

THE NATIONAL GUARD.

First Regular Day of the State Militia Encampment.

EVERYTHING WORKING SMOOTH

And the Boys Settle Down for Their Week's Round of Real Military Life. General Spilman has Matters Well in Hand--A Popular but Strict Commander--A Popular Colonel Goes Wrong and is Deprived of his Command--Colonel Freer, a Brave Veteran of the War of the Rebellion, Conquered by the Only Enemy that Could Ever Make Him Surrender.

Special Dispatch to the Intelligencer. CAMP BLENNHASSETT, July 20--Rovelle sounded this morning at sunrise, and in a few minutes the camp of

for the main avenue of tents, and to stop when told.

The major started, and of course there was no trouble in laying out the main avenue, and all the others were laid out accordingly. When the time came to figure up the true situation it was found that the major's and the general's estimates were correct to the half inch. Major Gluck is banking on this feat to aid him in getting votes on being the handsomest military officer in the state, the general cheerfully giving all credit to the major.

AN UNFORTUNATE CASE.

The chief topic of conversation in the camp to-night is over the fate of Col. R. H. Freer, of the First regiment. He has been relieved of his command for conduct unbecoming a soldier of the national guard, pending a decision of the court martial. Col. Freer's many friends hope he will be able to clear himself of the charge of intoxication. Col. R. E. Fast assumes command of the regiment in the place of Col. Freer.

CAMP NOTES.

Company A, of Princeton, 2nd regiment, is the only one not reporting,

All Sorts of Local News and Gossip from the Glass City. Mr. Anton Leibold, who is supervisor of physical culture in the Columbus schools, has given the members of the school board here an idea of how this branch is conducted there, and as it is now required in all schools his information is very kindly received. No Indian clubs, horizontal bars or other thing is used in the Columbus schools. Mr. Leibold instructs the teachers in muscular movements and exercises, and under his supervision the teachers take the pupils in their respective rooms through the same exercise every morning. This was done in the Columbus schools before the law was passed requiring it in all schools.

BRIGADIER GENERAL B. D. SPILMAN, Commander West Virginia National Guard.

West Virginia National Guardsmen was all astir. The companies are now all quartered, the messes are all arranged, hard tack and coffee is being served out with the customary regularity and everything is in shape for the campaign.

Major J. C. Gluck, of Ritchie, gray haired veteran that he is, could be seen early this morning, sitting here and there among the boys, cautioning them in regard to their behavior and endeavoring to impress upon them a sense of their duty, telling them that the eyes of the nation are upon them and to "stand firm in the glorious cause."

Colonel Clarence L. Smith, of Marion, has his papers, orders and books all in good shape and is strictly in it as regards his end of the line. General Spilman, brigade commander, is the cynosure of all eyes at the camp, soldiers and civilians, his deferential bearing toward even the humblest soldier being the subject of general remark.

Old Battery B, from Williamstown, came down last evening with their big mounted gun, which adds much to the warlike appearance of the camp. The fine weather which General Dent is now rationing out to the boys is aiding much to the success of the encampment.

THE CAMP ROUTINE.

The following are the calls adopted this morning: Reveille--Sounded at 5 a. m.; assembly 5:15 a. m. First call--5:30 a. m.; assembly 5:45 a. m. Second call--6:15 a. m.; assembly 6:30 a. m. Guard mount--First call, 8:45; assembly p. m. Company drill--First call 10:10; assembly 10:15; recall 11:45.

Dinner. Battalion drill--First call 1:25 p. m.; assembly 1:30 p. m.; recall 2:30 p. m. Dress parade--First call 6:30 p. m.; assembly 6:45.

Supper. Sunday morning inspection: First call 8:30 a. m.; assembly 9 a. m.; church. First call 10:25 a. m.; assembly 10:30; tattoo--9 p. m.; 10-10 p. m.

The weather is all that could be desired; the boys are in good spirits and his the first real day of the national

having filed an application to be disbanded.

On Monday evening (Governor's Day) General and Mrs. B. D. Spilman will give a reception at their residence in honor of the national guard.

Col. Colley Shriver, of Bethany, is here with the only company in the Northern Pan-Handle of the state. He looks every inch a soldier and has a well drilled company.

Governor Fleming and staff will arrive Saturday and the regiments will be inspected on Monday. The two regimental bands present from Charleston and Clarksburg enliven the scene and make good music.

MARTIN'S FERRY.

"That Good Medicine." Mr. C. D. Cons, attorney, Parker, South Dakota, says: "I take pleasure in saying to the public, as I have to my friends and acquaintances for the last five years, that I consider Chamberlain's Colic, Cholera and Diarrhoea Remedy the best medicine for the purpose it is intended that I ever tried. Since I have used it I would not be without it. I was always subject to cholera morbus and never found anything else that gives the relief that this remedy does. I never leave home without taking it with me; and on many occasions have ran with it to the relief of some sufferer and have never known it to fail. My children always call for 'that good medicine,' when they have a pain in the stomach or bowels." For sale by druggists.

FIRST REGIMENT BOYS FORAGING FOR THEIR BREAKFAST.

guard encampment is a good omen of the ultimate success of the annual meeting.

The INTELLIGENCER representative has been on the grounds all day, met and shook hands with the boys, and is ready to say that if success depends at all upon perfect order, excellent drill, physical ability, good looks, etc., this year's annual encampment will be a grand success.

General Spilman is himself the soul of courtesy and good will, and did what he could to inform the press of the salient points of everything pertaining to the minutia of a soldier's encampment. Himself a graduate of West Point, the greatest military school in the world to-day, he expects the best discipline that can be possibly attained.

Major J. C. Gluck, of Ritchie county, and General Spilman, were the first upon the camp grounds and thereby hangs a little story.

AN ABLE SURVEYOR. The general and the major desired to have the grounds laid off in true military style, without rectangles, and all that. Without referring to their sextants, aneroids, etc., the general told the major to start from an objective point
