ALL BIDS LAID ASIDE.

The Health Committee Engineering a Needed Reform.

TO ENFORCE GARBAGE ORDINANCE

All of the bids were shelved pending action which is to be recommended to Council by the Committee—a guarantee fund required from the contractor—the contractors satisfied.

Last evening the city council health committee held a meeting at which Chairman Cadullo presided and the following members were present: Messrs. Warneke, Deiters, Richards, Farrell and Israel. The meeting was called for the purpose of examining the bids recently made by contractors for the garbage contract for the two years commencing the 1st of May. The result of the meeting was that measures are to be proposed to council which, if favorably acted upon, will result in the garbage being properly and systematically removed in the future.

The twenty-six bids which were received by the committee at its last meeting were examined, ranging from \$8,000 to over \$12,000. One of the bidders, John Wentzel, having heard that the garbage ordinance is to be strictly enforced during the coming period, sent in the following communication, which was read by Clerk Hanke:

To the Chairman and Committee on Health: In regard to my bid on collecting the garbage I will say I will collect as well and improve the past system if it can be done for \$10,000. If the ordinance is to be enforced I wish to raise my bid to \$12,000, on which I agree to do the work in a thorough manner, to the entire satisfaction of the committee.

JOHN WESTZEL. The reading of this communication was the signal for a long winded discussion, participated in by all the members of the committee who were present, and the sentiment appeared to be unanimous that something should be done to improve the system that has been in vogue in the past.

The discussion finally resulted in the presentation of the following resolution by Mr. Richards:

Resolved, That the contractor awarded the contract for removing the garbage for the ensuing term of two years from May 1, 1894, and ending April 31, 1896, be required to leave with the city clerk of the city of Wheeling the amount that may be due him at the end of the first month for the purpose of forming a guarantee fund for the enforcement of his contract. The contractor to further agree to furnish and keep at work collecting the garbage according to ordinance during the months of June, July and August, no less than twelve carts and as many more as may be necessary to do the work thoroughly. Also in the event of any failure to remove the garbage according to ordinance the health officer shall have the right and it shall be his duty to have the garbage removed at the expense of said contractor or to be on order of the health officer.

The introduction of the resolution precipitated a renewed discussion. Mr. Warneke, of the committee, thought that a guarantee fund should not necessarily be so large as contemplated by the Richards resolution and that 20 per cent of the first month's pay would be sufficient. He moved an amendment to the resolution to that effect, but it was defeated by the following vote:

Ayes—Warneke, Farrell, Noes—Caddle, Richards, Israel and Deiters.

The resolution of Mr. Richards was then voted upon and was carried, the gentlemen who had opposed the amendment voting for it.

The question then came up as to what should be done with the bids already received by the committee, it being understood that they were not based on the knowledge that the ordinance is to be strictly enforced hereafter. A member of the committee proposed that new bids be advertised for and a printed copy of the ordinance with the additions in the Richards resolution incorporated. Col. White, city solicitor, suggested that new bids be received. After further discussion Mr. Richards introduced the following addition to his resolution:

"It is further agreed by the said contractor that the said guarantee fund of one month's pay is to be kept at the original amount, and if at any time the said fund is reduced below the amount of one-twenty-fourth of the amount of the contract by reasons of the drafts upon it by the health officer, then a sufficient amount shall be retained by the city clerk, from the following month's pay or a sufficient amount to keep said fund at the original amount at all times."

The applicants for the garbage contract were gathered on the outside, and expected that one of them would be called in and told by the committee that he had got the contract, but they were fated to disappointment. After the committee had completed its business in regard to garbage legislation, all of the contractors, about twenty in number, were called into the committee room and the action taken by the committee, to be recommended to council, was explained to them by Colonel White. Somewhat to the surprise of the committee men the contractors almost solidly seemed to favor the action taken, though the universal desire was that their bids already in shall not stand but that they shall be revised.

Superintendent Dunn, of the crematory, appeared before the committee and said that he desired that the garbage inspectors be put to work as soon as possible. The furnace, he said, would be ready to start up on next Monday. Action was deferred until the next meeting.

"By the World Forgotten." Unusual interest is manifested in the production of "By the World Forgotten," which receives its first presentation in this city at the Grand to-night and continues for the balance of the week. This is Dore Davidson and Miss Ramie Austin's greatest success. The company is particularly strong. Saturday matinee will be a special children's day when any child under fourteen years of age will be admitted for 10 cents.

The great value of Hood's Sarraparilla as a remedy for catarrh is vouched for by thousands of people whom it has cured.

DINNER and Tea Plates, Ice Cream Sets, Egg Sets, Berry Sets, Salad Sets at 25 to 50 per cent reduction to-day at I. G. DILLON & CO'S.

An Editor's Recommendation.

Mr. C. F. Davis, editor of the Bloomfield, Iowa, Farmer, says: "I can recommend Chamberlain's Cough Remedy to all sufferers with colds and croup. I have used it in my family for the past two years and have found it the best I ever used for the purposes for which it is intended."

LEATHERBY-RULONG.

A Prominent Young Couple of Moundsville Wedded Last Evening.

A quiet but very beautiful marriage took place in Moundsville last evening about nine o'clock. Rev. C. E. Leatherby, a prominent young minister, and Miss Carrie Rulong, an accomplished young daughter of Mrs. E. A. Rulong, both of Moundsville, were the contracting parties. The ceremony was performed by Rev. G. W. Grimes, of Moundsville, at the home of the bride's mother. Only immediate friends of the family were present to witness the marriage. The groom is stationed on the Moundsville circuit in the Wheeling district M. E. conference. The bride has been assistant organist in the M. E. Sunday school at that place for several years and has been an active worker in the church. After the ceremony a reception was given Mr. and Mrs. Leatherby, after which they took the 2:22 a. m. train this morning for Baltimore, Md., where they will spend a short time with friends, and also visit Washington, D. C., and will afterwards return and take up their residence in Moundsville.

"Aristocracy."

Bronson Howard in "Aristocracy" demonstrates his belief that an aristocratic society really exists in New York city, and his examples in the play, denoted unequivocally in the bill as American aristocrats, are a Laurence family of mingled Puritan and Knickerbocker blood, and quite unexceptionable in culture and conduct. They are a father, mother, son and daughter, each a personification of good breeding and high-mindedness. The play will be at the Opera House next Monday evening.

TAKE ADVISE! Stop coughing at once by the immediate use of Dr. Bull's Cough Syrup. One bottle will cure you.

I. G. DILLON & CO.

The Viking ship is now in dry dock at New Orleans and will be on exhibition during carnival week.

Recovered—sound health for every consumptive who can't get any more out of their lungs. There's a positive cure with Dr. Pierce's Golden Medical Discovery. Just as it cures the worst of the many forms of scrofula, so it cures, and just as certainly, the scrofulous affection of the lungs that's called Consumption—through the blood.

But, even with this remedy, it won't do to wait. It can't make new lungs, but it can make diseased ones healthy when nothing else will. As a blood-cleanser, strength-restorer, and flesh-builder, there's nothing like it known to medical science. For Scrofula in all its forms, Bronchial Throat, and Lung affections, Weak Lungs, Asthma, Severe Coughs, and every disease that can be reached through the blood, it's the only remedy so unflinching that it can be guaranteed.

If it doesn't benefit or cure, in every case, you have your money back.

On these terms, it's an insult to your intelligence to have something else offered as being "just as good."

DIED.

McADAM—On Wednesday, February 7, 1894, at 12:30 a. m. WILLIAM McADAM, JR., aged 21. Services private from his late residence, No. 1631 Jacob street, Friday afternoon at 3 o'clock.
