In the Circuit Court at Yesterday's

Sessions.

### HABEAS CORPUS CASE POSTPONED

In the Gallaher Matter—A Peculiar Verdict Necessitates the Third Trial of a Case Appealed from the City Police Court—Minor Court Matters Disposed of Yesterday.

In the circuit court yesterday, Judge Paul on the bench, the jury in the case of Joshua Buckley, trustee, vs. Hannah Emsheimer, returned a verdict in favor of the plaintiff for \$190.83. The hearing of the habeas corpus case of W. L. Gallaher, late superintendent of the Wheeling office of the Fidelity Loan and Building Investment association, was postponed until Friday, the court refusing to enter into an examination until Justice Gillespie had held the preliminary examination, which he will do to-day.

In Judge Campbell's side of the court the jury in the case of Ike Smith vs. Elizabeth Embler returned a verdict in favor of the plaintiff of \$12.

The case of the city vs. George Reed, appealed from the police court, was tried before Judge Paul yesterday afternoon. He was fined by the mayor for disorderly conduct. The case grew out of his ejecting a man from Porter's saloon, on the South Side, where he was bar keeper. On a former trial in the circuit court the jury by some strange mistake brought in the verdict, "We, the jury, find the plaintiff guilty." The members afterward made affidavit that they intended the verdict to acquit Reed, but a new trial was granted, and yesterday the jury found Reed guilty. S. O. Boyce, his counsel, made a motion to set aside the verdict and grant a new trial. The penalty was only \$20 and costs.

### TO SECURE GLASS FACTORIES.

A New Movement Started by Strikers and Business Men.

The striking flint glass workers and some South Side business men, says the Pittsburgh Chronicle Telegraph, propose to erect or purchase tableware glass plants in opposition to the United States Glass Company. A capital stock of from \$200,000 to \$250,000 is being subscribed, and co-operative factories are to be built. It is said that of the amount \$50,000 will be taken from the treasury of the American Flint Glass Workers' Union. The workers have been dickering for several sites, and the McKee plant, on the South Side, is one of them. The South Side merchants are said to be moving actively in the matter, for the reason that since the strike began, fourteen months ago, they have been losing over \$8,000 per week in wages which were formerly spent at the stores.

Since the strike the American Flint Glass Workers' Union has lent about \$40,000 to co-operative plants at Tarentum and Sandwich, Mass. The South Side workers have been striving to secure plants to manufacture glass on the co-operative plan ever since the big strike began.

The Modern Mother has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Todd's PILLS act easily, yet promptly and efficiently, on the liver and bowels. 25 cents.

QUAKER BREAD is the most wonderful health food yet produced from the Wheeling Bakery. Made from pure liquid malt.

Don't forget the bazaar at Odd Fellows' hall to-day. Dinner and supper served. Many novel features.

EXAMINE H. E. Hillman & Co.'s fine stock of Jewelry and Silverware before you buy elsewhere. 1114-5

With all the good things in the world people prefer something new, and here comes the United States Baking Co.'s wonderful Pan-cake Flour, which has just been introduced to the trade, creating a sensation never before equalled for health, comfort and economy. Even the dyspeptic, who has long been denied the luxury of buckwheat cakes for breakfast, or flannel cakes for supper, says with this new Pan-cake Flour, he has hot cakes without a pang of remorse.

The Pan-handle Dyeing establishment, owned by John Heilmeyer, at No. 1431 Market street, is the best equipped house of its kind in Wheeling. In addition to the dyeing and cleaning departments a corps of first-class tailors are employed, who can do repairing as neat as it is possible. Clothes and ladies' garments, cleaned or dyed, can be made to look like new. Satisfaction guaranteed.
