Broke Her Wrist.
While Mrs. F. H. Lange was on her way to Saratoga she sat up in her berth in the sleeping car to dress, and the shaking of the car threw her out. She fell upon one of her hands in such a way as to break the wrist.

Broke His Nose.
Will Mooney, one of the employees of the Wheeling Electrical Company, had his nose broken Thursday afternoon. He was turning the crank of the windlass on the linemen's wagon, when the ratchet slipped and the crank began to revolve, striking Mooney in the face, and breaking the bridge of his nose.

A Family Row.
In the police court yesterday there were only two cases—Ed Bishop and his wife, Alice. He had been bound over to keep the peace by a justice on her complaint, and he said she came home and "tantalized" him. They made so much noise quarreling that Officer Fahy arrested both. Bishop said his wife harbored girls who were objectionable to him, which was the cause of their trouble. He was fined \$3 and she was dismissed.

Maier's Case Ready for Appeal.
The record of the proceedings in the circuit court in the case of Wilhelm Maier, the wife murderer, has been completed, ready for the case to be taken to the supreme court of appeals. Clerk Mitchell yesterday attached his certificate of its correctness. It is understood that an application for an appeal and supercedas will be made to one of the supreme judges at an early day by Messrs. Atkinson and Coniff, Maier's attorneys. It is safe to predict that he will not be hung on August 5.

A Popular Musician.
In a complimentary write up of Clarksburg, Smith's Index, of Parkersburg, prints the following:
"Another splendid singer is C. W. List, who, while not a citizen of Clarksburg, is in the city so much and contributes so much to the musical developments here that his friends claim him. This splendid singer receives a most cordial welcome to hospitable Clarksburg, where he has an interest which requires constant attention."

Good Prices for Ohio Wool.
The farmers up in Harrison county, O., who formed a combine and shipped their wool to the eastern market direct, have met with such success so far this season that the plan is likely to become general. Their agent reports that he has sold Samuel McFadden's delaine, at 34c; Thompson McFadden's delaine, at 34c; M. N. Giffen's delaine, at 33c; R. Holmes' delaine, at 33c; John McFadden's coarse, at 30c—with one-fourth off for unmerchantable. Mr. McFadden's coarse is a cross of Merino, Cotswold and Shropshire.

The New Glass Exchange.
The current issue of the Pottery and Glassware Reporter has the following:
The Wheeling Glass, Crockery and Lamp Exchange has been formally opened, and the ensemble makes a very favorable impression on the visitor. The pottery exhibits are especially attractive; the thin, translucent china of the Ohio Valley China Co., and the fine decorated goods of the Warwick China Co., and the Wheeling Pottery Co., which are tastefully displayed and harmoniously grouped, are very highly spoken of by the visiting trade. The fine glass goods of the Fostoria, Crystal, Elson and Riverside Glass Companies, and the colored glass lamps and fine lead blown ware of the Buckeye; the colored glass wares of the Northwood, and the lamps and lanterns of the Nail City Stamping Company, will no doubt be sufficient to attract to the city all the patrons of the firms represented in the Exchange, which includes all the large houses in the country.

The Ladies.
The pleasant effect and perfect safety with which ladies may use California liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

STRUCK BY AN ENGINE.

Ed Sutton, of this city, badly hurt at Benwood yesterday.
Between 5 and 6 o'clock yesterday morning Ed Sutton, of this city, was walking beside the Baltimore & Ohio track at Benwood just in front of a moving train. For some reason he did not observe the train's approach, and the engineer supposed he was merely waiting till the train was closer to step off the ties, and so made no effort to stop his engine, which was No. 714.

Just opposite the old Benwood store the engine struck Sutton violently, knocking him from the track. He was thrown some distance, alighting on the right side of his head and his right shoulder.

He was brought up to the city on the next train and taken to the City hospital in the patrol wagon by Lieutenant Terrill.

It was found that a terrible hole was cut in his head, which was also badly bruised and mashed. His shoulder was also painfully crushed, and his injuries will lay him up for some time.

A HORSE THIEF DETECTED

On Account of His Ignorance of the Value of the Animal.

A man named Samuel Gorbey stole a horse out in the vicinity of Cameron a few days ago and rode it across the country to New Martinsville, where he offered it for sale for \$25. As the horse was worth about six times that amount, suspicion was at once aroused and the matter was advertised. The advertisement was seen by Cameron parties, and Officer Fitzgerald at once went to New Martinsville and found both the horse and the man. He arrested the man and took him back to Cameron with bracelets on.

He will be given a preliminary hearing, and no doubt be lodged in jail to await the grand jury's action. It is said that this is not the first time he has been in trouble, and that he is a pretty bad man.

The Belmont County Democracy.

The Democrats have finally fixed their county headquarters in Bellaire, and Editor R. C. Myers is at the head of both the central and the executive committees, while Editor W. C. Warnock, who was made secretary of the central committee by its members, was turned down when the executive committee was formed and E. J. Steger was made secretary of the more important committee, and W. A. Schramm, Dr. G. V. Riddle, Albert W. Kennon, M. F. Bailey and E. N. Boggs compose the executive committee. Editor Milligan, who runs the party organ at St. Clairsville and who was at the head of county affairs, political in his party for several years, is completely knocked out, and doesn't have a voice in either committee. All that is expected of him apparently is to grind the organ without discord or a murmur. All of this may indicate harmony in the party, and if so, nobody will begrudge them the satisfaction it affords the various candidates.

Attractive Programme at Burr's Mills.

The prospects are that the Epworth Assembly at Bethesda, Ohio, better known as Burr's Mills, from August 2 to 13, will be the greatest success ever achieved on the grounds. Presiding Elder J. R. Mills is a good man to "boom" such a gathering, and he has issued an attractive illustrated paper announcing the programme for the twelve days' session and showing the beauties of the grounds and surroundings. Among the special features are Children's and Young People's Day, Pioneers' Day and Grand Army and Veterans' Day. The lecturers and instructors engaged are all people of national reputation and popularity. Miss Bessie Hoze, who is about to depart for India as a missionary, will have charge of the kindergarten work through the session.
