

nation, and did wish that of Davis, whom he eulogized. He asked Pitzer, of Berkeley, to withdraw his name. There were loud cries of "No!" Mr. Pitzer complied, but said he would only withdraw it in favor of Davis, in whose hands he knew the banner of Republicanism would be safe. He moved Davis' nomination by acclamation. Manager took the platform and withdrew his own name, after thanking his friends for their support, and pledging his own support to Davis. Then Hon. P. W. Morris withdrew and moved the nomination of Davis by acclamation amid great applause. The motion was put and carried with a mighty roar. Loud calls were made for "Davis!" N. B. Scott, G. W. Atkinson, P. W. Morris and J. B. Manager were appointed a committee to wait up Davis.

In the meantime nominations for auditor were declared in order and Mr. Pitzer, of Berkeley, in one of the most eloquent speeches of the day, named J. S. Hyer, of Braxton. S. A. Foster, of Boone, nominated C. W. Hall, of Kanawha. Harry Hovey, of Brooke, nominated I. H. Duval. One delegate from Clay county seconded Hyer's nomination, but Hiram Lewis, of the same county, seconded Duval. Gilmer and Grant both seconded Hyer, as did Hampshire.

At this point the committee which had been appointed to notify Davis of his nomination appeared with him, and Chairman Elkins introduced Davis as the next governor of West Virginia amid great applause. Mr. Davis spoke as follows:

DAVIS' SPEECH OF ACCEPTANCE.

"MR. CHAIRMAN, GENTLEMEN OF THE CONVENTION AND FELLOW REPUBLICANS OF WEST VIRGINIA:—I confess that it is a great surprise to me to stand before such a gathering of Republicans of West Virginia in the city of Huntington, on the banks of the Ohio, as the candidate for the highest office within the gift of my party. But this nomination, coming as it has without any solicitation on my part, I would be ungrateful, indeed, did I not thank you from the bottom of my heart for the high compliment you have paid me here to-day. To be frank with you, gentlemen of the convention, I have doubted the propriety of my nomination, and much preferred other gentlemen. But as you have decided otherwise, I accept your decision and trust, and enter into the fight. So far as the conduct of the campaign is concerned upon my part, I shall endeavor to lay it upon a high plane and with clean hands. I deem it proper to state right now that, owing to my early life being spent in the army, and since the close of the great struggle having been so actively engaged in business pursuits, I have had no time to cultivate the art of speaking; therefore, I am not before you as a political speaker, but as a business man only.

A PERSONAL CAMPAIGN.

I feel sure that the intelligent voters of West Virginia, who read and think for themselves, regard acts more than words. I expect to make the campaign, so far as I can, a personal one, and shall endeavor to see as many of the voters as possible, the balance I hope you will see for me. If this be done I confidently believe you will see West Virginia go back to her old love, and into the hands of the party that made her. But if you bottle up your enthusiasm here to-day and leave all to your candidates, the result may be different. This should be the year to correct that great wrong and outrage perpetrated upon General Goffin 1888, and to the young men before me, I appeal to you to assist. Now, gentlemen of the convention, if I am elected to your governor I promise to give you a clean and economical administration. My experience as state senator convinces me that extravagance has been practiced within the walls of our state capital, and that the state of West Virginia and its institutions can be successfully managed on less than \$1,250,000 per annum. Therefore our taxes should be reduced. Gentlemen of the convention, I again thank you, and invite you all to Charleston, March 4, 1893, to the inauguration of a Republican administration. [Applause.]

AUDITORSHIP CONTEST ON AGAIN.

The roll call for auditor was then resumed. Hancock county seconded Duval. S. C. Burdett, of Kanawha, seconded Hall. Dr. M. S. Holt, of Lewis, seconded Hyer. W. S. Thompson, of Calhoun, seconded Hall. George B. Caldwell, of Ohio, said that the state wanted no more dishonest auditors. He could name a man who would see to it that vouchers were properly presented and paid. He nominated Charles H. Senseney, of Wheeling, speaking of him as one of the few private soldiers left.

T. G. Mann, of Summers, nominated S. W. Willey, of Summers, which was seconded by F. H. McGinnis, of Raleigh. The latter attempted to speak from his place on the floor, but the convention insisted on his taking the platform. C. H. Payne, of Summers, a colored delegate, in an excellent speech seconded Willey. W. I. Mann, of Kanawha, seconded Hall.

THE BALLOT.

Tully, of Wood, seconded Hyer. Patrick McNeerney, of Wood, seconded Hall. A ballot was then called for. Hyer, Hall, Duval, Senseney and Willey being in nomination.

THE PLATFORM.

An Incomparable Expression of the Principles of West Virginia Republicans. Special Dispatch to the Intelligencer.

HUNTINGTON, W. VA., August 3.—Following is the platform adopted by the Republican state convention to-day:

The Republicans of West Virginia in state convention assembled endorse without reserve the nomination of Harrison and Reid to be the Republican candidates in the campaign, and we intend to give them the electoral votes of West Virginia. We endorse the honest declaration of principles set forth in the platform of the Republican national convention of 1892. We find special cause for satisfaction in the unequivocal stand taken by the national Republican party in favor of the protection of the Republic from the United States industrial independence which had the endorsement of the early statesmen of the Republic, and which the Democratic party, finding its authority in the constitution and the late confederate states of America, now declares to be unconstitutional. As Americans we favor that national policy which in any case, whether the Republic is to be the nation of our own country, whether they earn their living in the workshop or on the farm.

THE ONLY TRUE POLICY.

As West Virginians, we are in favor of that policy which has developed and made great states of less wealth in natural resources than our own, bringing the work-shop class to the farm and gathering about the open coal seams large communities of wage-earners who make a ready market for the products of agriculture. As West Virginians, we denounce the Democratic doctrine that it is unconstitutional to open coal mines and establish factories in West Virginia. We accept as better authority the decision of the Supreme Court of the United States, which has declared that it is a constitutional measure. Moreover, we believe it to be one of the best measures ever passed by the Congress of the United States.

PROTECTION OF LABOR.

Believing that the labor of this country should be amply protected against the products of the labor of other lands, we are as well of the opinion that American labor should be protected against the ship loads of foreign labor pouring in at the rate of 600,000 immigrants a year to cut into the employment and the labor of our own people. As we put a duty on foreign producers coming to this country to the end that our labor may be protected in both directions.

THE HONEST TRUTH.

We regret the deplorable conflict at Homestead, Pennsylvania, and we are glad to be assured by the wage-earners themselves that the tariff and wages under it are not involved in the unholy controversy. We have seen with pain the employment of mercenary troops called Pinkerton men, and we favor the passage of a law that will prevent the invasion of West Virginia by such an army. We favor that which the Democratic governor of West Virginia recently permitted to invade this state to interfere between West Virginia miners and their employers.

We congratulate the people of West Virginia on the fact that this year no United States fair has been held in this state, and that the untold honest voters who were used by President Cleveland in his own behalf in 1888 for the first time in the history of the state.

STATE ADMINISTRATION DENOUNCED.

We denounce the Democratic administration in this state as wasteful, extravagant and incompetent. They have broken every promise made to the people as an inducement to be trusted with the management of the state. They have increased the average assessment of state taxes. They have increased the objects of taxation, and they have increased the rate of taxation. They have assessments of property, thereby increasing taxation by every method in their power. They have, while professing to be the particular friends of the poor, increased the annual expense of the state by the payment of salaries to unscrupulous politicians and have managed them in the interest of partisan politics and not in the interest of the people nor of the unfortunate inmates thereof.

EDUCATIONAL INTERESTS PROTECTED.

They have selected professors and teachers in the public educational institutions of the state solely on the ground of party service and not for fitness, and they have driven out of these institutions competent and deserving men for mere partisan purposes. They have by crude legislation attempted to protect the rights of the people of West Virginia, naturally the richest state of the union, and they now propose by the inauguration of the policy of British free trade to strike down the standard of living and to bring up in spite of their illiberal laws, and to chill the prosperity the state now enjoys.

THE INFAMOUS GERRYMANDER.

They have by the outrageous gerrymander of the counties of the state deprived many of them of equal and just representation in the legislature in the attempt to hold power in defiance of the majority. We denounce the legislative apportionment of the state by the legislature as an outrage of the American principle of equal representation and of the state constitution. The rule of the majority is the vital principle of our republic. Its destruction is the destruction of government of the people, by the people and for the people.

THE GOVERNMENTAL STEAL.

To the end that this great and vital principle be conserved every legal voter should have the free and unrestricted right to cast his ballot as he pleases, and to have it counted as cast. Hence we denounce as an outrage on the rights of the whole body of the people of this state the act of the legislature in refusing Nathan Gott the office of governor of West Virginia to which he was justly and legally elected by the people, and in characterizing such an act as a "gerrymander," and the infamous means by which it was effected as a disgraceful to our Christian civilization. We support the people of this state and of the people to rebuke this conspicuous outrage of their rights.

Brown in the Fight.

Special Dispatch to the Intelligencer.

HUNTINGTON, W. VA., August 3.—In some way the name of James A. Brown, of Preston, was omitted from the report in to-day's INTELLIGENCER. Mr. Brown's friends from Preston have been making so earnest a fight for him that they don't want him thought to have been dropped out of the fight for supreme judge. They have not only fought for him, but they have met with encouragement.

THE ARRESTS.

Of the Carnegie Officials—Some Out on Bail, Others Lodged in Jail.

PITTSBURGH, PA., August 3.—This afternoon about three o'clock, Secretary Lovejoy, Vice president Leishmann and Treasurer Curry, of the Carnegie company, appeared before Judge Ewing in the criminal court and said they desired to surrender themselves on the charges of murder preferred by Hugh Ross. Judge Ewing refused to hear an application for bail until the accused had surrendered to Alderman King. The magistrate was sent for, and after he had presented his docket the hearing was held. Messrs. Leishman, Curry and Lovejoy waived a hearing as did H. O. Frick, Nevin McConnell, James Dovey and Supt. Potter, who were absent but represented by W. F. Patterson, their attorney. Messrs. Frick, Lovejoy, Leishman and Curry were then released on \$10,000 bail each, and R. B. Andrews went on their bond.

Attended by Turbulent Scenes.

HOMESTEAD, PA., August 3.—The arrests of Yardmaster James Dovey and Superintendent of Open Hearth Department No. 2 McConnell on a charge of murder this afternoon were attended by turbulent scenes, necessitating the interference of the militia and the additional arrest of a striker.

Messrs. Dovey and McConnell reached the jail about 10 o'clock to-night, and were locked up. They will apply for bail in the morning.

Lumber Employes Strike.

WAUSAU, Wis., July 3.—The men employed at the Barker & Stewart Lumber company's mill struck to-night and refused to work unless their time was cut down to ten hours and pay once a week. This was refused, and they went to the other mills and demanded the same of them. All but the Stewart Lumber crew refused to go out with them. There are about 500 men out now. Trouble is anticipated.

That "Force Bill" Issue.

The following is the plank in the Republican platform which the Democratic party denounces as "revolutionary and an outrage on the people of the South." Will any honest, patriotic citizen say that it is unpatriotic and un-American? The "force bill" issue is a side issue raised to create sectional prejudice and to hold the solid south in line, and here is the Republican declaration it is based on:

We demand that every citizen of the United States shall be allowed to cast one free and unobstructed ballot in all public elections, and that such ballot shall be counted and returned as cast; that such laws shall be enacted and enforced as will secure to every citizen, be he rich or poor, native or foreign born, white or black, this sovereign right guaranteed by the constitution. The free and honest popular ballot, the just and equal representation of all the people, as well as their just and equal protection under the laws, are the foundation of our republican institutions, and the party will never relent its efforts until the integrity of the ballot and the purity of elections shall be fully guaranteed and protected in every state.

Strong Witnesses.

Among the thousands of testimonials of cures by Dr. Miles' New Heart Cure, is that of Nathan Allison, a well known citizen of Glen Rock, Pa., who for years had shortness of breath, sleeplessness, pain in left side, shoulders, smothering spells, etc.; one bottle of Dr. Miles' New Heart Cure and one box of Nerve and Liver Pills, cured him. Peter Jaquet, Salem, N. J., is another witness, who for twenty years suffered with heart disease, was pronounced incurable by physicians, death stared him in the face, could not lie down for fear of smothering to death. Immediately after using the New Cure he felt better and could lie down and sleep all night, and is now a well man. The New Cure is sold, also free book, by Logan Drug Co.

Coming.

The doctors are becoming so well and favorably known in our community that it is hardly necessary to more than mention the date of their coming to insure a large crowd at the hotel eager to avail themselves of their superior skill. Those who are incurable are frankly told so. Some who think their troubles are of a trifling nature are found by Drs. France & Ottman's peculiar methods of analyzing diseased conditions to be not only in a dangerous condition but beyond human power to control. Likewise many who have doctored for years, even until they have given up the cherished hope of a cure in despair and resigned themselves to a miserable existence are speedily and permanently returned to health, especially in the true diseases of the nervous system. To those who have become discouraged we would say, by all means visit the doctors and obtain their opinion if you have not already done so.

Dr. Franco and Ottman.

Formerly of New York, now of the France Medical and Surgical Institute, Columbus, O., by request of many friends and patients have decided to visit Bridgeport, Sherman House, Tuesday, September 13, and Bellaire, Windsor hotel, Thursday, September 15. Consultation and examination free and strictly confidential.

ARM BATHING IS DOM.

SOME MERCHANTS would have you believe that trade enters a condition of torpidity about July 1, and remains so till the cool days of September wake it to life and activity again.

But, begging your pardon, that is not true. There is no season of the year in which people do not buy goods; there is no season in which they do not want them. By the same token, there is no season in which it will not pay to advertise.

However, if your neighbor has this old-fashioned notion, and is too conservative to advertise now, there is all the better chance for you. If you think people are not hunting bargains in warm weather, try it.

Everybody is not out of town, by a large majority!

Hood's Sarsaparilla.

And by Christmas had a hearty appetite, healthy digestion and was perfectly well. His cure was due wholly to Hood's Sarsaparilla.

HOOD'S PILLS cure liver, bile, constipation, biliousness, jaundice, and sick headache. Try them.

A BOLD MOVE.

Putting the Practice of Medicine on a Business-like Basis.

Drs. Copeland and Davis Treat All Patients and All Diseases at the Uniform Rate of \$5.00 a Month. Why they Resolved to Make this Move.

The already large practice of Drs. Copeland and Davis has been increasing more rapidly than ever since they decided to treat each and every patient and all diseases at the extremely low rate of \$5.00 per month. Heretofore this rate applied only to catarrhal troubles.

This small sum brings the services of a physician within the reach of everyone and does away with expensive drug bills. There is no excuse now for a sufferer to silently endure his disease for fear of the expense attached to consulting a specialist.

Drs. Copeland and Davis make a specialty of treating catarrhs and kindred diseases; and right here we must remind all sufferers that this is the most favorable time in the whole year for the treatment of catarrhal, bronchial and lung troubles. The liability of catching cold at this season is reduced to the minimum and nature lends her aid to the work of the physician. Patient suffering from severe throat and lung troubles can now go out of doors and visit the office of the physician without expending his lives to the danger of fresh colds and the system is rendered extremely susceptible to proper and scientific treatment. This is above all periods, the time for the treatment of these troubles. Avail yourself of the opportunity.

HEAD AND STOMACH TROUBLE.

Mr. John McKenney, of New Cumberland, W. Va., Describes How Neglected Catarrh Affected His Head and Stomach and How He Was Cured by Drs. Copeland and Davis.

"My troubles date back at least ten years." says Mr. John McKenney. "It began with a cold, followed by repeated colds and then became chronic. My head was nearly always stopped up and there was a continual discharge from the nose, requiring spitting and hawking to remove. I had headaches sometimes of a most violent character. I had a sore throat most of the time, which was made raw and inflamed by the constant dripping of the discharge. My right ear also became seriously affected and I changed a great deal of wax in the ear. In the chest, back and sides and suffered from indigestion. My stomach seemed to be all wrong. I had no ap-

petite, and what food I ate gave me the greatest trouble. I did not sleep well and when I went to bed, within the last year my troubles became so serious that I felt that something ought to be done. Some time ago I noticed that the newspapers were publishing a great deal about the wonderful cures of Drs. Copeland and Davis, and I was convinced that if I went to them I would obtain relief. I did so, and under their methods I began to improve right away. The improvement was steady and marked and a permanent cure was sure, and now I feel first rate. My head is better, there is less hawking and spitting, and I am better in every respect. I eat well and sleep well, and find myself strong and refreshed in the morning and am in very good condition.

"I am so well pleased and satisfied with the result that I gladly make this statement for the benefit of those who may be looking for the right physician to give them relief. I hope this statement may be the means of inducing others to seek Drs. Copeland and Davis and obtain the same beneficial result that I have."
