdict was rendered by the jury for the defendant, and the plaintiff entered a motion for a new trial.

Nancy Lyle vs. W. M. Handlan; submitted to the court and taken under advisement.

The decree of the Supreme Court of Appeals setting aside the verdict of this court in the case of the Peninsular Land, Transportation and Manufacturing Company vs. the Franklin Insurance Company was directed to be entered in the record as the judgment of this court.

### The Ovide Musin Concert.

Not since the last visit to Wheeling of the Ovide Musin Concert company has there been as charming an entertainment of its kind in the city as the one which that organization gave at the Opera House last evening. The house was crowded downstairs and there was a good number of people in the gallery, and the appreciation was evident. The members of the company are all so well known that it is not necessary to speak in detail of the performance, save to say that the following programme was rendered with the artistic skill which has won fame for the performers named:

Quartet from "Rigoletto."  
Annie Louise Tanner-Musin, Inez Parmater, Mr. Dupuy, Mr. Senger.  
Souvenir de Moscow.  
Still at the Night.  
Stances.  
Air from "Dorval."  
Air from "La Juive."  
Polonaise (E. major).  
Air and Variations for Soprano and Violin.  
Annie Louise Tanner-Musin and Ovide Musin.  
Duet for Mezzo Soprano and Bass.  
Inez Parmater and Emil Senger.  
Prayer and Variations from Rossini's "Moscow" (on the "C" string only).  
Ovide Musin.  
Quartet from "Martha."  
Annie Louise Tanner-Musin, Inez Parmater, Mr. Dupuy, Mr. Senger.

**The Most Pleasant Way**

### MAIL BOXES ROBBED.

Seven of Uncle Sam's Lamp Post Receptacles Broken open by Thieves and Billed of their Contents—Money was what they were After.

Yesterday morning when the letter carriers made their first round to collect the mail in the boxes on the lamp posts, it was found that seven of them had been opened some time in the night and the contents stolen. The robbery was doubtless committed after midnight, and in all probability not long after midnight. It was an inclement night, and few people were about, which made it comparatively easy for the thieves to get in their work.

The boxes robbed were at the following places: Sixteenth and Jacob streets, Seventeenth and Woods, Eighteenth and Jacob, Eighteenth and Eoff, Fourteenth and McCulloch, Fourteenth and Eoff, Chapline and Alley 12.

At Alley 12, on Chapline street, Mr. Sidney Sarver, who lives above the office of the Wheeling Natural Gas Company, chanced to look at the box at midnight and it was all right. His attention was directed to it by the snow which had gathered on it. When he first looked out of his window yesterday morning he was surprised to see the box standing open.

In the course of the day all the locks but the one at the alley 12 corner were found, and the hook of that was found, and there is no doubt that the main part of the lock will be found in the snow near the post, as this was the case in all the others. Until the discovery of the locks it was not known whether the robbers had a key and unlocked the boxes, or broke them open by main strength and awkwardness, but when the locks were found it was at once apparent that the thieves had used some sort of a tool to hold the padlocks in position and with another had pried the catch loose, as all but one of the locks had the staple broken clear loose, and in that one case it was pried forcibly around so that the catch came out of the lock.

A lot of tools were stolen from a house in course of construction on Fifteenth street night before last, and it was thought yesterday that possibly those tools had been used in forcing the locks open. The work was very clumsily done, and the idea at first entertained that it was the work of experts, was not tenable after the locks were found.

It seems most likely that the robbery was the work of young toughs, the object being to get what money was in the boxes. There has been no positive information of any money stolen except in one case, one letter having been heard of which contained \$2 sent to Rev. Dr. Talmage for a publication. Postmaster Cowden said yesterday afternoon that he would be obliged to any person who had mailed letters in the boxes named above after three o'clock on Monday afternoon if they would send him word.

A number of letters were found torn open and wet and soiled by the snow yesterday in various parts of the city, and the desks and window sills in the postmaster's private office were covered with the scraps of mail matter. About thirty letters or parts of letters, some of them of considerable value to the writers, but not containing money, were found. So far there has been no clue discovered to the perpetrators. It is probable, however, that the thieves will be discovered in a day or two.

### CITY REAL ESTATE.

Assessor Phillips Completes his Valuation—A Good Showing.

Squire D. Z. Phillips has completed his valuation of the real estate in the city district, that is, all of the city excepting Ritchie district. It makes a good showing. The value of buildings he reports as follows:

Washington.....	\$ 813,500
Madison.....	1,348,500
Clay.....	1,829,500
Union.....	1,347,000
Centre.....	705,500
Webster.....	1,392,500
Total.....	\$7,456,000

Last year the total value of buildings in these districts was \$7,446,340, which shows an increase of but \$10,590, but it should be borne in mind that none of the new buildings erected last year are valued by Squire Phillips. They are left for the regular assessment.

The value of buildings and lots combined is as follows:

Washington.....	\$ 1,150,200
Madison.....	2,220,500
Clay.....	2,679,500
Union.....	1,940,200
Centre.....	1,119,000
Webster.....	1,881,100
Total.....	\$11,128,000

This is an increase of \$907,530, and this increase is divided among the various wards as below:

Washington.....	\$ 29,970
Madison.....	329,730
Clay.....	190,610
Union.....	162,250
Centre.....	51,450
Webster.....	125,670
Total.....	\$907,530

Mr. Terrill, who is re-valuing the country real estate, does not expect to have his report ready before February 1.

Bad drainage causes much sickness, and bad blood and improper action of the liver and kidneys is bad drainage to the human system, which Burdock's Blood Bitters remedy.

The Wheeling Building Association is successfully organized with about 2,500 shares taken, enough to make it profitable. But there is still room for new shareholders. It is now twelve weeks old and all the money received has been loaned to its members at a good premium. New members received every Saturday night at office of Franklin Insurance Company, No. 35 Twelfth street. It is only necessary to pay up back dues, and that can be done in installments.

RHEUMATISM is caused by a poisonous acid in the blood and yields to Dr. A. E. Todd's Liver Pills. Many cases which seem chronic and hopeless have been completely cured by this medicine. It will cost but little to try what effect the pills may have in your case. We predict success.
