Special Dispatch to the Intelligencer.

PORT WAYNE, July 12.—The game today was played in perfect weather, and before a large crowd, attracted by Port Wayne's winning streak. The home team started off ahead and kept the lead to the last, though it was at times a close and heart-stopping call. In the ninth Campbell hit safe for two bases. Sharp fumbled Lytle's hot grounder, letting Campbell in. Taylor smashed the sphere for a home run, bringing in two more runs, and within one of tying the score. O'Brien, however, flied out, much to everybody's relief. Score:

 LOUISVILLE, July 12.—The Colonels won from the Phillies by better all round play. Both Hill and Taylor were batted freely, but the former received the better support. McCree's batting was a feature, he making three home runs out of four times at bat. Dexter wrenched a leader

in his left leg sliding to third in the fourth inning, and he will be out of the game for some time. Attendance, 1,200. Score:

The Indian's Off Day.
 CLEVELAND, July 12.—Societax's miserable work in right field was responsible for six of the Boston's eight runs today, including Collins' four-bagger, while a close decision by Sheridan took two runs from the Cleveland. Young weakened after the visitors had taken the lead, and was replaced after one man was out in the fifth by Henry Clark, the University of Chicago pitcher, who allowed the Bostonians during the remainder of the game. The game was hard fought, all the Cleveland except the Indian playing brilliantly, though unable to find the clutch delivery. Sheridan received an awful scolding by the crowd for his bad work. Kenney the Victor.
 SISTERVILLE, July 12.—The tournament of the local athletic club this evening, was a success. There were three fights, and all of them were first class. The first one was between Goodwin and Jackson, of this city, for five rounds, and was decided a draw. The second between George Grayson, of this city, and "Babe" Holen, colored, of Pittsburgh, was for three rounds, and Bolen got the decision. The event of the evening was the go between Kenney Kenney, of this city, and Dick Wilson, of Cincinnati, and was to be for twenty rounds or a decision, but Wilson only lasted three rounds. Both of the big fellows were in fine condition, and it looked as though it would be a hard battle. The first round consisted mainly of slugging and getting away, but in the second, Kenney had his man down three times, and he was only saved by time being called. In the third Kenney went in to put his man out and he did it in just one minute, with a right swing on the jaw. P. J. Gavin, of the Metropolitan Club, of Wheeling, was referee for the big event, and M. O'Malley, of Youngstown, engineered the preliminaries. Ross Cleveland and Jack McCormick challenged the winner of the big fight for a match for \$500 a side. There was a large crowd of Wheeling sporting people here, and fully 900 attended the fight.

The skeleton in many a household is the peculiar weakness of the wife and mother, or of the wife who ought to be a mother and is not. Happiness is destroyed by the presence of the secret sickness that may cause it. It is designed to do strong and healthy death among the most luxurious homes. The most terrible thing about this condition of affairs is that it is entirely needless. There is no reason in the world why every woman in the world should not be strong and healthy and capable of fulfilling her whole duty as a wife and mother. Many women go on as usual after month, and year after year, becoming weaker and weaker, because of a very natural hesitancy they feel in consulting a physician. They know that if they go to a doctor for treatment, the first thing he will insist on will be "examination" and "local treatment." This must of course be distasteful to every modest woman. They are generally as unnecessary as they are abhorrent. Dr. Pierce's Favorite Prescription cures positively, permanently, all varieties of "female weakness" and "disorders."
