The Ritchie Football Team Fails to Show Up Yesterday.

AMERICUS PICKED ELEVEN

Which Included Several of the Celebrated Tigers—They Make an Excellent Showing, Only Allowing the Picked Team One Touchdown—A Challenge to the Ritchies—Dixon-Marshall Fight a Go. Corbett May Meet "Fitz" if He Whips Maher—General Spitzing Notes.

The crowd that collected on the old fair grounds to witness the game of football between the Ritchies and Americus teams yesterday afternoon, were somewhat disappointed on account of the non-appearance of the Ritchies. Consequently the Americus boys claim a victory.

A picked team, composed of Bridgeport and Wheeling's best players, including one or two of the Tigers, had all they could do to make one touchdown. The Americus boys played in fact a much better game than the heavy picked team, but on account of the picked team's weight and the rank decisions of the umpire, they were beaten by the close margin of one touchdown.

The features of the game were the superb tackling of Husman and Norington and the center plays of Eckles of the Americus. Alexander, of Bridgeport, and James Handlan, of the Ritchies, showed up well.

The Americus football team hereby challenges the Ritchies to a game at any convenient time in the near future, with the latter team lined up in the published announcement in advance of yesterday's game. If accepted, a notice through the Intelligencer will be sufficient.

"Fitz" Plays Football.

EL PASO, Texas, Jan. 1.—Fitzsimmons played football to-day. A team composed of Indian students from the territory school, at Albuquerque, N. M., and said to be the crack football team here to-day and were defeated by the score of 12 to 4. Fitzsimmons played right tackle for El Paso and enjoyed the sport of shoving Indians heads overhead immensely.

CORBETT'S POSITION

Is Defined by Brady—May Eventually Meet Fitzsimmons.

William A. Brady, manager for James J. Corbett, in a talk with a Pittsburgh Times reporter, defined the retired champion's pugilistic status. He states that Corbett's retirement from the prize ring is altogether conditional upon the outcome of the Maher-Fitzsimmons battle. If Fitzsimmons wins, he says Corbett will be at the ringside to challenge him to fight within two weeks. If Maher is the victor he will do nothing, unless Peter assumes the role of challenger.

Brady and Harry Stevens, the base ball man, were watching the old year out last night at the Schlosser, says the Times, when the former made this statement, the first which has been published since Corbett delivered the championship to Peter Maher. Brady firmly believes that Maher will win his contest with Fitz. He said that Fitzsimmons is a coward. He would never have allowed himself to get into the same ring with Peter Maher if he did not stand to win \$15,000, or lose, on the battle. I know positively that Fitzsimmons is in for a third of the kinetoscope privileges.

Dixon-Marshall Fight.

There is apparently some misunderstanding about the proposed battle between George Dixon and "Jerry" Marshall, inasmuch as a report has been sent abroad that the contest has been declared off. M. J. Connelly, Marshall's backer, stated yesterday that the young men will certainly fight. During an interview, Marshall's backer said:

"While it is true that some complaint has been made about the size of the purse, the contest has not been declared off. Vendig offered \$3,000 for a contest between Marshall and Dixon, and after lots of argument between Vendig, O'Rourke and myself, the purse was increased to \$5,000, and Vendig says that is the limit. But we'll get \$4,000, and at any rate the fight will go on."

PACIFIC COAST EVENT.

The Reswome Stake Won by Santa Bella. Fastest Filly in the West.

SAN FRANCISCO, Jan. 1.—The largest crowd that ever gathered within the gates at the Bay district park was present to-day to witness the Reswome stake. So great was the crush that it was impossible for the bookmakers to handle all the bets, and hundreds were unable to place their money on their respective choices. W. O. B. McDonough's filly Imp. Santa Bella demonstrated that she is the fastest filly in the west, giving away weight, getting off none too well, and then winning so impressively well as to set all doubts at rest regarding her superiority over the filly, Sallie Chouet.

The latter was a strong favorite at 6 to 5, with Imp. Santa Bella and Imp. Miss Brunnie coupled at 2 to 1. E. J. Baldwin's Argentine, at 6 to 1, got the place. Doggett, on Argentina, beat the flag three lengths and was six lengths in front before the others realized it was a go. Turning into the stretch Sallie Chouet and Santa Bella closed up on the flying leader, the latter winning by three lengths with Argentina two lengths in front of Sallie Chouet.

"Pittsburgh Phil" started his horses for the first time to-day, running second with Ed Kearney, and winning the handicap with Derfargala, who he backed heavily. Two favorites, two second and two third choices secured first money to-day.

New Orleans Races.

NEW ORLEANS, Jan. 1.—Thirty-fourth day Crescent City Jockey Club's winter meeting. The New Year handicap at a mile for three-year-olds and upwards was the feature of the day's card. A long delay at the post beat the weight carriers and William E. Light weight, coming through at the end, won very cleverly. Captain Kidd was the only winning favorite. Weather clear and cool; track slow and attendance large.

Harvard Wins the Chess Match.

NEW YORK, Jan. 1.—To-day the inter-collegiate chess tournament concluded and Harvard came out victorious. To-day's playing resulted as follows: Seymour, Princeton, beat Price, Columbia, after forty-seven moves; Hyder, Harvard, beat Murdoch, Yale, after fifty-three moves; Burdick, Harvard, beat Armitage, Yale, after thirty-two moves; Price, Columbia, beat Elinor, Princeton, after fifty moves. On the final round, Columbia won eight and lost four; Harvard won eight and one-half and lost three and one-half;

Yale won three and one-half and lost eight and one-half, and Princeton won four and lost eight.

Golf Tournament.

LAKEWOOD, N. J., Jan. 1.—The golf players were forced to face a strong wind to-day in the match for the cup offered by George J. Gould, and high scores were the exceptions. There were forty-five entries for the matches and the links were thronged with spectators during both the morning and afternoon. Rev. Dr. W. S. Kainsford, of St. Andrew's Club, won the cup, with a net score of 88. He had a handicap of three. George A. Armstrong, also of St. Andrew's, won the gold medal given by the Lakewood Club, as a second prize, with a score of 90, playing from scratch.

GOVERNOR MORTON

Discusses the Monroe Doctrine in His Message—Deprecates the War Feeling.

ALBANY, N. Y., Jan. 1.—Governor Levi P. Morton's second annual message was submitted to the legislature upon the convening of that body to-day. In it, after a brief historical survey, the governor touches upon the pending controversy between the United States and Great Britain in the following paragraphs:

"The doctrine formulated by President Monroe and which has since borne his name has become so well established in American national policy that there is no room for doubt as to the opinion of our people concerning it. New York now has a population nearly equal to that of the entire union when Mr. Monroe became President, and our peculiar geographical position, the location within our borders of the American metropolis, and the vast and complicated commercial interests of our state, justify us in feeling an especial concern in the present unhappy situation. Any disturbance of the existing friendly relations between the United States and Great Britain cannot fail to have a serious effect. Because of the possible beneficial consequences of such disturbance, I deem myself justified in making this reference to the larger affairs of the nation in which we feel such a peculiar and vital interest.

"I cannot believe that the relations between our country and Great Britain will be ruptured or seriously impaired by the misunderstanding now existing between that country and Venezuela concerning the proper location of the boundary line of their possessions in South America. Arbitration affords a simple, humane and honorable method of determining national disputes and it is scarcely conceivable at this period of the world's history that any great nation is willing to take the responsibility of the needless sacrifice of human life and the wanton destruction of property which would be the inevitable result of an armed conflict."

TERRIBLE WRECK.

The Rocky Mountain News' Special Wrecked—Engineer and Fireman Killed and Injured.

DENVER, Col., Jan. 1.—The Rocky Mountain News special train on the Denver & Rio Grande Railway, was wrecked at Malta, four miles this side of Leadville. The engineer and fireman were killed.

The accident occurred about 7:15 this morning. The train slowed down as it approached Malta station, but the rails being covered with ice and snow, the wheels slipped and the engine jumped the track, crashing into the depot. The baggage car was thrown onto a coal car on the siding and broken in two, but the coach remained on the track.

HE GETS A LESSON.

A Livery Driver who is Now Sorry He Didn't Trust the Banks.

CINCINNATI, Ohio, Jan. 1.—Late last night three men assaulted Herman Rohling, driver in a livery stable, and after beating him to insensibility, took from his trunk about \$1,000 in gold. They overlooked a package containing over eleven thousand dollars in bonds and greenbacks, which Rohling, though only a driver, had accumulated in his fifty years. To-day two of the three men were captured by the police. They were John Weber, formerly a driver employed with Rohling, and Peter Shannon, also a driver. Nearly half the money was recovered.

Charleston's Charity Ball.

Special Dispatch to the Intelligencer.

CHARLESTON, W. Va., Jan. 1.—The charity ball in the hall of the house of delegates to-night was a complete success and the most brilliant social event since the inaugural ball about three years ago. The entire affair reflects great credit upon its projectors and the efficient committees who had it in charge.

Turkish Situation.

CONSTANTINOPLE, Jan. 1.—According to a dispatch from Orfah Asiatic Turkey, there have been fresh outbreaks there on Saturday and Sunday. No details of the disturbances have yet reached here. In reply to the demand of the United States minister, Mr. Alexander W. Terry, the Turkish government has ordered the val of Aleppo to furnish an escort to Miss Shattuck and three native teachers from Orfah to Aintab.

Mr. Terrell has received information which shows that all the missionaries in Anatolia are in safety.

The Turkish government has given an

evasive reply to the offer of the representatives of the powers to mediate with the Zettoualis. The ambassadors resent the stand taken by the porte and the dragomans are urging the Turkish officials to accept the offer.

BRADLEY A CANDIDATE.

The Presidential Boom of the Kentucky Governor Launched—Kentuckians Hold for Him.

LOUISVILLE, Ky., Jan. 1.—A special to the Post from Frankfort, Ky., says: A convention of leading Republicans was held in the office of Governor Bradley last night and the "Bradley boom" for President was started.

This was the theme, and the toast to the governor were full of "Happy New Years" wishes for his political preferment in the year 1896. Heartily congratulations and best wishes were extended to the governor as a Republican candidate for President of the United States by forty prominent Republicans from every congressional district in Kentucky, who called by agreement on that official last night.

When some of his friends urged him to go into the senatorial race, the governor repeated with vehemence that he was not in the race and would not be. This will doubtless be good news to the various senatorial candidates, Messrs. Hunter, Wilson, Holt, Deboe and others. They will now be left to fight it out among themselves. The real object of the meeting of the Republicans with Governor Bradley it is known, was in regard to that gentleman's candidacy for the presidency. It can be said here, with entire accuracy, that before the New Year was an hour old every person present at the meeting had pledged himself to do all he could to elect a Bradley delegation from Kentucky to the national Republican convention at St. Louis, and to work in every way possible to secure his nomination.

It was argued that a man who has no enemies, as have Reed, McKinley, Allison or Morton, certainly is in a better position to gain the nomination than either of the gentlemen named. Further than this, Bradley is a sound money man who won his fight on a sound money platform. No other governor elected in the year just past can say that.

Bradley even went beyond his party's platform and made a winning fight. Bradley is a man who is in every way qualified to fill the office, was the belief of every Republican present at the meeting last night, and no thought will be given to the consideration of him for the vice presidency. No second place for him, was the determination of all those present.

MORRISON'S "FAUST."

Two Big Audiences at the Opera House Yesterday.

One of the largest matinee audiences of the season assembled at the Opera House yesterday afternoon to witness Morrison's "Faust," and in the evening the house was again crowded. The piece as produced by the present company has lost none of its grandeur which made it one of the events of last year's dramatic season. To offer a glorious year's success is presented the following season on a very meagre scale, seeking to strive on the prestige of its name alone, with a weaker cast, faded scenery and soiled costumes. This is not on the Morrison plan. All the scenery, properties, costumes, electrical and mechanical effects were brand new. The cast was a very competent one, and in no way was the great production deteriorated. From a dramatic and spectacular standpoint it is one of unbroken excellence from the time the curtain rises upon "Faust's" laboratory until it closes out the view of Marguerite's final redemption. The use of electricity and calciums have been made a study of, and the twinkling flowers in the garden scene, the first flashing from the woman's face, the attacks of Valentine and the blazing cross which warns him from the holy precincts of the church form effects which in their beauty and novelty startle the most confirmed theatre goers.

The culminate of course is in the Broken scene, which surpasses all description in its presentation of the awful revuls of the devil and his crew.

The Class Concert Company.

This will be the attraction at the Opera House this evening. The Washington Post says: The harp recital given by Miss Anita Cluss at the Universalist church on Thursday evening was a decided success and more than reached the expectations of the large and cultured audience present. As Miss Cluss came upon the platform she was greeted with a chorus of applause and each number of the interesting programme was artistically rendered and proved her thorough command of the uncommon instrument upon which she performs.

MOUNDVILLE.

A Miscellaneous Helange of Minor Matters from Marshall's Metropolis.

New Year's passed off very quietly here. It was generally observed as a holiday. The postoffice was open from 8 to 10 a. m. and from 6 to 7 p. m. The banks took the whole day to balance up their yearly accounts. The penitentiary took the holiday and the convicts gave an entertainment to put in the day. The factories were not all in operation. Not many pedestrians were seen on the streets, owing to the snowy weather which prevailed.
