

AN OLD WOMAN HURT.

She is Struck by a B. & O. Engine at Schad's Crossing

AND SHE MAY BE FATALLY HURT.

She had been Drinking, and was put off an Electric Car--A Woman who has seen Better Days, but whose Relatives Make no Response to Information of her Sad Accident.

Another railway accident occurred on the Baltimore & Ohio crossing at Schad's crossing, near Boggs run, yesterday. A woman, aged about eighty years, was thrown from the track and badly injured. She was Mrs. Norah Gill, whose husband is a well to do farmer of Burr's Mills, O., but for some reason they have been separated for some time. The woman had been drinking when she got on one of the electric cars. As she had no money for her fare she was put off the cars. She then walked down the county road, carrying a basketful of provisions. When she reached the crossing the engineer of the approaching engine, No. 1201, whistled, and she paused at the side of the track until the engine was almost to her, when she suddenly swayed forward and was struck on the right side of her body by the engine, throwing her from the track, over a steep embankment, into a large ditch full of water, scattering the basketful of provisions far and wide.

When she was lifted out, dripping with mud and water, she was carried to the residence of Mr. Eugene Hausman, who resides a short distance from the place of the accident. Dr. Haskins was summoned and after an examination, stated that several ribs were broken and her face cut by the fall. He advised that she be sent to the Wheeling Hospital for further examination and treatment, as there was likelihood of serious internal injuries.

Dry clothing was furnished and she was put under the influence of morphine.

Mrs. Gill bears evidences of having seen better days, although she could not or would not talk much of herself. She is a thin, gray-haired old lady.

Although word had been sent to her relatives, at half past six o'clock yesterday afternoon no one had come to make any arrangements for the case, nor late last evening had she been removed.

THEIR SAD JOURNEY

Ended and Mrs. Harrison Now in the White House--The President's Grief Over His Wife's Sickness.

WASHINGTON, D. C., Sept. 21.--At a quarter of nine o'clock this morning the special train on the Pennsylvania road bearing the President, with his afflicted wife, his son, daughter, grandchildren and other relatives and friends who have been at Loom Lake with Mrs. Harrison during her illness, drew into the station here and the long and sad journey which had been undertaken with some degree of trepidation was ended. It had been completed, however, without any suffering or any other ill effect to the patient. Thirty minutes later she was resting easily in her bed at the white house, her mind much relieved by reaching "home," for which she has been longing throughout the past several weeks. Her physician, Dr. Gardner, reports that she stood the trip very well and that her spirits were much buoyed up by reaching Washington, which he thinks will be greatly in her favor.

As soon as the train stopped, Colonel Ernst and Dr. Bannister entered the rear car in which Mrs. Harrison was resting. The ambulance, drawn by two quiet horses, had been driven between two lines of cars up to the side of the track where Mrs. Harrison could be transferred with ease. Two long baggage trucks, arranged at the rear of the car so as to make two steps were placed in position and at once a white stretcher with snowy white linen and pillow was taken into the car by four carefully trained men nurses, with Dr. Bannister at the head. A minute later the stretcher was brought out with Mrs. Harrison covered with a white sheet and holding a fan over her face. The stretcher was carefully placed in the ambulance.

Dr. Gardner and the President entered and sat on either side of the patient while the army doctor mounted on the outside with the driver. The President seemed much affected, and his eyes were red from weeping and with dark rings under them, told the tale of his deep distress and sleepless nights spent at the bedside of his wife. The little procession, as it slowly wended its way along the brilliantly decorated and crowded streets attracted, however, little attention as few people knew that the President was in the red cross vehicle tenderly watching over his wife and bringing her to her home for which she has daily longed.

TWO SUSPECTED CASES

Of Cholera Reported in New York--Taken to the Hospital.

New York, Sept. 21.--Two new suspected cases of cholera were reported to the health board today. One was from 63 Chicory street, where Mary Murphy was found sick with cholera symptoms. She was transferred to an hospital. The other suspected case came from Mrs. Junonthus' boarding house at 14 First street, from which Coachman Weissagen was removed on Saturday night. Another boarder, a man named Henry Engel, is the subject.

LITTLE FALLS, N. J., Sept. 21.--James Edge was burned to a crisp in his factory here early this morning. Loss, \$25,000. There is a belief that Edge fired the building with suicidal purposes.

COLUMBIA, Mo., Sept. 21.--The Herald office, the property of E. W. Stephens, was entirely destroyed by fire last night. Loss, \$20,000; partially insured.

CHOTON FALLS, N. Y., Sept. 21.--R. S. Stor's saw mills were burned here yesterday. Loss, \$50,000.

It Should Be in Every House.

J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free trial bottles at Logan Drug Co's Drug Store. Large bottles, 50c. and \$1.

M. E. CONFERENCE

In Session at Huntington--Interesting Proceedings--Good Reports From All Parts of the State.

HUNTINGTON, W. VA., Sept. 21.--The forty-sixth session of the West Virginia annual conference of the M. E. church convened in the First M. E. church at 9 a. m. The devotional exercises were conducted by the Rev. J. L. Clark, D. D. The 102d psalm was read and the 88th hymn was announced, beginning "And are we yet alive and see each others faces." Dr. Clark then led in a fervent prayer. After prayer the bishop addressed the audience on the importance of the sacramental service, after which he called the presiding elders on the inside of the chancel rail to assist in the service. All the ministers present and many of the citizens took part in this most beautiful and solemn service.

Bishop Thomas Bowman, D. D., I. L. D., of St. Louis, the senior bishop, then took the chair and called for the conference roll. W. G. Kihlgraber was nominated and re-elected secretary by acclamation, with J. E. Galway, S. D. Tamblin and J. B. Feather. A. Moore was elected statistical secretary and one from each of the districts for his assistants. Dr. J. L. Clark was elected treasurer with J. H. Hess assistant treasurer. The regular business of the conference was then taken up and the various standing committees were appointed.

Reports from districts were called and W. W. Kelly, presiding elder of Clarksburg district, was called. His character was passed and he reported his district. The report showed that the work was in good condition, and that many advancements had been made. As the names of pastors were called each gave report of his charge. The character of D. L. Ash, presiding elder, of the Morgantown district, was passed and he reported his district. There were many good revivals and an increase in ministerial support, and the work generally prosperous.

The names of the pastors were called, their characters passed and each reported his collections.

C. R. Shackelford, presiding elder of the New River district, was called, his character passed and he reported the work of the district. The church is steadily gaining, and the future is hopeful.

At 3 p. m. Rev. William Hunter preached the annual sermon to a large and appreciative congregation. The sermon was a good production. Rev. S. A. Keen, D. D., of Delaware, Ohio, conducted a pentecostal service from 4 to 5 o'clock p. m. Dr. Keen will conduct these services every afternoon during the session of conference. At 7:30 p. m. a large and enthusiastic service was held in the interest of the Epworth League. Drs. A. B. Riker, of Wheeling, and David H. Moore, editor of the Western Advocate, Cincinnati, delivered stirring addresses.

Mr. Horr at Parkersburg.

PARKERSBURG, W. VA., Sept. 21.--As predicted in the INTELLIGENCER a few days since, the meeting at the court house last night, addressed by Hon. Roswell G. Horr, was a rouser in every respect. A larger crowd was never packed in the court house and a better speech was never listened to by any crowd that ever gathered there.

Mr. Horr at Huntington.

HUNTINGTON, VA., Sept. 21.--Hon. Roswell G. Horr, of Michigan, opened the Republican campaign in this part of the state to-night at the wigwam. The enthusiasm and attendance were great. Mr. Horr made one of his usual fine tariff speeches.

GROVER SENT FOR.

A Special Messenger Sent to Grab Grover to Beg Him to Go to New York and Muzzle His Fool Friends.

New York, Sept. 21.--The Democratic managers in this state have directed Grover Cleveland to report in this city this week, and Don M. Dickinson, chairman of the national campaign committee, has started for Buzzard's Bay with the official order. Cleveland will obey instructions. He doesn't want to, but he knows what the consequences will be if he fails. If he were instructed to be at the cross roads at midnight he would have to follow orders. The local Democrats will have no "high horse" business.

Everything wasn't settled when Cleveland was here last week. Far from it. He was informed what he would have to do, and the way he would have to do it. He accepted some of the conditions, and asked to be permitted to go home and think the matter over. Permission was granted, with the understanding that he would have to come to New York with an answer when he was sent for. He will bring his letter of acceptance with him, and it will be revised.

Ex-Mayor William R. Grace's attitude is unsatisfactory to the Tammany leaders. He wants to run an anti-Tammany ticket in the county, and has not followed William C. Whitney's instructions to "sing small." He said yesterday that no one could foretell what may occur in the next six weeks. The Tammany managers will ask Mr. Cleveland to foretell what Mr. Grace will do, and they will insist on getting a positive answer.

There are a lot of other things that the machine men want to know, and Cleveland will have to define his position on each subject. It will go against the grain, but he'll have to do it. Mr. Grace had a long talk with Mr. Dickinson and Bradley B. Smalley yesterday morning. The conference was private, of course. Some of the anti-mappers have an idea that the ex-mayor's word to the ex-President, giving his terms for abandoning the scheme to run an anti-snap local ticket. Mr. Grace may have to be placated.

JACKSON ON PROTECTION.

A Power Indispensable to the Life of the Government--In Line With His Predecessors.

From President Andrew Jackson's Message to Congress, May 7, 1830. Among the numerous causes of congratulation, the condition of our important revenue deserves special mention, inasmuch as it promises the means of extinguishing the public debt sooner than was anticipated, and furnishes a strong illustration of the practical effects of the present tariff upon our commercial interests. The object of the tariff is objected to by some as unconstitutional; and it is considered by almost all as defective in many of its parts.

The power to impose these duties on imports originally belonged to the several states. The right to adjust those duties with a view to the encouragement of domestic branches of industry is so completely identical with that power that it is difficult to suppose the existence of the one without the other. The states have delegated their authority over imports to the general government, without limitation or reservation relating to their inspection laws. This authority having entirely passed from the states, the right to exercise it for the purpose of protection does not exist in them; and consequently if it be not possessed by the general government it must be extinct. Our political system would thus present the anomaly of a people stripped of the right to foster their own industry and to counteract the most selfish and destructive policy which might be adopted by foreign nations. This surely cannot be the case; this indispensable power surrendered by the states must be within the scope of the authority on the subject expressly delegated to Congress.

In this conclusion I am confirmed as well by the opinions of Presidents Washington, Jefferson, Madison and Monroe, who have each repeatedly recommended the exercise of this right under the constitution; as by the uniform practice of Congress, the continued acquiescence of the states and the general understanding of the people.

A GOOD SHOW

We are always advising you to advertise, and to keep on advertising, but that does not cover the ground entirely. Of course, you should make your advertising effective--if an electric light be available, you should not use a "tallow dip" to light the path to your store.

What do we mean by that? Simply that the more conspicuous, the more artistic, the more attractive, the more original you make your advertisements, the more people will see and read them, and the more customers you will have to contribute to your cash-drawer.

Study effects in bold pretty type--good matter may be spoiled by ugly dressing. Seek to catch the eye by a display of good taste in the style and arrangement of your announcement.

Above all, let it be bold enough to be easily read. Don't vex a reader by vexing his or her eyes!
