Interesting Debate To-night.

This evening there will be an interesting debate at the Sixth ward Republican club rooms. The question for debate is, "Resolved, That immigration to this country should be limited." Affirm, D. W. Martin, and deny, Bentley Jones. There will also be miscellaneous speech making. Everybody is invited to be present and enjoy the discussion.

With the Jack Bass.

The Jack Bass fishing club, now in camp on the creek, had a large number of visitors yesterday. Leo Reister returned from there Saturday, and he says the boys are killing lots of frogs, but not catching many fish, mainly owing to the fondness of some members for shooting at the bobbers on the line. All the campers agree that they never saw so many snakes in so short a time.

Joe Fahy Dead.

Joseph Fahy, a well known ex-policeman who has recently kept a saloon on the South Side, died Saturday night at 10:30, of some heart trouble, resulting in dropsy. He was but twenty-seven years of age, and leaves a wife and one small child. He was a member of the Hibernians, which order will turn out to his funeral this morning, meeting at their hall at 7:30 a. m.

The Colony may be a Go.

Saturday evening a meeting of the colony of North End people was held in the Republican club rooms, in North Wheeling, last evening, which was attended by Messrs. J. B. Finster, of Weston, and B. Damos, of Pickens, who have secured land near Pickens, Randolph county, where it is proposed to colonize the North Wheeling people. About fifty families are included in the number who have talked of going to the interior of this state.

Death of a Hill Man.

George Byles, one of the best known mill men of the locality, died at his home in Bonwood Saturday forenoon. He was taken ill on the 5th of this month and had an attack which paralyzed him, causing his death. He was one of the rollers of the Riverside steel works. He was but thirty years of age, and was a powerful man, weighing over 200 pounds in health. He leaves a wife and four children. The burial will be this afternoon at Mt. Zion cemetery. He was a member of Lincoln lodge No. 40, Odd Fellows, of Bonwood.

A Well Fixed Fishing Club.

Of all the fishing clubs along the river, positively the most luxuriously appointed and pleasantly situated is that of the Red Lotter Rod and Gun Club at Proctor O. Among the nimrods are such well known mercantile lights as Michael Deegan, Charles Vance, Lew Vance and William Deegan, of Bonwood. Marshal Goetze, of Bonwood, is present in order to maintain order. Those well known city salesmen, Messrs. C. F. Gillegan and Leo Wolf, have also spent several days with the party, and report a glorious time.

The Vance-Hoge Damage Suit.

N. C. Vance, of Martin's Ferry, wants \$10,000 from J. Clayton Hoge, of Mt. Pleasant. Suit has been brought by Vance who claims damages to this amount for alienating the affections of his wife, Mattie Vance. The plaintiff charges the defendant with illegal relations with his wife on or about June 5, 1894, and at divers other times. Hoge has until Saturday, August 4, to file his answer. He claims he is innocent and says this is a blackmailing scheme.
 The attorneys for Vance are W. W. Frances, of Martin's Ferry, and J. C. Tallman and E. A. Armstrong, of Belvoir.

Suit was filed in the Belmont county common pleas court on Monday, July 2, and the summons placed in the hands of Deputy Sheriff Samuel Westwood, of Martin's Ferry, to serve on Hoge and could not be served until Mr. Hoge was found in Belmont county, he being a resident of Jefferson county. Westwood had been on the lookout for Hoge every day since and was anxious to serve them as the papers would have expired to-day. He started for the postoffice on Saturday afternoon to return the papers and when near the postoffice saw Mr. Hoge talking with Judge John S. Cochran and then there got service. After the papers had been served on Mr. Hoge in Martin's Ferry, on Saturday, he was soon and denied everything.

When Travelling.

AN ATTEMPTED SUICIDE.

John Halpin, Patrol Wagon Driver, Cuts and Hangs Himself—He May Live.
 Last night John Halpin, one of the drivers of the police patrol wagon, attempted to kill himself at his father's residence on the corner of Ninth and McCulloch streets. He was out the road in the afternoon, and was soon coming homeward between 9 and 10 o'clock. An hour later his father, Patrick Halpin, with whom he lived, heard groans in the cellar, and going down, a gruesome sight met his gaze. His son lay there weltering in blood, with a long, deep gash in his throat, and both wrists cut half to two. Near him a rope swung from a timber overhead, and it was also covered with blood, showing that after he had cut himself he had tried to hang himself, but the knot came undone and he fell to the floor.

Dr. Frissell was at once summoned and the police notified. The doctor said his wind pipe had been partly severed, but he thought his life might be saved.

Halpin had been off on a spree since the Fourth of July for eight or ten days. He had worked two days since he straightened up. Supposed friends had been telling him he would be discharged, and in his condition this worked on his mind so that he attempted to end his life. Some of the talk which helped to make him despondent was alleged "fun."

Halpin is about forty years old and single. He was formerly a laborer and teamster, and has made an excellent patrol driver, handling the team with skill, and he stood in high favor with Chief McNichol until his recent spree. Then he was warned to straighten up, but assured of continued employment if he behaved as he should.
 At latest advices last night he was alive, though in a precarious condition.

DISTRESSING FATALITY.

Dennis O'Brien, a Street Car Conductor, Drowned Yesterday.

Dennis O'Brien, a conductor in the employ of the Wheeling Railway Company, was a guest at the camp of the Island Fishing Club, on the Ohio below New Martinsville, yesterday. During the afternoon between 3 and 4 o'clock, with others, he was bathing in the river. While beyond his depth he was suddenly taken with the fatal cramp, and before assistance could reach him, had drowned. The occurrence cast a pall on the camp.

O'Brien was to have come up to Wheeling on the evening train on the Ohio River road, and at Moundsville was to have met his wife and children who had spent the day at the camp grounds. The news of the death of her husband was not communicated to Mrs. O'Brien. O'Brien was about thirty-five or forty years of age and considered one of the best men in the employ of the street railway.

BACHMANN NOT GUILTY.

The Jury Reaches a Verdict After Being out Five Hours.

Saturday afternoon a little before 5 o'clock the trial of James P. Bachmann on the charge of abortion on Agnes Ethel Cooper went to the jury. The evidence was finished early. A small son of Susan Mulvey's testified to having seen Bachmann in his mother's kitchen, but could not say when. The defendant did not testify.

M. D. Post opened the argument for the state, followed by Mr. Coniff and Capt. Dovenor for the defense and Mr. Howard wound up for the prosecution, all making strong speeches.

The case went to the jury shortly before 5 o'clock, and it was after 10 at night when it came in with a verdict of not guilty. The accused and his relatives, as well as his attorneys, were showered with congratulations on the outcome. It was said after court adjourned that on the first ballots the vote stood eight for acquittal to four for conviction.

WILL GO TO WORK.

Potters Come to This Conclusion at Their Saturday Meeting.

Saturday afternoon the pottery workers of this city held a secret meeting at their hall, at the corner of Twenty-third and Market streets, and decided that they would accept the 12 1/2 per cent cut in wages decided upon at the Washington compromise meeting last week. It was argued that the strike cannot now be made a success, as the Trenton workmen have come to terms with their employers and will go to work this morning. This fact more than anything else prevailed upon the local men to accept the cut. It is probable that the two local potteries will go on early this week. A committee of workmen will confer with the management of each to-day.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,
