In Squire Peterman's court yesterday, a small colored boy, Walter Hill, was given ten days in jail for the theft of pigeons from an island man. A white boy, who was said to be implicated, was discharged.

Yesterday Benjamin Siple, a roller on tin mill No. 4 at the Aetna-Standard and his catcher, George Keesey, were badly burned about the arms and face. They were pounding a bar which flew in a pot of hot grease, which splashed in several directions, burning them quite severely.

Yesterday morning at 9 o'clock John M. Greer, aged fifty-six, single, was found dead in his bed at 2305 Jacob street, South Side, where he boarded with a German family. Coroner Schultze was called and did not consider an inquest necessary. Mr. Greer was a collector. He has been sick for some time with kidney trouble.

This morning at 1 o'clock the steamboat Columbia arrived at the wharf from Charleston and Parkersburg with 150 colored excursionists who come to attend the celebration by the colored people under the auspices of Mr. E. This evening the annual commencement exercises of the Wheeling Public Schools will take place in the Grand opera house. An excellent programme has been prepared by Superintendent Anderson, and the house will no doubt be filled to overflowing. This year's high honors were taken by Miss Emma Heall, of Madison school, first, and Waldo Carnahan, of Centre school, second.

A terrible crime was committed at Elm Grove late Tuesday night. A young crippled girl named Jones was assaulted near the shaft of the Elm Grove Coal Company by a number of boys ranging in age between fifteen and eighteen years. The result is that the young girl is in a precarious condition and may not recover. The crime is the worst in the calendar and naturally the community of Elm Grove is greatly excited over the affair. Several of the boys are known and arrests were made last night. There are others who will be arrested.

At Jones Picnic. Yesterday afternoon and last night the St. Albans church gave a picnic at Wheeling park, which was one of the largest of the season. The motors were crowded all afternoon and evening and at midnight the crowd was brought in on extra trains. Dancing was the chief amusement, although there were several contests.

THE CALVES.

It Remains to be Seen Whether They will be Muzzled or

ALLOWED TO BREATHE THE AIR

On Steamboats at the Public Landing. Hotel Men will Oppose the Repeal of the Calf Muzzling Ordinance by Council—A Petition is to be Presented to the Committee on Petitions and Remonstrances. Humane Society Takes a Hand.

The effort of the West Virginia Humane Society to have the city ordinance requiring calves on steamboats to be muzzled while the boats are at the wharf, between the hours of 7 p. m. and 6 a. m., is to be met with opposition. It will be remembered that a resolution was passed at council meeting Tuesday night, ordering the committee on ordinances to prepare a new ordinance repealing the one requiring the animals to be muzzled. Yesterday some of the Water street hotel men and residents on that thoroughfare decided to get up a petition to council, asking that the ordinance be left unamended. They make the claim, of course, that the muzzling of the calves annoys people from their stumbers. A lively fight before the committee in council is in view. There is still another phase; unless council repeals the ordinance the steamboatmen will take the case of Captain Knox, of the Keystone State, to the circuit court, and endeavor to have the ordinance declared unconstitutional.
