SPRING JACKETS—GEO. M. SNOOK &amp; CO.

## HERE'S A LINE OF Spring Jackets THAT MUST BE SOLD

Here are the Prices that are going to do it.

HERE are about one hundred of these Jackets—Light, Dark Colored and Black; many of them lined throughout with Fine Satin. None of them but what are worth THREE times the price quoted!

WE HAVE ANNULATED VALUES BEFORE, BUT NEVER SUCH AN UTTER DEMOLITION OF VALUES AS THIS:

Lot No. 1 will be sold for.....	95 each.
Lot No. 2 will be sold for.....	\$1.95 each.
Lot No. 3 will be sold for.....	2.95 each.
Lot No. 4 will be sold for.....	3.95 each.
Lot No. 5 will be sold for.....	4.95 each.

Just reflect for a moment, 95c will not pay for the making of the cheapest kind of a Jacket, yet 95c buys a good Jacket complete at this sale, in fact gives you choice of Jackets that have sold from \$3.00 to \$4.00 each. Take the line at \$4.95. There are fine Black Satin Lined Clay Worsted Jackets among them, which have sold from \$15.00 to \$20.00 each. When you consider that \$4.95 is about the price of an ordinary shawl, you will more fully realize what an unusual opportunity is now presented. To those who care for comfort and would save much money, we say come, come and attend this great sale of Spring Jackets. Our word for it, you will secure three to four dollars worth of value for every dollar invested.

### A Bold Robbery.

Yesterday morning at an early hour somebody threw a brick through the plate glass window of Alexander's shoe store, at 1049 Main street, and carried off the box in which were displayed \$25 in silver to be given to the customer holding the right key on April 1. There is no known clue to the thief. The firm will replace the box and money.

### Walker Whitehead.

Walker Whitehead, the rising young tragedian, will appear at the Opera House next Tuesday evening in "Hamlet" and Wednesday in "Richelieu." He is at Pittsburgh this week, and the papers there all give him unusually high praise. The Dispatch of yesterday is especially enthusiastic, intimating that if he lives he may be expected to be as great an actor as Booth.

### Lecture on Convict Life.

Capt. J. H. Pine, the ex-convict whose intention to lecture on his case and on prison life at Moundsville and here has already been mentioned in the INTELLIGENCER, was in the city last night. He will give his first lecture in the opera house at Moundsville next Wednesday evening, April 4, and will speak here later. Great interest is already manifested in his promised exposure by the people of Moundsville.

### Licensed to Wed.

Clerk Hook yesterday issued marriage licenses to the following named parties:

Robert McConaughy, aged 21, and Florence A. Venneman, aged 22, both of Ohio county.  
William E. Hollenbine, aged 23, and Clara Bowman, aged 20, both of Ohio county.  
Lemuel Rockwell, aged 23, and Laura Stuart, aged 23, both of Pittsburgh.

### Pollock-Liggett.

Last evening at the St. Luke's P. E. church rectory, on the Island, Mr. Joseph Pollock, son of Hon. Augustus Pollock, was united in marriage with Miss Clara Liggett, a beautiful and accomplished young lady of Canton, Ohio. Rev. Jacob Brittingham performed the ceremony, which was quiet, and was witnessed only by a few of the intimate friends of the contracting parties. The newly married couple will reside in Wheeling.

### A Wheeling Man Robbed.

Yesterday's Pittsburgh Dispatch says: Claude Lipert, of Bank and Thirty-seventh streets, was arrested yesterday evening, placed in the Seventeenth ward police station and afterward released for a hearing to-day on a charge of larceny. Frank Albinger, of Wheeling, charges young Lipert with stealing a \$100 diamond from him while he (Lipert) was showing him the sights of Pittsburgh on Sunday night.

### The Musse Alleys.

Last evening the board of directors of the Wheeling Bowling Association, the corporation which will conduct the bowling alleys at the Musse building on Market street, held a meeting at which considerable business was transacted. A full equipment of balls, pins, etc., were ordered purchased, and will be here in time for the opening, which will probably take place on the evening of April 30. Work on the alleys is progressing rapidly.

### Fires in Marshall County.

Last Sunday the dwelling house of Isaac Sheppard, in Union district, Marshall county, caught fire while the family was away at church. Had they not been returning when they were it would have been entirely consumed. They succeeded in saving it with only slight damage. The insurance had expired shortly before.

### On the same evening, B. F. Polley's house, in Washington district, in the same county, was burned entirely; no insurance. Only a few articles which were down stairs were saved.

### Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows: March 27 by Charles Becker and wife to Frederick Becker for \$40, the interest of the party of the first part in certain property on Bremer's run.  
August 14, 1882, by John Supler and wife to John C. Frazier, for \$300, the east half of lot 2 in Triadelphia.

## ICE PRICES THIS YEAR.

Mr. Connor, of the Wheeling Ice and Storage Company, Talks.

### THE PRICES WILL BE REASONABLE

And the Intelligencer was right as to the Rate Agreed upon, \$5 a Ton through the Summer Months—Lake Ice Scarce and Costly—Some People Buying the Made Article to Store.

The conflicting statements as to the price of ice the coming season naturally were read with a great deal of interest by the consumers. The prices of articles of household consumption always interest those who have to buy them, and this year this is for good cause particularly so, for almost everybody feels the necessity of making every dollar go as far as possible. An INTELLIGENCER reporter last night asked Mr. C. W. Connor, of the Wheeling Ice and Storage Company, what was the real fact as to the price the company proposes to charge the coming summer. Said Mr. Connor:

"The INTELLIGENCER was right about that. We have fixed the price of ice at the factory at \$5 a ton through the four hottest months, June, July, August and September. For the other eight months of the year it is to be \$1 a ton. Last year we sold it at \$3 a ton. Lake ice then sold at 75 cents a ton at the lake. I bought some lake ice as low as \$1.75 laid down here. This year lake ice is worth \$2 a ton at the lake, and all there is what was carried over from last year. The freight here is \$1.40 a ton. Take the shrinkage and the extra handling and our rate is cheaper than that. We have sold some at \$3.75 a ton to persons who pack it. Tomorrow we ship sixty tons by barge to Sardis."

Mr. Connor showed a number of letters from large ice dealers on the lakes, all of whom say the supply is short. Wisconsin ice is offered in fifty carload lots, laid down at Bridgeport, at \$1.75 a ton, so that the \$1 rate here is much cheaper. Any experienced dealer, he says, would rather pay \$1 a ton more at the factory than pack and handle and stand the shrinkage. The retail dealers will this year charge 35 cents a hundred to the largest consumers, and 60 cents to families who get but a few pounds a day, which does not sound like a very large price.

As to the combine of the Wheeling and Arctic companies, Mr. Connor says it is simply a temporary and contingent agreement. After looking the situation over the parties concerned were satisfied there was not at that time an opening for two large plants to run profitably. The Arctic company had already put in its cold storage plant in the old Butterfield malt house, and the Wheeling company is filling that place with ice for the other company. If at any time there seems to be a demand for another ice manufacturing plant, the Arctic company will put it in.

Mr. Connor claims the Wheeling ice, being made from pure well water, double distilled at that, is a better article and worth more money than other ice, and being frozen harder and delivered fresh from the factory, with full weight, it is really economy for any dealer to handle it.

### ON TO BENWOOD.

The Mock Legislature's Meeting Tomorrow Evening.

The meeting of the Republican mock legislature which is to be held in Benwood to-morrow evening bids fair to even eclipse the one recently held in Elm Grove. The Benwood people are in the throes of a hot political contest for the control of the municipality, and for this reason alone the meeting will attract a great audience. The committee in charge of the session, Messrs. W. J. W. Cowden and A. R. Campbell, will have prepared an attractive programme when the speaker calls the meeting to order. It is expected that the leading oratorical lights of the body will be on hand, and that the discussion of the questions of the day will be fast and furious.

"For a long time I suffered with stomach and liver troubles, and could find no relief until I began to use Ayer's Pills. I took them regularly for a few months, and my health was completely restored."—D. W. Baine, New Bern, N. C.

### Pure Milk.

This is to certify that on March 21, 1894, I made an examination of Thomas Montgomery's herd of dairy cows, in Ohio county, W. Va. I found said cows in the best of health, and are giving rich and wholesome milk. His cows are fed on the best of feed and are housed in a clean, warm stable with good light and ventilation.

I also visited Milton Montgomery's herd of cows and found said cows in the best of health and are having good care and the best of feed; also housed in a clean and comfortable stable.

H. F. HEATH, V. S.

### A New Arrangement.

Arrangements have been made with John Ballie, Union Ticket Agent, to check baggage from the residence or place of business of all those who buy tickets from him via the Wheeling and Lake Erie Railway. This is a very convenient arrangement.
