There are many running anoas are men the Wheeling management is to secure, but there is nothing in the runnors of a definite character. It has been said Wheeling would get Pitchers Gardiner and Hastings, of the Pittsburgh club. In the case of Gardiner this is probably untrue, as Gardiner only signed with Pittsburgh to play on the home grounds, and Hastings good work against New York yesterday afternoon would no doubt cause the Pirates to keep him.

The Wheeling team would be greatly strengthened by the accession of True-hart Taylor, the Huntington boy, who pitched for Parkersburg last year and let down the Cincinnati Heds with two hits in eight innings. Parkersburg wants him again, but Wheeling may get him He is now attending a medical school at Louisville.

The fans are hoping McGinniss and Whaley will soon recover their batting optics. At present it is the exception to the rule to see either get on a base. Brace up, boys!

MORNING GAMES.

Wheeling won the morning Decoration Day game from Dayton in a walk, before a small crowd, the smallest holcrowd ever attending a here. Garvey was in the iday. game here.

game here. Garvey was in the box for the Nallers, and up to the seventh he had the Daytons at his mercy. In the seventh and neight innings the red-headed youngman let down materially and Dayton piled up seven runs and made a one-sided game quite interesting.

Brown, the ex-Toledo pitcher, was in the points for the visitors, and his pitching was anything but an enigma for the Nallers, who made singles and doubles of aim to their heart's content or five innings and then let up just to save the boy's reputation. O'Brien and Messett, in particular, distinguished themselves with the stick, and the popular catcher's many friends were more than glad to see that he has really recovered his batting eye. O'Brien had four hits, three of them two-baggers and all timely.

Through the injury sustained on Sunday at Dayton, by Taylor, Coylewas put in at short field, and to eay that his fine playing surprised the fans is putting it mildly. He played the position as though he had been at it all along. His one error was an excusable misplay. But the absence of Taylor and his .440 batting hurts the team greatly and it is boped "Bill' will soon be in the game again.

Cutting up pranks with baby is great fun for a young mother. But before she can cut prasks with the baby she must have a healthy she had but has no use for pranks. It lies in every young mother's power to insuire the health of the expected newcomer. If she will see that the organs which make motherhood possible are healthy and vigorous, and will keep them so during the period preceding maternity, she may be sure that the baby will be healthy and happy.

A marvelous medicine for young mothers is Dr. Pierc's Pavorite Prescription. Taken during the period preceding motherhood it makes strong, healthy and vigorous the organs upon which rest the burdens of maternity. It allays inflammation, soothes pain, and restores steadiness to the nerves. It does away with the discomforts of the expectant period. It insures the health of baby and makes its coming easy and almost painless. It is the discovery of an eminent and successful specialist, Dr. R. V. Pierce, chief consulting physician to the invalide Hotel and Surgical Institute, Buffalo, N. Y.

'Y took Dr. Pierce's Pavorite Prescription before my confinement, and I was ealy in labor a short time," writes Mrs. Minnie A. Peterson, loo z, Easton, Presso Co. Cal. "The physician said I got along unusually well. I think the medicine saved a great deal of suffering and I get all my friends who need it to try it."

One of the best known of American medical men said: "If you want to reform a man, begin with his grandfather." That would be wise if it could be done. Since it cannot be done, try something else. Reform the fiture grandfathers and grandmothers. Do this through education. A good start for this education is Dr. Pierce's Common Sense Medical Adviser.
