TRADES ASSEMBLY.

An Interesting Meeting of the Labor Organization.

NEW DELEGATES WERE OBLIGATED

And Considerable Routine Business Transacted—The Glassworkers Are Not Now Represented—Some Discussion Regarding the Reason Which Is Said to Be Obsolete. The Tunnel Project Encouraged.

A regular meeting of the Ohio Valley Trades and Labor Assembly was held at the rooms on Market street yesterday afternoon. The new president, Mr. Richard Robertson, was in the chair, and Secretary "Tom" Saulesbury at the desk. There was a good sized attendance of delegates.

A number of new delegates were obligated as follows:

United Mine Workers No. 476, David Kilder.

Plumbers' Union No. 83, B. E. Lawson and John Whitley.

Friendship Lodge No. 2, A. A. I. S. W., S. H. Engel, John Rush and Harry Jones.

Local assembly, No. 250, K. of L., Lewis Phillips.

Journymen Butchers No. 5502, Jos. Bellville, George Bauers.

110d Carriers' Union No. 5026, Gabriel Jackson, Osborne Gray and Edward Strautman.

The president of the assembly addressed the assembly and said he had taken the trouble to hunt up some of the glassworkers, and he had endeavored to ascertain the reason that union had not elected delegates to the assembly for the present year. The member of the union who was seen by the president finally said that the matter of electing delegates to the assembly had not been attended to by the union; that they had not decided not to send delegates, and further that there was an opinion among the glassworkers that a certain clique was running the assembly's affairs. On further interrogation it was found there was no objection to Saulesbury. Finally the objectionable ones were named, and one of them said he was willing at any time to resign.

In the discussion on the subject a new delegate made an eloquent speech, which compared with some of John Minkemeyer's best, from a point of humor. He spoke of the bickerings that are prevalent among the laboring people, and counseled a united stand in the assembly.

He was followed by another delegate who said that the assembly for ten years has exercised a discipline over labor affairs, so much so that the assembly has often been complimented. This was the first occasion when any of these bickerings had come to the attention of the assembly. The members who by their energy and enterprise have become prominent in the assembly, seem to be the targets of the faultfinders. He suggested such matters be not brought to the attention of the assembly. The trustees reported having chosen Mrs. Gillespy as janitress, and Jere Mead as chairman.

A delegate brought up the ferry-boat question being agitated by the Island residents. He thought the assembly should take some action. It was suggested that the question involves many workmen, and consequently the assembly should take hold. The president said the bridge people are to be boycotted by the Island residents, at least that is the avowed intention. He called attention to the fact that the newspapers do not call the Islanders "anarchists" because they are going to boycott the bridges. There was a difference of opinion as to what course the assembly should take. One delegate thought the city itself should take some action regarding this toll question which is going to bear heavily especially on the laboring men of the city who live on the Island. It was decided not to take action until asked to do so by the Island committee.

The potters' delegates reported they had a strike on, and wanted nothing but the co-operation of the assembly. The miners' delegates also reported the trouble in the Pan Handle sub-district of the miners' union.

The West Virginia legislative committee made its report, to the effect that it would shortly appear before the board of county commissioners and city council to urge action on the tunnel project which was originated by the assembly. The attention of the Ohio legislative committee was called to the fact that several bills are pending before the Ohio legislature which, if passed, will inflict an injury on labor.

The secretary read the appointments of standing committees for the year made by President Robertson, already published.

Mr. Roman Dobler spoke in regard to the assembly subscribing for a number of copies of the Cleveland Citizen. It was decided that the assembly shall subscribe for ten copies of the paper. The committee on organization was instructed to wait on the miners at Koontz's mines and arrange a settlement of existing troubles.

Every Customer Stands a Chance to Win \$25.00 in Cash.

THE RELIEF WORK.

Good Donations Received—Soliciting Committee at Work.

Messrs. John S. Naylor, Mayor Caldwell and P. D. Dobbins, the committee named by the citizens' relief committee to solicit contributions of cash or provisions, have begun their work and are sending out letters to those who are thought to be able to make donations and who have not yet done so. They express a hope that all who can may send in their contributions before the letter reaches them, thus lightening the work of the committee.

The executive committee will meet this evening at the relief store, opposite the post office. A full attendance is of great importance, as there is much business to be attended to, among it examining into the situation and deciding if the work can be continued longer.

Saturday Mr. Dobbins, treasurer of the committee, received the following cash donations:

Cash	\$50.00
S. J. Boyd	25.00
Cash	1.00
Col. Thomas O'Brien	20.00
Hallock Bros.	10.00
South side	50.00
Total	\$156.00

The contributions received at headquarters Saturday, were principally bread, of which the committee has sufficient for two weeks. Persons who desire to make donations are requested to send groceries or cash. The following donations of bread were made: Family of M. Reilly, 1,000 loaves, through Praclt's North End bakery; C. Hoas & Sons, 800 loaves, through the Wheeling Bakery, C. Floto, Jos. Schafer, and G. Bayha; contributions made through the Wheeling Bakery, John G. Parshall 100 loaves, Lutz Bros. 100 loaves, Mrs. C. Gutman 100 loaves, T. T. Hutchison 100 loaves, Jack Frost 100 loaves; unknown, one lot of ladies' clothing; E. Bundy, of Ohio, onesack of potatoes; August Wolf, one lot clothing; unknown, one box of pepper; Mrs. John Wright, two packages of clothing; Morris Horkheimer, twenty pairs of shoes.

PAINTING the town red means headache in the morning. Simmons Liver Regulator prevents it.

The Age of Pneumonia.

Slight attacks of cold often develop into pneumonia. Statistics show that this disease is rapidly increasing in our country, and is generally accompanied with fatal results. Cubeb Cough Cure will prevent pneumonia if taken in time. Sold by Alex. T. Young, John Klari, Wheeling, and Bowie & Co., Bridgeport, Ohio.

"Denise the epidemic of la grippe Chamberlain's Cough Remedy took the lead here and was much better liked than other cough medicine." H. M. Bangs, Druggist, Chatsworth, Ill. The grip is much the same as very severe cold and requires precisely the same treatment. This remedy is prompt and effective and will prevent any tendency of the disease toward pneumonia.

The late Henry Petti, who acquired wealth and fame as a playwright, sold his first play for \$25.

Fixed just right—Liver, Stomach, and Bowels by Dr. Pierce's Pleasant Pellets. They do it in just the right way, too—by using Nature's own methods.

That's why they're better than the dreadful, old-fashioned pills, with their gripping and violence. But they're better in every way. In size, for instance, and dose. They're the smallest and the easiest to take; only one little Pellet is needed for a laxative—three for a cathartic. They cleanse and regulate the system thoroughly—but it's done easily and naturally. Sick and Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels are prevented, relieved, and cured. They're the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for value received. Something else, that pays the dealer better, may be offered as "just as good." Perhaps it is, for him, but it can't be, for you.

Barbour's linen thread 5c. Julius Jacobs.

DIED.

AUL—On Saturday, January 27, 1894, at 5:15 p. m., CONRAD AUL, aged 67 years. REMNANTS; BIG DRIVES; WRAPS AND SUITINGS. This Week!

Geo. E. Stifel & Co.

STAR CLOTHING HOUSE—D. GUNDLING & CO.

Above Board!

There's no secret about it, although some folks can't see it any more than as though it was thirty-second degree Masonry. But it's as plain as the nose on your face to a large and rapidly increasing number of thinking people that good clothes, rightly tailored, serviceably trimmed, skillfully cut, made from good fabrics, are most desirable for your boys just as surely as such goods are most economical for the men folks. PRICES? Yes. We could quote a book full of them, but what good unless you see them on the garments? As a rule there's the most "hue and cry" about prices where there's the least of merit. Most of it is "all rot" and intended to blind you. WE CAN'T name the lowest prices ONLY because we WON'T handle unreliable stuff. Do you think less of us for saying so candidly? You pick the suit now—we'll do the rest.
