

BOWLING MATTERS.

The Wheeling League Elects its Officers Last Night.

PAUL REYMAN, THE PRESIDENT

Of the League—The Season Opens up Next Monday Evening, as Does the South Side's Also—Changes in the League Rules Are Made—About Players Who Are "Signed" by Clubs in Other Leagues—Other Sporting News—Gimm's Record Told.

Last evening, at the parlors of the McLure, which seems to have become bowling headquarters, a special meeting of the newly elected board of managers, of the Wheeling Bowling League, was held for the purpose of electing officers and transacting other important business. There was a good attendance, every club, but one, of the ten being represented. For president of the league, but one candidate was proposed, Mr. Paul O. Reymann, of the Wheeling club, who was elected to the position by acclamation. Mr. R. Mather Archer, of the Pen and Pencil club, was re-elected to the position of secretary-treasurer of the league. The new board of managers is composed of the following: Wheeling, Paul O. Reymann; Calumet, Charles Cameron; Pen and Pencil, R. M. Archer; Nameless, J. Howard Wells; Columbia, Charles Seibert; The Bowlers, E. M. Statler; Lotus, Frank P. Hall; The Brownies, George B. Horver; La Belle, George Hannan; Provident, Thomas G. Jenkins.

Among other matters that came up for action was the question whether or not the league should rule that players in its clubs shall not play in other local leagues. It was decided that Wheeling league players, if they so desire, can play on teams of the South Side league. The rule regarding changing of players if so desired by the team captain, was amended so that players can be substituted by others in the second game of the evening, if the captain so decides.

The interest taken in "things bowlicular" in the Wheeling league, and also south of the creek, where the South Side league has recently been organized, is more pronounced than ever before, and it is certain that the championship series will be more warmly contested even than last year. The interest is so great that several gentlemen are talking of organizing a third league.

A CUP CHALLENGER.

Watson, the Famous English Yacht Designer, is at Work on One.

New York, Oct. 16.—A cablegram from Gourock, Scotland, says: It may now be taken for granted that Designer Watson has the lines all out for a cup challenger for 1895, and just now Henderson, of Patrick, is preparing to see Lord Danraven and has talked the matter over with him.

On most reliable authority the statement is made that Lord Danraven decided that his first Valkyrie, which measured seventy feet on the water line—the ship with which he challenged three years ago—was hardly large enough for his all around purposes; consequently his idea was to challenge this year with an eighty-footer. He held strongly to this notion until a little more than a month ago, when he learned that Fife had an order for a boat over ninety feet and that James Gordon Bennett's new boat also would turn out to be a ninety-footer. In the latter event he saw but little chance for an eighty-footer on the other side to win the cup, and, being bound by his own precedent, which allowed all American boats available for the defense of the cup to be counted in again, he wisely decided to go the limit length and build a ninety-footer, thus asking no favors of the New York yacht club as to the length.

In fact there are many here who believe that Watson himself prefers a ninety-footer to a seventy-footer. Work on the boat will commence at once, and the challenge may be sent a little ahead of the official required time. Watson will say nothing about his new order except that she will no doubt be across and sail for the cup. It goes without question, that as in the case of the Thistle, an attempt will be made to build her in secret. In building a ninety-footer, Lord Danraven has gone to the limit of the new deed of gift and consequently need have no fear of existing boats.

Bell to Hanke.

In yesterday's Pittsburgh Dispatch appears the following from the roller skater, J. J. Bell, regarding a local skater:

"In answer to Hanke's talk in the Sunday Dispatch, October 14, in which he calls me a bluffer, I now deposit a forfeit of \$100 with the sporting editor of the Dispatch to skate Hanke, on roller skates, a series of three races in Pittsburgh, during the first week of December, for \$250 or \$500 a side.

"I now hold the championship medal and belt for five miles and will put either of them and \$2,000 up against \$2,000 and skate during the first week in January.

"Now, I want to say that I have never been a bluffer, and I never challenge without I have money to make good what I say I will do. Let us see whether or not Hanke is a bluffer. If he is not he will cover my forfeit at once and proceed to sign articles of agreement."

Another Foot Ball Game.

Hal Watson, of Martin's Ferry, is captain and full back of the Bethany College foot ball eleven. His club will play on November 10 at Wheeling with the University of West Virginia for the state championship, and with Wash-Jeff on November 20. Bethany's yell is "Hi! Y! Y! 'Rah! 'Rah! 'Rah! Ya-hoo—Beth—a—nee!" and colors white and green.

Brooklyn Won.

New York, Oct. 16.—At Eastern Park this afternoon the Brooklyn professional foot ball team defeated the Philadelphia, which is under the management of Arthur Irwin, by a score of 3 goals to 1.

Gimm Making Good Time.

CLEVELAND, O., Oct. 16.—Louis Gimm the local bicyclist, who started out on the Newburg track at 5 o'clock to beat the 24-hour record, will surely accomplish his purpose if nothing happens to him. At the end of the first 12 hours Gimm had made 203 1/2 miles, and was 700 yards ahead of Spooner's famous record. At midnight a heavy rain set in and Gimm was compelled to leave the track for 34 minutes. Notwithstanding the late time and a heavy track he is keeping up a tremendous pace and is still ahead of the best record with a very good prospect of lowering it. At the end of the nineteenth hour at noon, Gimm had covered 310 miles and was traveling at a 3:05 pace. He had

five hours more to ride and it was said undoubtedly break the record. He is in fine condition.

Gimm succeeded, at 5 o'clock this afternoon, in breaking the world's record for a twenty-four-hour run. The first mile was made in 2:59 4-5, the first ten in 29:59 3-5, the first twenty in 1:01:29, the first fifty in 2:30:53, the first seventy-five in 3:46:18 and the first one hundred in 5:06:13 1-5, or 39:05 4-5 less than the best previous record.

At 5 o'clock this afternoon, when Gimm left the track, he had covered 383 1/2 miles and 170 yards, or 270 yards less than 394 miles. The best previous was 374 miles, made by F. Ed Spooner.

BROKE THE RECORD.

Ziegler, the Californian, Does a Mile in 1:50 Flat.

SACRAMENTO, CAL., Oct. 16.—On the 28th of September John S. Johnson caused a sensation in bicycle circles the world over by riding a mile (flying start) at Waltham in the phenomenal time of 1:50. This wonderful feat was beaten in this city to-day when Otto Ziegler, of San Jose, covered the mile in 1:50 flat. As a matter of fact he did the mile in a fraction over 1:49, but as one of the watches made 1:50 flat the judges placed the official time at that figure.

Racing at Oakley.

OAKLEY, O., Oct. 16.—Only one favorite, the last on the card, won to-day. Summary: First, seven furlongs—Henry Jenkins won; time, 1:28. Second, six furlongs, Buckeney won; time, 1:16. Third, handicap, mile and an eighth—Lahman won; time, 1:56. Fourth, eleven-sixteenths of a mile—Jolin won; time, 1:08. Fifth, mile and seventy yards—Pearl Song won; time, 1:47.

Providence Races.

PROVIDENCE, R. I., Oct. 16.—The talent were heavy losers at Narragansett Park to-day. In the hurdle race Roman, the leader, fell at the end of the first mile, allowing Marcus to finish an easy winner. Summary: First, five furlongs—Charm won; time, 1:02. Second, five and a half furlongs—Lodi won; time, 1:10. Third, mile—Marshall won; time, 1:43. Fourth, five furlongs—Red John won; time, 1:02. Fifth, one and three-quarter miles over seven hurdles—Marcus won; time, 3:24.

The New League to Meet.

PITTSBURGH, Oct. 16.—A. C. Buckenberger and A. G. Pratt left this evening for New York to attend the meeting of the National Base Ball Association tomorrow. They would not say where the meeting is to be held, but that when the delegates are gathered in New York, they will retire secretly to some place out of the reach of the newspapers and the National League people. It is known that all the new association clubs, except Pittsburgh, will play Sunday ball at home.

New York will play Sunday games at Coney Island; Brooklyn at Ridgeway Park; Philadelphia at Gloucester; Providence, Buffalo, Chicago and Milwaukee can play on their own grounds, leaving Pittsburgh the only club unable to secure Sunday grounds. The team, however, will play on the first day of the week well away from home.

Gone Out of Business.

A most important branch of business in the human mechanism is that transacted by the kidneys. If your kidneys have gone out of business, look out! Soon they will become diseased, unless they receive the payment of their debt to nature. Use Bowditch's Stomach Bitters at the start and all will be well. Employ it, too, for malarial and dyspeptic troubles, constipation, liver complaint and febrileness.

Ask for Smith Brewing Co.'s ale and porter; take no other.

A Great Battle

Is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. Hood's Sarsaparilla is the weapon with which to defend one's self, drive the desperate enemy from the field, and restore bodily health for many years.

Hood's PILLS cure nausea, sickness, indigestion and biliousness. 25c.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia, a touch of the severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved and a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it.
