PHILADELPHIA, Oct. 31.—The meeting of the crack horses at Point Breeze has been postponed until Friday, upon application of Monroe Salisbury, the owner of Alix. A MOB'S WORK.

Eddy Martin Refuses to Turn State's Evidence and is Strung Up.

LOUISVILLE, Ky., Oct. 31.—A special to the Post from Princeton, Ky., says: News reached here to-day of the lynching of Eddy Martin, in Crittenden county, on yesterday morning by a mob variously estimated at from fifty to one hundred men. The scene of the lynching is in a remote part of the county and the details of the crime are hard to get.

The best obtainable information is that Martin was called upon at his home after midnight and asked to get up and help put out a fire that was raging in the neighborhood. Opening the door he was seized by a dozen or more men, who asked for information of Bill Goode, the lawless pauper commissioner of Crittenden county.

He was also asked about the latter's crimes, and especially that of horse stealing. The mob told him they had come to hang him, but if he would turn state's evidence upon Bill Goode he would be spared.

"If these are the only terms, gentlemen," said he, "let the hanging proceed. Bill Goode has been my friend, and I will shield him."

The mob quickly did its work, and left the body awaying from a limb on a lone country road.

The lynching is the result of the Goode-Rich gang in Crittenden county, and their lawlessness committed here. Goode, the leader, has been visited three times by a mob, but escaped each time.

Berry Rich was hung about two weeks ago, and the mob made a raid again last week, but failed to find their man.

THE COOK OUTLAWS

Have Not Yet Been Located—The Officers are Handcuffed.

MUSKOGEE, I. T., Oct. 31.—There are no new developments in the Cook outlaw situation. The Indian police have returned after a week without meeting any progress towards locating the gang. All sorts of reports are brought in as to their whereabouts, but there is no confidence to be put in any of them.

It is a noticeable fact that not one-fourth of the reports of their whereabouts that have come in here are correct. The officers who have been hunting them have not been shown any favors on their route and have had to pay well for anything they or their horses got. The gang is about to quit depositions and have scattered in all directions. There is but little reasonable hope of effecting their capture soon.

Box Sales for the Horse Show.

NEW YORK, Oct. 31.—The sales of the boxes of the annual horse show was held this afternoon at Madison Square Garden. Fully 500 representative New Yorkers attended. The bidding was somewhat slow. THE WOOL TRADE.

The Market Quiet and Sales Fall Below Last Week's.

BOSTON, Mass., Oct. 31.—The American Wool and Cotton Reporter will say to-morrow of the wool trade: The market is quiet and steady. There is no buying to speak of on the part of large mills, but small purchasers have been in considerable number and the aggregate amount of all kinds of wool taken by them during the week under review amounts to over 2,000,000 pounds, quite 78 per cent of which was domestic wool. Prices very little from those of a week ago.

The sales of the week amount to 1,783,000 pounds domestic and 504,000 foreign, making a total of 2,287,000 pounds against a total of 2,407,250 for the previous week, and total of 3,311,500 for the corresponding week last year. The sales since January 1, 1894, amount to 122,826,585 pounds against 95,600,000 pounds a year ago.

Lorenzo Danford, the invincible candidate for Congress in this district, spoke to a packed house at Clarington last night and will make two more speeches in that county to-day, then close his splendid canvass of this district in Belmont county, speaking here on Saturday night and at Martie's Ferry Monday night. Romorene would accompany him, and then later bills were put out that Judge A. J. Pearson would be here. Neither came and Mr. Barnes got a chilly reception. Mr. George W. Yost was chairman of the meeting, which was held in city hall, and Mr. Barnes occupied all of his time talking on the silver question in direct opposition to the position of the President and many of his hearers. To say this was not encouraging is to put it mildly. But Mr. Barnes being a capable lawyer was able to make some good points and did so. Hackett's brass band furnished splendid music.

It can always be depended upon. When reduced with water it is pleasant to take.
