

VACATION'S OVER.

The Public and Parochial Schools Opened Monday.

THE ATTENDANCE VERY LARGE.

Superintendent Anderson and Clerk Hill had a very busy day's work—Teachers who will instruct Young America this year—Parochial school in temporary quarters at the Cathedral—Lily Institute opens.

There are two days in the year when the average school boy and girl are glad and they are those which mark the opening and closing of the school term. Yesterday was the opening of the term in Wheeling and the boys and girls who had enjoyed a vacation of over two months were up bright and early and when the school bells rang at 9 o'clock the yards around the several school buildings were filled with romping and bright young Americans.

The little "tots" who were to make their debut, so to speak, in the schools, were there also, and many a fond mother dressed her little one yesterday for its first day at school, and with proud spirit and anxious eyes listened for the little pattering feet on the return home.

Populist Campaign Opened.

Special Dispatch to the Intelligencer. KINGWOOD, W. Va., Sept. 11.—Col. Nat Ward Fitzgerald, Populist candidate for governor of this state, made the speech of his life, in opening his campaign on the 12th. For two hours he spoke with an eloquence which carried the large crowd with him, and he was cheered to the echo. He intends speaking in every county in the state, and will "carry the war into Africa," wherever he goes. He has already been dubbed "The Bald Eagle of the Alleghenies," and his scream is calculated to arouse the sleeping people throughout the limits of our mountain state.

Ed. Crockett, of the wharfbow, went out on the Argand yesterday as second clerk. The packets Virginia and Hudson are receiving a fresh coat of paint at Cincinnati.

The marks at 6 p. m. showed 2 feet 5 inches and stationary. Weather, clear and warm.

The packet Ben Hur is still on the Point Pleasant docks and will not be off within two weeks. She will have almost a entirely new hull and will be a better boat by far than on the day she was launched.

The Liberty will be ready to come out in a few days. She will be off the Parkersburg docks to-day. She will then be re-painted and have her new wheel placed in position. Captain Asa Booth claims she will be the fastest boat of her tonnage on the upper Ohio.

Henry Best, of Marietta, has resigned as chief clerk of the Cincinnati packet, Keystone State. He is succeeded by Captain Dan Lacey, one of the best liked men on western waters. Captain Dan has had a master's berth on one of the big liners out of Cincinnati to Memphis, but now returns to his first love, the upper Ohio. He and Captain Charley Knox make a great team. They will come pretty near making the Keystone State the banner boat of the Cincinnati line.

Captain Cline, of the packet Lexington, was in the city yesterday. He expects to have the Lexington locked through into the Ohio from the Muskingum at Marietta to-day and will have the boat here Wednesday night ready to go back into the Wheeling and Matamoras trade on Thursday. The Lexington is almost a new boat and will be much faster than before. Her new cabin furnishings are pronounced a great improvement. Captain Cline says the lock at Marietta which was damaged last week will be repaired to-day so as to allow craft to go from one river to the other, and then it will be closed and kept closed for several months as the repairs will require that much time for completion. The Lorena will come out into the Ohio, and will run between Pittsburgh and Marietta, making connections for Zanesville at the latter port.

Lily Institute Opens.

The Lily Institute opened the fall term yesterday, with a full school. The majority of the old and new graduates were in their places at formation, and a goodly number of new students were enrolled. The school, notwithstanding the depression in business, promises to enjoy a very successful year. As an evidence of the high reputation the school has outside of the city, a number of students from surrounding towns have entered.

Generous Mr. Watts.

Special Dispatch to the Intelligencer. Martinsburg, W. Va., Sept. 15.—C. C. Watts, Democratic candidate for governor, and William E. Chilton, of Charleston, in the interest of Bryan, Sewall and free coinage, met at a Democratic meeting here to-night. Watts said he believed he would be elected, but would prefer defeat rather than have Bryan lose the state.

A MONSTER MEETING

Of Republicans in Parkersburg—General King's Eloquent Speech—Enthusiasm Over the News From Maine.

Special Dispatch to the Intelligencer. PARKERSBURG, W. Va., Sept. 15.—The biggest meeting that has been held in this city during the present campaign was held here to-night. Prior to the great gathering at the wigwam the streets in the business parts of the city were crowded and jammed with people and filled with political clubs marching to the music of drum and brass bands, tin horns, Red fire and instruments of noise as well as fire works of all kinds were much in evidence. All organizations rendezvoused in court house square and marched to the wigwam.

At the spacious wigwam seats were at a premium and the audience was tremendous in size and enthusiasm despite the fact that the night was suffocatingly hot. The meeting opened with songs by the glee club and then Hon. W. N. Miller presented the man whom everybody it appeared had turned out to hear, General Adam King, of Baltimore. For two hours this eloquent man spoke and during that time despite the sweltering heat not a seat was empty. He delivered the best speech heard here in many campaigns and when he attempted to stop, the audience cried for more. They got it. This shows how deeply the people crave to be enlightened upon the issues. Many well known Democrats were present and they could not have failed to be impressed. During the latter part of his speech when General King was handed a telegram and when he read its contents telling of the overwhelming Republican victory in Maine, the audience went wild with delight and the scenes of enthusiasm which followed boggled description.

SPORTS

LOUISVILLE, Sept. 14.—The Browns defeated the Louisville to-day in a slow and uninteresting game. Score: Browns, 2; Louisville, 0.

CLEVELAND, Sept. 14.—Today's game was a pitchers' battle. Young had not been in the box for a week and he was having good command of the ball, his speed was terrific. Attendance, 1,000.

WASHINGTON, Sept. 14.—The Brooklyn men were unable to hit Mercer to-day while the Senators connected with Payne at opportune intervals. Attendance, 1,000.

PITTSBURGH, Sept. 14.—The game was won in the ninth by Elmer Smith's two-bagger, Merritt's sacrifice and Davis' line hit to center. While there were few features, good ball playing marked the game throughout. The errors were bunched and did not affect the result. Attendance, 1,500.

PLENTY OF ERRORS. Special Dispatch to the Intelligencer. MARIETTA, Ohio, Sept. 14.—Marietta easily defeated the crack Barnesville team to-day, by a score of 21 to 10. McGinness, the ex-leaguer, was put in the box for the visitors, but the heavy hitting Mariettas put him out of the business in the third inning, making twelve hits and ten runs. This is the second time Marietta has knocked him out of the box on his visits here. Balzer was substituted, but Marietta found him easy and made nine runs more from him. Hough and Donohue were the battery for Marietta. Hits, Marietta 19; Barnesville 6; errors, Marietta 1; Barnesville 4.

Base Ball To-day.

The result of the election in Maine was the front of the branch office of the Intelligencer last night and caused much enthusiasm among the Republicans. Some of the Republicans wanted to send the news to the Democratic club, which was in session in Linn's hall.

Said a Democrat yesterday: "I am not publishing it, because I do not want to be bothered, but you know I have always been a Democrat and I am going to vote for McKinley and Danford. I am not much of a talker, but I have a good argument. I always prospered under Republican rule and I have been going down, down, down since our party came into power and that's argument enough."

The funeral of Mrs. William Duff yesterday afternoon was very largely attended. The interment was at Riverview. The floral offerings were beautiful. Rev. W. B. Bogie and Rev. Dr. J. W. Robins officiated. The pall bearers were William Ellerfritz, C. S. Hoesley, J. L. Wells, Thomas Williams, Henry Mills, John Vickers. Among those from out of town who attended the funeral were Squire Thomas Mercer and J. W. Pyle, of Pleasant Grove, James and William Duff, of Fairmont.

DR. FOWLER'S Ext. of Wild Strawberry has been used for forty years and has never yet failed to cure a case of diarrhoea, dysentery, or summer complaint in any of its various forms.

SINCE 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost everywhere and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints.

IT doesn't matter much whether sick headache, biliousness, indigestion and constipation are caused by neglect or by unavoidable circumstances; Dr. Williams' Little Early Pills will speedily cure them. A GOOD TEXT

A well selected text is half of the sermon. Given a good text and a preacher who is in earnest, and the result is sure to be good. The text of this article is a plain simple statement that proves itself in the reader's own mind without argument. The text is "Good health is better than great riches."

Without health nothing really matters very much. A hacking cough takes all the beauty out of a landscape or a sunset. Erysipelas or eczema will spoil the enjoyment of sprightly conversation, of a beautiful concert, of a wonderful painting. The biggest bank account in the world won't pay a man for his health, but a very small amount of money will make him healthy and keep him healthy.

Most all bodily troubles start in the digestive or respiratory organs. It is here that improper living first makes an opening for disease. The development differs as constitutions and temperaments differ. The causes are almost identical. To get at the root of the matter is simple enough if you start right.

Dr. Pierce's Golden Medical Discovery is a medicine for the whole body. It works through the digestive organs on all the others.

It cures the first thing it comes to and after that, the next. It puts health in place of disease in the stomach, and from the vantage ground thus gained, it reaches every fiber of the body and drives disease before it—indigestion, liver troubles, kidney complaint, biliousness, skin and scalp diseases, salt-rheum, tetter, eczema, and all the troubles caused by impure blood.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative.

It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents and \$1.00 per bottle at Logan Drug Co.'s Drug Store.

Mr. C. D. YONKER, a well known druggist of Bowling Green, Ohio, is speaking of Chamberlain's Cough Remedy, saying: "I take pleasure in recommending it to my customers, for I am certain that it will always please them. I sell more of it than any other kind of good medicine."

IF you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic & Cholera Cure. For dysentery and diarrhoea it is a reliable remedy. We could not afford to recommend this as a cure unless it were a cure. Charles R. Goetze, corner Twelfth and Market streets; Bowie & Co., Bridgeport; Peabody & Son, Newwood.

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain; cures that colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.
