

MEDICAL.

MRS. ELMIRA HATCH.

HEART DISEASE 20 YEARS.

Dr. Miles Medical Co., Elkhart, Ind. Dear Sir: For 20 years I was troubled with heart disease. I would frequently have fainting spells and smothering at night. Had to sit up or get out of bed to breathe. Had pain in my left side and back most of the time; at last I became despondent. I was very nervous and nearly worn out. The least excitement would cause me to faint. I was troubled with fluttering. For the last fifteen years I could not sleep on my left side or back until I began taking your New Heart Cure. I had not taken it very long until I felt much better, and I can now sleep on either side or back without the least discomfort. I have no palpitations, smothering, drowsy, no wind on stomach or other disagreeable symptoms. I am able to do all my own household work without any trouble and consider myself cured.

Elkhart, Ind., Nov. 1893. Mrs. ELMIRA HATCH. It is now four years since I have taken any medicine. Am in better health than I have been for 20 years. I honestly believe that Dr. Miles' New Heart Cure saved my life and made me a well woman. I am now 62 years of age, and am able to do all my own household work. Sold on a Positive Guarantee. Dr. MILES' PILLS, 50 Doses 25 Cts. Sold by druggists everywhere. ap25-31WAWY

Beauty and Purity

Go hand in hand. They are the foundation of health and happiness. Health, because of pure blood; Happiness, because of clear skin. Thousands of useful lives have been embittered by distressing humors.

CUTICURA RESOLVENT

Is the greatest of skin purifiers As well as blood purifiers. Because of its peculiar action on the pores, It is successful in preventing And curing all forms of Skin, Scalp, and Blood humors, When the best physicians fail. Entirely vegetable, safe, and palatable. It especially appeals to mothers and children, Because it acts so gently, yet effectively Upon the skin and blood, as well as the Liver, kidneys, and bowels. Its use at all times Insures a clear skin and pure blood, As well as sound bodily health.

Sold everywhere. Price, 25 Cents. Dr. Wm. C. Cuticura, Sole Proprietor, Boston. "How to Cure Skin and Blood Humors," free.

Facial Hemorrhages, falling hair and similar baby rashes prevented by Cuticura Soap.

Nervous Pains and Weakness

Instantly relieved by a Cuticura Plaster, because it vitalizes the nerve forces, and hence cures nervous pains, weakness, and numbness.

JAPANESE PILE CURE

A New and Complete Treatment, consisting of SUPPOSITORIES, Capsules of Ointment and two Boxes of Ointment. A never-failing Cure for Piles of every nature and degree. It makes an operation with the knife or injections of carbolic acid, which are painful and seldom a permanent cure, and often resulting in death, unnecessary. Why endure this terrible disease? We guarantee a cure in 10 to 20 days. No cure, no pay. Complete free. Guarantees issued by our agents.

CONSTIPATION CURED

By Japanese Liver Pills, the great LIVER and STOMACH REGULATOR and BLOOD PURIFIER. Small, mild and pleasant to take, especially adapted for children's use. 50 Cents.

GUARANTEES ISSUED ONLY THROUGH CHAS. R. GOETZE, Successor to McLean Brothers, Drugists, Wheeling, W. Va. 317-318WAWY

FITS CURED

(From U. S. Journal of Medicine.) Prof. W. H. Pecke, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any other Physician; his success is astonishing. We have heard of a case of 20 years' standing cured by him. He publishes a valuable work on this disease which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P. O. and Express address. We advise anyone wishing a cure to address, Prof. W. H. PECKE, P. O., 4 Cedar St., New York. 317-318WAWY

BROU'S INJECTION

A PERMANENT CURE of the most obstinate cases of Gonorrhoea and Gleet. Guaranteed in from 3 to 10 days. No pain or sore afterwards, no danger from accidental poisoning like Arsenic or other poisons. Brou's, Successor to Brou, Strasbourg, France. 317-318WAWY

NEW TYPE, SKILLED WORKMEN, HONEST COUNT AND TASTY WORK. Send for price list. INTELLIGENCER, 25 and 27 Fourteenth Street.

FINANCIAL REVIEW.

Henry Clow's Weekly Letter on the Business Outlook.

EFFECT OF THE TARIFF AGITATION

And the Veto of the Seigniorage Bill. Continued Silver Crusade Has an Unsettling Effect Upon Confidence. The Distant Future Brightening Despite Present Conditions-In the Long Run Prices Must Advance.

Special Correspondence of the Intelligencer.

NEW YORK, April 7.—During the past week, business at the stock exchange has been influenced to some extent by realizing transactions. Stocks bought in anticipation of the veto of the Bland bill have been sold out, by both home and London holders; and, in the absence of any new stimulus, some of the large operators have been waiting for prices to drop previous to buying in again. There has been the more readiness to take this course because Congress had to take action upon the President's veto, and it was not unanimously regarded as entirely certain that the bill would fail to become a law through a two-thirds vote. Discouragement in some quarters has arisen also from the growing conviction that the tariff discussion is likely to be prolonged until near the end of May, which may have the effect of keeping certain branches of business for the fall trade in suspense, and therefore act unfavorably upon some mercantile interests. One favorable indication from Washington is that nothing further is likely to be seriously attempted in the way of urging free coinage upon Congress. Senator Stewart's bill is regarded as likely to be shelved in committee or allowed to rest "on the table," and it seems possible that the silver party may deem it imprudent to incur further odium by wasting time on measures which the President will not allow to become law. Should Mr. Bland carry out his threat to introduce a free coinage bill, it is likely to be dealt with very summarily, as the house is anxious to get at other business. Nevertheless, the continued silver crusade has a silently unsettling effect upon confidence. There can be no doubt that, in the west, southwest and south, the feeling in favor of increased issues of silver is gaining ground rather than abating; and, unless something is done to mollify that feeling, it may later on assume more threatening dimensions. Among two-thirds of this inflationist class, however, the demand means more money rather than more silver. They are asking for more silver because, in demanding that expressly they have the industrial backing of the mining interest proper. But at the same time, they would be equally willing to accept some other form of currency instead, providing it were placed within their reach. It is therefore of the utmost importance that Congress should, during the present session, pass a bill authorizing issues of bank currency, upon a basis of guarantee which while absolutely secure would not be oppressive or prohibitory of issues, capable of expansion according to the requirements of business, and available to the state banks on the same terms as to the national. Such a plan is now ready for introduction to the house, and there is a probability of its being not only supported by party leaders but also favored by the administration. The passage of such a measure, though not at the moment needed for currency necessities, would yet have the effect of getting the constantly disturbing money question out of the way, and which is even still more important—also of depriving the silver agitators of two-thirds of their present support, and finally of removing this dangerous issue from the field of politics.

THE WOOL TRADE.

The demand for wool keeps up to a fair average, but buyers are only operating when they are forced to. Values hold on a steady basis, with no material change, while it is doubtful if lower prices would increase business to any great extent. The first cargo of Australian wool for the season, from Melbourne direct, arrived in Boston Thursday, the bark Emerald bringing 3,554 bales. Some of this wool has been sold to arrive, but it will be kept in bond for the present. Domestic fine fleeces are quiet but steady at 24 1/2c for XX and above Ohio, with delaines hard to move above 23c. Low wools in the way of B and C super and one-quarter bloods are steady, while strong staple wrap fine territories sell well. Carpet wools are quiet but steady. Some new wools have arrived on the market.

Strikes Last Week.

The industrial feature of the week is found in thirty-one strikes throughout the country, involving 40,000 employees, principally among building trades at New York and Chicago, textile industries at Paterson and New York, coal miners and coke operatives in western Pennsylvania and further west. Noticeably large increases in the number of small strikes weekly have taken the place of resumptions of industrial establishments.

Bilious Colic Prevented.

Persons who are subject to attacks of bilious colic can almost invariably tell, by their feelings, when to expect an attack. If Chamberlain's Colic, Cholera and Diarrhoea Remedy is taken as soon as these symptoms appear, they can ward off the disease. Such persons should always keep the Remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will save them much suffering. For sale by Chas. R. Goetze, Will W. Irwin, Chas. F. Schnepp, Chas. Menkemeller, Wm. E. Williams, S. L. Brice, A. E. Scheele, Will Menkemeller, John Coleman, Richards & McElroy, W. H. Hague, Wheeling; Bowie & Co., Bridgeport, and B. F. Peabody & Son., Beewood.

MINE UNION OFFICIALS

Did Not Authorize the Coke Strike and Want No More of It.

PITTSBURGH, Pa., April 8.—John A. Cairns, president of the Pittsburgh district of the United Mine Workers, is in the city making arrangements for a meeting of the district delegates to the national convention at Columbus on April 10. He is confident that this convention will effect a thorough national organization. "One of the objects," said Mr. Cairns, "which will be attained by a thorough national organization will be the prevention of unauthorized strikes such as the one now going on in the coke region. This strike was declared entirely without the approval or even the knowledge of the officials of our organization. John D. Crawford, of Illinois, a member of the executive board, was in the coke region two days before the men struck, and their action was a surprise to him. He could tell us nothing about the strike or the cause of it. We want to have control of the situation so as to prevent the holding of mass meetings, the marching and rioting, such as has been going on in Westmoreland and Fayette counties.

MAY STOP PETTY STRIKES.

"We believe that with a thorough organization these things will not occur, and that better wages will be secured with them. The main object of the convention is, therefore, to go into an inter-state agreement such as existed in 1877. That agreement was broken up by lack of organization on the part of both miners and operators."

Mr. Cairns has been hard at work organizing the men in his district, and was accompanied by Cameron Miller, of Ohio, on a number of visits to mines. On Monday he worked at West Newton. There was a large meeting and he organized the miners at the West Newton shaft. On Tuesday he reorganized the miners at Camden, near McKeesport, and on Wednesday he went to Monongahela city where a reduction had been attempted at the Black Diamond mines from \$2 a hundred to \$1 75. This mine only employs about forty men and Mr. Cairns thinks they are still standing out against the reduction. No other mine had offered it. On Thursday and Friday organizations were formed at Scott's No. 1, Sawickley, Suterly, Blythe's No. 2, No. 5 and Pacific mines. Other organizers are working with equal success in every district throughout the country. The delegates from the Pittsburgh district who will attend the National Convention at Columbus, will meet at the Home Hotel to-morrow evening. Mr. Cairns is the delegate from Suterly, Browns and Conterville. There are two or three delegates from Banning, one from Port Royal, one from Blythevale, one from Industry, one from Buena Vista, two from the Fourth pool, two or three from the First, Second and Third pools, one from Mansfield, two from Miller's Run and two delegates at large.

Each delegate represents 500 members of the United Mine Workers. Their tickets will be adjusted at the Home Hotel meeting.

All the national officers will be elected at the Columbus meeting. President John McBride is opposed for reelection by P. H. Penna, the present vice president. Mr. Penna has also been re-nominated for vice president, and is opposed by A. A. Adams, president of the Ohio district. Patrick McBryde has no opposition as secretary-treasurer. There are about 100 candidates for seven members of the executive board. The Pittsburgh district will make a strong effort to secure Mr. Cairns' election to a place on it.

A NEW INVENTION

Claimed to Make the Finest Bessemer of the Poorest Ore.

BRIMMINGHAM, Ala., April 8.—An experiment which, if successful, will revolutionize the iron industry of the South is to be made at the Little Bell furnace in Bessemer. It is a roasting machine for silicizing ores, and it is claimed for it that the poorest ores can be converted in the finest of Bessemer ores by its use. In the machine the ore will be roasted and crushed and then pressed over a magnetic band, to which particles of the purest metallic iron cling—iron produced from the crude ore. It is claimed for the machine that the crudest ores can be converted into the best of Bessemer 50 cents a ton cheaper than ever before.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for consumption, coughs and colds. If you have never used this great cough medicine, one trial will convince you that it has wonderful curative powers in all diseases of throat, chest and lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at the Logan Drug Company's drug store. Large bottles 50c and \$1.

For Malaria, Liver Trouble, or Indigestion, use BROWN'S IRON BITTERS

For Over Fifty Years. Mrs. Winslow's Suffering Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Suffering Syrup," and take no other kind.

For Croup, Whooping Cough and Colds of children, Cubeb Cough Cure is invaluable. For sale by druggists in 25 and 50 cent bottles.

Sold by Alex T. Young, John Klari, Wheeling, and Bowie & Co., Bridgeport, Ohio.

The Rugged Child

is largely an "outdoor" product. Fresh air and exercise usually produce sound appetite and sound sleep. Sickly children obtain great benefit from Scott's Emulsion of cod-liver oil with Hypophosphites, a fat-food rapid of assimilation and almost as palatable as milk.

Simply apply SWAINSON'S OINTMENT! No internal medicine required. Cures tetanus, erysipelas, all eruptions on the face, hands, nose, etc. Great healing and curative power, and is not removed by any other remedy. Ask your druggist for SWAINSON'S OINTMENT. TILSAY

Children Cry for Pitcher's Castoria.

When Baby was sick, we gave her Castoria. When she became a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Pilets Piles! Itching Piles.

Symptoms: Moisture, intense itching and stinging most at night, swelling, itching, allowed to continue, becoming very sore, bleed and ulcerate, becoming very sore. SWAINSON'S OINTMENT stops the itching and bleed, cures the sore, and in most cases removes the tumors. At druggists, or by mail, for 50c. Dr. Swainson & Son, Philadelphia.

"How to Cure All Skin Diseases."

Simply apply SWAINSON'S OINTMENT! No internal medicine required. Cures tetanus, erysipelas, all eruptions on the face, hands, nose, etc. Great healing and curative power, and is not removed by any other remedy. Ask your druggist for SWAINSON'S OINTMENT. TILSAY

FINANCE AND TRADE.

The Features of the Money and Stock Markets.

NEW YORK, April 7.—Money on call easy at 1 per cent. Prime mercantile paper 3 1/2c per cent. Sterling exchange dull and firm at \$1 87 1/2 for 60 days. Silver certificates 67 1/2. Balloes were 12 1/2, 11 1/2 and 11 1/2.

BANK AND STOCK QUOTATIONS—CLOSED.

Table with columns for National, State, and Foreign bonds, and various stocks like American Express, Pullman, etc.

Breakfasts and Provisions.

CHICAGO, April 7.—It was a weather market in wheat, with varied crop reports thrown in. The majority of the crop reports received to-day made quite light of crop damage, and the trade was not in favor of a higher price. The feeling was heavy and while trade was light there was less timidity shown by short sellers. At the close May wheat showed a loss of about 1/2c.
