 A genuine curiosity is on exhibition at the city clerk's office, in the shape of a Central American snail. Its shell is an inch and a half in diameter, and beautifully marked in amber and brown. The animal dropped out of a bunch of bananas at P. Bachman & Sons', and was captured by Clerk Charley Hennig. It has three horns as big as those of a small catfish.

In default of the cash he went to jail.

COAL MINE EXPLOSION

Burns Six Men, Fortunately None of Them Fatally.

IT WAS A NAKED LIGHT CAUSED IT.

Four Visitors Being Shown Through a Coal Mine Treated to a Realistic Representation of the Dangers of a Miner's Occupation—The Miner Acting as Guide the Most Seriously Injured.

Sunday afternoon there was an explosion in a coal mine on Edgington lane, about half a mile from the National road, which burned six men. Fortunately none of them were fatally injured, but all had narrow escapes as is often experienced under similar circumstances. The mine was that of Peter Storch, a local "peddling" bank, which he has owned and operated for over a quarter of a century, without serious mishap. The old mine was abandoned several years ago, and a new one opened, connecting galleries being dug between.

Sunday afternoon a number of Mr. Storch's friends were paying him a visit, and several of them expressed a desire to go into the mine and inspect it. Ed Higges, employed by Mr. Storch in the mine, and John Storch, a son of the owner, started to show four visitors through. The new mine was traversed, the guide carrying the naked lamp which he is accustomed to use when at work. The air in the mine is so pure and the draft so strong that the only trouble experienced with a light is its inability to blow out. Sunday, however, Higges went to show the visitors into the old workings. They had progressed for some distance when they came to a place where a quantity of soapstone had fallen from the roof, leaving a dome-like cavity above and blocking the tunnel.

The party started to climb over the pile of earth and stone, but when the blaze of the lamp reached the top of the cavity above there was a terrific explosion.

All six men were blown bodily some distance along the tunnel and more or less burned, besides being bruised painfully. They made their way out as quickly as possible, and it was found that Higges was very painfully and seriously injured. John Ebbott, Louis Dimmey and John Driscoll suffered somewhat from the flames and shock. The other member of the party escaped with a slight singeing.

Dr. Alexander was summoned and did what he could to relieve the sufferings of the injured men. None of them is dangerously hurt, but all had their curiosity entirely satisfied, and several of them will be laid up for some time. Gas had evidently accumulated in the pocket formed by the caving in of the roof, and when the light came in contact with it the natural result followed.

Two Accidents on the South Side.
 Yesterday Andrew, the four-year-old son of Andrew Stuppler, of the South Side, fell and struck his right hand on a broken beer bottle, cutting a gash three inches long and quite deep. Dr. J. H. Pinos sewed up the wound.

A Pole, employed at the LaBelle mill, while engaged at work yesterday, let the tong slip he was working with, and falling, cut bad gashes on his arm and wrist. Dr. Pinos attended him, and it required nine stitches to close the cuts.

An Old Lady Badly Hurt.
 Yesterday morning Mrs. January Fisher, an aged widow who lives at 53 Eighteenth street, was standing on a chair fixing a window shade, when she slipped and fell heavily to the floor. Her wrist was fractured and the socket of her hip joint broken. The injury is very serious, and at her age is all the more so. Dr. Ackerman attended her.

A Remarkable Cure of Rheumatism.
 From the Groton, Connecticut, Review.
 David Lewis, who has been afflicted all winter by rheumatism, is out again and all due to one of the medicines advertised in our columns. After trying everything possible, he used Chamberlain's Pain Balm, which has relieved him of all pain, from which he was a constant sufferer, and promises to make him fit for duty soon. We know David has been a great sufferer and are glad to see him around again.

ON Decoration Day, for health and pleasure, go to the Wheeling Park, the finest pleasure resort in the Ohio Valley.

WHAT a minister says: Rev. R. N. Payne, New Haven, Mo., writes:—"Please add my name to the long list of friends to your excellent De Witt's Witch Hazel Salvo, its use in my family for several cases of skin eruptions and sores proved it a perfect healer." Never fails to cure piles. Logan Drug Co., Wheeling W. Va.; B. F. Peabody, Benwood, and Bowie & Co., Bridgeport, O.

Silver at your own price at the Auction.

THE EYES.

It has been demonstrated that there is more eye and head relief from the defects of refraction and the use of glasses not properly adjusted than from all other causes, and that it is absolutely necessary to have the eyes scientifically and skillfully examined and fitted with glasses to secure relief and prevent injury.

Those needing spectacles, or their eyes tired or head aches when reading or sewing can consult and have their eyes examined for glasses without charge by Prof. Sherr, the Scientific Optician, 1111 Main street, next door to Snook & Co.
