TO CHARLESTON.

A Meeting of All the Republican Organizations To-night.

THE ATKINSON INAUGURATION

Will Probably be Graced by the Attendance of a Large Delegation From the Metropolis of the State—The Elkins Club Will Likely Abandon the Washington Trip in Favor of Charleston—A Very Low Rate will be Had.

To Republican Clubs. The Ohio County Republican Club, the Elkins Club, the Six-Footers, the Tariff Champions and all other Republican organizations of Wheeling and Ohio county are hereby called to meet this evening at 7:30 o'clock in I. O. O. F. hall, corner of Twelfth and Chapin streets, for the purpose of arranging to attend the inauguration of Governor-elect George W. Atkinson at Charleston on March 4.

From the above call it will be seen that a vigorous effort to have Ohio county well represented at the inauguration of the first Republican governor of West Virginia in many years, is to be made.

It was the intention of the Elkins Club to attend the inauguration of President-elect McKinley at Washington on the fourth of March, but for a number of reasons the club members are of the opinion that it will be better to go to Charleston. The club would be a mere drop in the bucket at Washington, where so many of the famous military and civic organizations of the country will be on hand, while on the other hand at Charleston the Elkins Club would be the principal attraction.

At to-night's meeting the Ohio County Republican Club will have its annual election of officers, and it is proposed that this organization shall be largely represented in the inauguration parade at Charleston. The members of the other organizations named and all others are requested to participate in to-night's meeting.

An effort is being made to secure a favorable rate of transportation over the Ohio River railroad, and assurances have been received that generous concessions will be granted. The rate may be as low as one cent a mile, which will make the round trip fare something like \$4 or \$4.50.

Every Republican who desires to see his fellow townsman, Governor Atkinson, inducted into office next month at the state capital, should attend to-night's meeting.

AMUSEMENTS.

There was another big audience at the Grand last night and the general verdict was the same as on the opening night, that "A Tornado" is the best of Lincoln J. Carter's plays, and one of the strongest melodramas presented in a local theatre this season. It does not depend upon sensationalism for its success. It is strong in plot, embellished with remarkable scenic effects, and best of all, enacted by a competent company. There is more comedy than is usually found in a modern melodrama, and the singing specialties by Miss Emma Whitney would do credit to Maggie Cline. The engagement will close with a matinee and evening performance to-day, and there is a large advance sale of seats at the box office.

New York Stars.

The Grand Opera House will present the big city show of the New York Stars before its patrons next Thursday, Friday and Saturday, February 11, 12 and 13. The artists that compose this big class vaudeville company include some of the strongest attractions on the vaudeville stage and in its entirety, makes a programme upon which it would be hard to improve. The Hiatts, an exceptionally clever sketch team, open the show, followed by Bonnie Lottie, the singing and dancing sunbeam, Frank D. Bryan, of the late National Trio, is hard to beat. Conway and Leland, the two monodies, are wonderful in their acrobatic comedy act. Others of note are John E. Drew, the clever dancer; "Folly Trio," in comicalities, and others.

The Rossow Midgets.

The famous little men, the Rossow Midgets and a selected company of specialty stars, will appear at the Opera House Monday, Tuesday and Wednesday, February 15, 16 and 17. The Rossow Brothers were born in Vienna; Franz is twenty years old, twenty-one inches high, and weighs twenty-four pounds. Carl, who is two years younger, weighs eight pounds less than his brother, and is nineteen inches tall. The Rossow Brothers are remarkably handsome little fellows, with well cut regular features and are perfect in all their proportions. Following is a list of artists included in the programme: Almont and Dumont, Lynch and Jewell, Daily and Hilton, Murray, Leslie and Murray, Casino comedy four, Coutage Brothers, Leavitt and Newell, Tom Flynn. Prices for this evening concert will be popular, the best reserved seat, 50c, no higher.

Woman's Club Concert.

The Woman's Musical club concert at the Opera House to-morrow evening, will undoubtedly draw a large attendance, and the programme arranged seems calculated to that effect, for not only does it cater to the most artistic ear, but also to the lovers of old-time, simple melodies, and whose name is legion. The leading musical talent of the city will be heard in vocal and instrumental selections. The choruses will also be a feature. Nothing is being left undone by the club to make the concert the success it is certain to be.

Extensive Improvements.

Extensive improvements are being made at the pork packing establishment of Senk & Sons, at Pulton. A new set of boilers and new engines are among the improvements, and a new stinking machine will give a ten-ton refrigerator capacity. Carpenters are at work putting on new floors, etc., and while there are no additions being made to the plant, all the facilities have been strengthened and improved. The proprietors anticipate a successful year.

A Natter Injured.

Harry Stanley, a tender at the La Belle nail factory, while taking hot iron out of the furnace yesterday morning, had his hands and wrists painfully burned. He was taken to his home on South Wood street, and will be laid up for a week or two.

If the hair is falling out and turning gray, the glands of the skin need stimulating and color-food, and the best remedy and stimulant is Hall's Hair Renewer.

A TORPID liver means a bad complexion, bad breath, indigestion, frequent headaches. Take such compound as DeWitt's Little Early Risers, the famous little pink C. R. Goetze, Cor. Twelfth and Market streets; Bowls & Co., Bridgeport; Peabody & Son, Kenwood.

WHEELING CAMERISTS.

There are Many Devotees of the Art of Photography in this City—An Exhibition of Their Work Talked Of.

One of the most fascinating of pastimes is the art of photography—amateur photography—and Wheeling has many devotees of the art, who are producing artistic results as can be seen anywhere. In fact, there are so many amateur photographers here that several attempts to form a camera club have been made recently, but so far without result.

It is now proposed that an exhibition of the work of the Wheeling camerists be made late in the spring, with the incentive of prizes for the best work. Dealers in photographic goods and manufacturers have already indicated that they would assist in such an undertaking by the donation of prizes, and it is not improbable that arrangements will shortly be perfected for the exhibition. It has been suggested that the exhibition be held in the art rooms of Mr. J. H. Kirk. Mr. Kirk says he would gladly give all the assistance in his power.

If the exhibition is held, there would be several divisions for entries of work. For instance, there would be landscapes, marine views, character studies, etc., with prizes in each class.

Among the many Wheeling camerists are the following: Charles Menckmeller, John K. List, Charles Lamb, Harry List, Mrs. D. C. List, Jr., Mrs. A. A. Howell, S. H. Brockunier, J. G. Walden, Dr. Houston, J. W. Grubb, Edward Franzheim, Fred F. Faris, Henry Mahlike, James Cummins, W. H. Caldwell, George Grey, Charles List, Alf Beardley, C. A. Jones, Frank Donaldson, Ed Henning, Miss Lillie Vance, Willie Vance, Dr. Frissel, Charles Reed, Dr. Hamilton, Miss Blanche Kraus, Miss Carrie Cobb, Ernest Bullard, Alex. Robinson, Kent Boyd, Harry Nesbitt, Frank Kraft, Allie Wheat, Miss Lizzie Lucas, Miss Mamie Grubb, Paris E. Meyers, John O'Kane, Pete Loecher, E. Balzard, Miss Lizzie Jones, Clement Smith, Mrs. M. C. McMillen, Dr. Reed, Dave Morgan, Miss Rosa Chew, At. C. Haase.

In Benwood there are several enthusiasts, principal among whom are J. P. Barger and O. O. Gates.

In Bridgeport there are Harry M. Clark, Alvin Lee, J. B. Lee, Miss Clara Forbes, W. T. Graham and others.

Bellaire has the "fever" too, and among those afflicted are J. T. Kelly, J. A. Greenfield, Dr. W. J. Cooper, Dr. McDonald, S. O. Cummins, W. J. Kirkpatrick, W. F. Davies, A. J. Rietz, Major Rodefer, John J. McCormick.

Wheeling has a camera factory, too, in addition to many camera devotees. It is the Bullard Camera Company's plant on Twelfth street, where their motion picture camera is manufactured from top to bottom. It has just recently been placed on the market and has met with a warm reception all over the country. This establishment bids fair to become an important and extensive one.

THE RIVER.

YESTERDAY'S DEPARTURES. Cincinnati...KEYSTONE STATE, 8 a. m.

BOATS LEAVING TO-DAY. Charleston...KANAWHA, 6:30 a. m.

BOATS LEAVING TO-MORROW. Cincinnati...HUDSON, 8 a. m.

Matamoras...LEXINGTON, 11 a. m.

Along the Landing.

The Kanawha will be here this morning for Charleston and Kanawha river landings.

The Keystone had a good trip when she left Wheeling yesterday morning. Being the first boat after a long suspension of navigation, she has heavier offerings of freight than she can handle.

The Lexington came up from Bellaire last evening and is now at the public landing. To-day she will receive freight for Matamoras and way landings and depart Thursday at 11 a. m.

The top-notch of the rise in the river was reached early yesterday morning, with 20 feet 6 inches in the channel, according to the marks at the public landing. Last night the marks showed 19 feet 6 inches and slowly falling. Weather, cloudy and colder.

It is said that the owners of the Jewel, Captains Everett Thomas and J. T. Thomas, have or are about to trade their boat for the Leroy, which has been running in the Wheeling and Parkersburg trade. The rumor has it that the Leroy will ply in the Wheeling and Clarington trade and that the Jewel will be taken to a Muskingum river trade. It was impossible to verify the story last night.

Coal Fleet Coming.

The Pittsburgh coal fleet will commence passing Wheeling early this morning, says a Pittsburgh dispatch.

The coal fleets started out this morning, but there was considerable hesitancy among the shippers, and not half the boats in the harbor go to-day. If conditions are favorable to-morrow, more will leave for Cincinnati and Louisville. The Allegheny ice has run out from Oil City down, and that from above the mouth of Oil creek is expected to arrive here to-night. It may be heavy enough to force boats to the bank, and operators prefer that their fleets lie in the landing rather than be caught in it. Then, too, boats leaving this morning will run into the ice ahead of them before covering any great distance.

The stages of water this morning is 10 1/2 feet and falling. The Allegheny and Mononahela are both falling and there is no danger now of either ice gorges or floods. The ice went out with very little damage anywhere along the three rivers.

The boats that have left this afternoon are the Enterprise, Dick Fulton, Pacific, No. 2, Raymond Horner, Sam Clarke, Valiant, Joseph Walton, Fred Wilson, James Moren, Boaz and Defender. More boats may leave this evening, as a number of the shippers will send out more coal as soon as tows can be made up from coal in the first pool.

River Telegrams.

PITTSBURGH—River 10 1/2 feet seven-tenths and falling at the dam. Clear and cold.

OIL CITY—River 4 feet 1/2 inches and falling. Cloudy and colder.

MORGANTOWN—River 11 feet 10 inches and falling. Fair; mercury 25.

WARREN—River 2 feet 8 inches. Cloudy and cold.

GREENSBORO—River 12 feet and falling. Cloudy.

PARKERSBURG—Ohio river is 25 feet 7 inches and rising. The ice flow continues. Weather cloudy; mercury 34. The Hudson started up this morning, but broke one of her cylinders before passing this city and tied up for repairs. Due down—The Keystone State, Passed down with coal—The Jim Wood, Passed up light—The Jenkins. The Little Kanawha is stationary. Passed up—The Hilton, King.

STUBENVILLE—River 17 feet 10 inches and falling. Cloudy and cold. Passed down—The Dave Wood.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as it will cure a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. At Torgan Drug Company's Drug Store, 4 What stops Neuralgia? Dr. Miles' Pain Pills.

FIRE THREE SHOTS

A Family Quarrel in Martin's Ferry Yesterday

ALMOST ENDS IN A TRAGEDY.

George Brubach Fired at His Brother-in-Law, William Rembaugh—Shooting Occurred on Clark Street, and Occasioned Much Excitement—The User of the Revolver Crossed this City, but Was Arrested and Taken Back to Martin's Ferry.

William Rembaugh fired three shots at George Brubach, on Clark street, in Martin's Ferry, yesterday afternoon about 4:30 o'clock, but none took effect. The men had some words before the shooting.

Brubach married a sister of Rembaugh and had been living in the same house with her father, William Rembaugh, on Clark street. It seems that Mrs. Brubach had become jealous since the death of their little child, which recently died of diphtheria, and she followed her husband up Clark street a short distance on Sunday afternoon, where they quarreled and decided to separate. Brubach left and talked about selling the furniture, to which Mrs. Brubach and her folks objected.

Mrs. Rembaugh's brother, William, expressed himself about the matter at the time of the shooting. After Rembaugh went to the family residence on Clark street, to get a dinner bucket which he had taken from the Laughlin mill on Saturday, by mistake, thinking it was his own.

He got the bucket and upon leaving was met by William. A few words passed and the latter drew a 35-calibre revolver while standing on the back porch and fired two shots at Brubach, who was running away from him. Rembaugh followed Brubach to the street, and leveling his revolver fired a third shot at Brubach, who dropped his bucket and continued to run. Brubach drew his revolver, but did not use it.

He ran up Clark street, and says he heard the bullets whizzing past him, and that he dropped to the ground when he third shot was fired or he would have been shot. He said that he did not pull out his revolver until after the third shot was fired. Rembaugh crossed to Wheeling soon after the shooting, which was witnessed by a number of persons and created considerable excitement. The Wheeling police were notified.

Rembaugh gave himself up and was released. He is a nailer by trade and has been laboring at the Laughlin since the factories shut down. Rembaugh is a single man, a son of William Rembaugh and was employed as a sheerman at the Laughlin mills until recently. Rembaugh was arrested here last night and taken to Martin's Ferry by Officer John Walters, of Martin's Ferry.

SIXTEENTH ANNIVERSARY

Of the Mozart Singing Society Celebrated Last Evening.

The Mozart Singing society celebrated its sixteenth anniversary last evening with due observance of the occasion, at the hall of the society, corner of Thirty-eighth and Jacob streets. The ladies' section tendered a coffee visit from 4:30 to 8 p. m.

An enjoyable concert was given by the society at 8 o'clock, upon the conclusion of which the members and their friends indulged in dancing until a late hour. The concert programme consisted of solos by Charles Zulauf, Herman Steinman, August Nolte and Conrad Bremer, and choruses by the society. Prof. Herman Schoekey, the director of the society, was the accompanist.

Though the anniversary was celebrated last night, the society was founded on February 14, 1881. The society has had a prosperous existence since its founding, more especially in recent years. In the early years of its existence the active membership did not reach over fourteen members, but a sudden spurt in 1893, increased the roll considerably, and at present the society boasts of thirty-five active members. The associate members are legion.

The next festive occasion of the Mozart will be on March 1, when the Kindermasken ball takes place.

Does Not This Attract You?

Those who are sick, suffering or out of health, are always anxiously seeking a chance to get well. To such this is welcome news. You can consult free, by letter, Dr. Greene, 35 West Fourteenth Street, New York City, the most famous and successful physician in the cure of disease, whose wonderful cures have made his fame world-wide. Write to him about your case. He will send his opinion, advice and fully explain your disease free. Write to him now—do not delay. Follow his advice and be cured.

Presidential Inauguration Washington, D. C., March 4, 1897.

For the above occasion the Baltimore & Ohio Company will sell excursion tickets March 1, 2 and 3, at reduced rates, good returning March 4 to 8, inclusive. For full information apply to Baltimore & Ohio ticket agent.

BRECHAM'S PILLS for wind and distress after eating.
