### To Heat the New Jail.

The committee on court house and jail of the county commissioners met yesterday afternoon, and audited the monthly bills preparatory to the meeting next Monday. It was also decided to recommend the adoption of the plan talked of for heating the new jail and the court house by the same plant.

### A \$10,000 Damage Suit.

Yesterday Messrs. Dovenor & Wiedebusch filed a suit in the circuit court in which the administrator of Iola Moore seeks to recover \$10,000 damages from the Citizens' Railway Company and the Wheeling Railway Company for the killing of the child Iola Moore on South Chapline street some time ago by an electric car. The circumstances of the killing are fresh in the minds of the public.

### Wesley M. E. Entertainment.

A musical and literary entertainment was given last evening at the Wesley M. E. chapel, and was pronounced a success by the large audience present. Some well known amateurs sang and played several selections in an excellent manner. Messrs. J. H. Hopwood and John Walford deserve a great deal of credit for the success of the entertainment, for which they made all the arrangements.

### Left for Georgia.

At 10:10 last evening Sheriff Steenrod and Deputy Sheriff Bentz left for Georgia, having in charge Edward Fillingham, the lunatic who is supposed to belong to that state. Fillingham at times becomes furious and is hard to manage, and the trip down will not be a very pleasant one, but after they are relieved of the prisoner and start on the return trip they can have a good enough time to make up for the trouble on the way south.

### Its Last Ball.

The last weekly "club night" of the Wheeling club was celebrated last night. There was a good attendance in spite of the bad weather, as it was known that the club had decided to disband, and all desired to enjoy a farewell hop in the comfortable quarters in the Rogers block. Kilmeyer played, and the event was in all respects a most enjoyable windup of the club's existence. The rooms have been rented to the Cotillion club for this evening.

### Tried to Shuffle off.

Yesterday morning about 8 o'clock a woman living on Wetzel street, near Forty-fourth street, persisted in trying to throw herself under the wheels of an approaching Baltimore & Ohio engine. A man who happened along about that time, pulled her off the track several times. The engineer stopped the engine and went to the assistance of the other man, and helped to remove the woman some distance; while one held her the engineer climbed on his engine and got away.

### At the City Light Plant.

The work of setting up the dynamos at the electric light plant made good progress yesterday. The work of putting up the yard arms or any other outdoor work was precluded yesterday by the extremely bad weather, but the force did not lose any time, putting in the days in preparing the hoods of the lamps for use. The engine men are getting along finely and the boilers are ready for the fire, which will be put in this week to test the plant. The roof was found to be badly fitted, so that it leaks in several places, which is a decided evil.

### The Wheeling Press Club.

At a meeting of the Wheeling Press Club yesterday afternoon arrangements were made to furnish the room in the Reilly block in very neat and comfortable shape, and it is expected that the room will be ready for occupancy this week. Several social and one or two non-resident members were taken into membership. It is thought that those eligible will come in in sufficient numbers to make the club a very popular institution. Among those who may become active members are the newspaper men of Martin's Ferry, Bridgeport, Belaire and Benwood, and the regular reporters in those towns for the Wheeling papers, while any newspaper man in West Virginia or Eastern Ohio may become a non-resident member, enjoying all the privileges of the club.

### A Former Wheeling Man Dead.

The many friends of Mr. Samuel Sample, well known here, will be sorry to hear of his death on Friday last at his home in Ironton, Ohio. He had only been confined to his bed a few days. His death resulted from diabetes. Mr. Sample was forty-four years of age. Shortly after his marriage to Miss Mary Winters, of Ironton, in 1874, he moved to Wheeling and resided on the Island, and was employed for a number of years in the mill at Etnaville. He returned to Ironton in 1885, since which time he has been employed in the drug store with his brother-in-law, Aaron Winters. Mr. Sample leaves a wife and three sons to mourn his loss. He was a member of several secret societies, and of Calvary Commandery, K. T., and under the auspices of these lodges his funeral took place on Sunday last at Woodland cemetery, Ironton.

### Miles' Nerve and Liver Pills.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequaled for men, women and children. Smallest, mildest, surest! Fifty doses, 25c. Samples free, at The Logan Drug Co.'s.

Every first-class grocer in the city keeps M. Reilly's Strawberry Hams and Pure Leaf Lard.

### Call and See It.

Edward L. Rose & Co. have on display in their window an 1892 Columbia Century Bicycle. This wheel is fitted with pneumatic tires, the first received in Wheeling, and is a beauty.

## THE NEXT JUBILEE.

The Completion of the Stone Bridge and Electric Light Plant

### TO BE CELEBRATED IN STYLE

If Mayor Seabright's Suggestions are Carried Out—He Names a Large Committee Which He asks to Take Hold of the Matter and Make the Affair One Long to be Remembered. A Good Programme Mapped Out.

Mayor Seabright is nursing a decorated and swollen face at his home on the South Side, and when the INTELLIGENCER reporter called on him yesterday afternoon he found him sitting up trying to map out a plan for a double celebration—the opening of the stone bridge and the inauguration of the electric light plant. Not to discredit the mayor's appearance in his new role of wrestling with the erysipelas in all candor it must be said that he could give the Kermoise Indians cards and spades and beat them.

The mayor is anxious that the opening of the stone bridge and the inauguration of the electric light plant should be fittingly celebrated, and has formulated the following address, which can be modified as the committee named sees fit. His address is as follows: To the Citizens of Wheeling.

Inasmuch as the city electric light plant and the stone bridge promise to be completed soon and opened for the use of the public, and as the Wheeling and Terminal railway have already completed their lines, I would respectfully recommend that the following committee meet at a date to be hereafter named for the purpose of arranging for a demonstration to properly commemorate the completion of these great improvements and conveniences. I would suggest that the committee named below ask that all manufacturing and business houses close at noon on the day set for the celebration of the opening of the stone bridge and the inauguration of the electric light plant; that speakers be provided for the christening of the bridge in the afternoon, and that it might be advisable to erect two stands—one at the north and one at the south end of the bridge. In the evening I would suggest that arrangements be made for speaking in front of the public building; that all the societies and organizations be invited to turn out to do honor to the occasion; and that simultaneous with the forward movement of the procession and the speaking "the button be pressed" and the light turned on. These are merely suggestions, which the committee can improve or modify at their pleasure. For the purpose of carrying out the matters suggested I respectfully name the following gentlemen to act as a committee to make all due arrangements for the same:

First Ward—Henry K. List, F. J. Park, General Alfred Caldwell, James McCann, George E. Stifel, Louis C. Stifel, J. A. Hess, David Gutman, Alex. Frew, David G. Morgan, Fidelius Riester.

Second Ward—Campbell H. Richards, Henry Baer, Morris Horkheimer, S. S. Bloch, George K. Wheat, C. William Welty, H. V. Ogden, Dr. R. W. Hazlett, Henry W. Weisgerber, John S. Welty.

Third ward—Augustus Pollack, G. Ed. Mendel, Thomas O'Brien, Joseph Spidel, William F. Peterson, David Gundling, Gibson Lamb, B. F. Caldwell, George S. Feeney, J. R. Acker, John Frew, Anton Reymann, Charles Goetze, Thayer Melvin, N. B. Scott, F. H. Lange.

Fourth ward—Henry Floto, Charles Smith, Richard Robertson, William McMechen.

Fifth Ward—Frank Auber, William Myles, Charles Reed, Charles Menkemeller, T. T. Hutchinson, H. F. Behrens, John G. Hoffmann, sr., William H. Travis, Hullihen Quarrier, John Waterhouse, T. C. Mollat, Andy Hamilton, Nelson Whitaker, R. T. Devries, Peter Muhn.

Sixth Ward—John Weisgerber, Frank Gruse, Frank Weber, sr., Nicholas Riester, sr., Henry Schmulbach, Ed. Schaffer, Louis Colmar.

Seventh Ward—J. Elwood Hughes, C. W. Franzheim, Capt. John McClure, J. S. Naylor, George Wise, H. P. McGregor, Charles Lukins, Dr. Curry, Lewis Bayha, James B. Toney, Kennedy Friend, Geo. Flaccus.

Eighth Ward—Henry Schrebe, Smith Butler, J. J. Jones, R. M. Gilleland, Dr. H. T. Ford, S. L. Brice, Charles Rohrig, W. C. Handlan, J. H. Iobbs.

Pike and Fulton—Frank Hearne, Sheriff Louis Steenrod, Michael Stein, Joseph DuBois, Jacob W. Grubb, Wm. Cracraft, J. C. Brady.

### C. W. SEABRIGHT, Mayor.

The mayor said that he hoped the citizens would take hold of the matter, as the two improvements marked the progress of the city, and that everybody should take pride in making the double event what it should be. His honor regretted being unable to be out at this time and "hustle" the people up to a point of enthusiasm, but hoped that before the idea of March arrived he would be in trim to lend his aid. He would also state that it was the purpose not to call on the city for any outlay for the celebration, but that the committee appointed could select sub-committees to solicit subscriptions to defray the expenses.

### An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not affected with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. DAW

### Like Their Names.

Strawberry Hams have no equal for lusciousness and delicacy of flavor.
