

KNIGHTS OF PYTHIAS.

Only the English Language to be Used in the Rituals.

THE GERMAN QUESTION DECIDED

After a Warm Debate—The Majority Report of the Committee Adopted. A Patriotic Document—Saloon-keepers, Gamblers and Bar-keepers Barred from Membership in the Order Hereafter.

WASHINGTON, D. C., Sept. 6.—The much mooted German question was decided by the supreme lodge of the Knights of Pythias to-day by a decisive vote against permitting the use of the ritual in other than the English language. Two votes were taken, the first on the substitution of the minority report to give the German lodges five years of grace in which to adopt the English ritual, resulting 74 to 41 against the minority report. Then the majority report was adopted by a vote of 79 to 36.

The gist of the majority report is found in the following recommendation: "That the supreme lodge renounce and reaffirm the declaration made at the Kansas City session, that henceforth and forevermore the ritual used in this and all other English-speaking nations shall be printed in the English language only, and that when the standard of our order shall be planted in any country speaking another than the English language the ritual therein used shall be printed and all concourses over which this body has control should be conducted only in the language of such government, to the end that it may be known to all men and to all nations that around our altars Pythian knights are taught, as one of the cardinal principles of our order, undying loyalty and devotion to the government to which they owe their allegiance, whether it be the land of their birth or the country of their adoption."

It also commended the supreme chancellor for his action in upholding the law in this matter and was signed by four members of the committee, Stanton L. Carter, Thomas D. Meers, L. P. Hunt and Aaron Myers.

John H. Russo, of Indiana, was the author of the minority report, which recommended that lodges which have remained loyal to the supreme lodge and were working with rituals in other than the English language when the last ritual was promulgated be furnished with rituals in the language they were previously using for a period of five years, after which they should surrender them and use only the English. Three hours of warm debate were had over the question. The principal speech for the minority was made by Representative Featherstone, of Wisconsin, and for the majority by Representative Carter, of California. It was argued against the minority proposition that if five years were granted the German lodges, they would apply for another extension of time at the end of that period and the whole question would have to be fought over.

Sitting in committee of the whole the lodge has approved the unanimous report of the committee on the state of the order recommending that saloon-keepers, bartenders and professional gamblers be declared ineligible to membership, but not effecting those who have already become members. The question has not been acted upon by the supreme lodge proper.

The same committee recommends that the supreme lodge proclaim against the use of the name of Pythianism in connection with side ranks.

A request has been telegraphed to the supreme lodge to institute a search for B. F. Franks, of Belle Plaine, Iowa, who came to Washington to attend the encampment and has not returned to his home. His friends wire that one of his children is at the point of death.

PAPAL ENCYCLICAL

Declaring Satelli's Authority Here Absolute in Preparation.

New York, Sept. 6.—A dispatch dated at Rome says: The pope is preparing an encyclical letter addressed to the bishops and people of the United States. The document has been under consideration ever since the visit of Archbishop Ireland to Rome, and it will shortly be issued.

The letter will announce the absolute supremacy of the apostolic delegate in church matters in the United States with the simple right of appeal to the pope. The apostolic delegation will take the place of the Propaganda Fide in directing religious affairs in the United States.

The encyclical will not deal with scholastic questions.

A DIZZY FAKE.

What Genius Was It that Imposed Upon the Newspapers?

HAZLETON, Pa., Sept. 6.—The story sent out from Lofty, Pa., to the effect that the mining town of Scotch Valley had sunk out of sight is untrue. There is no Scotch Valley mine in this region. The Philadelphia & Reading operator at Lofty says the story cannot be constructed.

A Good Reason Given.

New York, Sept. 6.—Manager Waring, of the Standard Oil Company, said to-day that there was no truth in the published report that there had been a hitch in the deal between his company and a Russian oil syndicate. "There could not be a hitch," said Mr. Waring, "because the Standard Oil Company has never entered into any negotiations with Russians or any other foreigners seeking to control the petroleum market of the world."

A Smuggler Caught.

New York, Sept. 6.—A quantity of Meerschaum pipes, diamonds and other precious stones were seized from George Nicolay, a Californian and cabin passenger on the North German steamship Lahn, on the arrival of that vessel from Bremen. In his possession were found 21 meerschaum pipes, 11 diamonds unset, five opals and four pearls.

More Will Go Out.

New York, Sept. 6.—In addition to the 15,000 persons now out of work by reason of the strike of the sweat shop coat makers belonging to the Brotherhood of Tailors, 15,000 tailors affiliated with the Knights of Labor, will strike to-morrow morning unless meanwhile a settlement shall be effected.

Another Tammanyite Guilty.

New York, Sept. 6.—Police Captain John T. Stephenson was to-day found guilty of bribe taking and dismissed from the force. The verdict of guilty was a unanimous one on the part of the police commissioners.

THAT CHOLERA CASE

At Cumberland Not Believed to Be Genuine at Washington.

WASHINGTON, Sept. 6.—A telegram was received to-day by Surgeon General Wyman, of the Marine hospital service, from Health Officer Duke, of Cumberland, Md., announcing the death there last night of John P. Walther, a German immigrant, with symptoms pointing to Asiatic cholera. Dr. Wyman wired the officer to hold a post mortem examination and report the results. Dr. Wyman said: "I do not believe that this man died of Asiatic cholera. There is now no cholera in Bremen, the port from which he is said to have come, and has been none."

"What is the situation with regard to the disease in Europe?" was asked. "It is rather on the increase in Europe, but so far has been confined to the most southern portions of that coast and is most prevalent at Austro-Hungary. This has kept it away from the ports whence the immigrants come to these shores."

ANDORRA'S INDEPENDENCE

The Bishop of Urgel Refuses to Recognize the Sovereignty of France.

PERPIGNAN, FRANCE, Sept. 6.—The people of Andorra are in a state of great excitement. The bishop of Urgel has issued a pastoral letter claiming that he is sole ruler of Andorra and that he will no longer admit the sovereignty of France.

Andorra is a neutral country, with the name of a republic, situated on the south slope of the Pyrenees, between the French department of Ariège and the Spanish province of Lerida. Its area is about 160 square miles.

Andorra's government consists of twenty-four consuls elected by the population, which numbers about 12,000. Up to the present Andorra has been subject to the suzerainty of France and of the bishop of Urgel, the independence of the little state dating back to the time of Charlemagne, in 790. The inhabitants of Andorra are mostly shepherds, who speak the Catalan language.

Saborn Gets It.

Special Dispatch to the Intelligencer.

WASHINGTON, D. C., Sept. 6.—George W. Saborn, of Charleston, to-day made application to be appointed an immigrant inspector of the treasury department.

Postoffice Change.

Special Dispatch to the Intelligencer.

WASHINGTON, D. C., Sept. 6.—The name of the postoffice at Archer, West of Smithfield, and Henry L. Smith appointed postmaster.

BELLAIRE

All Sorts of Local News and Gossip from the Glass City.

There was some commotion among Bellaire saloon-keepers yesterday when it was found that the mayor had had a detective on duty for a time looking after the men who disregard the law. The detective is W. E. Mallory, of a Cleveland agency, who has been here for two weeks with the announced purpose of looking for a location for a jewelry store. He reported a dozen cases, all saloon men, for violations as follows: John B. Watt, selling after hours; Emil Schmidt, selling after hours; 2; O. Stabb, selling after hours; Henry Grella, selling after hours; Thomas Cullen, selling after hours; Wm. Bolte, selling after hours; Mrs. Watkins, selling after hours; John Maulo, Sunday selling; T. H. Madden, Sunday selling; Wm. Shidewolf, Sunday selling; P. Wheaton, Sunday selling.

A fellow who gave his name as Ollie Ambrose dropped into this city Wednesday and found his way to Charlotte Ward's home. A row soon followed and the man gave the woman a frightful beating. He was arrested, but it took two or three men to get the fellow to the lockup. The mayor will hear the particulars this morning.

Thomas Cullen was tried yesterday. He demanded a jury trial. This was refused and the mayor heard the case, but at its conclusion reserved his decision till Saturday.

The school board met Wednesday night, but transacted only routine business, except in the appointment of Wilbur Howell as one of the city examiners for three years.

Pete Riley, yardmaster in the Baltimore & Ohio yards here, got the fingers on his right hand pinched between the bumpers yesterday morning.

Frank B. Archer is at Columbus attending a meeting of the county treasurer of the state, of which organization he is president.

Messrs. O. P. Mason and Marion Seale are at Lorain closing the land deal for the syndicate in this city.

Marshall Babra and wife will leave next week for a two weeks' vacation in the northwest.

The Coffee Circle was entertained by Mrs. C. Rumbach at her home Wednesday evening.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

WHERE LIES THE DANGER?

So Say the Various City Boards of Health.

THE ANSWER HAS BEEN FOUND.

Evidence That Even Impure Vegetables and Tainted Meat are Not so Bad as Food Undigested.

There has been a great deal said in the papers about adulterated foods. Every large city has a Board of Health that carefully inspects the fruits and vegetables that come into the city. This is all very well, but it does not reach the source of the trouble from which men and women suffer. No food is healthy if it is not digested. If the sweetest and freshest vegetables form acid or gas in the stomach they are poisonous. A boiling, rotting mass of food in the stomach that is not and cannot be digested, becomes simply rank poison, no matter how pure and good the food may have been before it was eaten, so that the trouble is not so much with the foods as it is with our power of digesting them and turning them into pure blood, flesh, muscle, nerve, brain and bone.

What is the lesson from these clear and often unthought of truths? Look to your digestion! Food will help you if it is the right kind, providing you digest it. If not, any food will injure and poison. It is here that science has come to the rescue. The discovery of a process of artificially digested food has actually been made so that the stomach becomes relieved of the necessity of overwork, and so that perfect digestion can take place without effort. The discovery of this pre-digested food has aroused a great deal of attention in medical and scientific circles, and now that it is being manufactured and put up in a form so that people can obtain it, it has worked a revolution in the subject of foods. It is known to the public as Paskola. Increased weight, freedom from dyspepsia, and the pleasing sensation of healthy acting organs are certain to be found by all who use this great pre-digested food.

This has been strikingly illustrated in the case of Mrs. Charles Beck, who resides at No. 284 Twenty-fourth street, Detroit, Mich. She said:

"I had been feeling sick for five months. My strength and flesh were so fearfully reduced that I could not leave my room for weeks. My appetite was poor and it seemed as though I could not find anything that would restore my strength, appetite or health. My complexion was very sallow during this time, my sunken eyes were surrounded by deep, black circles, and my nervous system was so badly shattered that the faintest noise would send me into hysterics."

"One day, while I was suffering very much and felt pretty despondent my husband brought me a bottle of that great pre-digested food, Paskola. I commenced its use and in four days I not only ate heartily, but I gained sufficient strength to leave my room and look after my usual duties. By the time the first bottle was consumed I had gained five pounds, the circles disappeared around my eyes, and my complexion showed a marked improvement. I continued the use of Paskola and have gained 144 pounds, am attending to my household duties, and believe I owe it all to Paskola, and that any others who may be suffering like myself may receive the same wonderful benefits."

Such statements as the above confirm what the best scientists, doctors and physicians have already learned, namely, that Paskola, the pre-digested food, which is justly so popular, does accomplish what was never before known in the history of the world.

A pamphlet giving full particulars respecting Paskola will be sent on application to the Pre-Digested Food Company, 30 Rensselaer street, New York city.

G. A. R., ATTENTION!

Password and Countersign for the Pittsburgh Encampment.

Comrades, the password to the G. A. R. National Encampment is "Pennsylvania Lines," and the countersign is "Look at the Map." There is only one railway over which regular trains and through cars run from your locality direct to Pittsburgh; only one shortest and best route. Any reliable railway may will prove that these advantages are possessed only by the Pennsylvania Lines. This is the only thoroughfare from your station to Pittsburgh under one management. It will be great fun going to the Encampment in special cars and special trains with bands and flying colors. But how about getting back when the great crowd breaks up and makes the rush for home. Think about it. It's likely you'll feel tired at the close of Encampment week and not care to spend any more hours on the road or change cars often than is necessary on the return journey. Take the Pennsylvania Lines.

"Baltimore & Ohio."

To accommodate persons attending the fair the Newark, O., accommodation will not leave Wheeling, September 5, 6 and 7 until 5 p. m. Eastern time.

A. M. BAILEY, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies with little relief until she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has cured her sound and well. Give it a trial and you will be surprised at the prompt relief it affords.

Harvest Excursion to Michigan, September 18, 1894.

The Cleveland, Lorain & Wheeling Railway Company will make half fare rates for the round trip to all points in Michigan. Stop over privileges will be granted to any point in the state. Tickets will be on sale September 18, 1894, good for twenty days. This is a rare chance to visit your friends and examine the vast resources and business opportunities of this great state. Tickets on sale at all stations.

J. E. TERRY, General freight and passenger agent.

Every household should be prepared for emergencies, for how often, "like a thief in the night" croup or whooping cough may come upon a dear child without warning and in a few hours place its sweet life in balance by a slender thread. Cubob Cough Cure, promptly used, will avert all danger. Delays are dangerous. Sold by Alex. T. Young, John Klari, Wheeling, and Bowie & Co., Bridgeport, Ohio.

Buckley's Astringent Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever blisters, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Logan Drug Company.

HO, FOR ANOTHER

POPULAR • EXCURSION!

Glimpses of America.

Our Peerless Portfolio of Scenery

Is the vehicle that affords charming journeys to all the wonderlands of our country, picturing and describing the scenic marvels of the United States and Canada in a manner never before attempted and never to be equaled.

IN PART 23,

Which is now issued and ready for delivery at the INTELLIGENCER office, our tourists are taken from Niagara Falls to Seneca Lake, New York, and thence to Watkins and Havana Glens, the two most remarkable fairy bowers—diversified by caverns, nooks, cascades, waterfalls, sedgy banks and terraced walls—in the world. Leaving these beautiful places the route is to the St. Lawrence and thence up that stream among the Thousand Islands and across to Northern New York, then down into the sable wilderness of the Adirondacks. Our journey is through Indian Pass, up Ausable River, and into the jaws of that marvelous wonder, Ausable Chasm—a sight to inspire a poet's fancy and a painter's brush. Then we make a trip into the famed mountain region and deep woodlands of the wild Adirondacks, a combination of Alpine grandeur and Black Forest awesomeness, where solitude is enthroned as queen of the dismal wilderness. Thence we travel down the Hudson River, wander over the Catskills, view the pleasant scenery, visit the historic places along the river shores, read stories of Revolutionary events that transpired hereabout, and hear the legends of Sleepy Hollow and Ichabod Crane repeated again as delightfully as when Irving first told them.

Part 23 is Embellished

With 18 Charming Photographs:

Summit of White Face Mountain; Ausable River; Kaaterskill Falls; Ausable Chasm; Grand Flume; Boog's River Falls, Adirondacks; Mount Morris; Buttermilk Falls; Adirondack Lodge and Clear Lake; West Point from Eagle's Rest; Rainbow Falls; The Hudson Narrows; Surprise Falls and Gill Brook; Bridge Over Glen's Falls; View North from West Point; Break-neck Hill; Trophy Garden, West Point; Storm King Mountain.

One Coupon cut from the First Page of the Intelligencer and Ten Cents for each part. Address the

Art Department,

DAILY INTELLIGENCER,

WHEELING, W. VA.
