Seven and Five Years.

In the criminal court Saturday, Judge Jordan on the bench, Jack Devinnoy and Andy Gavin were arraigned and their motion for a new trial being overruled. Gavin was given five years and Devinnoy seven in the Moundsville penitentiary for burglary. They took a stay of judgment to enable their counsel to appeal the case to the supreme court.

The Annual City Statement.

The city clerk's statement, printed in Saturday morning's Intelligencer, has been the subject of a great many complimentary remarks, both on the manner in which the business of the city is conducted and on the gratifying showing it makes of the city's finances. The expenses of the year were \$11,000 less than those of the year before, and yet the indebtedness January 1, '94, is \$13,000 less than a year before. This is certainly a satisfactory state of affairs.

Street Railway Election.

Saturday both the Wheeling and Citizens' railway companies held their annual elections. The Citizens' company elected as directors Messrs. William Erskine, R. S. Irwin, P. B. Robbins, L. E. Sands and W. A. Shirley.

The Wheeling company chose Messrs. William Erskine, B. S. Allison, J. C. Palmer, Jr., C. F. Dickinson and W. R. Kimball.

William Erskine was chosen president of both companies, and W. A. Shirley secretary.

At Clerk Hook's Office.

The following transfers of real estate were left for record at Clerk Hook's office on Saturday:

Deed made September 29, 1893, by Felix R. Brunot and wife, of Allegheny county, Pa., to Elizabeth C. Hogg, Mary B. Hogg and Katherine A. Hogg, of New Haven, Fayette county, Pa., and Mrs. Eleanor D. H. Johnston, of Pittsburgh, for lot No. 33, on the north line of Eleventh street; consideration \$1.

A marriage license was issued to William M. Hanson, a native of Wheeling, aged twenty-two, and Minnie Alice Rice, a native of Marion county, aged sixteen; also to Eugene Morris, a native of Wheeling, aged twenty-two, and Maud Berry, a native of Wheeling, aged seventeen.

Two Men's Narrow Escape.

Saturday while John Fish and Edward Seamon were at work in a room in the co-operative coal mine at the head of Thirty-seventh street, the slate roof was loosened by a heavy blast and fell, burying them so that it was some time before they could be gotten out. Fish appeared to be the worse injured of the two. Dr. J. H. Pipes was summoned to attend him, and while no bones were broken he was badly crushed about the chest.

Seamon was taken to his home in the lower portion of the Eighth ward, and Dr. R. T. Ford was sent for. The injured man sustained a fracture of the right shoulder blade, while the right arm was cut, bruised and torn in many places. Seamon was also hurt inwardly. Both were married men with families, and will be laid up for some time.

A Raid at Martin's Ferry.

Three white men, eight colored men and one colored woman were arrested in the Brown Front Cottage saloon, a tough dive on First street at Martin's Ferry, on Saturday night for crap shooting. The raid was made by Marshall Westwood and Officers Fritz Ach, Scott Neal, R. A. Lindemuth and Elmer Moore, all entering at the front door except Neal, who watched the rear door and went in that way.

Those arrested were Joseph Wilson, William Williams, James Leuward, William Jackson, Robert Corbett, Thomas Brooks, William Gibson, Elliott Sime, Wilson Ingram, Delmer Laird, William Hunter and Jennie White. A lot of crap cards and dice, poker checks, etc., were found, and six knives and a razor found in the pockets of the men arrested. About thirty men were playing seven up in another room, but were not arrested, nor were the proprietors, who are colored men.

COAL MINERS STRIKE.

The Operators and Workmen Both in Session Here.

Saturday the coal operators of Wellsburg, Elm Grove, Moundsville and Glendale, and also their workmen, met in this city to consider a proposed reduction in the wages for mining from 65 cents a ton to 51 cents. It is but a short time since the men were reduced from 70 to 65 cents. After due consideration the men agreed to accept 43 1/2 cents a ton for the run of the mine or 65 cents for screened coal. This the operators refused, and the miners decided to strike. The miners met at Trades Assembly hall and the employers at the McClure house.

The strike will affect the mines at Moundsville, Glendale, Elm Grove and Wellsburg, and will throw between 275 and 300 men idle.

THEY WILL RUN A FERRY.

A Large Mass Meeting of Island Citizens Decides on It.

THE CITIZENS' COMMITTEE HEARD

And Its Suggestions Adopted—"The Island Ferry Company" to Be Chartered at Once, and Liberal Subscriptions of Stock Have Already Been Made.

The mass meeting of island citizens in Myers' hall Saturday evening was attended by enough men to pack the hall to overflowing, and it was fruitful in results. Dr. E. C. Myers, the chairman, called the meeting to order and Mr. Dent Taylor was made secretary. Reports being called for from the committee, Mr. H. P. McGregor, of the committee appointed to wait upon the bridge companies, said the committee had done so, but the calls were barren of results. Said he: "The directors of the two bridges talked exactly alike, showing the matter had been arranged beforehand between them. We found them both very firm and both of one opinion—virtually one company."

Mr. A. O. Maxwell, of the committee on resolutions, reported as to the memorial and petition sent to council, and said the committee on legal talent had decided there was no immediate reason to have counsel. Mr. F. M. Strong also said it was inadvisable to go into litigation, and that the committee on lawyers favored the immediate establishment of a ferry.

On behalf of the committee on ferry, Mr. McGregor said Mr. Coy, the chairman, could not be present, but he would report that the offer of running the amphibia yachts had been withdrawn by Mr. Kelly, and the only thing remaining for the committee to report, was the formation of a joint stock company and the purchase of a boat. He said the committee had been unable to get any one to undertake the running of a boat, but a number of boats had been offered at prices from \$3,500 down to \$1,000. The one at the highest price had cost \$20,000 when new. The committee wanted a company formed and a boat purchased, the shares of stock to be \$5 or \$10 each, to distribute them as widely as possible.

Mr. Noise offered a resolution embodying this idea, and there was considerable discussion as to whether subscriptions to the capital stock should be limited. Fear was expressed that if there was no limit the ferry might in the end be as great a monopoly as the bridges.

Whether to transfer passengers only was discussed. Some of those present thought the stage of water at Ohio street or Twelfth street would not permit the carrying of heavy wagons on the boats. Captain Price thought there was plenty of water at both landings.

John Shriver said teams should be hauled by all means; that he had been threatened by the bridge companies if he had anything to do with the movement for cheaper tolls, and unless he could have his teams transported he would not co-operate.

After further debate as to details, these were all left to the committee, which is composed of Messrs. H. P. McGregor, Frank McCoy, John Mendel, Joseph Purcell, Lewis Jones, R. K. Giffin and Carl Hamilton.

The committee later organized with Mr. McGregor as chairman and Mr. McCoy as secretary. The committee will this morning consult counsel with a view to having a charter drawn up. Active soliciting of subscriptions will also begin at once. A number of volunteer subscriptions were recorded Saturday night after the meeting, and it is thought there will be no difficulty in getting all the money that is wanted.

FIRE IN MARTIN'S FERRY.

Supposed Incendiary Blaze Soon Extinguished.

Last night about 9 o'clock fire was discovered in the cellar of the frame building on Broadway in Martin's Ferry, occupied by William Jones as a shoe store. The blaze had evidently been started by an incendiary over an hour before, as the Jones family were all absent at the time, and it was not possible for an accidental fire to start in the cellar. The fire department arrived on the scene a few minutes after the alarm was sent in from box 35 and kept the fire from spreading to the upper floor of the building. The loss will not be very much, and is fully covered by insurance.
