To Meet this Evening.

The committee on streets, alleys and grades of the City Council has been called to meet this evening at seven o'clock to consider Dr. Caddle's plan to make a new road through the old Sixteenth street cemetery, from the southwest to the northeast corner, to avoid the dangerous turn from Sixteenth into McCulloch street. Other business will also probably demand the attention of the committee.

Merchants in Session.

The regular meeting of the Merchants' Retail Commercial Agency was held last evening in their hall, 1210 Chapline street. The agency, through its secretary, Mr. S. G. Naylor, gave a very interesting and encouraging report of collections made since the last meeting. Members present were not only surprised, but highly gratified with the management that brings about such desirable results. This local branch is growing rapidly. If it gives the protection and makes the collections as reported it certainly deserves at least the serious consideration of every retail merchant doing a credit business.

A Return Visit Blasty.

Chicken thieves seem to be busy all over town. In the Eighth ward they are reported particularly active. They not only steal the chickens, but they spoil valuable locks and break the coops. The result is that poultry raisers have decided to adopt the plan which recently brought one of the Cooloy gang to grief in Pennsylvania. A spring gun has been connected with the door, and one of these nights the newspapers will have a fine tragedy, and there will be a dead chicken thief.

Roger Atwell, a Boggs Run farmer, lost fifteen chickens by thieves night before last. Some of the chickens were games, which Mr. Atwell was taking care of for another party.

The Missing Gypsy Girl.

Concerning the gypsy girl whose father was here looking for her, the Steubenville Star says: Henry Smahl, a gypsy horse trader, is camped with his family and herd of horses near Alikanna. Among his family is a daughter now about sixteen years old. His son has been living with another woman and this woman and his daughter disappeared last Wednesday week. Smahl went after his daughter to Wells-ville, but she eluded him and came home during his absence last Saturday. She heard that her father was going to punish her and left again. Since that time nothing has been heard of either, and Mr. Smahl fears that his daughter has been seduced away by the other woman for immoral purposes. The girl is small for her years, but it is said to be very handsome. He searched Wheeling yesterday for her and says that he will spend all he has to recover his daughter and punish the woman who took her away.

THE LOCOMOTIVE ENGINEERS.

The Union Meeting on the 28th Open to the General Public.

As has already been announced in the INTELLIGENCER, a union meeting of the Brotherhood of Locomotive Engineers is to be held in the Opera House on Sunday, August 28, under the auspices of Seabright division. To this meeting the Ohio Valley Trades and Labor Assembly is cordially invited, and the City Council and city officials will also be invited. The only secret session of the occasion will be held in the morning. The afternoon session is open to the general public, and the members hope to see a large attendance.

The committee in charge consists of W. J. Duffy, chairman, H. J. Drummond, Bee Wells, James Crozan, Edward Carr, M. B. Steyer, John Cummins, J. S. Smith, Frank Applebee, R. J. Coughlin, D. R. Taylor and G. W. McDonald. The affair will be attended by all of the leading officials of the Brotherhood, and delegations of engineers from all over the Union and Canada will be present. Chief Arthur, of St. Louis, and Patrick Fennell, of New York, who has achieved reputation in the craft as a poet and writer under the nom de plume of Shandy Maguire, will be two of the leading men present.

There will be good music by Myer's orchestra, vocal music, and addresses. Among those who take part in the programme will be Right Rev. Bishop Kain, Mayor Seabright, Sheriff Steenrod, R. V. Arkie, Gov. Fleming, Hon. G. W. Atkinson, Prosecuting Attorney Howard, Charles Zulauf, Hon. W. L. Wilson, Chief Arthur, of the Brotherhood, John J. Coniff, Hon. John O. Pendleton, Mr. Fennell, Hon. B. B. Dovenor, Rev. Dr. R. R. Swops and Prof. Hermann Schockey.

On Monday, the 29th, a picnic will be given at the Park. The meeting promises to be a memorably enjoyable affair.

THE RAILROAD COMMITTEE

Of Council Meets and Attends to some Interesting Business.

The Council committee on railroads met last night, having failed to get a quorum the night before. A number of interesting matters came up. The request made by the Board of County Commissioners, on motion of Dr. Bates, that Council require the Terminal company to put safety gates on its track, where the switch connecting with the B. & O. road crosses the Peninsula road, was taken up, and the committee was about to reject the proposition, when it was suggested that Dr. Bates being absent, it would be at least more polite to defer the matter and give him an opportunity to be heard. This course was adopted, the proposition being laid on the table.

The B. & O. switch to the La Belle mill was next considered. The ordinance was somewhat amended and Council recommended to pass it.

The committee also recommended the passage by Council of the ordinance authorizing the laying of a switch in Water street to the Wheeling Lamp and Stamping Company's works and the Warwick pottery.

It is not strange that Beecham's pills are so universally and favorably known when one considers that the manufacturers make use of over 14,000 advertising mediums, and spend about \$500,000 through them every year. Such liberal use of the press is bound to have results, and proof is seen in the exceptional facilities found necessary to employ in the manufacture of the pills, in order to meet the enormous and increasing demand; among them, the pill machine which shapes 15,000 pills per minute. And, furthermore, in the fact that the average quantity kept in stock is 8 1/2 tons, which means about 77,000,000 pills always ready for shipment. These figures are almost lofty enough to make one feel dizzy, but then, he has only to swell the ranks and become a user of these famous pills when all dizziness, biliousness, indigestion, sick headache, or liver and stomach troubles will disappear.

ICE CREAM, cake and lemonade served at the races.
