Matters of Minor Moment in and About the City.

The new stables of Burns & Church, the transfer men, is completed and will be at once occupied.

JAMES PRAGER and James Fleming were run in Saturday night by Officer Haberfield for fighting.

To-morrow evening Miss Lizzie Linneberger, of North Benwood, will entertain a number of friends.

It has been rumored around that William Gruber would sell out his cigar store. The rumor was entirely without foundation.

The October number of *The Mount* is out, and is unusually full of interesting matter. It comes from the INTELLIGENCER press.

The Riverside steel works, in upper Benwood, closed down Saturday night until Thursday morning when they will again resume.

YESTERDAY Mr. R. V. Arkle, of the South Side, was said to be some better, but his family are very anxious and fear the worst.

The South Side band will give a ball and concert at Westwood's hall, Jacob and Thirty-eighth street, Thursday evening, November 16. It promises to be a big affair.

This morning the Fostoria glass works at Moundsville will go on in full, and nearly 200 men will be employed. A large proportion of the men employed there are Wheeling glassworkers.

"FATTY" SCHIMP drove his family out of the house they reside in in "Goosetown" early Sunday morning, and when the officers appeared on the scene "Fatty" had skipped out.

OFFICER HERRERT yesterday escorted Noah Cotts and N. B. Gibbs to a cell in the lockup, for drunkenness; and the same official courtesy was shown Dave Grant and Wesley Ryan by Officers Bach and Lukens.

A PRODUCE train came up on the Ohio River road yesterday from below, including two car loads of chickens and a lot of other produce, which was switched onto the Baltimore & Ohio tracks. It is bound for Pittsburgh.

It is stated that B. J. Beatty, superintendent of the factory at Tiffin, O., is to have charge of the commercial department of the United States glass company in place of A. H. Helsey, who resigned last spring.—*National Glass Budget.*

EARLY Sunday morning parties broke into a P. C. & St. L. freight car standing on the tracks in the North End, and stole twelve pairs of shoes. Yesterday Officer Terrill found six pairs hid in a board pile, but there were no clues to the perpetrators of the robbery.

Last night's services at the Tabernacle were largely attended and listened to with attention. The union Sunday school is increasing in size; the enrollment yesterday was seventy-five. There will be services at 7:30 o'clock every evening this week. All are welcome.

A WELL informed man on pottery affairs says of the recent meeting of the stockholders of the Toronto White Ware Pottery, that they have decided to levy an assessment and discharge indebtedness of \$52,000. On claims that they can realize, the total is said to be \$30,000. After discharging this indebtedness it is their intention to ask court to dissolve the receivership, reorganize and start the pottery under a new management.—*Steubenville Star.*

Started Yesterday.
Yesterday morning the electricity was turned on the North End extension of the street car line and two cars put on the line. A nine minute schedule will be in force for the present, and the cars on the extension will commence running every morning at 6 o'clock.

A Fairly Story.
The Cincinnati *Enquirer* contains a story to the effect that a Wheeling jeweler, giving his name as T. H. D. Lumley tried to sell or pawn \$500 worth of jewelry, but that a firm of wholesale jewelers to whom he owed money sued for the stuff, and got it. The funny part of this story is that no such firm is known in Wheeling.

May Go to Boston.
Park Kennedy, the Bellaire pitcher, who made such a good record the past season with the Brooklyn league base ball team, is now at his home in Bellaire. It is rumored there that he may play in Boston next season. It is not known what players Brooklyn will get for his release. Kennedy is surely one of the rising twirlers and any club is fortunate in having him on its pay roll.

Mozart Park Opening.
As will be seen by an advertisement in this morning's issue, Mozart Park will be opened on Wednesday afternoon by the Mozart Singing Society; by a grand concert at 2 o'clock, under the direction of Prof. H. M. Senokey, assisted by Mrs. Flora Williams, and Messrs. Charles Zulauf and W. B. Day, and Meister's brass band and orchestra of twenty-four pieces. In the evening a grand ball will be given in the pavilion. The incline will be in running order to-day, and on Wednesday visitors will have no trouble in reaching the heights above the city. An entertaining programme will be announced to-day. The opening of this resort promises to be one of the most brilliant that has ever taken place in this city.

That Joyful Feeling
With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the old-time medicines and the cheap substitutes sometimes offered, but never accepted by the well informed.

Don't Be Left.
One who hasn't seen the World's Fair won't be "in it" after the show is over. The INTELLIGENCER makes the way easy.

THE CLOSING DAYS

Of the Fair Will Mark a Large Attendance—Intelligencer Tourists Can be Accommodated.

Returning pilgrims to the World's Fair who went on the INTELLIGENCER plan bring glowing accounts of their treatment there, and almost universally declare that if they could go again it would be on that plan. At any time during the fair it has been a relief not to have to bother hunting up a hotel after arrival in Chicago, and this is especially true during the wind-up, when more people are going than at any other time. The INTELLIGENCER is ready to accommodate any reasonable number of intending tourists for the coming ten days, during which the big show will continue, and those who intend going should at once make their arrangements before hand, as advices received are to the effect that the present week will probably be one of the largest in point of attendance in the history of the fair.

A few people are holding back thinking that Chicago weather at this season of the year is not propitious for the outing that a visit there involves. This is a wrong impression; the Indian summer is now at its height, and people lately returned say that the weather though somewhat cool, is not at all unpleasant, and does not interfere with a full enjoyment of the beauties and wonders of the exposition.

You'd better go now. First come, first served.
