Ordinance Committee Wrestling with the Problem

AND THEN RECOMMENDS A CHANGE

Allowing Farmers to Compete with Butchers—A Delegation of Butchers and Another from the Trades Assembly Appear—Action of Other Council Committees.

Last night the council committee on ordinances met to consider a resolution offered by Mr. Farrell in council and referred to this committee, asking that an ordinance be prepared repealing the ordinance which prohibits the sale of meat by farmers in pieces less than half a quarter.

Mr. Farrell and three other members of the Trades Assembly were present to urge some action in the line suggested by the resolution, while Mr. Medick, Mr. Hess and Mr. Kalbitzer represented the butchers' association.

Mr. Farrell was invited by Chairman Stathers, on motion of Mr. Britt, to state his views. He replied that the position of the committee was set forth in the preamble. When that was answered he might have something else to say.

Mr. Medick was then invited to speak. He said the butchers could see no justice in the proposal; they pay taxes, pretty heavy ones, too, and ought to have protection. At this season there is no stock about here fit to butcher. The butchers have to buy western cattle, as a rule. If farmers undersold them it would be with meat from diseased animals. As it is a farmer can sell a half-quarter, and that portion of a sheep or calf would weigh but a few pounds. Wheeling to-day gets the cheapest meat in the United States.

Mr. Farrell said the blame did not attach to the wheeling butchers, but to the beef trust.

Mr. Medick asked if the farmers would come in, and Mr. Farrell said they had asked the privilege.

Mr. Kalbitzer—They can sell their meat here now.

Mr. Farrell—How many people, as times are, can afford to buy a half-quarter of beef?

Mr. Hess—It is a mistake to suppose meat has gone up much. Only the choice cuts were raised to 18 cents. Other meat remains as it was. Here you get porterhouse for 18 cents, and in Pittsburgh they pay 25, and in Chicago it is 28 to 25 cents.

Mr. Farrell—What kind of beef do you get?

Mr. Hess—Five and a half cents is the least we can buy it for, live weight—that is, any fit for market.

Mr. Medick presented the following statement showing how little profit there is in meat now:

Table with columns: COST OF A BEEF, RECEIPTS, and Total cost. Lists various items like steer, lamb, and receipts from market and city taxes.

In this table labor, rents and taxes are not counted. He also presented a statement of the revenues derived by the city from the butchers, which summed up as follows:

Table with columns: Market rent, City taxes, Water rent, Gas, and Total per year. Lists various revenue items and their amounts.

The two committees having withdrawn, there was a great deal of random discussion. It was said tailor could not be bought under 6 cents, and while the butchers sell it at 24 cents to their own association, they get a profit in the shape of a dividend from the combine.

There were many legal and other difficulties in the way, but finally Mr. Robinson moved to recommend to council that farmers be authorized to sell meat in any quantity desired by the consumer, but only at the market houses. The meat must be of this year raising.

This was adopted and the committee adjourned.

THE FIRE COMMITTEE

Makes Up Its Annual Estimates and Pays Bills.

The committee on fire department also met. The contract for furnishing ice for the department for the year was let to the Wheeling Ice and Storage Company, at its bid of 15 cents a hundred pounds, delivered. Other bids were 13, 25 and 30 cents a hundred. Bills aggregating \$223.33 were recommended for payment.

The estimate of the necessary annual expenses of the department was made up. The aggregate asked for is \$43,815.42, of which the main items are as follows:

Table listing various expenses for the fire department, including fuel, wages, and other costs.

All the items in the list are actual necessities.

Other Matters.

The board of public works last night resolved that the debris resulting from the Main street disaster must be cleaned off the streets and alleys as quickly as practicable. It was also ordered that all stop cock boxes extending above the level of the sidewalk must be lowered. The other day a woman tripped on one of these and broke her leg, and they are a condemned nuisance.

The market committee recommended for payment bills aggregating \$44.

ALMOST A HOLOCAUST.

A School Dormitory Burns and the Occupants Narrowly Escape.

SLIPPERY ROCK, Pa., May 13.—The boys' dormitory of the State Normal school here was totally destroyed by fire this morning at 5 o'clock. It was a three-story frame and 250 boys were sleeping there when the fire was discovered. Those on the first floor escaped without any trouble. Fire on the stairways cut off all means of escape from the top floor. The fire escapes were not adequate to admit of the escape of all, and many jumped into blankets. Others climbed down ropes. So far 26 of the boys are missing, but it is supposed they will all be accounted for by to-morrow, as a number are reported to have left for their homes immediately after the fire. The loss was about \$25,000, partly insured.

THE ELKS TROUBLE.

E. B. Hay's Scheme to Keep Up the Strife is Frowned Upon.

OMAHA, Neb., May 13.—E. M. Bartlett, of Omaha, chairman of the executive committee of the national peace convention of Elks, to be held at Buffalo, May 20, declared to-day that the alleged plans of E. B. Hay and others for the meeting of the Grand Lodge of Elks at Atlantic City, July 9, 10 and 11, could be of no effect. The executive committee of the national peace conference, he declared, has informed Hay that his meeting cannot be held and it is merely intended to continue the strife the order wants settled.
