THE BASE BALL RULES.

The National League's Rules Committee Makes Many Changes.

FIELDERS CANNOT WEAR GLOVES

Now, the First Baseman and Catcher Being the Only Players Excepted, West Goes to Springfield and Clemons to Akron to Work Up the Base Ball Sentiment—The Races at New Orleans—Fitzsimmons Quarrels With His Manager.

New York, Feb. 25.—The rules committee of the National Base Ball League consisting of Edward Hanlon, of Baltimore; James A. Hart, of Chicago, and C. H. Byrne, of Brooklyn, met in this city to-day in the Fifth Avenue hotel.

The committee made numerous changes which will be voted on by the league at its meeting on Wednesday.

Among the changes recommended are: Rule No. 8, to make the pitcher's plate 24 by 6, instead of 12 by 4.

Rule 14, section 2, is changed to read: "The alternate ball delivered the pitcher may be discolored by him, but by no other player. In so doing the pitcher shall resort to no other means than rubbing the ball with his hands or gloves."

Rule 19, section 2, is changed to read: "No player except the catcher and first baseman shall be permitted to wear padded or lined gloves or mitts."

Rule 40 is thus defined: "A bunt hit is a deliberate attempt on the part of the batsman to bunt a ball slowly within the infield so it cannot be fielded by an infielder in time to retire the batsman."

Rule 53 is changed to read: "The coaches shall be restricted to coaching the base runner."

An amendment to rule 55, section 33, reads: "It shall be the duty of an umpire to enforce the rule regardless of a personal opinion as to their merits. This shall apply especially to rule 63 and section 3 of rule 57. In the event of the umpire's failure to enforce these rules he shall be fined \$10 for each offense."

Rule 56—The committee recommend that the constitution be amended to penalize this rule as follows: "Any player other than the captain leaving his position in the field or leaving the bench to question a decision of the umpire shall be fined \$10 by the umpire for the first offense and for the second offense he shall be removed from the game and required to leave the field forthwith."

Rule 60, section 5, is amended to read: "The umpire shall remove a player for a violation of section 1, of this rule and the player so removed shall be ineligible to play in a championship game for the next three succeeding games."

The bat can now be of any size or length, but it must be round and made of "solid hard wood."

Another most important change is one that constitutes a foul ball. Hereafter any ball that goes onto foul ground between the lines of bases, is to be considered foul whether it is batted directly to the ground or in the air. This does away with the old ten-foot rule.

The foul tip was set upon as follows: "A ball tipped by the batsman and caught by the catcher within the ten foot foul line is a strike." This is a direct concession to the pitchers, the only one made by the committee.

BASE BALL MATTERS.

Magnates are Working on Akron and Springfield—Season Tickets.

Manager Will White, of the Wheeling base ball club, who is also a member of the Inter-State league organization committee, yesterday received word from Columbus to the effect that "Milt" West had gone over to Springfield to work up the base ball sentiment there if it is possible; he is to be joined there to-day by Manager McKean, of the Dayton club, and if it is in the bounds of possibilities there will be an organization in Springfield.

Mr. Clemons, of the Twin City club, was in Akron on Sunday, and talked with Mr. A. M. Miles, of that city, relative to the organization there and the result will be probably that Akron will fall into line with the other clubs and begin hustling for players.

Manager White says that the league will be placed under the protection of the national agreement within the week and then the several clubs will be at liberty to announce the names of the players whom they have signed.

The Wheeling management has already disposed of a large number of the season tickets, and it is probable that the 200 issued will be placed before the season opens.

Diamond Dust. In the spring of 1893 Clark, of the New York team, pitched a game for Norwich vs. Onoda in the Central New York league, when but one man reached first base, on balls, and he was caught napping off first base before a ball was pitched, making twenty-seven men put out to twenty-six at bat and none on bases. This is probably the best pitching record in existence.

There are four hundred and seventy-nine million one thousand and six hundred different possible ways in which the twelve National league clubs could end the race for the pennant this year.

The National league meeting occurs in New York to-morrow. President Young will present the schedule and "Fritz" Pfeiffer will apply for reinstatement.

"Fitz" on the Warpath. CLEVELAND, Feb. 25.—A local paper prints a story of a quarrel between pugilist Bob Fitzsimmons and his manager, Captain Giori, which came nearly resulting in bloodshed Saturday evening. The cause of the quarrel was the payment of a personal bill of Fitzsimmons which Giori said should not be paid with the theatrical money. This angered Fitzsimmons and he threatened to wipe the floor with Giori, but a movement as if to draw a revolver by Giori, put a stop to Fitzsimmons' anger and he refrained from exercising his strength against his manager. It is said Fitzsimmons has been acting ugly of late and that he and Giori will separate in a couple of weeks. Fitzsimmons' brother-in-law will manage the show.

New Orleans Races. New Orleans, Feb. 25.—Sixty-seventh day of Crescent City Jockey Club's winter meeting. Weather fine; track heavy.
