Today's games—Washington at Wheeling, New Castle at Youngstown, Jackson at Saginaw, Fort Wayne at Toledo.

Wheeling and Washington played in the mud and amid a drizzling rain Saturday afternoon, rain postponing the morning game. The locals won by a good margin, but Washington lost through McKeown's errors. In the second inning the millionaire dropped two throws at first which cost five runs. In the third inning he made another misplay and let it not be for McKeown would have lost the game to Washington. There were some fine plays. Curran made two great left-handed catches of line balls, and Dick made a beautiful running catch in left. McKeown was given a bouquet in the second inning. The umpiring of Alexander was good. Score:

THE WHEELINGS WON. The Wheelings went to Sistersville yesterday morning and played the Sistersville team in the afternoon on the grounds on the Ohio side of the river. Connors pitched for Wheeling and held the semi-professionals down to one run. Campbell, the Sistersville pitcher, also did well, keeping the hits well scattered. He may be given a trial by Wheeling. Score 5 to 1.

TO-DAY'S GAME. The Wheelings and Washingtons play again this afternoon. If Borchers arrives and he will probably pitch for the Natters. Irwin or Garvey will pitch if the Californian does not arrive. For Washington the pitching will probably be done by Beadle or possibly by a new man whom the management of the "Little Senators" is said to be looking for. To-morrow the same teams will probably play off the game that was stopped by rain on the morning of the Fourth. On Wednesday the New Castles open a series here.

SAGINAW WON OUT. Special Dispatch to the Intelligencer. SAGINAW, July 5.—The tallenders won in a one-sided contest this afternoon. Flaherty was an easy mark for the home team.

A DARING ROBBERY

Perpetrated at Leo Rieister's Home on the South Side Saturday.

Saturday night while Mr. Leo Rieister's family were looking at a display of fireworks that was being set off from the street in front of their residence on the street in front of Twenty-third, thieves entered at the rear and played havoc with the beds, bureaus and wardrobes in their endeavor to secure anything and everything valuable. They succeeded in carrying off about \$30 worth of stuff, including \$50 in money.

They effected an entrance by climbing up over a porch and prying open a shutter in the second story. A woman living in the house next door heard the noise on the roof of the porch and thinking it was caused by boys who had been playing during the evening called to them to get off the roof. One of the thieves put his head out of the window and told her to go and mind her own business, then went on attending to his most industriously. It is thought they were in the house at least half an hour, judging from the upset condition of things in every room but the parlor.

A GREAT CELEBRATION

At Grafton on the Fourth—Trades Display and Fireworks.

Special Dispatch to the Intelligencer. GRAFTON, W. Va., July 5.—The celebration of Independence day was more general and elaborate here yesterday than ever before known. Business was entirely suspended and the day made one grand holiday of patriotism. The decorations were profuse and tasteful in an abundant display of the national colors.

A fine parade, containing in the line of march a handsome trades display and three companies of volunteer firemen attended by several bands of musicians, was the chief event of the day. There was also a fine balloon ascension and parachute leap. Elaborate fireworks made a brilliant scene Friday night and last night. The festivities were in charge of the local board of trade, and the attractions of the day brought a large number of visitors to the town.

A Big Time at Cameron.

Special Dispatch to the Intelligencer. CAMERON, W. Va., July 5.—Cameron celebrated the Fourth yesterday in great style. There was a business men's and trades display, participated in by all the merchants and mechanics of the town, followed by an appetizing dinner prepared by the ladies of Cameron. In the afternoon the programme which had been prepared was carried out, consisting of the reading of the Declaration of Independence and patriotic address by Col. J. E. Hooten and Hon. B. F. Meighen, of Moundsville. There were about three thousand visitors in town, coming from Wetzel and Marion counties, and from Greene and Washington counties, Pennsylvania. The music was furnished by the Jacktown, Pa., band.

Syrup of Figs

Gladness Comes
With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to a constipated condition, but simply to the pleasant family laxative, Syrup of Figs, promptly removed. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives are not needed. If other remedies are then not needed, one afflicted with any actual disease, one who should have the best, and with the well-informed physician, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

CUNNINGHAM BURIED

The River Front Desperado's Body Interred in Potter's Field—The Youth who Shot Him—Still in Jail.

"Jack" Cunningham was shot and killed, in the boat-house at Bellaire, was buried in the potter's field on Rose Hill Saturday afternoon. Yesterday a brother of the dead man, who works in Wheeling, went down to Bellaire to learn something more of the particulars and he was vexed over the early burial and the fact that no word had been sent to him. But the authorities said that they would be glad to be found and supposed the publication of the tragedy would bring relatives to the scene. The burial took place upon the order of Coroner Furby.

John Johnson, the son of Mrs. Long, the woman who was attacked by Cunningham, is still in jail here under a charge of murder and will be given a hearing by Mayor Williams to-day. The coroner's investigation did not bring out any new developments. The boy told a straightforward story as to his part in the affair. He fired five shots, but Cunningham did not drop from the shots and feeling that he himself would be a victim if he turned upon him, he used the butt end of his revolver on his head.

The woman is still in the doctor's care but is not regarded as dangerously injured, though the rib hit by one of the balls penetrating her breast may have been split, and inflammation may make trouble. Nellie, the eleven-year-old girl, it develops was shot twice in the leg.

The tragedy had not caused as much excitement at Bellaire as such affairs usually do, because most of the parties seem to be in bad repute. The quarrel of Cunningham with Mrs. Long was the outgrowth of jealousy upon his part because she was again living with her husband. The boy who did the shooting, however, works in the steel works at Benwood and is said to be an industrious and peaceable fellow. There is scarcely a doubt that his act will be determined as justifiable, as the threats of Cunningham and his return to the boat at night after being run away in the morning, make it plain he was bent on trouble.

IN BUSY BENWOOD.

What People Are Doing and Saying in the Industrial Town.

Saturday evening Joseph Oster, a young man who lives on McEchen street, met with an accident which came very near proving fatal. A freight train on the Ohio River road moving at the rate of twenty miles an hour, was passing the Benwood depot when Oster tried to jump on and fell between the platform of the depot and the cars. He was struck on the head by the journal box on the box car and received a gash across the back of his head about four inches long. The skull was injured to some extent, but not fractured, and it is thought that he will get along all right. He also received two other bad cuts on the head.

Saturday morning James and Will Sands were putting off some fireworks and as Will lit a toy cannon a spark flew from it and went into a sack of gun powder that was on the ground. The powder exploded, burning James severely in the face and on the arms, and also burning Will on the arms and hands.

All Sorts of Local News and Gossip from the Glass City.

Rodefer Bros. glass factory and the bottle works resume work this morning after stopping for the Fourth only. One of the blast furnaces will be put in blast this week, the Novelty Stamping Company will run right along and all the industries here, except the steel works, are in operation.

A party of gentlemen at Powhatan on the afternoon of the Fourth had a pleasant time shooting clay pigeons, and in the evening were entertained by Messrs. Herzundthal and Bowman, at the home of their father-in-law, Mr. Dorsey.

As the camp-meeting season approaches the various groves in the vicinity used for such meetings are being put in order and the boarding tent privileges given out. Both colored churches here will hold camp-meetings.

There are eighty-five saloons in this county now as against 102 a year ago, but the number will be increased in a month from now, as two or three places closed on account of the Dow tax are to be opened by other parties.

Bertram's delivery horse ran away the evening before the Fourth, and it was fortunately a bad evening, or some of the hobby riders would have been killed by the wild plunging of the horse down Union street.

Ham Glass, of Flushing, and George H. Muth, of this city, left yesterday for Chicago, to attend the Democratic convention. Charles Zoecker also went out to take a look at a national convention.

A great crowd of Bellaire people spent the Fourth and Sunday at Epworth park, but there were enough people at home on the night of the Fourth to burn lots of fireworks.

A Chicago man is here looking up a site for a new industry in the line of a fertilizer.

A queen is only a woman after all, and every woman is a queen if she be a perfect woman. The crown of womanhood is motherhood. There is no higher thing than this. There is no better thing than any woman can do than to be a mother of bright and happy children. That is the best and highest thing that anybody can do in this world. It cannot be achieved by a woman who isn't healthy, who suffers from any of the weaknesses or disorders peculiar to her sex. A false idea of modesty which prevents the acquisition of knowledge, and the carelessness which prevents an application of knowledge are the most prolific causes of this kind of sickness. Thirty years ago, knowledge of the prevalence of such disorders induced Dr. R. V. Pierce, then as now, chief consulting physician of the Invalid's Hotel and Surgical Institute, at Buffalo, N. Y., to devote a great amount of time and study to the preparation of a remedy that would invigorate and strengthen the womanly organism—that would cure perfectly and positively all forms of female weakness—that would take the danger away from childbirth, and greatly lessen the pains of labor. This remedy is called Dr. Pierce's Favorite Prescription. That it accomplished the object for which it was intended is proven by its remarkable and continued success for 30 years. Women will gain much knowledge by reading Dr. Pierce's great thousand page "Common Sense Medical Adviser." A free copy will be sent on receipt of 21 one-cent stamps to cover cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y.

A LITTLE ill, then a little pill. The ill is gone, the pill has won. De Witt's Little Early Risers, the little pills that cure great ills. Charles H. Postze, corner Twelfth and Market streets; Bowie & Company, Bridgeport; Peabody & Son, Benwood.
