

TO-NIGHT'S BIG RALLY.

The Woodford-Campbell Meeting at the Grand Opera House,

ONE OF THE BEST THIS CAMPAIGN.

The Escort will be Attractive and the Speeches Eloquent, Fair and Exhaustive--A New Club Organized. Good Ward Meetings Last Night. Martin's Ferry to Have a Big Time.

Those desiring to hear General Woodford and Hon. A. W. Campbell to-night will have to be at the Grand Opera House bright and early, for after the doors open it will not take many minutes to fill every inch of space in the theatre, judging from the amount of interest taken in the affair.

The doors will be opened at half past seven, and the speaking will commence as soon as the clubs in the escort arrive, which will be not later than 8:15.

General Woodford will arrive this afternoon, and will be quartered at the McLure House.

This meeting will be one of the features of the campaign, and it is doubtful if two speakers of the caliber of Messrs. Woodford and Campbell ever faced a West Virginia audience from the same platform before.

The marching clubs are all ordered to meet at their respective headquarters promptly at seven o'clock, and all north of the creek, the Madison district and Bridgeport clubs, will march to the Central club rooms, where they will be formed into line, and headed by the Opera House band, march down to the Webster and Centre district club rooms, where they will be joined by the clubs from those districts, and also the Ritchie Davis club and the North Benwood Doyener club.

The escort will be a good one, and will be the largest so far this campaign. The route of the parade was printed in yesterday's paper, and Republicans living along the line of march should decorate and set off some fire works.

A NEW CLUB FORMED

By Young Men Last Night--A Fine Organization Will Be the Result.

A good crowd of young men assembled at the Central club rooms last evening for the purpose of organizing a new tariff club, and from the amount of genuine enthusiasm displayed it is safe to predict that it will be one of the strongest marching organizations in the city.

The meeting was called to order, and upon motion Harry R. Bell was selected temporary chairman and Henry Ruestemeyer temporary secretary. After discussing the preliminary points a committee, consisting of W. J. McNabb, Harry R. Bell and Charley Steinfeld, was appointed on uniforms, and instructed to report at the next meeting, which is to be held to-morrow evening, and have samples for suits.

The roll was opened and signed by those present. Each of the members promised to bring two or more new members to the next meeting, and all young Republicans of Ohio county desiring to join were urged to be present at the meeting to-morrow night. All those who signed the roll of the Young Men's Escort club and did not get uniforms are especially invited to join the new club.

At to-morrow night's meeting permanent and marching officers will be selected, and the uniform adopted. A communication from the Martin's Ferry Republican club, inviting the new club to participate in the Poorman meeting at that place next Saturday night, was laid over until the next meeting.

BIG WARD MEETINGS.

Several of the District Clubs Held Big Meetings and Transact Business.

That the Republicans are alive and hustling is shown by the way all the several meetings held in the various districts are attended every evening, and as the campaign advances the numbers increase. Last night meetings were held in several of the wards, and all of them were attended by large and enthusiastic crowds.

UNION DISTRICT.

The Union District Republican club held an enthusiastic meeting at its headquarters last night, and transacted quite a batch of business. The meeting was called to order by President Jerry Mead, and the minutes of the previous meeting read by Secretary Albright. The uniform committee reported that they had selected the badge, and showed a sample. It is a beautiful affair and was immediately adopted by the club. The invitation to attend the Martin's Ferry Poorman meeting on Saturday night was read and accepted. The club also decided to turn out in the Woodford-Campbell escort to-night.

Mr. B. S. Allison, being present, was called upon for an address, and responded in a neat speech, in which he set forth the benefits derived as a result of the passage of the McKinley bill in the Fourth ward alone. He singled out one well known industry which had increased its capacity four-fold since the passage of that important law, and its prosperity was to be attributed to that measure alone. The McMechen preserve and catsup works in East Wheeling before the passage of the bill employed forty people. They now employ one hundred and fifty, and have a standing advertisement in the daily papers for more. They are running double time and still cannot supply the demand. The speaker also showed that as a result of the tariff put on their goods they are sold cheaper now than ever before, and that there were carloads sent to England for consumption there, something that was entirely unheard of and absolutely impossible before the passage of the McKinley bill. Mr. Allison was listened to throughout his talk by the large crowd, and his remarks were frequently interrupted by applause. It was a good meeting, and all present left feeling that it was good to be there.

CENTRE DISTRICT.

One of the largest Republican gatherings ever held in Centre District was that which assembled in Reidle's hall last night, and all present were red hot in their determination to have one of the best organizations of the campaign. Chairman Bachman called the meeting to order, and after the reading of the minutes, the report of the uniform committee was read and adopted. The uniform adopted is very attractive, and will be ordered at once, and worn by the club in the big McKinley demonstration on the 15th. The club also decided to turn out in the Woodford escort to-night. After other important business the meeting adjourned.

RITCHIE DISTRICT.

The new uniforms of the Ritchie District Republican club arrived yesterday

and were distributed last night. They consist of a nobby white coat, trimmed with blue, a blue cap with the initial "D" for Davis, after whom the club is named, on the band, and a cane and badge. It is a handsome outfit, and the boys will present a fine appearance when on parade. They will wear them for the first time in to-night's escort.

Pittsburgh Clubs Coming.

Yesterday's Pittsburgh Times has the following: The Young Men's Republican Tariff Club will take action at a meeting to-morrow night on the invitation to attend the Republican demonstration at Wheeling on October 18, and the American Club will vote on the same question Saturday night. It is probable that both clubs will decide to go. Members of both, seen yesterday, said that the sentiment was very much in favor of helping to make the Wheeling affair a great success, as it would improve the chance of carrying West Virginia for Harrison this fall. The Tariff Club members are getting new uniforms, and will probably have them by the 15th, so as to present as handsome an appearance as any club on the ground, if they decide to attend the meeting. Other Pittsburgh Republican clubs will also probably go to Wheeling, notably the Six-Footers and the Conking Club. County Recorder George M. von Bonhorst, who is working to send a good delegation to Wheeling, yesterday sent the managers of the meeting a list of all Allegheny clubs, which have so far reported at the county headquarters. They will all receive urgent invitations to come to Wheeling.

The preparations for the American Club's parade on Saturday night are about completed. Nearly all the Republican clubs of the county have signified their intention to be in line.

Wheeling Should Turn Out.

All Republicans and Republican marching clubs of the county are invited to attend the Poorman meeting at Martin's Ferry next Saturday evening, and there will be a good response. The clubs over the river always come over here in good numbers at every demonstration, and Wheeling should reciprocate. A train will leave over the Terminal railroad at 7:15 p. m., and returning leave Martin's Ferry at 10:45, Wheeling time.

Political Notes.

See that you are registered. Decorate to-night and burn red fire. The Escort club will turn out a good number in to-night's escort.

Look for the handsome Bridgeporters to-night in their new uniforms.

The Colonel Poorman meeting at Martin's Ferry Saturday night will be a rouser, and should attract lots of Wheelingites.

The McKinley meeting will be a dandy, and McKinley day will be remembered as second to none in the history of Wheeling.

There will be no disturbance at to-night's meeting, and all able to secure admission to the Grand Opera House will hear some good talking.

All political clubs of the county are invited to participate in the Columbian Celebration, and will undoubtedly be an attractive feature of the parade.

Democrats are especially invited to to-night's Woodford-Campbell meeting, and if they can't get a seat any other place they will be welcome on the stage. There's nothing mean about us Republicans.

The new young men's club would do well to adopt "Tariff Champions" as the name of their club. Then there would be the "Tariff Champions" championing the cause of the "Tariff Graduates" in their endeavor to teach the truth to the "Tariff Students."

He has several sheets on exhibition at different places in the city.

Although many remedies are pushed into the market by spicy advertisements, Dr. Bull's Cough Syrup still takes the lead. Most men break down when afflicted with rheumatism. If they would try Salvation Oil they would find relief at once.

FOR COLUMBIAN DAY.

Business-Like Meetings of Various Sub-Committees Last Evening.

ARRANGEMENTS WELL ADVANCED

For the Biggest Union Celebration Wheeling Ever Witnessed in Her Long Career--Decorations and Displays to be Worthy the Occasion--A Programme Mapped Out in Outline.

A number of the sub-committees of the Columbian celebration met last evening at the First Branch of Council room to get things in shape, one committee succeeding so far as to complete its labors.

Messrs. Leiner, Dunlevy and Handel, committee on street decorations, have decided to erect a handsome emblematic arch at the corner of Twelfth and Market streets. The plans are now being drawn by Architect Leiner, and will be submitted, with the estimates of the probable cost, at a meeting to be held this evening. It is the intention of the committee to look up the old gas arches also.

The committee on floats, consisting of Messrs. Myles, Speyer and Muegge, will meet again this evening to perfect their plans. The committee has definitely decided on four handsome floats, consisting of models of the three vessels used by Columbus on his first voyage and the landing. They have already secured four large wagons for the purpose.

Nothing definite was accomplished by the fireworks committee, consisting of Messrs. Mabis, Bocking and Kirbach. Telegrams will be sent to-day to the leading fireworks manufacturers for prices of set pieces, which, if received to-day, will be submitted this evening for final action.

The sub-committee on invitation finished its labors last evening and is now prepared to make its final report. On the inside page of the invitation will be placed a general description of the exercises of the day. In the morning the school exercises, afternoon the big parade of the historical, industrial and mechanical displays, civic, military, benevolent and all other local and visiting organizations. The evening will be devoted to speeches by prominent orators, to be followed by a big display of fireworks. This general description of the exercises it was decided to place on the invitation by the committee only in order to facilitate the work, and to be able to send the invitations by next week.

The programme as outlined above may not be closely followed, and is subject to change by the executive committee should they see fit in the future. The exercises in general as provided for will, however, be carried out. The only change that is probable is a change of hours in the general outline. A number of postals were sent out to all the various organizations in the city and those within a radius of fifty miles. Those present on the committee were William Shields, I. W. Imhoff, B. F. Caldwell, Lieutenant Braunerseuther, N. J. Nolte and W. H. Klevis, secretary.

Of the ten division marshals appointed by Chief Marshal J. A. Miller the following have accepted: Colonel Hugh Sterling, Captain William Otto, Dr. H. B. Bagley, Colonel William H. Travis, Mr. B. Bach and Mr. Frank Gruse. Letters of resignation were received from Mr. F. Ruester and Mr. G. S. Feeney, both of whom expected to be out of the city that day. Mr. Hullen Quarrier presented his regrets on account of not being an expert equestrian. Mr. Shrebe has failed to send any response so far. A communication was received from the chief of police, stating that he would furnish eighteen mounted policemen and three on foot as an advance guard to clear the streets.

A motion made by Captain Otto, that the chief marshal have the privilege of selecting his own aides, was adopted. Dr. Bagley also moved that the division marshals also be allowed to select two aides personally and that one be furnished from each division; this was also carried. The motion to reduce the number of division marshals to seven was referred to the general committee. Acceptances have been received from forty organizations already, which were placed at the disposal of the chief marshal to make assignments in the line of march. The following colors were adopted by the marshals: Chief marshal, light canary; division marshals, red; aides to the chief marshal, blue, and aides of the division marshals, white. The committee on decorations was requested to have a number of flags at the head of each division, ornamented with the number of the division. The line of march was left over until the next meeting.

A Hotel Burned.

The Arcade hotel, of Cadiz, Ohio, was almost entirely destroyed by fire Monday night. The fire broke out shortly after midnight in the cellar underneath the dining room, and burned so fiercely that one entire end was consumed, the rest being so badly damaged by fire and smoke that it will have to be entirely rebuilt. A number of guests had very narrow escapes from being burned alive. The building was owned by Milt H. Brown, president of the Farmers' and Mechanics' bank, which is located in the building.

MOUNDSVILLE LOT SALE.

Lots of Purchases Made Yesterday--Better than the First.

The second annual lot sale at Moundsville yesterday was a decided success. The crowd was not so great as at the sale last year, but it was a better buying crowd. About 300 people were present; from Wheeling and from down the river, and from out the Baltimore & Ohio people came, and came to purchase. The Wheeling Opera House band furnished excellent music for the occasion, which was a fitting accompaniment to the musical voice of W. O. Beckenbaugh, the popular auctioneer of the occasion. Everybody had a good lunch on the grounds and in spite of the biting October air everything passed off in good shape. The following is a partial list of the sales made:
