WHEELING, APRIL 20, 1894.

Wide-Apart Ideas of "Tariff Reform."

In the past fiscal year this country imported dutiable merchandise valued at \$400,000,000. This, of course, was under the McKinley tariff.

A Pennsylvania Idea.

The idea of the Pennsylvania senators is, that if the Democratic party passes a bill to encourage imports the country should have money so inferior that it would not be accepted abroad in exchange for commodities.

How Two Ideas So Variant Can Grow Out of the Same Tariff Plank is Not Easy to Understand.

When Democrats show the courage to hurrah for the tariff bill it is worth while to know which one they are hurrahing for.

Chairman Wilson is Too Busy to Go a-Fishing in Texas.

He has a hook baited for use on the green banks of the blue Potomac.

A Bad Lesson Quickly Learned.

The rioting Polish laborers of Detroit may be taken as fair specimens of a certain class of foreigners, who have been quick to learn a bad lesson.

Senator Bruce Thinks the Tariff Bill will be Passed by the Middle of June.

It is written, "a man went up in January and never came down till June."

Phil Thompson is Resting Quietly on his Laurels as the Great American Slang-wagger.

But the freak shows don't seem to have any room for him.

The Supreme Court of South Carolina Declares the Liquor Dispensary Law Constitutional.

Business will be resumed at the old stands.

Breakfast Budget.

What is claimed to be one of the largest newspapers ever printed is owned by Miss H. C. Pettigall of Newburyport, Mass.

The Quorum Rule Marks such a Surrender as our Democratic Friends have Not Made since Appomattox.

The sinking of the Brazilian rebel battleship Aquidaban by government torpedoes, is another reminder of the constant danger the great war ships run of being disabled or destroyed by submerged machines.

The Aquidaban is a comparatively new Battleship of the first class.

Nothing seemed wanting to make her as formidable as anything afloat; yet she was as powerless against torpedoes as though she had been a cork shell.

No Armament withstands the Destroying Torpedo, which goes quietly to its work and makes known its presence by the destruction it has wrought.

There are devices to ward off the torpedo, but the little destroyer nevertheless gets in its deadly blows.

Senator Camden is Spoken of as Having Come Around to the Support of

the senate tariff bill. Senator Camden has from the first been ready to vote for any tariff measure his party might decide on.

A Good Officer Retired.

Admiral Benham, who aroused the enthusiasm of his countrymen by the sagacity, promptness and courage with which he made the American flag respected and brought the Brazilian rebels to terms, is no sooner home than he takes his place on the retired list.

He would have been glad enough to remain in active service, as most officers of his grade would, but when their time comes they must be laid aside, no matter how capable they may be.

The system is fair to all, for none escapes its operation; yet it takes from active service men of the widest and ripest experience in whom the country has confidence.

It seems that there might be some modification that would give the younger men a chance for promotion and still leave the older ones active duty.

No New Battleship is to be Built this Year.

The break in the development of a new navy is made necessary because the party in power has tampered with the revenues and the money is not in sight to go on with the good work.

The Idea of the Pennsylvania Senators is, that if the Democratic Party Passes a Bill to Encourage Imports the Country Should Have Money so Inferior that it would not be Accepted Abroad in Exchange for Commodities.

Up to this time the Republican party has stood for protection and sound money. Some protectionists have been for inferior money but they have never been able to tar the Republican party with that stick.

The Approach of Kelly's Cranks Moves the Chicago Tribune to say that there is no room in that city for unemployed, and the town is already "full of cranks, demagogues and other pests who will be sure to cultivate and encourage these unwelcome visitors."

Why vagrancy of the Coxy and Kelly variety should be pampered and made fat, as some communities have done, is "one of those things no fellow can find out."

It is a Pleasure to read the improved Cincinnati Commercial-Gazette, and a paragraph half a column long in an editorial article suggests that the work of reform is not yet complete.

They wish it distinctly understood that they hate Tom Reed as cordially as ever.

We are not always in love with the hand that smites us.

The Unknown knows enough to go ahead of the Coxy show and rake in some gate receipts for his own use.

He is by no means the biggest fool of the outfit.

EASTER-BROWN.

Brilliant Wedding Ceremony at St. Clairsville Yesterday.

The marriage of Terrill J. Easter, of Pittsburgh, to Miss Luis Brown, of St. Clairsville, occurred yesterday and was one of the most fashionable weddings ever witnessed in St. Clairsville.

The bride was attired in white crepe de chien and veil. The large residence was darkened and brilliantly lighted artificially, and presented a beautiful scene.

Miss Luellen Sutton, a cousin of the bride, was the maid of honor. The bridesmaids were Ellen and Mary Mitchell, of Martin's Ferry, and the ushers were Lewis and Van Dorn Sutton, cousins of the bride, and John Johnson, her nephew, and John Frazier, a cousin of the groom.

In all about seventy-five persons attended, and the presents were numerous and beautiful. The bride is highly accomplished and the groom is a business man of Pittsburgh.

THERE'S DANGER

in a cough—more than ever your blood is "bad." It makes things easy for Consumption. But there's a cure for it in Dr. Pierce's Golden Medical Discovery.

A positive cure—not only for Weak Lungs, Spitting of Blood, Bronchitis, Arthma and all lingering Coughs, but for Consumption itself in all its earlier stages. It's reasonable. All these diseases depend on tainted blood.

HARRISON DAVIS, of Templeville, Monroe Co., Ky., writes as follows: "My daughter, Miss Florence E. Davis, had been afflicted for several years with a cough and lung trouble, and tried several remedies but none seemed to do her any good. I bought a bottle of your 'Golden Medical Discovery' and 'Piellets' and commended giving them according to directions. For she was past doing anything, and now she is perfectly well and the cough is gone. I am thankful to you for such a wonderful medicine." Sold by all medicine dealers.
