again arrested. The complainant is Miss Alice Nason, who charged the baron with swindling her out of \$80 on November 12. At that time the baron wrote to Miss Nason with a \$500 bond, which he asked her to negotiate for him. Miss Nason had but \$30, and this sum she gave the baron, taking the bond as security. He never came back and Miss Nason has now sworn out a warrant for his arrest. The baron has been in trouble nearly continuously since he arrived in this country.

THE RIVER.

The constant rain yesterday, and the mild temperature, had its effect on the ice in the river. The ice along the shore kept loosening up all day, and at 2 o'clock this morning, there was a great amount of it let loose. The main body of the ice, at the above mentioned hour, was partly covered with water. There were large crowds along the river bank throughout the day, evidently expecting a break, but none came. The marks showed 10 feet 2 inches and rising slowly. A break is looked for in the next twenty-four hours, if the weather keeps warm. At 3 o'clock this morning, it was still raining.

M'ECHEEN.

Breezy News Items Gathered in the Busy Marshall County Town. There will be a general class meeting at the M. E. church on Sunday morning, at 10 o'clock. Everybody is invited to attend this meeting. Nathan Vanaman, an aged and respected citizen, is lying dangerously sick at the residence of his son, James, on McEcheen avenue. Mrs. Thomas Noble has returned home from the hospital at Wheeling, where she was undergoing treatment. James Cryan and wife returned from Cameron, where they were attending the funeral of an old friend. William Dean, a Baltimore & Ohio conductor, is off duty, with an abscess on his hand. Revival services are still going on at the church, with good results following each meeting. Monroe Austin, of Shady Side, Ohio, was in town yesterday, calling on his old friends. J. P. Deegan, ticket agent at Benwood Junction, is suffering from the grip. Subscriptions for this paper can be had from Walter King, the carrier. The saloon at the east end of town is still flourishing in all of its glory. J. T. McEcheen is having his ice house filled with ice this week. A. G. Shriver is still confined to his bed with sickness. It is a sad fate for a woman to feel that she is being hurried on toward despair, bound hand and foot, unable to lift a finger in her own behalf. Many women know that the tortures of weakness and disease which they suffer must lead to insanity and suicide; yet they seem powerless to obtain relief. The doctor may half-understand the case or he may not understand it at all; ten to one he cannot help it. The regulation stereotyped methods of treatment so detestable to modest women are as a rule absolutely useless. It is not safe to trust to any incompetent, unscientific person. But what can a woman do? If any woman who finds herself asking this despairing question, will write stating her case carefully to Dr. R. V. Pierce, of Buffalo, N. Y., who is a skilled, educated expert in this special class of diseases, he will send her free of charge sound professional advice by which her trouble may be speedily relieved and if curable permanently cured. Thousands of women whom doctors could not help, have been completely cured by Dr. Pierce's Favorite Prescription, the most marvellously successful specific for "female complaints" ever invented.

WASHINGTON, Feb. 5.—The comptroller of the currency has received a telegram announcing the suspension of the First National bank of Franklin, O. At the date of its last report the bank owned depositors \$75,000, a surplus of \$10,000, and had assets including bonds of \$158,000. Its capital is \$50,000. The comptroller also received a telegram from one of the directors of the Northwestern National Bank of Great Falls, Mont., stating that because of a certain action of the cashier, they had taken possession and asking instructions. The comptroller directed a receiver in the vicinity to take charge temporarily until the National Bank examiner could reach there.

TREASURER WAS RELEASED.

WASHINGTON, Feb. 5.—Mr. Neill, in charge of United States legation at Lima, Peru, has called the state department that S. G. Treanor, mate of the American bark "Uncle John," of San Francisco, has been released. Treanor was arrested in Lima in the latter part of December, as a result of a street row, and failed to secure a trial. For this reason the state department demanded his release.

THOSE FALSE RUMORS AGAIN.

ROME, Feb. 5.—The sensational rumors circulated in the United States by a news agency regarding the health of the pope, who is said to have been forbidden by his physician to hold any receptions for the present, on account of an alleged fainting fit yesterday, are unfounded. His holiness held his usual reception to-day.

CASHIER ABANDONS.

BETHLEHEM, Pa., Feb. 5.—Cashier G. E. Breder, of the First National Bank of this city, has absconded. Experts have found a shortage of nearly \$15,000. The amount was taken in small sums, showing systematic peculations. Breder fled Tuesday afternoon. Breder had been cashier for twenty years.

OLD TIME BASE BALLIST DEAD.

Sports

The few ripples on the local sea of sport in the past week have caused a considerable stir in the heretofore dormant base ball situation. Wheeling's chances for a club in the Inter-State have been so misty that it was difficult to continue a conversation, once that topic had been broached. The visit of Messrs. Coyle and Herrington here on Tuesday had the requisite remedy. The fans took new life, and were encouraged. Over Wheeling's prospects, the question of grounds is still unsettled, but there is much to hope for that this question will cease to be a problem, when Mr. Coyle returns here next week.

The formation of the National Bowling League at Cincinnati on Wednesday, with Wheeling as one of the cities participating, has also had its effect among local bowlers. The promise that it gives to Wheeling cannot be questioned, and the desire to figure as one of the representative teams will act as a further incentive to many an ally patron to be up and doing from now on. There is a decided interest in bowling in Wheeling, and easily seen at the mention of the South Side League. Twelve weeks of regular play has gone by without a forfeited game. Every game scheduled has been played without a hitch. This speaks wonders for the game in Wheeling.

The coming Corbett-Fitzsimmons fight has taken a big leap into favor, since the Nevada legislature passed the law permitting fights in the safe brush ring. Boxing has had a charm about it since the days of the gladiatorial arena. Interest in it never dies. The day after the Sullivan-Kilrain fight a leading New York daily sold more issues by several thousand, than the day following the national election in 1892. Articles pertaining to the contest have been read with the same interest as the most sensational news. People would rather read about a fight than read a fighter's speech. But the few words of late from "Lanky Bob" and "Pompadour Jim" have been beneficial to the sport. It is more than certain that they will fight, and their silence, coupled with the assurance of Nevada for a meeting ground, makes a fixed public throw out its chest and prepare to drink in the news of a fight with hands. Local interest in the fight is strong, and each of the contestants has backers here.

BOWLING.

South Side League.

The Randy Boos had an easy thing of it for the first two games last night, but the third game ended in a tie. In the extra frames rolled, the Auroras were forced to bite the dust again. The score:

"Joe" Garvey's Kick.

Special Dispatch to the Intelligencer. PITTSBURGH, Feb. 5.—Pitcher Garvey, who did such crack work for the Wheeling club last year, is looking for another job, although he has been re-signed by the Wheeling club. Garvey claims that the Wheeling club owes him money and did not live up to its agreement last season. He called on A. C. Buckenberger, manager of the Syracuse, N. Y. team, expecting a chance with him. Buckenberger gave him no encouragement, stating he would see how about his release. Garvey claims that the Wheeling club has no right to hold him, as the club did not stay in the league until the close of the season, and by breaking away broke their contract with the players.

Skating Tournament.

MONTREAL, Feb. 5.—In the skating tournament to-day, Alfred Naess, of Norway, was declared the winner of the 500 metre race by virtue of having made the best time, 46 1/2. McCalliboh, of Winnipeg, second. Time 41 1/2. The one mile professional was won by John Neilson, Minneapolis. Time, 2:41 1/2. Joe Domagala second in 2:42 1/2. The world's professional record at the distance.

AMUSEMENTS.

"Hands Across the Sea."

The audience at the Opera House last night, which greeted the first performance of "Hands Across the Sea," on account of the miserable weather, was not as large as it should have been, but it was a thoroughly appreciative one, and every member of it felt amply repaid for going. Manager Reeves has gotten together one of the best balanced companies that has visited Wheeling this season. There is not a weak place in the entire outfit and last night's performance of the splendid melodrama, delighted the audience.

"Hands Across the Sea."

"Hands Across the Sea" is one of the strongest plays on the road. From the time the curtain goes up on the first act until it goes down in the last the interest never flags. The pathos and comedy are skillfully interwoven and entirely harmonious. It is a play with a thrilling plot to it, and in the hands of artists of unquestionable ability, and put on the stage with handsome scenic effects, it cannot help being pleasing. The play will be repeated at the matinee this afternoon and to-night, and deserves to be greeted by a big audience at each performance.

"The Tornado."

Concerning "The Tornado," which Manager Feinler has booked for the first half of next week, the Chicago Tribune says: "The Tornado," Lincoln J. Carter's realistic play, which received its initial presentation at Haylin's about a fortnight ago, will return to the same theatre for the coming week. The realistic features of the piece as shown by its previous presentation proved to be the most elaborate of any of the attempts at that line that have been seen in Chicago. The tornado scene, in which buildings are swept away and whirling masses fly hither and thither on the stage, is a more ambitious effort than the line of realism than the storm scene in the Davenport production of Sweden's Cleopatra. The play which the author has fitted to his realistic effects, contains human interests and natural results and combines with the mechanical feature to make an interesting production. "The Tornado" is already booked in some of the large cities of England, although it has not less than a month of existence.

"Town Topics."

Another packed house saw "Town Topics" at the Grand Opera House last night, and a thousand people laughed as they never laughed before at the antics and funny business of the excellent articles who make up the company. The Broadway Comedians is what this

50 Years Ago.

This is the way it would look when grandfather had his "picket took." These were the shadows cast before the coming of Conjuror Dagherre. And his art, like a girl in a pinafore some day to bloom to a goddess fair, was certainly were not as black, we know as they pictured them, 50 years ago.

began to make new men, just as the new pictures of men began to be made. Thousands of people fronted the camera with skins made clean from blotch and blemish, because they had purified the blood with Ayer's Sarsaparilla. It is as powerful now as then. Its record proves it. Others imitate the remedy; they can't imitate the record.

organization is known as, and has been organized to play the larger cities, and is the most pretentious migratory farce-comedy company since the days of Russell's "City Directory" company. Nothing has been spared. The management has surrounded the performance with a costume and scenic investiture rarely seen. Each principal has assisted in the writing of his or her part, consequently, their parts fit them like gloves. The company will appear again this afternoon, and the engagement will close to-night. Crowded houses will undoubtedly see both performances.

MRS. DIMON'S BAD BREAK.

A Honolulu Divorce Suit that Promises Sensational Developments.

SAN FRANCISCO, Feb. 5.—The steamer City of Pekin brought the following advice from Honolulu, under date of January 29: Mrs. Carrie H. Dimon, who recently returned from San Francisco to contest the divorce proceedings commenced by her husband, W. W. Dimon, is now before the courts on a charge of contempt. She forced her way into her husband's house and declined to leave when presented by an order of court. She has since taken quarters in a hotel. The divorce suit will come up next month. Meantime, by order of the court, she will receive \$25 a week alimony. The case promises to be most sensational.

Mrs. Dimon states that she is willing her husband be allowed a divorce, but she wants her only child and a good share of the fortune he recently inherited. Dimon is not disposed to accept her terms and a bitter fight will probably follow. The Dimons have always moved in the best society circles and a number of prominent women will be called as witnesses on both sides. Within the last week several people have tried to get away on departing steamers in order to escape the witness stand, but were prevented by court summons.

Moody's Birthday.

BOSTON, Feb. 5.—Dwight L. Moody, the famous evangelist, is observing his sixtieth birthday to-day and hundreds of his admirers in many places, not to mention his Boston friends, have united to make the occasion a memorable one. Friends of the distinguished lay preacher have collected \$20,000, which will be used by the Mount Vernon school for boys, of which Mr. Moody was the founder and is now the chief patron. This idea originated with Rev. F. B. Meyer, of London, who has been chiefly instrumental in raising the fund. Mr. Meyer arrived in this city last night and will appear at the Moody meeting at Tremont temple to-day. The Mount Vernon school for boys is situated on the west bank of the Connecticut river and was established two years later than the Northfield seminary for girls, which is on the other bank of the river. At present about 700 students attend these institutions, the number being about equally divided between them. The schools the non-sectarian.
