The wind storm was so violent that it lifted the iron roof and wrecked the lehr stacks from which the bricks came tumbling down into the factory where the employes were at work. Almost miraculously nobody was seriously injured, but there were numerous narrow escapes. The damage will foot up about \$500. The factory was shut down but the superintendent expects to resume this afternoon.

Before the rain the air was filled with choking dust from the baked streets stirred up by strong gusts of wind. The atmosphere was cooled considerably.
