

MAINLY GARBAGE

At the Regular Meeting of the City Council Last Night.

A CONTRACT HAS NOT BEEN LET

Though a Large Portion of the Meeting was Devoted to what was Aply Designated as "Monkey Business" in Connection with the Bids—Dr. Jepson's Extra Compensation Allowed After Some Interesting Crossfire—The Wharfage Ordinance Passed and at Least the Increased Natural Gas Rates are Allowed—A Peculiar Meeting.

It was a little late last night when both branches of the city council secured quorums. There was an unusually large attendance in the lobby, the gallery in the second branch being especially well filled, while down stairs every chair was occupied and standing room was at a premium.

The ordinance granting to the Pennsylvania Sand Co. the right to build a switch on the river front near Twenty-fourth street, as recommended by the committees on ordinances and railroads, was read. It has been fully described in the Intelligencer.

The ordinance extending to all parts of the city the law prohibiting live stock from running at large was also read three times. It has heretofore applied only to the Seventh ward. It was passed, only two votes being recorded against it.

The Garbage Contract. The recommendation of the health committee that the garbage collecting contract be let to T. Coffee at \$3,800 was read, together with the recommendation that a month's pay be always retained to secure a faithful performance of the contract.

Mr. Elliott moved to strike out Coffee's name and insert Charles Becker at his bid of \$11,800. This was defeated by a vote of 14 to 10.

Mr. Hahne moved to insert the name of James McCracken at \$10,050. This was also defeated.

Mr. Willis moved to insert the name of H. P. Jennings at \$3,800. This, like the rest, was beaten.

Mr. Britt, with a talk about garlands of roses, dogs, cats and other vermin, nominated G. F. Nabor, at \$10,243; lost.

W. W. Woodman & Co., at \$10,000, and P. O'Neil & Son at \$11,000, were promptly rejected; also that of James Conrad at \$9,750. Then Mr. Hamilton demanded the previous question and the members refused to order an immediate vote by a majority of 20 to 4.

Mr. Willis moved to reconsider the vote by which Mr. Jennings' bid was ruled out, but there was a second. A motion to reconsider on the McCracken bid was then rejected.

The original motion to let the contract to Coffee was then put, and the result was both amazing and amusing: Coffee got but three votes. Then it was funny to see the population of the gallery scatter with a noise like a cyclone.

A Worthy War. The special committee's recommendation that Dr. Jepson be paid \$112.30 for extra services as health officer, was presented. Mr. Hahne made some severe criticism of Solicitor Boyce. Mr. Boyce asked the privilege of the floor, and securing it, made a very warm response.

He said his only hesitancy in responding was because he did not think it worthy of an answer. He defended his record on the legal point. Mr. Hahne made a response which brought from Mr. Boyce the retort that he (Hahne) had no brains or comprehension enough to know what he was talking about and he apologized to council for having paid any attention to him. All were called to order. Mr. Bender caused a little amusement by a brief speech, and the bill of \$112.50 was ordered paid by a vote of 19 to 5.

John L. Shriver's petition for the right to have a sand yard at the south end of the wharf was read and referred. The ordinance amending the natural gas ordinance so as to allow a net charge of eighteen cents a thousand cubic feet (twenty cents with a discount of two cents for payment before the 10th of the month) was passed by the first branch and sent to the second. It contained the clause providing for its repeal at the pleasure of council if the supply of gas should not be adequately increased. The ordinance was adopted by a vote of 15 yeas to 8 noes.

Mr. Boyce's Report on the contract for delivering coal at the gas works instead of in the Hempfield yards, exonerating Henry Florsheim, the coal contractor, from an alleged claim by the city, was read and approved. Its substance has already been given in the Intelligencer.

The new wharfage ordinance, the provisions of which have been given, was read over. It contains forty-one sections, but the main change is making the rates 50 cents for boats under 200 tons burden and \$1 for boats of larger capacity.

A substitute was offered for one section making the wharfmaster's salary \$400 a year, with 25 per cent commission on the gross collections for wharfage, and this was adopted. Heretofore he has only received 25 per cent of the collections. The ordinance was finally adopted by a unanimous vote.

Another communication from James A. Henry in regard to the building started by him on Main street, south of the creek and stopped by the city, was referred to the city solicitor, and a resolution to let House & Hermann put up a bill board at the Main street bridge, was laid on the table.

The communication from Postmaster General Wilson promising to aid in securing the naming of one of the new gas boats "Wheeling," printed in the Intelligencer yesterday, was read and ordered filed.

The Fourth ward members put in their statement of what they desire to have done in the way of improvements this year. It is mainly paving alleys. The paper, which is the first received, was referred to the finance committee as usual.

A Special Meeting. On motion of Mr. Hamilton it was resolved that when the council adjourn it be to meet next Tuesday evening in special session to consider the building inspection ordinance. The first branch passed an independent resolution to the same effect, so that a meeting will be held if a quorum can be obtained.

It was reported from the first branch that it had refused to concur in the amendment as to the wharfmaster's salary. The second branch then called a committee of conference. President Maxwell appointed Messrs. Campbell, Bender and Hahne, and Messrs. Otto and Wiedebach represented the first branch.

The second branch members put in their statement of what they desire to have done in the way of improvements this year. It is mainly paving alleys. The paper, which is the first received, was referred to the finance committee as usual.

A Special Meeting. On motion of Mr. Hamilton it was resolved that when the council adjourn it be to meet next Tuesday evening in special session to consider the building inspection ordinance. The first branch passed an independent resolution to the same effect, so that a meeting will be held if a quorum can be obtained.

It was reported from the first branch that it had refused to concur in the amendment as to the wharfmaster's salary. The second branch then called a committee of conference. President Maxwell appointed Messrs. Campbell, Bender and Hahne, and Messrs. Otto and Wiedebach represented the first branch.

ATLANTIC CITY'S BOARDWALK

The Steel Promenade to be Completed Before July.

ATLANTIC CITY, N. J., March 24.—All owners of property adjoining the boardwalk have been notified of the decision of the streets, walks and drives committee that the steel esplanade will be completed before July. It had been the intention of the city to build the great structure section by section and let the work stretch out through the summer season, if necessary.

The change of program was decided upon Saturday night, after the committee had deliberated until nearly midnight. The work is to be completed within eighty days of the signing of the contracts. The contractors must furnish bonds to complete the work within the specified time, or a fine of \$200 a day will be imposed.

The structure will run a total length of 2,000 feet, instead of 7,000 as first planned and go from Vermont avenue, two squares above the iron pier, to Texas avenue, the point where Chelsea begins. Above and below these two points the walk will remain as it is.

Manitoba School Question. WINNIPEG, Manitoba, March 24.—The conference for the settlement of the Manitoba parochial school question will take place on Friday and the commissioners will hold continuous sessions to complete their labors so that the present Dominion parliament, whose life expires within a month, may ratify the agreement, that is, if an agreement be reached.

The Tribune (organ of the Greenway government) last night intimated that if the Roman Catholics will accept secular schools, pure and simple, they may have them, as it is held out for parochial schools nothing may come of the conference. Archbishop Langevin will leave for home at the close of the conference to lay the school case before the pope.

The Wages of Sin. PHILADELPHIA, Pa., March 24.—Samuel P. Langdon, a wealthy coal operator, was arrested to-day on suspicion of having been implicated in the death of Annie McGrath, who was found dead in her bed in a Girard avenue house last night. Langdon is fifty-four years old and the girl was eighteen. Although he has a residence on Powelton avenue, he and the girl had been living in the Girard avenue house for about a month.

There were no marks of violence on her body, but the physicians say she had been dead for twenty-four hours. One hand was clasping a handkerchief to the breast and a wet towel lay over the forehead and eyes.

Death of John R. Anderson. WASHINGTON, Pa., March 24.—John R. Anderson, for many years a respected citizen of West Alexander, died yesterday of consumption. A widow and three children survive. The latter are Rev. Thomas A. Anderson, of Sistersville, W. Va.; Mrs. Dr. Minton, of Claysville, and Mrs. Valentine, of West Alexander. Mrs. Elizabeth Rea and Mrs. Mary Stimpel, of Pittsburgh, are sisters of Mr. Anderson. John R. Anderson was a marble cutter by occupation. The funeral services were held this morning.

Acheson a Candidate. WASHINGTON, Pa., March 24.—Hon. E. F. Acheson is formally announced as a candidate for renomination on the congressional ticket from the Twenty-fourth district. He is not likely to have any opposition in his home county. Local leaders of both parties admit that he has been a hard working and industrious member, looking carefully after the interests of his constituents.

Dervishes Evacuate Akasheh. CAIRO, March 24.—Dispatches from the front state that the vanguard of the Egyptian army, under Colossion Bey, occupied Akasheh on Friday. The dervishes having evacuated the town and fallen back on Dongola. Colonel Hunter will leave Sarrao to-morrow for Akasheh, which will probably be reinforced on the same day by three regiments of infantry. Cairo is almost denuded of native troops.

Cold Snap in New York. NEW YORK, March 24.—Unusually cold weather for this time of year is being experienced in eastern and central New York to-day. At Saratoga the mercury was 19 degrees below at sunrise, and at Hudson the Hudson river has again frozen over so that teams are crossing on six inches of new ice.

Rice's "1492" Coming. Rice's big "1492" comes to the Opera House Wednesday, April 1st. The road company presented "1492" here in a satisfactory manner, but on this occasion Wheeling is to have the original Kilany living pictures, the great Bessie Bonehill, the wonderful Richard Harlow as Isabella, and all the features so long identified with this extravaganza, including accomplished vocalists, agile dancers, ballets, marches, tableaux, an orchestra of soloists, a female chorus of remarkable physical beauty, exquisite costumes, scenery and electrical features. Master Willie Dunlay, whose home is in Wheeling, and who will be remembered for his pretty tenor voice, is with the organization, and was a big feature all last summer at Manhattan Beach. The management state that Master Dunlay bids fair to achieve as much eminence in his profession in time as Nat Goodwin or Francis Wilson. Due notice will be given of the sale of seats.

"For Fair Virginia." The theatre going people of Wheeling are always ready to grant a respectful welcome to a new dramatic author, and never fail to show substantial favors, when the offering proves worthy of serious consideration, therefore it is right to presume, that there will be a representative gathering at each of the performances to be given at the Opera House next Saturday matinee and night, where Mr. Russ Whyal's singularly successful romantic play of southern interest "For Fair Virginia" will appeal for favor.

Not to be Trifled With. From Cincinnati Gazette: Will people never learn that a "cold" is an accident to be dreaded, and when it occurs treatment should be promptly applied? There is no knowing what trouble will ensue, and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are to-day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.

When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by druggists.

Fine Piano for Sale. Six months ago we rented a very choice new Krakauer Upright Piano to Prof. James Stephen Martin to use in teaching vocal culture. Owing to his work in Pittsburgh, he was obliged to give up his class here. We offer this piano at a great bargain. As it was used only a few days, the week the piano was in every sense of the word as good as a new instrument.

F. W. HAUMER & CO.

PARLOR DRAPERIES.—Go to the opening to-day and see George R. Taylor's display of handsome Lace Curtains and Silk Draperies. Read his advertisement this morning on another page.

WHEELING and suburban towns can talk by long distance. Mr. Johnson with cities and towns in Western and Southern England, India, Western and Southern Africa. Why go away from home? Go to the office of the Central District Printing & Telephone Company and transact your business by telephone.

JAMESON'S TRIAL

Resumed in London—Nothing Important Elucidated—Case Again Adjourned.

LONDON, March 24.—The trial of Dr. L. S. Jameson and his fellow prisoners charged with violating the foreign enlistment act in making a raid into the territory of the South African republic was resumed at the Bow street police court this morning. Although there was a full attendance, there was less excitement. There was no sign of a demonstration when the prisoners were ushered into court.

Sergeant White, of the Bechuana-land mounted police, testified to having refused to join Dr. Jameson's expedition, and added that Colonel Grey questioned the troopers prior to starting and informed them they were not going to fight for the queen, but for the supremacy of the British flag in South Africa.

The sergeant also testified that Commissioner Newton dispatched him from Mafeking, on December 30, in pursuit of Dr. Jameson's column, telling him to catch the latter at any cost. When the witness caught up with the column he handed his dispatches to Colonel Grey, who ordered him to give them to Sir John Willoughby, who, in turn, told Sergeant White to give them to Dr. Jameson. The latter, however, sent him back to Sir John Willoughby, who finally distributed them.

Replying to a question on the subject, Sergeant White testified that he did not see any of the dispatches given to Dr. Jameson.

According to White Sir John Willoughby said: "Tell your commanding officer that the dispatches have been received and will be attended to." The column, Sergeant White also said, then proceeded in the direction of Johannesburg.

Bower, a clerk in the office of General Joubert, the commander-in-chief of the forces of the South African republic, deposed to having delivered the message of Sir J. A. Edurtt, the British agent at Pretoria, to commanders of the Jameson expedition, and he stated that the reply to it which was read in court stated that the supplies of the column were exhausted and that it must proceed to Kruger'sdorp or Johannesburg.

The case was again adjourned.

Won't Go to San Francisco. CHICAGO, March 24.—At the meeting of the general officers of the National Woman's Christian Temperance Union to-day it was decided not to hold the national convention in San Francisco, although that city had been previously chosen. Among the reasons for the change were the request of the national suffrage association, in view of its own active operations on the Pacific coast this year; the belief that the holding of the next convention in or near the state of Kansas would better conserve the temperance interests as a crisis is impending in that state; the refusal of the railroads to make such concessions were hoped for. It is probable the next national convention will be held in St. Louis in October or November, 1896.

Inauguration of Eight Hour Day. INDIANAPOLIS, Ind., March 24.—The meeting of the executive council of the American Federation of Labor, has not yet selected a trade to inaugurate the eight hour day, May 1, but has put it in the hands of a sub-committee. This committee will report before the council adjourns, and it is probable that the carpenters will be selected. At to-day's session the protest of the St. Louis trades unionists against the Knights of Labor was heard, and it was decided that trades unionists must leave the Knights of Labor.

Big Judgment Filed. NEW YORK, March 24.—Just as the office of the county clerk was closing for the day, a judgment for \$83,549.25 was filed against the Atchison, Topeka & Santa Fe railroad in favor of the Union Trust Company as trustees for the holders of the general mortgage bonds. The amount is for a deficiency judgment obtained in February last against the railroad company in Kansas.

Treasury Losses Verified. WASHINGTON, D. C., March 24.—The treasury to-day lost \$186,300 in gold coin and \$37,200 in bars, which leaves the true amount of the gold reserve \$127,577,802.

That Extremetired feeling afflicts nearly everybody at this season. The hustlers cease to push, the tireless grow weary, the energetic become enervated. You know just what we mean. Some men and women endeavor temporarily to overcome that

Tired Feeling by great force of will. But this is unsafe, as it pulls powerfully upon the nervous system, which will not long stand such strain. Too many people "work on their nerves," and the result is seen in unfortunate wrecks marked "nervous prostration," in every direction. That tired

Feel- ing is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is, therefore, apparent to every one, and the good it will do you is equally beyond question. Remember that

Hood's Sarsaparilla Is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

are easy to take, easy Hood's Pills to operate. 25 cents.

WATCHES—JOHN BECKER & CO. Combination in the—

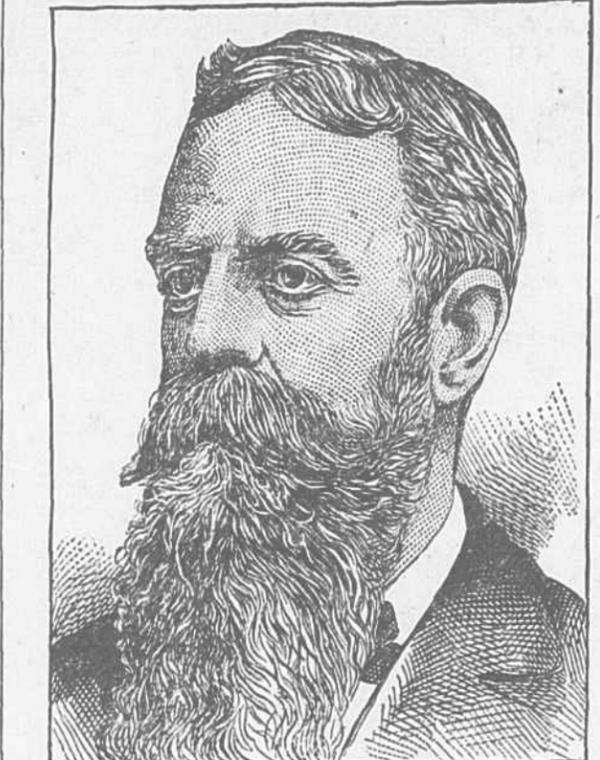

JEWELRY BUSINESS. We have combined all our efforts this season, not for the purpose of obtaining better prices, but to show you of the finest stocks of DIAMONDS, WATCHES and FINE JEWELRY the market produces.

We will continue to sell at the very low price for which we are noted.

JOHN BECKER & CO., JEWELERS AND OPTICIANS, 3527 JACOB STREET. N. B.—Special care in fitting lenses.

ALL CHICAGO KNOWS HIM.

W. W. Watson, Leading Real Estate Man, Restored to Health by Paine's Celery Compound.

CHICAGO, March 24.—Mr. W. W. Watson's reputation throughout the west for unerring judgment in the valuation of land has made him foremost among the most conservative, careful class of investors in Chicago.

Unlike many hard driven business men, the owner of "Alpine Heights," that splendid suburb of Chicago, has not neglected his health on account of his exacting business. The following unrequested statement from Mr. Watson shows how consistent with his life-long, careful, conscientious and successful business habits has been his attention to getting well. He states in the Times-Herald:

"Upon the recommendation of a friend, I used Paine's celery compound for headaches, constipation, indigestion and loss of sleep, and found it all it was recommended to be. I suffer no more from headaches, sleep soundly at night, and am now in perfect health. This is the only medicine that I have ever taken for these complaints which has benefited me at all."

"W. W. WATSON, 225 Dearborn street." Busy men and women are apt to think there is always time to get well. The fact that only one person in a hundred dies of old age shows how recklessly men and women postpone attending to their health and allow it to go to pieces while they devote themselves heart and soul to affairs that are trifling in comparison. Wives and mothers have no greater duty than to see that those dear to them do not become so absorbed in the work of providing for the household as to lose their health and shorten their days. No more thoughtful step could be taken during the spring days that are now here than to urge such tired and often irritable home-providers to take Paine's celery compound. There are

thousands of homes where overwork has led to worrying, fretting and despondency, that need only Paine's celery compound to banish the unhealthy atmosphere and make things bright and cheerful again.

It is the only spring remedy universally prescribed by physicians. It makes people well by giving them a hearty appetite and a relish for their food. Hard-worked men and women, the nervous, weak and debilitated, get new strength, fresh nervous energy and a purer, more vigorous blood supply from Paine's celery compound.

This most valuable nerve and brain invigorator and restorer practically demonstrates the life-long conviction of its eminent discoverer, Professor Phelps, M. D., LL. D., of Dartmouth College. Professor Phelps was for a long time convinced that sound nutrition was the keystone of firm health and that where there were signs of poorly nourished nerve tissues, and of thin, pale-colored blood, some means must be devised to supply these deficiencies briskly and rapidly.

Professor Phelps prepared Paine's celery compound on this basis. It has proved an invigorator, strengthener and a great spring purifier, such as the world has never enjoyed before our day. To-morrow, or next day, or the day after is not soon enough to look about getting rid of weakness or disease. Take Paine's celery compound to-day. There is no time equal to these early spring days for throwing off poor health. There are few persons who do not need to take a spring remedy.

Many not downright sick, but tired or ailing, would be immensely benefited by taking Paine's celery compound, especially at this particularly favorable season of the year. This great compound will banish that tired feeling, cleanse the blood and regulate the nerves.

IRON BEDS—G. MENDEL & CO.

IRON BEDS

FINISHED WHITE. BRASS MOUNTINGS. A purchase of 350 of these Iron Beds at a time when the manufacturer needed money enables us to offer them, any width, at the very low price of
