

OHIO POLITICS.

Most of Congressional Timber in the new Sixteenth District.

Over the river much interest is manifested by the Republicans in the contest for the congressional nomination in the new Sixteenth district.

The convention will be held at Steubenville on Tuesday, May 24, and will doubtless be a red hot one. There will be a half dozen or more candidates.

The new Sixteenth is composed of Belmont, Monroe, Harrison, Jefferson and Carroll counties, and is Republican by 1,300.

Monroe county is 2,000 Democratic. Down in Monroe the Democrats always nominate candidates for county offices at the primaries in the spring, the nomination meaning election.

Under the Democratic gerrymander the district was 1,303 Democratic, and Judge A. J. Pearson, of Woodfield, was elected by 748, Col. C. L. Poorman, of Bellaire, being his opponent.

At the Steubenville convention Belmont will present Senator J. W. Nichols and Col. C. L. Poorman. Harrison will name General Hollingsworth, Carroll will present Senator Eckley and Jefferson ex-Lieutenant Governor Richards, of Steubenville, and possibly others.

Two years ago Hon. John M. Cook, of Steubenville, was Col. J. D. Taylor's opponent for the nomination. The contest was hotly contested and Taylor was nominated at the convention held at Steubenville. Taylor got a majority of the delegates in Cook's own county.

Taylor has had several terms and is out of district. It is said that Cook and Major Robert Sherrard, both of Steubenville, would like to have the nomination. Hon. R. F. Hunter, of Woodsfield, has his eye on it.

Hon. C. L. Weems, of St. Clairsville, and Hon. Lorenzo Danford have been prominently spoken of.

Weems says he will not be a candidate. He is chairman of the Belmont county Republican committee and many persons say that he came from Noble to Belmont to run for Congress. Mr. Weems says there is nothing in this.

Danford took more interest in politics last fall than for years, and it was intimated that he would like to return to Congress. The captain says he would not have it under any consideration. When he says no he means it.

Sherrard is said to be the wealthiest of those mentioned above, and Poorman the poorest. Poorman is probably the ablest man of the entire number, and would make the best congressman. There is a strong sentiment for him, because he made the fight in 1890 when there was no show for a Republican, and because of his thirty years' service for the party. Some of the prominent politicians in Belmont county are opposed to him and favor Nichols.

Poorman, who was recently appointed secretary of state for the unexpired term, will take charge of the office tomorrow. He is pledged to not be a candidate at the state convention, and many of his friends think this is a scheme to shelve him.

Belmont county, with her sixty-three votes, will cut a big figure at the convention. Poorman made a proposition to Nichols agreeing to withdraw if Nichols got the greatest number of delegates in Belmont county, and asked Nichols to do the same if he secured the fewer delegates, the one getting the largest number to have the solid delegation from Belmont. Mr. Nichols refused to entertain such a proposition. This would have given the sixty-three votes to either Poorman or Nichols, and with twenty-four more Belmont county would secure the prize. Jefferson will have forty-seven votes, Harrison twenty-six, Carroll twenty-six and Monroe fourteen. Belmont county is entitled to the nomination.

In favor of Col. Poorman. To the Editor of the Intelligencer. Sir:—Fearing the attack in the Evening Times of this city yesterday against the candidacy of Colonel Poorman for Congress may be construed as voicing the sentiment of our people, we desire to reiterate that idea, and say, it represents the exact contrary. The great body of voters, laboring men, and those not identified with machine politics, feel that Colonel Poorman, above all others, is the proper candidate. We have lost McKinley in the lower house of Congress, are likely to lose Reed and Burrows soon, and will be left without single advocates in their stead, able to successfully cope with the many truly able champions of free trade. Colonel Poorman is the most able man on the tariff and silver issues in this state, and we doubt if he has his equal in the nation. If elected he will be the leader of the house; and that means much to this district. When this district was gerrymandered, our party was glad to put him up, and he ran ahead largely in every county and was nearly elected, against an overwhelming Democratic majority. The idea, as presented by the Times, that Colonel Poorman by accepting the appointment for a few months as secretary of state, thereby, or by any other means, caused it to be understood that "an open field" was left for Mr. Nichols, is erroneous and absurd. If any such idea was entertained, it was by the few politicians who are advocating Mr. Nichols. The people never had any such understanding. They desire a congressman who can do them the most good; one who is experienced and who has passed through and knows by most bitter experience, the stagnation and blighting curse of a period of free trade.

Truly,
JOHN S. COCHRAN.

BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

Officer John Strobel is not deterred from doing his duty, by his defeat for marshal through the efforts of the saloon men and others. The mayor has stationed him in the Third ward and he has given all the saloon men there due notice that he will arrest and make a charge against every one of them that keeps open after 11 o'clock at night, that being the hour all are required to close by the ordinance. They have all been closed for two nights at that hour, so that they evidently understand he means business.

After the meeting of the regular congressional committee here next Monday and the call for the primaries to select delegates to the congressional convention is issued, there will be lively times throughout this district. Only one month for campaigning for the nomination will be left and it will be a very lively month along the river front.

Mayor McGowan has not displaced a single one of his appointments on the police force, notwithstanding the refusal of Council to confirm three of them, and from the way they are starting in the laws and ordinances are likely to be enforced from this time on. This is a cheerful prospect to many people.

Owing to the condition of the county bridge fund—in the hole to the extent of \$103,000—it is not probable that the commissioners will favor the extension of the Mahan's creek pike from Nell's Siding to Gleneco. The proposed pike would be of much benefit to the city.

The Young People's Societies of Christian Endeavor have an interesting literary and musical entertainment at the First Presbyterian church last night and notwithstanding the unfavorable weather the church was well filled.

R. G. McGaughey, the lawyer who was sent to the penitentiary from this city in March, 1891, for a term of three years for "uttering a forged note," now seeks a pardon, notice of which is just published.

Mrs. Emma Lonz, wife of John Long, and daughter of Adam Long, sr., in the Fourth ward, will be buried at 2 this afternoon. She leaves a husband and three children.

Ada McMillin, a Third ward barber, has a pool table in the back room of his shop for customers to while away the time while waiting for the call "next."

The Gravel Hill Reading and Social Club will meet at the home of Miss Lizzie Cummins this evening, and will discuss the subject of "Evolution."

The Republican county central committee will select the delegates to the state convention at a meeting to be held at St. Clairsville next Tuesday.

Will McClain has sold his grocery store to J. M. Boyd, and will assist his father, Joseph McClain, who operates a stone quarry west of town.

George Keen has been elected president of the board of township trustees. He was elected trustee by only four votes over Fred Eberle.

Col. C. L. Poorman left yesterday morning for Columbus, where he takes charge of the secretary of state office to-day.

Harry Samsel has moved his family to Fairmont, W. Va., his former home, where he is now employed.

The next meeting of the Belmont County Teachers Association will be held here on the 23rd.

Services will be held in the Episcopal church this morning in observance of Good Friday.

Stewartsville, a small town just west of this city, is sorely afflicted with diphtheria.

The Turners will give an Easter ball next Monday evening in their hall.

Layfayette Austin has taken charge of the toll-gate on the Weege pike.

Marshal Charles Johnson donned his new uniform yesterday.

RESOLUTIONS OF RESPECT
Passed by the Directors of the Ohio State Savings and Loan Company, of Bridgeport, O.

WHEREAS, God in his Divine Providence has removed from our midst by death our venerable and respected secretary, Warren Hollister, whose energy and zeal in behalf of the welfare of our town, and to encourage and assist struggling humanity in their efforts to provide themselves with homes of their own, has been chiefly instrumental in establishing our company; therefore, be it

Resolved, That while we bow in submission to the will of God, knowing that our loss is his great gain, we realize that we have lost a faithful and efficient officer, whose wise counsels and genial and courteous manner has made our meetings pleasant and our fellowship to abound in brotherly love.

That we tender our sympathies to the bereaved wife and sorrowing son, assuring them that in the dark days of their mourning our hearts commend them to Him who only can bind up the broken heart.

That these resolutions be spread upon our minutes and a copy furnished to the family and for publication.

CASE OF NERVES.

You May be Overcome in the Same Way at This Season of the Year.

Thousands are nervous and suffer from mental exhaustion, brain fatigue, weak and irritable nerves, sleeplessness, malaria, depression of mind and shattered energies, without realizing the danger or the fearful results which follow neglect of these symptoms.

It is nerve and brain exhaustion which makes the brain tired, the arms nervous, the limbs trembling, the muscles weak and the body without strength and energy, and, unless cured, the end will be shattered nerves, heart failure, insanity, with softening of the brain, paralysis or death.

Those who have had the Grip are almost always sufferers from nervous and physical exhaustion, as this disease leaves the nerves and system in a weakened and debilitated condition.

Remember, neglect of these conditions is dangerous, and in the spring months, more dangerous than at any other time, because there is at this season added the weakness of Spring Debility. Use Dr. Greene's Nervura, the great Brain and Nerve Invigorant, the wonderful restorer of health, strength and vigor, and your bad feelings will disappear as by magic. Purely vegetable and harmless. Druggists, \$1.

"I had nervous weakness and tremblings. After taking four bottles of Dr. Greene's Nervura, I feel like a new man. I was terribly constipated, but now my bowels are all right. I feel 10 years younger, and can eat, sleep and walk like a young man. I recommend everybody to take Dr. Greene's Nervura."
JOHN MULLANE,
183 East 79th street, New York.

Dr. Greene, the successful specialist, in curing all forms of nervous and chronic diseases, 35 W. 14th street, New York, can be consulted free, personally or by letter. Call or write him about your case or send for symptom blank to fill out, and a letter fully explaining your disease, giving advice, &c., will be returned free.

At a meeting of the Laborers' Union on Wednesday night it was decided to work only nine hours for a day's work after May 1, one hour less than at present.

Miss Della Kerby, daughter of Pefer A. Kerby, died yesterday at the home of Mr. Grant Hathaway on Second street, of typhoid fever, aged 22 years.

Carl Elbert fell off a platform at the Belmont brick and tile works on Wednesday evening, injuring his back and shoulders severely.

Our Better Halves Say they could not keep house without Chamberlain's Cough Remedy, especially for the children. In a case a few weeks since at the home of a neighbor the attending physician had given up a case of what he called dropsy. Mother happening in, told the parent that in her mind it was a case of lung fever and advised the use of this cough syrup, which they did. Result, the child is well and the parents happy. Chamberlain's medicines are used in more than half the homes in Leeds—Sims Bros., Leeds, Iowa. This remedy is not intended for lung fever, but for colds, influenza, grippe, croup and whooping cough. It will loosen a cold, relieve the lungs, and prevent the cold from resulting in lung fever. 50-cent and \$1.00 bottles for sale by C. R. Goetz, W. W. Irwin, John Klari, C. Schnepf, C.
