

TEA GOWNS—GEO. E. STIFEL & CO.

Geo. E. Stifel & Co. tea gowns and wrappers.

Some pretty new patterns now received and in great variety. See them.

fine silks!

Because we say they are fine is not intimating they are expensive, for when we start them as low as 29c a yard anyone can be accommodated, and you should see the qualities we are offering at from 29c to 98c--Waist Silks and Skirt Silks--but you can't really appreciate these goods without giving them more than passing attention. We might quote and write about them, but unless seen you would be no wiser.

suitings--

Fine novelties--Paris' latest output now in and in all colors and designs, by far the largest stock we have ever shown and the prices from 45c to \$5.00 per yard.

Geo. E. Stifel & Co.

The World of Sports

fact to state whether they would stick to the inter-state organization or desert it for the Michigan league. The replies were received at midnight:

TOLEDO, Ohio, March 8. Sporting Editor, Wheeling Intelligencer. Glad to hear street car people are trying to get grounds. That is what I wanted all the time. Toledo will stick as long as there is a chance for the inter-state league. J. W. GUNNELS.

FORT WAYNE, Ind., March 8. Sporting Editor, Wheeling Intelligencer. Yes, Fort Wayne will stick. WILLIAM MEYER, Jr., President.

The situation is cleared greatly by these expressions from Toledo and Fort Wayne, as it was feared they would desert the inter-state. With Mr. Wright of the street railway, ready to assist in every way possible before the players start closing, the inter-state league is assured of having for itself six games. But for this they might have taken second place, as they rolled a better average game than Mail Pouch. The prizes are awarded as follows:

First team prize--Harvest, \$50. Second team prize--Mail Pouch, \$30. Third team prize--Mozart, \$10. Fourth team prize--LaBelle, \$5. First individual prize--Handian, Mozart, \$10. Second individual prize--Knoke, Mozart, \$5. Third individual prize--Fette, Harvest, \$5. Fourth individual prize--Wagner, Apollo, \$3. Highest score prize--Fette, (228) Harvest, 15. Second highest score prize--Scheele, (210) Mail Pouch, 13.

NOW FOR THE RUNNERS.

A Thirty Days' Running Meeting will Probably be Given at the State Fair Grounds Next June--The Promoter is Here Now.

It is quite probable that Wheeling will witness the first running race meeting ever given in West Virginia this summer. Mr. J. Underwood of Washington City, was in the city Saturday, as the representative of prominent eastern turfmen, who desire to give a running meeting next June. He was in conference with directors of the West Virginia State Fair Association, and will secure the state fair grounds track, if possible, for the month beginning June 15, or thereabouts, and ending in the middle of July. In the month there will be twenty-five days of racing, with purses aggregating \$25,000. This is a racing scheme on a much larger scale than has ever before been tried here, and it remains to be seen whether or not it will be a success. This summer's meeting is, in fact, an experiment. In the event that the patronage is good, as is expected, the meeting will be made an annual event.

There are to be five races daily, each with a purse of \$200, making each day's aggregate \$1,000. This is the scale of purses given by the New Orleans management, where some of the best horses in the country are racing. Mr. Underwood says he is confident some high-class runners can be brought here for the meeting proposed. If this is correct, there is no doubt that the races will be well patronized, particularly if the base ball club goes out of the way to the grounds to see the races.

Special trains from the Smoky City may run to Wheeling during the meeting. It is probable Mr. Underwood will be in a position to announce a plan definitely in the course of a day or two.

HOUSE & HERRMAN'S RACE

They will Give Road Race with \$500 in Prizes, June 13. Manager Lester R. Dillon, of the bicycle department of House & Herrmann, is arranging for the first annual House & Herrmann road race, which is slated to occur at 4 p. m., Saturday, June 13. The prizes will foot up \$500, perhaps more. The more valuable prizes are as follows:

First place prize, American bicycle, \$150; first prize, bed room set, \$100; third prize, parlor suite, \$100; fourth prize, leather covered couch \$70. Altogether there will be over twenty prizes. Entry blanks will be out in two weeks and will be sent all over the city. Some of the best riders in Pittsburgh, Cleveland, Columbus and Cincinnati. An unique feature will be the appearance of "Baby Blues," of Chicago, the heaviest rider in the world, who will be the time trial man. He will probably run an hour's start. His weight is only 115 lbs. and a few odd pounds. The Intelligencer has not yet decided to run his third annual race this season. Some of the riders desire it, though.

BELLAIRE

All Sorts of Local News and Gossip from the Glass City. The Republican primaries Saturday evening resulted in the nomination of Frank S. Mason for mayor, the vote for the three leading candidates in the whole city standing: Mason, 237; Morrison, 202; H. W. Bahra was nominated for marshal, and City Solicitor H. S. Armstrong had no opposition. The contest for city treasurer resulted in a vote of 44 for Samuel Simmons and 395 for A. Lichtenberger. For street commissioner, James K. Lamm was nominated, though three other candidates contested his nomination. The greatest interest was taken in the contest for nominations for members of the school board, and the result was the selection of Robert Johnson and John W. Liler, both of the Glass City. The nominees for councilmen and assessors are as follows: First ward, for council, Louis W. Gilcher; for assessor, Louis Jeffers, Jr.; Second, for council, David Walker; assessor, J. T. Frenz; Third, for council, O. H. Young; for assessor, James W. Lee. Fourth, for council, August Bahler; for assessor, W. H. Thompson. Fifth, for council, William J. Carson; assessor, Charles Hon. For township trustee, Alex. Lutzner received 430 votes and W. F. Untzberger 25, thus nominating Alex. Lutzner, of West Wheeling. The ward needs was renominated for clerk without opposition. John Glassgow was nominated for assessor in the township precinct, and Arthur Stewart for West Wheeling.

Miss Belle Heazel, formerly a teacher in the high school, who has been visiting relatives at New Castle, has returned to her home in Mason, W. Va. Mrs. W. S. Heatherington, of the First ward, was confined to her bed for a month Saturday, on account of the serious illness of a relative.

Mrs. George Boyce returned to her home in India on Saturday after having spent two weeks with friends in this city.

The official list of names filed with the Democratic committee Saturday evening for the ticket to be voted at West Wheeling is as follows: Mayor, Frank Williams; for marshal, Robert Lark; for city solicitor, George A. R.

holding; for treasurer, Albert J. Reitz; water works trustee, George S. Jennings; school board, James T. Kelly and M. Huffman. They also have a township ticket and ward tickets to place in nomination. The primaries are to-morrow evening from 3 until 7 o'clock.

Miss Mamie Miller, of the Fifth ward, returned home Saturday from a visit with friends at Steubenville. The new fly wheels at the plate mill have been placed in position. They measure 28 feet in diameter. Miss Emma McClain, of Fairmont, W. Va., is the guest of her brother, Will, in the Third ward. Mrs. R. M. Gilliland, of the Fifth ward, went to Pittsburgh Saturday to visit relatives. George Eger, of this city, spent yesterday at McKeesport, Pa., with relatives.

Henry Zoetker, of Atsburgh, spent yesterday with his mother in this city. Carl Cunningham, formerly of this city, is calling on friends here. The new Catholic school building is nearly under roof.

MARTIN'S FERRY.

Hapsard Mishaps in the Thriving City Across the River. The meeting of the Martin's Ferry council on Saturday night lasted until midnight. Much business was transacted. A prolonged and spirited debate was caused by a motion offered by Joseph Hilton. This was to pay the marshal and police force their usual months' salaries, less the first installment of the overcharges in accordance with the resolution of the previous meeting of council. This meant \$42 each for Och, Fisher, Neal and Myers, with \$9 66 to be refunded by Och, \$8 60 by Fisher, \$7 60 by Neal and \$7 73 by Myers. Hilton's motion was seconded by Kerr and was opposed by James, finally passing unopposed.

Policeman Och, who was present said that during the five and one-half years he had served as policeman cases were frequently put in over night and discharged in the morning without trial, rather than keep them in the lockup and board them at the expense of the city. Och said he was willing to give back what had been collected twice by mistake, but in one case he was asked to pay back something he did not get. He stated that things had been conducted loosely, but in good faith by the police and he wanted to know about the dockets of the former mayors. Policeman Neal made a similar statement.

The funeral of the late Benjamin Exley yesterday afternoon was largely attended, many being present from Wheeling. Rev. Dr. J. W. Robins pastor of the M. E. church, officiated and the pallbearers were John Wickham, William Hatcliff, Henry Redman, John Redman and Col. William Exley, all relatives. The music was furnished by Frank Erwin, John Crump, Miss Carrie Crumley, Miss Laura Hipkins and George Hipkins. The interment was at Peninsular cemetery.

A debate and spelling bee will be given at the Opera House next Saturday night for the benefit of the lecture fund. The subject for debate will be Cuban recognition. The spelling bee announced for the Central school building the same night has been postponed until the Saturday following.

The Beaumont Glass Company is working day and night and selling all it can make. Considering the capacity the works is doing a wonderful business. It has been busy ever since it started. The champion line is their best seller.

Quarterly meeting was held in the M. E. church yesterday. Rev. J. H. Rogers preaching. The protracted meetings in progress at this church are being very largely attended and they are successful.

The fires have been put out at the Northwood Glass Works at Ellwood City, Pa. It is said that the company will be reorganized.

Yesterday afternoon Rev. Mr. Donahay, of Bridgeport, addressed the young men's gospel meeting at the M. E. church.

A general meeting of the King's Daughters was held at the Presbyterian church last night after the service.

A. G. Shaver and others are negotiating with Pittsburgh parties for the sale of their coal land at Pultney Bottom.

W. H. Coss has withdrawn as a candidate for marshal, but M. A. Bartholomew says he is still in the fight.

The Martin's Ferry base ball club is getting ready for the coming season. Uniforms have been ordered.

About \$50 was netted at the supper given by the ladies of the Presbyterian church on Saturday night.

The second rehearsal for the cantata of "Ruth" will be held this evening at the Central school building.

The Thimble Bee will be entertained this afternoon by Miss Ella Ingelbright, in honor of visitors.

The old office building at the Aetna-Standard will be torn down to make room for annealing boxes.

Mrs. James Dolan, of Sisterville, who has been at the bedside of her mother, has returned.

Bert Krim who recently had an operation performed on his leg, will be out in a few days.

Grant Sedgwick has gone to Columbus to attend the Republican state convention.

Meetings will be continued in the Presbyterian church this week. James Furey returned on Saturday night from Shreveport, La.

Miss Lucy McWilliams spent Sunday at Moundsville.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and discomfort seem less. Nothing will ever completely relieve but a radical cure. The effects of such disorders are not limited to mere local discomforts but extend over the whole body. Perhaps the nerves are most affected, and this in turn disturbs the digestion. After that there is no telling what form the trouble may take. With irritable nerves and poor digestion, a woman is on the straight road to the grave. Women are notoriously negligent in matters pertaining to the health. Too many of them understand too little about their own physical make-up. They do not understand their possibilities or their limitations, and they do not know enough about themselves to know when a symptom is really serious and when it is not. The natural signs, which give the plainest of warning signals. The start of everything is simple. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time but extend over the whole body. Perhaps the nerves are most affected, and this in turn disturbs the digestion. After that there is no telling what form the trouble may take. Too many of them understand too little about their own physical make-up. They do not understand their possibilities or their limitations, and they do not know enough about themselves to know when a symptom is really serious and when it is not. The natural signs, which give the plainest of warning signals. The start of everything is simple. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time but extend over the whole body. Perhaps the nerves are most affected, and this in turn disturbs the digestion. After that there is no telling what form the trouble may take. With irritable nerves and poor digestion, a woman is on the straight road to the grave. Women are notoriously negligent in matters pertaining to the health. Too many of them understand too little about their own physical make-up. They do not understand their possibilities or their limitations, and they do not know enough about themselves to know when a symptom is really serious and when it is not.
