A YEAR AND A HALF AGO

A Daring Burglary was Committed in Contro Wheeling.

A MAN NOW IN JAIL FOR THE CRIME

John Johnson Accused by John Auber of Being One of Two Men Who Entered and Robbed His House in February, 1892—The History of the Crime Recalled—A Good Hunt Made by the Thieves.

An arrest was made yesterday which recalls a very sensational burglary committed over eighteen months ago. John Johnson, popularly known as "Jacky" Johnson, was arrested by Policeman Dan O'Brien, on a warrant issued by Squire Phillips. The complainant was John Auber, a sheet roller at the Whitaker mill, whose house was entered and robbed, and he made affidavit that Johnson was one of the two men engaged in the burglary.

Johnson was arraigned before the justice, who sent him to jail in default of bail for his appearance for a hearing at 2 p. m. to-day.

Johnson is an employe of the Baltimore & Ohio Railroad Company, and his acquaintances were much surprised when they learned of the serious accusation against him.

Auber has relentlessly followed up every clue to the persons who robbed him, and this arrest is the result.

The burglary occurred shortly before midnight on the night of February 8, 1892. Mr. Auber was at work in the mill. Mrs. Auber was asleep with her two little boys in a room. She awoke and saw that the light was turned on brightly and a man was in the room. She called out:

"Johnny, is that you?"

The man turned, and producing a pistol, told her to keep quiet or he would kill her. He was smooth faced and had on a brown dicer. He had a child's money bank. He went to the bureau and took up a box containing a gold watch and chain and some jewelry. Just then another man came to the door and looked in. This man, Mrs. Auber thinks, had a mask on, though she is not sure.

The man in the room said:

"Go back, Jack! Go back!"

Then both went down stairs and out the door they had come in, locking the door after them. This was a side door, just outside of which the key always hung. They had found the key and let themselves in.

In another room the men had searched several drawers. They took \$45 in bills, but left certificates of deposit for several hundred dollars. In all they got about \$70 in cash and jewelry, including the watch, worth about \$200.

The manner of operating looked as if the men knew something about the habits of the household. They were so bold that there can be no doubt that they knew Mr. Auber was generally away at night, and their discovery of the key also looked as if they were not entire strangers in the neighborhood.

Just what circumstances connected Johnson with the robbery is not known, and the evidence heard at the examination to-day will be listened to with a great deal of interest.

TWO DIVORCES GRANTED.

Proceedings in Judge Paull's Court at Yesterday's Session.

In Judge Paull's court yesterday a decree of divorce was granted to Mary Sheppard from her husband, Z. Melvin Sheppard, and she was awarded the custody of their child, Flora M. Sheppard. He was also by the order restrained from interfering with her personal liberty.

Sophia Capps was also granted a divorce from her husband, Harry Capps, and was restored to her maiden name, Sophia Githens.

In the case of W. B. Lukins vs. Lydia L. Lukins and others, six commissioners were appointed to make partition in kind, if possible, of the property mentioned in the complaint, and if partition cannot be made in kind, to report that fact to the court.

The Street Car Cases.

The cases against James McGowan and William Fallstick came up last evening in Justice George Arkie's court. They were fined \$1 and costs each for making a disturbance on one of the electric cars Sunday evening, and McGowan was also fined \$5 and costs for assault and battery the same evening on a conductor of one of the electric cars. In the same case Houston Davis was fined \$5 and costs for not appearing before the justice as a witness Tuesday evening.

The Film Flam Trial.

Before Justice R. H. Gillespy last evening the case of the state against Joe Sweeney, charging him with having worked the "film-flam" racket on a North Wheeling grocer, came up and was tried. Sweeney was fined \$10 and costs or ten days in jail. His attorney appealed the case to the criminal court.

Troublesome Boys.

Yesterday in the court of Squire Gillespy several boys were up, complaint having been made against them of riding on Baltimore & Ohio cars. William Peters was fined \$5 and costs for having struck one of the other boys with an egg on Market street. The fine was suspended on payment of the costs. The other boys were allowed to go after being lectured by the court.

OLD BUFF KILLED.

Blind John Simmons's Dog Meets with a Fatality.

Poor John Simmons lost his best friend yesterday by an accident at Benwood. His famous dog, "Buff," was so badly hurt by being struck by a Baltimore & Ohio engine that, though he was still alive last night, it was evident that he could not recover and that death was only a question of time.

John was peddling at Benwood yesterday, guided by his faithful dog, as usual, and late in the afternoon both he and the dog were pretty tired, and he let the dog loose to amuse himself as he saw fit, while he himself sat down to rest. The dog started to cross the railroad track, and the engine struck him, knocking him about twenty feet away, and injuring him fatally. It was not two minutes after his owner unstrapped him until he was lying, bleeding on the ground.

The death of the dog was a severe blow to poor Simmons. The pair were among the most familiar sights about the city, and great interest was stirred in the afflicted man by an account of him and his dog printed in the INTELLIGENCER, with illustrations. The dog was a marvelously intelligent guide, displaying sometimes almost human judgment. He could take his owner unerringly to any place he had once been by being directed by the name of the firm or person. He led him upstairs and down, and took him through the crowded streets without an accident in all the four years he served him.

Simmons tried to train a younger dog, but could not do much with him. The pup would not work to suit old Buff, and he punished it over and over, until the two had to be kept apart.

The accident is a sad blow to Simmons, who got around in all parts of town by the dog's aid, in a way which caused wonder. It will be hard to get another guide as intelligent and faithful.

The formula of Ayer's Sarsaparilla is well known to the medical profession, and universally approved. The reputation of the firm guarantees excellence and uniformity in the medicine, and the world's experience for nearly half a century has fully demonstrated its value.

"Looks like a ghost!" That's what they say of the pale, thin, weak woman who's "run-down" and over-worked. Probably she knows it herself. But there's one thing she can't know, or she wouldn't feel so and look so—and that is, that Dr. Pierce's Favorite Prescription is guaranteed to help her.

It's a legitimate medicine, made especially for woman's needs; an invigorating, restorative tonic and a soothing and strengthening nerve, imparting tone and vigor to the whole system. But it isn't a mere stimulant. It's a remedy, safe and sure, for all the functional derangements, painful disorders, and chronic weaknesses that make women suffer. In "female complaints" of every kind, periodical pains, internal inflammation, ulceration, and kindred ailments, it's guaranteed to benefit or cure, or the money is returned. No other medicine for woman is sold so. Proof that nothing else is "just as good."

STAR CLOTHING HOUSE—D. GUNDLING & CO.

"Don't You Hear 'Dem Bells."

School has begun. The boys will require the stimulus of new and becoming raiment. The vacation "knocks" out the boy's clothes, left them looking "seedy." Even if they're not exactly in that "fix," the chilly fall weather demands a change. In extending an invitation to parents to inspect our novelties in School Suits, we assure them that in selecting our new stock everything has been shunned that could not be conscientiously recommended for stylish appearance and undoubted quality. Most boys give their school "duds" a decidedly "rough-and-tumble" usage. Ours are made especially for such youngsters, and their "wear-resisting" qualities will save you hours of stitching and patching. He'd be a funny boy that we could not fit and please.
