Pittsburgh Again Defeats the Cincinnati League Team.

ANOTHER WHEELING CLUB PLAYER

Reports to Manager White—Work on the Park Being Pushed—The Entries at Lexington For Today—Results of the Races and Ball Games Yesterday—Other News in the Field of Sport and General Athletics.

Last evening another member of the Wheeling base ball team arrived in the city. He is Catcher Davis, of Louisville, who was signed when Luckenberger reported to White that the St. Louis catcher, Kaufman, was not what he was cracked up to be.

The team continued its practice on the bridge park on the island yesterday, and all of the players are getting down to good playing condition. No word having been received from Hannan, the Hartford man who was slated for left field, Manager White had Charley Prince at work with the other players in the afternoon.

Work on the ball park is being pushed pretty fast, but if the grand stand is to be finished by Tuesday, when the Cincinnati league team plays here, a larger force of men will have to be put on the job.

ELKS' STAG SOCIAL.

An Enjoyable Time at M. Henne's After the Meeting.

Last night at the regular meeting of Wheeling lodge of Elks, there were two initiations, and afterwards a social session was held at M. Henne's, on Twelfth street.

The new Elks' are John Klari and Max L. Hess. The committee in charge of the social session, was composed of C. W. Albright, Charles Schmidt and M. G. Warner. Joe Klein, of Pittsburgh presided. The Astoria Mandolin club; W. B. Day, Charles Killmeyer and the Opera House orchestra entertained the assemblage, and among those present and taking part were Messrs. Strong and West, Billy Cunningham and Bert S. Kennedy, of the Albion company.

The Elks have engaged the Mario Wainwright company for a benefit on May 27 and 28, in "Daughters of Eve" and "An Unequal Match." They will try to make this a big society affair.

SOUTHWARD TENDENCY.

Of Population Shown by Reports of Large Purchases of Land.

BALTIMORE, Md., April 25.—Special reports to the Manufacturers' Record show a very decided increase in the southward tendency of population, illustrated by large purchases of lands in Georgia, Arkansas, and other southern states for western and northwestern colonists. Reports from the northwest show a very widespread disposition on the part of farmers to move south.

In industrial matters the attention is still given to cotton mill enterprises and reports for the week show a 3,000 spindle mill will be built at Concord, N. C., and a large addition made to another mill at the same place. Contracts for the erection of buildings for the \$200,000 cotton mills, including 5,000,000 brick to be established at Rome, Ga., by the Massachusetts cotton mills, of Lowell, Mass., have been let.

Capitalists interested in the Illinois Central railroad and others have organized a company to build in Louisiana, a sugar refinery planned to cost \$450,000 and to have a capacity of 20,000 tons, but only one-half of the plant will be completed this season. A number of miscellaneous enterprises including mining companies, gas works, electric light plants, gold mines, etc., are also reported. The active work of construction of the electric light line between Baltimore and Washington has now been undertaken, all charters for the road having been secured.

TRAGEDY IN ITALY.

ROME, April 25.—The tri-centenary of the death of Torquato Tasso, the great poet, was celebrated here and elsewhere throughout Italy to-day. In this city there was a funeral march. Deputations from the Arcadia society and from the Academy played a bronze wreath upon the tomb. An exhibition of Tasso relics and memorials was also held in the convent of St. Onofrio, in which the poet died. Prizes were distributed to the successful competitors among those who have written essays upon Tasso's works for the occasion. Tasso's "Arminta" will be performed at the Argentina theatre to-night.

HETTY GREEN NOT A NEW YORKER.

New York, April 25.—President Barker, of the tax department, received an opinion from the corporation counsel to-day, that the fact that Hetty Green, the richest woman in America, is a non-resident of the city of New York, is established. He therefore advised that no assessment for personal property can lawfully be made against her. The tax commissioner had assessed Mrs. Green for \$1,500,000 personalty. She claims a residence in Bellows Falls, Vermont.

ANOTHER MAN GONE WRONG.

LEBANON, Pa., April 25.—Ira Bickel, aged thirty-six, agent at this place for the United States Express Company, was locked up to-day, charged with the embezzlement of \$1,200 of the company's funds.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. A Letter

just to hand says: "It is needless for me to express my high opinion of Pearline, and that no clean family lives without it." Thousands of letters come, praising Pearline, but they don't all put it so strongly. We wouldn't want to ourselves. We don't say that things can't be made clean without Pearline. But we do say that things can't be made clean with so little labor and so little damage by any other means. And we want to say that loudly.

Millions use Pearline. Only a short time ago they rubbed and scrubbed and fussed in the old-fashioned way without it. Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled. If your grocer sends you an imitation, be honest—send it back.
