Corner Twelfth and Market Streets.

His Third Year Closed.

Yesterday marked the close of the third year of Rev. A. J. Irey in the pastorate of the First Baptist church. Yesterday forenoon the pastor preached an appropriate sermon. At the church this evening a reception will be given to the members who have been received during the pastoral year, and an explanation of the different departments of church work will be made by the heads of these departments. Several addresses will also be made. On Wednesday evening a meeting for roll call and consecration will be held.

Somebody's Money Lying Idle.

Riversmen at the principal ports on the Ohio, Mississippi and other rivers, are preparing petitions to forward to Congress, asking that body to pass a bill authorizing the secretary of the treasury to refund to pilots, masters, engineers and mates license money paid by them to the government during the war.

A law was passed by Congress a few years ago abolishing the license fee and refunding the money already paid in, but no action was taken authorizing its distribution.

The money is tied up in the government vaults and can not be touched until the necessary law is passed.

Corporation Elections.

At the annual meeting of the stockholders of the Wheeling Railway Company, held Saturday, the following directors were elected: John M. Sweeney, J. H. Hobbs, W. P. Hubbard, J. C. Thomas, W. D. Uptegraff.

The stockholders of the Citizen's Railway Company also met and elected directors as follows: J. A. Miller, J. H. Hobbs, William P. Hubbard, H. S. Irwin, John M. Sweeney.
The Board of Directors of the Fort Henry Club held a meeting Saturday night and organized by the election of the following officers: President, Dr. A. T. Stifel; First Vice President, Hurlihen Quarrier; Second Vice President, W. F. Peterson; Treasurer, Gibson Lamb; Secretary, James P. Adams.

What It Means Guesses.

Prof. Hicks gives the following predictions for the first half of the month of February: The first February storm period will center about the third. By this date warmer weather, low barometer and well defined storm movements will be advancing from western regions. By the 6th, heavy storms of rain and snow will have visited in their eastward progress most of the country. The chance for dangerous blizzards are many to the northward about the 3d, 4th and 5th. About this time the first battle between boreas and warm equatorial currents will take place around the flanks of storm movements. Sharp thunder storms with rain turning to hail and sleet will be the natural results. Cold days will follow until about the 9th and 10th, when the temperature will rise and secondary storms will again pass from west to east.

Turner Gymnastics.

A grand gymnastic exhibition will be given to-morrow evening at Turner hall by the members of the Verein. The following programme will be presented:

Opera House Orchestra
Statuary.....
Wand Exercises.....Second Boys' Class
Horizontal Bar with Rope for Leaping.....
First Division "Actives"
Pyramids on Ladders.....Third Boys' Class

THE REWARD INCREASED.

Still No Tidings of the Body of D. M. Carey, Drowned Two Weeks Ago.

It has been two weeks last Thursday since Mr. D. M. Carey, the well-known contractor, was drowned in the creek at the Main street bridge, and no tidings of the discovery of the body have yet been received. The result of the last visit by a diver to the bottom of the deep hole in which Mr. Carey was supposed to have sunk was the definite information that all previous suspicions that the body was still beneath the big stone with which it fell were erroneous. Paddy Mahoney, on his last trip into the water, investigated so thoroughly that he became assured that the body was not there. This leaves no theory possible except that the body was washed out into the river by the swift current and carried down stream.

Holding this view, the members of Mr. Carey's firm of Paige, Carey & Co. have concluded to increase the reward heretofore offered by them for the recovery of the body from \$100 to \$500. An official notice to this effect appears in another column of this morning's paper.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California Liquid Laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package. naw

Epw. L. Ross & Co. on taking their yearly inventory find that they have a number of fancy wood Sewing Machines, which they will close out at special prices rather than carry them into another year.

THE PROPOSAL ACCEPTED.

The Bellaire Nail Works Company will Erect a Merchant Mill.

As foreshadowed in the INTELLIGENCER of Saturday the proposition voted on by the stockholders of the Bellaire nail works carried and the board of directors are authorized to take such steps as may seem to them best in the purchase of machinery and the erection of a plant to manufacture the steel made there into merchantable articles. The product of the steel plant has always been sold in billets to others who used it for tin plate, bridge girders and many things, but the competition in this line has grown so that there is much less money in the business now than when steel made in the Ohio Valley was first sent into the market. And right here it may be suggested that the Bellaire one is the pioneer steel plant of this valley. For two or three years a merchant mill has been talked of. Just what kind will be built is not yet decided upon, but it is a matter of great satisfaction to Bellaire to know that it has been definitely determined to build another manufactory there, and that it will cost anywhere from \$150,000 to \$300,000, is as certain.

In the selection of directors, it may be stated, it has been the policy of this company for a few years past not to have any of the managers of the works on the board of directors. Herman Hartenstein, William Sharp and Edward Jones, all managers of various departments, were retired from the board in recent years, and at the election last Saturday, Captain R. T. Devries, who is general manager, was retired and John A. Gallaher elected in his place. This is the only change made in the board.

THAT SKATING RACE.

McClelland Wins—He Claims It Was on His Merits.

The skating race at the Martin's Ferry rink Saturday night between E. C. McClelland and Bick Shepherd was rather disappointing. McClelland won in two heats. A paper said yesterday that it was a hippodrome. Last evening a reporter asked McClelland what he had to say about this, to which he responded:

"That was no fake race. I beat Shepherd on his merits, and I can beat him every day in the week. It was for 50 per cent. of the gate receipts. Some people say Shepherd can beat me, but I do not consider him in my class as a roller skater. He can't skate fast enough to keep warm. He fouled me in each heat, but I still beat him. I was never connected with a job race in my life, and I will pay any man \$100 who can show that I ever was."

McClelland added: "I hear Mr. Hanke wants to skate me a three-mile or five-mile race for \$200 a side and the gate receipts. If he is in earnest I will meet him at Henry Bachman's cigar store, 1900 Market street, any time he wants to and put the money up and sign articles of agreement. I mean business, and am ready to skate or run any man who comes at me in a business way."

LAKE PARK HOTEL

At Canton Rented for the Year—Now Improvements to be Made.

The Canton Volkzeitung of January 20 says:

Messrs. John Zimmerman, A. Yonge and Charles Menegay returned yesterday from Wheeling, where they went to procure, if possible, a lease on the Lake Park Hotel, and to consult with the proprietor, Mr. Anton Reymann, over the plans for the coming season. Mr. Menegay informs us that Messrs. Zimmerman and Yonge have leased the hotel for a year (with the privilege of a four-years' lease), and that they will take possession on the first of April.

As soon as the weather permits, Mr. Reymann will make many improvements in the surroundings of the hotel, and will make that already beautiful spot a most attractive and comfortable resort.

The new lessees will also do their share toward providing a place of recreation for the reputable public. Mr. Menegay's residence is in close proximity to the hotel, and he will have charge of the steam and row boats during the season. The rowboats will be put in good condition and most of them will be brought into service this year for the first time. The prospects for a busy season are the brightest.

Resolutions of Respect.

At a meeting of the Linsly Literary Societies, Linsly Institute, Wheeling, W. Va., the following resolutions were unanimously adopted:

WHEREAS, In view of the loss we have sustained by the death of our fellow student, Robert Wilson, he it

Resolved, That we offer a loving tribute to the memory of our schoolmate and say that we sincerely mourn for one who was in all respects a model student of the Linsly Institute.

Resolved, That we offer our sincere sympathy to the family of the deceased.

Resolved, That these resolutions be spread upon the minutes of the societies, that a copy be forwarded to the family of the deceased, and published in the daily papers of Wheeling.
