

The Intelligencer, Published Daily, Except Sunday.

TERMS: For Year, by Mail, Postage Prepaid. DAILY (SIX DAYS IN THE WEEK) \$6.00...

INTELLIGENCER PUB. CO., PROPRIETORS, 25 AND 27 FOURTEENTH STREET, WHEELING.

The Intelligencer, WHEELING, SEPTEMBER 29, 1894.

REPUBLICAN TICKET. FOR CONGRESS: First District—B. D. DOVENER, of Ohio County...

English Admiration of Mr. Wilson. It is all very well for Mr. William L. Wilson to talk to his London entertainers...

To-day's Bicycle Races. To-day brings to Wheeling the finest field sports she has ever seen...

WEST VIRGINIA hog and hominy will be a little tame for Brother Wilson after banqueting with his Luau's friends...

If the Japanese capture Moukden, the ancient seat of the present Chinese dynasty, they will have struck China a staggering blow...

Every man of them would vote for him if he could, and every man of them would do what he can to prevent his defeat...

DAVID B. doesn't amount to a Hill of beans. There will be nothing left of him when this campaign is over...

Farm Values in Ohio County. The Register goes wild on the interview with Hon. W. M. Dunlap...

This does not mean that there will be a further decline. A fall of 40 to 50 per cent ought to be enough in all conscience...

Juggling Wool Quotations. Says the American Wool and Cotton Reporter of Boston, September 27: "A good many local papers in the fine and medium wool districts east of the Mississippi are quoting an advance in these wools entirely unwarranted by facts..."

President Cleveland's response to the Hill nomination must have made David B. think he was being ironed with an icicle.

Where does the Hill leadership lead and what are its fruits? Last year it led to the defeat of all the Democratic candidates for state offices...

professed mediums of information." This authority quotes Ohio, Pennsylvania and West Virginia XX and above at 19 cents to 20 cents a pound in the Boston market.

The Wheeling Register is among the "professed mediums of information" which have been putting out reports with intent to deceive. The scheme is being worked in the interest of the party which has put wool on the free list and itself in a hole.

COLONEL ALEX CAMPBELL repudiates part of the interview reproduced by the INTELLIGENCER from the Pittsburgh Commercial Gazette. Furthermore he didn't know he was talking for print.

Cold Comfort for Hill. On the day after the nomination of Hill the Democratic New York Herald had not one word of editorial comment on that sensational and highly interesting event.

These things may set the picturesque boss of the New York machine to thinking. If this be all he has to hope for from that part of the press which has been shouting for the Democratic party, where will he wind up by the time the Republican press has got through pounding the life out of him?

The Pennsylvania Democratic ticket is trying to worry along without a head. Mr. Slingerly doesn't care to play that role under the management of "ringsters, roosters and ruffians."

To-day's Bicycle Races. To-day brings to Wheeling the finest field sports she has ever seen, and no better have been seen anywhere. The crack wheelmen of the country will be seen in contests of speed, and they will be real contests.

WEST VIRGINIA hog and hominy will be a little tame for Brother Wilson after banqueting with his Luau's friends, but he may be glad to get his fill of that after the election is over.

If the Japanese capture Moukden, the ancient seat of the present Chinese dynasty, they will have struck China a staggering blow, and that big but unwieldy country may sue for peace.

Not Politics But Madness to Nominate Hill—A Democratic Paper's Revolt. New York Times (Dem.)

When the Saratoga convention reassembled at noon yesterday it had greater need of sagacious leadership than at any other stage of its proceedings. It was known that Mr. Whitney declined to allow the use of his name as a candidate.

Instead of turning this hopefully to some new leader of promise, whose advent might have opened a prosperous era in the party's history, the delegates in a headless rush and with a veil nominating David B. Hill, who is not a new leader, and under whose management the party cannot be said to have enjoyed prosperity.

This does not mean that there will be a further decline. A fall of 40 to 50 per cent ought to be enough in all conscience. At present prices lands in this region ought to be a safe purchase, even as against present low prices for wool, wheat, etc., but certainly no one outside of the Register office will contend that land will go up unless the products of land lead the way.

Where does the Hill leadership lead and what are its fruits? Last year it led to the defeat of all the Democratic candidates for state offices and to the election of a Republican assembly.

popular protest swept the Republicans into unexpected control in the constitutional convention. That convention has prepared and will submit at the polls an abominably unfair and partisan legislative apportionment scheme that will become a part of the constitution if ratified, and will for the next twenty years put it out of the power of the Democrats to gain full control of the state legislature.

It is useless to seek for full approval of the convention's action among the opponents of the present state organization. Mr. Hill's speech in support of Mr. Cleveland and replying to Gorman, his seeming candid profession of a desire to see the party united, and the broad and in many respects admirable speech made by him on Tuesday in the convention have modified somewhat the opinions entertained of him.

Both the Wilson and Camden tickets are in the field and neither will be withdrawn, which will elect the Republican ticket. The Camden people will knife Bell Pritchard for state senator and vote for James A. Hughes, and the same thing will be done in Cabell county.

When men are shot and killed, and indulge in such murderous fights as occurred in Wayne between these two factions, it is all folly to say that the wound has been healed. The fact is it is a base untruth.

Defenses Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sold by druggists, 75 cents.

A Dangerous Man. New York Evening Post (Dem.) We consider Mr. Hill the most dangerous man in American public life. He is a "dare-devil," and delights to be considered as such.

Volume of Trade Less Than in a Normal Year—Improvement in Business Does Not Keep Up. New York, Sept. 28.—R. G. Dun & Co.'s weekly review of trade which issues to-morrow will say:

Special inquiry has been made this week at all commercial centres regarding the state of retail trade. Wide diversity appears in different trades. The main facts disclosed are first, marked improvement within the past month and a considerable excess over the business done a year ago, particularly in the necessities of life.

Evidence of continued improvement in wholesale trade and manufactures does not appear this week. There is large distribution of orders given some time ago, but new business going to the manufacturers is everywhere slackening. The completion of orders for replenishment of stock leaves a narrow demand, and it is yet too early for consumption to provide further orders.

Unprecedented records have been made in cotton and wheat, though as to wheat it contracts for future delivery in which the prices are the lowest ever made. The available stocks are about 15,000,000 bushels greater than a year ago, and western receipts for the week were 5,252,718 bushels against 6,101,034 last year, and since August 1, 51,000,000 bushels against 38,000,000 last year.

The iron industry shows a shrinkage and the prices quoted to-day are but little above the lowest this year. Bessemer pig is weaker at \$11 at Pittsburgh with an impression that excess of production must cause further de-

cline, unless lower prices are made for steel rails. Billets, structural forms and nails are a shade weaker, and in eastern markets competition of works to get business tends to destroy profits. There is more business at the west and Chicago reports a good demand for sheets, for bar in small lots and for coke pig, though plates and boiler tubes are weaker.

The boot and shoe manufacture continues to lead others in comparative activity, and shipments from Boston for the month have been 338,097 cases against 222,623 last year and 328,106 in 1892.

DEMOCRATIC FACHIONS. In Wayne County Still at War—The Feeling as Bitter as Ever. special Dispatch to the Intelligencer. HUNTINGTON, W. Va., Sept. 28.—The telegram from Huntington in Thursday's Register stating that the Wayne Democrats have made up their differences is as close to the truth as the Register usually gets.

When men are shot and killed, and indulge in such murderous fights as occurred in Wayne between these two factions, it is all folly to say that the wound has been healed. The fact is it is a base untruth.

Defenses Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sold by druggists, 75 cents.

A Thoughtful Person consults his best interests by having a box of Krause's Headache Capsules at hand; taken as directed will prevent or stop any kind of a headache, no matter what the cause—in fact if your skull was cracked it would prevent pain.

It is successful in curing Torturing, disfiguring, humiliating humors, When the usual remedies and even The best physicians fail. Entirely vegetable, innocent, and effective, It especially appeals to those who have Suffered long and hopelessly.

Littleton, Wetzel county, Wednesday, October 17, 7:30 p. m.

DISSIPATION KILLS. Too Much Pleasure the Tendency of the Day. We Exert Ourselves in Many Ways More Than We Ought. A Valuable Rule Which it Will Pay You to Follow. There never was a time when diseases were so common as now. And we bring them on ourselves by careless living. The system cannot stand everything, and it will surely rebel in time. One of the most common ailments is rheumatism. It indicates bad blood and low vitality. It may be caused by exposure, dissipation, or overwork. It is a dangerous complaint to neglect as it often involves other organs, especially the heart. There is a way to be cured of it and all nervous and chronic diseases and it never fails to cure. Here is a letter giving positive proof of it. Mr. M. J. Frahill, a well-known man of Waterbury, Vt., writes as follows: "About three years ago I was attacked by severe rheumatism. It was so bad that when it took hold of me it made me drop down in my tracks, and would cause me most intense suffering. Whenever I was attacked by it I was confined to the house. "I was fearfully worried over my condition and began to think I should never recover. I consulted eminent doctors, but got no permanent benefit from them. I saw Dr. Greene's Nervura blood and nerve remedy advertised, and concluded to try it as I knew it was highly recommended.

There never was a time when diseases were so common as now. And we bring them on ourselves by careless living. The system cannot stand everything, and it will surely rebel in time. One of the most common ailments is rheumatism. It indicates bad blood and low vitality. It may be caused by exposure, dissipation, or overwork. It is a dangerous complaint to neglect as it often involves other organs, especially the heart. There is a way to be cured of it and all nervous and chronic diseases and it never fails to cure. Here is a letter giving positive proof of it. Mr. M. J. Frahill, a well-known man of Waterbury, Vt., writes as follows: "About three years ago I was attacked by severe rheumatism. It was so bad that when it took hold of me it made me drop down in my tracks, and would cause me most intense suffering. Whenever I was attacked by it I was confined to the house. "I was fearfully worried over my condition and began to think I should never recover. I consulted eminent doctors, but got no permanent benefit from them. I saw Dr. Greene's Nervura blood and nerve remedy advertised, and concluded to try it as I knew it was highly recommended.

MR. M. J. FRAHILL. "I am happy to say that since using his medicine I have had no return of my disease. The pains have all left me and I am entirely cured of all my troubles. That was over a year ago I was cured and have had no return since. Thanks to Dr. Greene's Nervura blood and nerve remedy I am well and strong. It is a splendid medicine for it cures disease, and I heartily recommend it to every body. "Please publish this record of my wonderful cure, for the good of others. I believe they can all be cured as I have been by this remedy. It is the best medicine I have ever seen."

Dr. Greene's Nervura blood and nerve remedy is purely vegetable and harmless and is the discovery of Dr. Greene, of 35 West Fourteenth street, New York City. He is the most successful specialist in curing nervous and chronic diseases, and can be consulted free, personally or by letter.
